Please take and have your tutor complete the backside of this form after each of your tutoring sessions. You must complete three subject-specific tutoring sessions for each subject in which you are requesting voucher support. For example, if you are requesting voucher support for all three subtests, this means you need to show documentation of three math sessions, three reading sessions, and three writing sessions.

When complete, please scan or take a photo of the front and back of this form and email it to teaching@pierce.ctc.edu.
$\qquad$ has completed the described WEST-B tutoring sessions with me on the provided dates.
