

<b>Goal</b>	<b>Outcomes</b>	<b>Evaluation</b>
<b>Take existing curriculum and make accessible to law enforcement personnel</b>	<b>Existing curriculum will be tailored to meet the needs of law enforcement. Curriculum will be endorsed by the Criminal Justice Training Center.</b>	<b>Letter of endorsement will be on file. Meetings minutes from task force will identify approval of curriculum.</b>
<b>Develop online module through blackboard</b>	<b>Law enforcement personnel will utilize user friendly online training component.</b>	<b>Blackboard will contain an evaluation that will measure ease of use of online instructional component.</b>
<b>Create Dedicated Website</b>	<b>Law enforcement will find relevant information of training opportunities on the Web</b>	<b>For people that participate in the training, blackboard will contain an evaluation that will measure reliability of website to provide useful information.</b>
<b>Provide training for 250 law enforcement personnel</b>	<b>Law enforcement personnel trained through the project will represent police departments from each police jurisdiction in the state of Washington.</b>  <b>Law enforcement personnel will have increased knowledge and ability to collect evidence in order to more effectively prosecute crimes.</b>  <b>Law enforcement personnel will have knowledge to provide additional training to colleagues.</b>  <b>Twelve training sessions will be provided (10 off site and 2 on site)</b>	<b>Records of people attending training will be on file.</b>  <b>Blackboard will contain an evaluation that will survey students on their confidence in collecting evidence in relationship to the training.</b>  <b>All completers will be given a summative evaluation at the final conference to identify the level of the transfer of knowledge to their departments as a result of the training.</b>  <b>Training dates and list of completers will be on file.</b>
