**IMPORTANT INFORMATION ABOUT COSTS:** In addition to the monthly rent, students also must pay for electricity, heat, telephone and so on; they also pay a security deposit at the time of rental. Apartments in the United States usually come equipped with appliances (stove, refrigerator, heater) but they do not include beds, tables, chairs, telephones, televisions, linens, or kitchen utensils, so students who rent apartments also need to buy or rent these items.

**MOVING-IN EXPENSES:** Bring at least \$1500 in cash or travelers’ checks to pay your moving-in expenses – first month’s rent and security deposit for the apartment, plus items to equip your apartment – dishes, furnishings, bedding and towels.

**APPLICATION DEADLINES:** Apartment placements take time and cannot be made in haste. **Submit this application and placement fee at least one month before arrival. The placement fee will be refunded in the case of a visa denial.**
