The class bulletin is published to provide information about Pierce College course offerings and policies to the residents of areas served by the college. Every effort is made to ensure accuracy at the time of publication; however, Pierce College may need to make changes in the information and reserves the right to do so.

Pierce College District is accredited by the Northwest Commission on Colleges and Universities, an institutional body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

The Pierce College District does not discriminate on the basis of race, color, creed, religion, national origin, sex, sexual orientation, age, gender, marital status, disability, or status as a disabled or Vietnam era veteran. The following persons have been designated to handle inquiries regarding compliance with the non-discrimination policy as it relates to district programs and activities:

- Pierce College Fort Steilacoom
Vice President for Learning and Student Success
(253) 964-6584
- Pierce College Puyallup
Vice President for Learning and Student Success
(253) 840-8336
- Pierce College Extended Learning
Executive Vice President for Extended Learning
(253) 964-6575

Upon request, this publication will be made available in alternate formats.

UNIVERSITY TRANSFER OPTIONS

If your educational goal is a bachelor's degree or beyond, it only makes sense to attend Pierce College for the first two years. You'll pay a fraction of the cost of a four-year school and enjoy small class sizes and individualized instruction from faculty who believe in your possibilities and value your perspectives.

When you're finished, you will have a two-year degree suitable for transfer to any public four-year school in

Washington state, or one tailored to the school of your choice. And you will be better prepared to succeed there.

Choose our associate of arts (AA) degree if you are interested in a general liberal arts focus or haven't decided on your college major. If your interest is in the sciences, we have two associate of science (AS) tracks designed for particular areas of interest. In addition, we offer transfer degrees in specific fields, such as business, pre-nursing, and elementary and secondary education.

UNIVERSITY TRANSFER DEGREES OFFERED

Associate of Arts

Associate of Science

- *AS-T Track 1* for science pre-majors in biological sciences, chemistry, environmental/resource sciences, geology and earth science
- *AS-T Track 2* for science pre-majors in engineering, computer science, physics and atmospheric sciences

Associate in Business

Associate in Pre-Nursing

Associate in Elementary Education

Associate degrees in secondary education

(Biology, Chemistry, General Science, Mathematics and Physics)
