We all have possibilities we didn't know about.

We can do things we don't even dream we can do.

-Dale Carnegie

Pierce College Foundation
Our Mission
Welcome to Pierce College, and congratulations on your decision to pursue your education. We're proud of the many accomplishments, achievements and awards earned each year by Pierce students, faculty and staff. Everyone here is dedicated to supporting you along your path of success.

I encourage you to look through this catalog and find the programs, activities and other opportunities that interest you. The possibilities are limitless. Then, have a conversation with one of our counselors or make an appointment with a faculty member in the area that interests you. Remember, there are a variety of financial aid and scholarship funds available at Pierce for those who qualify. Our goal is to help you succeed. Let us know what you need.

We are a learner-focused institution that puts students at the center of all we do. We strive to create an environment that nurtures a variety of learning styles with small class sizes and individual attention. In fact, when we have asked students why they chose Pierce College, the most common answer is that they have heard about the quality of our environment from friends or relatives who either are or have been students here. We’ll work to provide you with the first-rate experience that people who have attended Pierce College continue to talk about.

Each year nearly 30,000 people choose Pierce College to earn the first two years of a transfer degree, learn or upgrade job skills, improve in English or math or pursue the self-enrichment that comes with being a life-long learner. We have a group of nearly 1,200 full- and part-time faculty and staff who are focused on helping you gain skills and knowledge. Pierce College helps you realize the possibilities within you.

Thank you for your interest in Pierce College. We’re excited by the opportunity to serve you. We look forward to partnering with you to achieve your personal and professional goals.

Michele L. Johnson, Ph.D.
Chancellor
**The Pierce College District** has a strong reputation for helping students realize their possibilities. The community recognizes us for our national reputation for academic excellence and for support services designed to ensure student success. Here, among dedicated faculty and with programs that rival those found at four-year universities and technical colleges, students are free to explore the possibilities that a community-based, real-world education offers. As part of the 34 community and technical colleges across the state, you can rely on us for low tuition, accessible classes and endless possibilities.

**The Colleges**

More than forty years ago, Pierce College began creating life-changing possibilities for students out of a makeshift building in Lakewood. Today, the college district encompasses two main campuses in Lakewood and Puyallup, education centers at Joint Base Lewis-McChord, virtual education through its growing distance learning program and extensive continuing education opportunities, as well as additional programs at sites throughout Pierce County.

The visionary spirit behind these 40 years of growth and change continues to thrive as our colleges evolve. Inside, students are exploring new possibilities every day. They are learning new skills, developing new interests and cultivating new relationships. Meanwhile, outside, new buildings are taking shape, creating even greater possibilities for generations to come.

**PIERCE COLLEGE FORT STEILACOOM**

At Pierce College Fort Steilacoom, learning takes place on a serene, 140-acre campus replete with its own lake, hiking trails and views of Mount Rainier. Unique educational facilities include an International House with global conferencing and a digital design lab. The Olympic Building's north wing houses state-of-the-art computer labs and is a wonderful place for students to study, reflect and socialize. The college is also home to the Milgard Child Development Center, where infants and children are nurtured in a compassionate, family-like atmosphere, and the Health Education Center, a fully-equipped recreation and fitness facility. The campus is home to the Pierce College Raiders volleyball and basketball teams.

**PIERCE COLLEGE PUYALLUP**

Comprehensive programs are also available at Pierce College Puyallup, which occupies a beautifully wooded 85-acre site on Puyallup’s South Hill, commanding a spectacular view of Mount Rainier. The campus features a large, modern library and science building, state-of-the-art laboratories and spacious classrooms. The College Center includes interior commons, a dining area with cafeteria, game and sports equipment, and high-tech computer labs. Also on campus is the Garnero Child Development Center, a family-centered facility aimed at developing whole-child health and wellness, and the new Health Education Center, a full-service fitness and recreation facility.

**PIERCE COLLEGE EXTENDED LEARNING**

Through Extended Learning, the Pierce College District offers continuing education courses; customized educational programs at Joint Base Lewis-McChord and several corrections centers; a growing eLearning program; and a variety of adult basic education programs at sites throughout the county.

**TOMORROW AND BEYOND**

Both colleges are expanding to provide an even richer educational experience with greater flexibility and convenience.

**CASCADE CORE RENOVATION**

The extensive renovation at Pierce College Fort Steilacoom's Cascade building is a multi-year project that is transforming the 30-year-old building into a contemporary environment for student learning and success. Highlights of this renovation include the Black Box theatre with innovative lighting and sound systems, a more expansive library and the Welcome Center.

**RAINIER SCIENCE AND TECHNOLOGY BUILDING**

In 2009, Pierce College Fort Steilacoom debuted a truly unique science and technology facility. Composed of three pods connected by an atrium replete with gardens, the facility provides quality instructional spaces for math and science programs.

**ARTS AND ALLIED HEALTH BUILDING**

In 2010, Pierce College Puyallup opened its Arts and Allied Health building for its nursing and arts offerings. The innovative building includes a theater, art gallery, recording studio, nursing skills lab, graphics lab and tiered lecture hall.
Educational Choices

University Transfer

If you plan to work toward a bachelor’s degree or beyond, you can save a whole lot of money by attending Pierce College for two years and then transferring to the university of your choice with junior standing. Because class sizes are small at Pierce, you’ll get the personalized attention to help you be successful. In fact, research shows that transfer students from Pierce do as well at the University of Washington and Western Washington University as students who begin their careers at the four-year schools.

UNIVERSITY TRANSFER DEGREES

- ASSOCIATE OF ARTS (AA-DTA)

A general liberal arts transfer degree. An AA — Option B is available for transfer to a specific school’s four-year program.

- ASSOCIATE OF SCIENCE (AS-T)

A degree for transfer to a four-year science program. Two options are available depending on your field of interest:

  - AS-T Track 1 for science pre-majors in biological and environmental resource sciences; geology and earth science; and chemistry.
  - AS-T Track 2 for science pre-majors in engineering, computer science, physics and atmospheric sciences.

- DIRECT TRANSFER DEGREES

Direct Transfer Degrees (DTAs) ensure that students who complete these degrees will have satisfied the lower division general education/core requirements and lower division degree-related requirements for the baccalaureate institutions. These university transfer degrees are available in business; pre-nursing; elementary education; and in education areas of chemistry, physics, biology, math and general science.

For specific transfer degree requirements and related policies at Pierce College, please see “Degree and Certificate Requirements” in the ACADEMIC INFORMATION section of this catalog.

Professional/Technical Degrees and Certificates

Pierce College’s professional/technical degrees and certificates are designed to provide students with the technical and related skills needed for successful employment. The degrees and certificates emphasize practical, work-related skills that translate to effectiveness and expertise in the workplace.

What’s more, these degrees are hot — and getting hotter. Some of the projected fastest-growing fields include dental hygiene, nursing and digital design — and you can train for all of these at Pierce College.

Moreover, some of our professional/technical programs have university transfer tracks, so if you decide to continue your education later, you can pick up where you left off.

PROFESSIONAL/TECHNICAL OPTIONS

- ASSOCIATE IN TECHNOLOGY – SPECIFIC PROGRAM

For students completing one of Pierce College’s specific professional/technical programs. This degree denotes the program specialty. See the ACADEMIC INFORMATION section for specific program options.

- ASSOCIATE IN TECHNOLOGY – GENERAL

For graduates of any approved occupational/vocational program from an accredited college, military school, vocational technical institute, technical college, licensed private college, vocational school, industry, apprentice-based training or university. Credits may be granted for this former training, with the student earning additional credits of related instruction at Pierce College.

- PROFESSIONAL/TECHNICAL CERTIFICATES

These certificates emphasize basic, practical skills needed for entry-level employment or advancement in a specific professional/technical area and usually can be completed in a short period of time.

For specific professional/technical degree and certificate requirements and related policies at Pierce College, please see “Degree and Certificate Requirements” in the ACADEMIC INFORMATION section of this catalog.

Extended Learning Options

Education comes in many forms through Pierce College Extended Learning. You might be surprised by how many educational sites Pierce College operates throughout Pierce County and the variety of educational opportunities available to you. Beyond the college’s strong university transfer and professional/technical certificate programs at Fort Steilacoom, Puyallup, Joint Base Lewis-McChord, we offer much more through Pierce College Extended Learning. Both face-to-face and at a distance, Pierce College Extended Learning offers workforce education, basic skills, academic development and continuing education in response to the needs of our community.

In addition to our programs being available to everyone, Extended Learning provides customized educational services for the military, corrections, social and health services, area hospitals, local businesses and international students in several locations within Pierce County. Please visit our website for additional information about any of the following programs: www.pierce.ctc.edu/extended.

CONTINUING EDUCATION

Continuing Education offers a wide variety of student-supported classes to meet the diverse needs of the population served by Pierce College. Take classes with us and learn valuable skills that can help you get ahead at work, discover a new talent or hobby or add to your enjoyment of a life-long passion. We offer day, evening and weekend classes at a variety of locations across Pierce County, and our programs include:

- Technical training
- Career development
- Small business development
- World languages/Sign language
- Personal finance
- Professional development
- Community development
- Oregon Shakespeare Festival
- Online learning
- Health and fitness
- Professional development
- Small business development
- World languages/Sign language
- World travel

A schedule of classes is published five times a year. If you would like to receive our bulletin, please call (253) 840-8452, (253) 964-6600 or visit us online at www.pierceCE.com.
CUSTOMIZED CONTRACTED TRAINING
Throughout the year, Continuing Education provides specialized programs to area businesses, agencies and schools that have specific training needs for their employees. Training schedules are flexible, instructors are experts in their fields, and content is customized for individual companies. Cost is affordable, and there are state-funded grant programs available for qualifying organizations. Areas of training include team building, lean quality systems, leadership/coaching skills, communication and language, health and safety, quality control, management and supervision and customer sales and service. For more information about customized training options, call (253) 840-8451 or visit our business and industry website at www.trainwithpierce.com.

eLEARNING
When time is tight or you prefer to study at your own pace, try our eLearning course offerings. These courses are affordable, transcripted and transferable, just like on-campus courses. These are real courses, not simplified versions of their campus counterparts. They take more work because you must overcome the challenge of replacing classroom experiences and conversing with your instructors. Courses use a variety of media ranging from audio and DVD materials to Internet tools like listservs, Web pages, e-mail and fully online courseware that runs in a Web browser, like Angel. We also have a growing list of hybrid courses, which combine reduced classroom hours with online learning. You can complete a general AA degree fully online! To find out more about our eLearning options, go to www.pierce.ctc.edu/el, or see “eLearning” in the ACADeMIC INFORMATION section of this catalog.

INTERNATIONAL EDUCATION
International Education provides student services to international students at Fort Steilacoom and Puyallup and fosters international and multicultural educational experiences for all students and community members in the district.

International student services include admissions and retention services, with special reference to federal regulations. The department also provides a college-prep Intensive English Program in four levels. Cultural and social activities, such as the International Club and Conversation Partners, and other programs are also offered.

For details on how to get started as an international student at Pierce College, see “International Students” in the GETTING STARTED section of this catalog or visit www.pierce.ctc.edu/international.

STUDY ABROAD
Pierce College is directly involved, through the Washington Community College Consortium of Study Abroad, with a spring quarter program in Florence, a summer program in Costa Rica and a fall quarter program in London. The international office also has details on a large number of other short and medium-term programs in countries all over the world. If you are interested in Study Abroad opportunities, contact the international education office at (253) 964-6739 or (253) 864-3179.

MILITARY EDUCATION
Pierce College provides educational programs at Joint Base Lewis-McChord. These campuses serve the needs of active-duty military personnel, their family members, VA benefit recipients and civilians in the community. Five accelerated eight-week terms are offered per year, which differ from the quarterly schedule of Pierce College Fort Steilacoom and Puyallup. Classes are held in the evening, at lunch time, morning, afternoon, on Saturdays and online. Online classes are 10 weeks. Advisors are available to help with educational planning.

SERVICEMEMBERS OPPORTUNITY COLLEGES (SOC)
Pierce College is an institutional member of Servicemembers Opportunity Colleges (SOC), a consortium of more than 1,800 colleges and universities providing voluntary postsecondary education to members of the military throughout the world.

As a member of SOC, Pierce recognizes the unique nature of the military lifestyle and has committed itself to easing the transfer of relevant course credits, providing flexible academic residency requirements and crediting learning from appropriate military training and experiences.

In addition to its SOC membership, Pierce is one of approximately 165 select institutions providing flexible SOC programs on more than 150 Army and Air Force installations worldwide. These programs lead to associate degrees, some of which correspond to enlisted and warrant officer job specialties. See “Earning Credits” in the ACADeMIC INFORMATION section of this catalog for more information.

GoArmyEd
Pierce College participates as an education partner with the Army Continuing Education System (ACES) in GoArmyEd. The GoArmyEd portal serves as a virtual gateway for soldiers on active duty to request tuition assistance online, anytime, anywhere, for classroom, distance learning and eArmyU college courses. The portal provides access to both college and army advisors, as well as a variety of degrees and term schedules. For more information, visit the Pierce College GoArmyEd online site at www.pierce.ctc.edu/military.

eArmyU™
Pierce College is one of over 50 institutions of higher education offering online college-level courses to U.S. Army personnel throughout the world via eArmyU™, the U.S. Army’s largest e-learning virtual university program. Two degrees are offered — an Associate in Technology General and an Associate of Arts. A new term starts on
the 13th of every month to accommodate busy military schedules. For more information visit the Pierce College eArmyU online site at www.pierce.ctc.edu/military.

For more information on our military program, contact:
www.pierce.ctc.edu/military • 1-877-832-7698

**TRANSITIONAL EDUCATION**

Pierce College offers a variety of courses assisting students to transition from high school to college, college to work and work to college. Emphasis is placed on developing the skills necessary to be successful students, workers and citizens. Courses are offered on and off campus throughout Pierce County and include:

- Pre-college and college-level courses in reading, English, math, study skills and student success.
- Adult Basic Education: Adults can improve their skills in a variety of areas in order to enter professional/technical training, advance in a current job, become more employable or continue into college programs. Key courses include English as a Second Language, Adult Basic Education, GED test preparation and high school completion.

Call for more information. (253) 864-3181.

**WORKFORCE EDUCATION**

Workforce Education supports the entry and re-entry of students and members of the Pierce County community into the workplace. We provide financial assistance to students through a variety of programs. We also develop and fund educational and training programs that meet the needs of local employers. Our programs bridge the skills gap, helping people to find fulfilling careers to support themselves and their families, and help to build our local economy.

For more information, visit www.pierce.ctc.edu/dist/workforce/, call (253) 964-6645 or visit the advising center at Pierce College Fort Steilacoom or Puylaup. Below is a summary of our key programs:

**PROFESSIONAL/TECHNICAL TRAINING PROGRAMS**

Students can select from a wide variety of short and long-term training programs designed for employment preparation. Faculty advisors work in coordination with the workforce education staff to provide support services and referrals. See ACADEMIC INFORMATION section of this catalog for a list of current training programs.

**WORKER RETRAINING**

Unemployed and dislocated workers may receive assistance to complete job training.

**WORKFIRST/WORK-STUDY**

Parents receiving DSHS/WorkFirst cash assistance or working parents with a small household income may receive assistance to complete job training. WorkFirst participants may fulfill their work requirements and attend classes at the same time.

**TRANITION & SUPPORT SERVICES**

Career-related programs and advising are available for students transitioning toward the workplace (dislocated workers, non-traditional career seekers, professional/technical and undecided students).

- **PierceWorks!**: This Worker Retraining program includes 100 hours of in-class job search skills and assessment work and 60 hours of computer training. Twenty credits are awarded for completion. Call (253) 840-8428 for more information.

**JOB CONNECTIONS/WORKSOURCE AFFILIATE**

Students can explore career options and make connections with a variety of employment-related services and opportunities. Pierce College is a partner in a state-wide, one-stop system that provides access to county-wide employment information and services.

**SHORT-TERM TRAINING**

Short-term training programs are offered at a variety of locations and are generally designed to be completed within ten to 16 weeks. Contact our workforce advisors at (253) 964-6265 for information on any of the following short-term programs:

- **Corrections**: This 20-credit certificate program offered five times per year prepares students for correctional work at a federal, state, county, city or private facility. Call (253) 964-6407 for more information.

- **Medical Services Representative**: This program provides industry-related employability skills, professional development, computer applications, basic skills and business and office communication skills to prepare students for entry-level employment. Call (253) 864-3256 for more information.

**CORRECTIONAL FACILITY & DSHS PROGRAMS**

Pierce College provides academic and professional/technical education and training to the residents of McNeil Island and Cedar Creek Corrections Centers. Pierce College also provides educational programs and/or staff development training for Rainier School, the Special Commitment Center at McNeil Island and Western State Hospital. These programs are provided under a contract with the Washington State Department of Social and Health Services.

**MCNEIL ISLAND CORRECTIONS CENTER**

Pierce College delivers a variety of programs to inmates at McNeil Island Correctional Center. The education program is designed to meet the needs of Adult Basic Education students by offering ABE, ESL and GED classes. Vocational training programs offered are Building Maintenance, Information Technology, Pastry and Specialty Baking, Technical Design (CAD) and Welding. In addition, a class in Family Dynamics deals with parenting and transitioning back to the family.

**CEDAR CREEK CORRECTIONS CENTER**

The Cedar Creek Learning Center is designed to meet the scholastic needs of inmates at this facility. Classes in basic skills include GED preparation, job readiness and refresher adult basic education courses designed to strengthen skills in math, reading and English. Vocational training programs in computer applications and building maintenance are also available.

**RAINIER SCHOOL**

Pierce College offers courses on how to provide opportunities for people with developmental disabilities to learn daily living skills. Information is available at Rainier School, (360) 829-1111, ext. 4335.

**SPECIAL COMMITMENT CENTER**

Pierce College offers educational services to residents of the Special Commitment Center at McNeil Island to support their efforts in participating in treatment and reintegration into the community. A resident may also complete a high school diploma, prepare for the GED and/or take vocational courses. Contact the Special Commitment Center education department for more information, (253) 588-5281, ext.1957.

**WESTERN STATE HOSPITAL**

Basic Skills instruction is offered to patients on most wards at Western State Hospital. A patient who resides at the hospital may also take coursework towards completion of a high school diploma, prepare for the GED and/or take vocational courses. For more information call the supported education coordinator at (253) 756-2767.

**SUPPORTED EDUCATION**

Pierce College supported education assists and supports consumers of mental health services in the process of continuing their education. Non-credit preparatory classes are offered to assist the student with transition to college. Goal setting/career planning helps students establish lifetime educational and career goals. College success teaches study skills with reasonable accommodations. Orientation to campus is a re-entry overview course to help the student with financial aid forms, placement testing, advising and registration procedures. The supportive services include educational support groups and/or one-to-one appointments for individual problem-solving concerning educational goals and barriers. For more information call the supported education coordinator at (253) 756-2750.
Educational Philosophy

It is the goal of Pierce College to prepare students to live and work in a dynamically changing world by emphasizing whole-student development and hands-on learning. Through experiences both in and out of the classroom, you’ll be given the opportunity to broaden your horizons and be challenged in ways that encourage the development of the five core abilities vital to succeeding in life.

THE FIVE CORE ABILITIES

CRITICAL, CREATIVE AND REFLECTIVE THINKING
If I work for a pharmaceutical company as a chemist, I must be able to analyze the process and precisely document the results of an experiment for my work to be useful.

EFFECTIVE COMMUNICATION
If I am working in a community health clinic, I must clearly and thoughtfully explain to a patient why I am suggesting a particular treatment plan so the patient will understand the procedures to follow and know how to carry out the plan.

INFORMATION COMPETENCY
If I am working for an international trade company, I must know how to locate, evaluate, organize and explain information from a variety of sources to make thorough and accurate business decisions.

MULTICULTURALISM
If I am working with a group of children, I need to understand the different social needs of people from different cultural backgrounds or with special needs so I can help each child develop group skills and a good sense of self-esteem.

RESPONSIBILITY
If I am working in a veterinary clinic, I may know how to skillfully vaccinate animals, but if I ignore vaccination guidelines on a regular basis, I may be putting the animals, and the community, at risk.

Accreditation

Pierce College District is accredited by the Northwest Commission on Colleges and Universities, 8060 165th Avenue N.E., Redmond, WA 98052, an institutional body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. The District’s accreditation was most recently affirmed in 2007.

Pierce College Foundation

The Pierce College Foundation mission is to acquire private funding for the district, to provide enhancements to college programs, to improve access for students and to promote the colleges to the community. The generosity of donors makes a difference every day in the lives of students throughout the Pierce College District. For more information about the Foundation, or to make a donation, please call (253) 864-3262 or visit the Foundation website at www.pierce.ctc.edu/foundation.

Our Mission

Welcome to Pierce College. We are a community of learners open to all. Our community is built on a foundation of respect and openness to change. Together, we strive to meet the needs of our diverse community and develop each member’s abilities. Our commitment to quality education and teaching excellence prepares learners to live and work successfully in an ever-changing world.

VALUES AND GOALS

To accomplish our mission, we commit ourselves to these values and goals:

ACCESS
• Provide an open-door admission policy.
• Support the principles of affirmative action and equal opportunity in all areas.
• Identify and overcome institutional barriers to learning.

MULTICULTURALISM
• Recruit, retain and involve a diverse faculty, staff and student population.
• Value the dignity, strength and contribution of each individual in our community.
• Celebrate our diversity.

EDUCATIONAL EXCELLENCE
• Prepare students to live and work in a dynamically changing world by emphasizing whole-student development and the five core abilities: 1) Effective communication; 2) Critical thinking/problem solving; 3) Multiculturalism; 4) Information competency; 5) Responsibility.
• Use the abilities of our students as the measure of institutional quality and effectiveness.
• Provide a quality educational environment.
• Meet the diverse educational needs of our community by providing comprehensive programming: academic transfer, career preparation, retraining, development, continuing education and lifelong learning.
• Anticipate and plan for continuous change in the design and delivery of programs and services, and embrace changing technologies as integral to education.

COLLEGE ENVIRONMENT
• Provide an accessible, safe, healthy, and comfortable learning and working environment.
• Implement effective decision-making processes that value collaboration and contributions from all students, faculty, staff and the community.
• Develop dynamic local, regional and global networks and partnerships.
• Provide effective systems, including appropriate use of technology, to meet the business and operations needs of the institution using the most efficient, responsible and accountable methods.
• Develop innovative funding sources to increase educational opportunities.
• Engage in on-going college-wide planning processes that allow the District to evolve in response to an ever-changing world.
• Strive to be a place where all college personnel and students can find meaning in their work.
Admissions

FS: (253) 964-6501
PY: (253) 864-3292

WHO MAY ENROLL

Pierce College has an open-door admissions policy, practices equal opportunity and does not discriminate in its educational programs. No one is denied admission to the college because of race, color, national origin, sex, sexual orientation, disability or age.

Anyone who is 18 years of age or older, or whose high school class has graduated, or is a high school graduate or has earned a GED, or has qualified for admission through Running Start or a successor program, may enroll at Pierce College. If you are 16 or 17 years of age and do not meet the minimum admissions standards, you must obtain written permission from the school district in which you reside before being accepted for admission and/or enrolling in Pierce College courses.

As a policy, Pierce College does not admit students under the age of 16. Under extraordinary circumstances, special consideration may be given to students who petition for an under-age admission exception. You should begin the petition process prior to the start of the quarter you wish to attend by contacting the admissions office at Fort Steilacoom or the registration office at Puyallup.

RUNNING START STUDENTS

High school students who meet the minimum age requirements (must be 16 upon admission to the program or turn 16 by the start of the first quarter of enrollment and under the age of 21) may enroll in Pierce College classes through the Running Start Program and register for up to 18 credits for free! To get started, see your high school counselor and consult the Running Start information in this section.

SPECIAL ADMISSION PROGRAMS

Some programs, such as Dental Hygiene and Veterinary Technology, located at the Fort Steilacoom college, and Nursing, located at the Puyallup college, have special admission requirements. These are outlined in the PROGRAMS OF STUDY section.

REQUIREMENTS FOR NON-U.S. CITIZENS

If you are not a U.S. citizen, you must present your Permanent Resident card, I-94 or other immigration documentation when you apply or register so your residency for tuition-paying purposes may be determined. In addition, individuals on non-immigrant visas must meet additional admission requirements. See “International Students” in this section.

MILITARY SITE ADMISSIONS

Please contact the military site you wish to attend for registration information. See Directory in the Appendix for contact information.

NEW STUDENTS

If you plan to work toward a degree, diploma, or certificate, or apply for financial aid, you must submit an admissions form. There is a $25 non-refundable admission fee for our general programs of study. Our special admissions programs, Dental Hygiene and Veterinary Technology, also require a $40 non-refundable application fee. The Nursing program requires a $65 non-refundable application fee.

No admissions form is required for enrollment in Continuing Education classes, the English as a Second Language (ESL) program designed for immigrants, or the Adult Basic Education (ABE), General Educational Development (GED) or High School Completion programs. See “Adult Basic Education” in the PROGRAMS OF STUDY section of this catalog.

For the Intensive English Program (IEP) designed for international students, there are additional requirements. See “International Students” in this section. No admissions form is required for enrollment at the military sites, unless you will be receiving financial aid.

You may submit your admissions form at any time. We begin mailing quarterly welcome packets on the following dates:

- **Fall quarter:** Sept. 22 - Winter quarter: Jan. 3
- **Spring quarter:** Mar. 28 - Summer quarter: June 20

SUBMIT AN ADMISSIONS FORM:

1. Apply online on our website at www.pierce.ctc.edu, or fill out a paper Pierce College admissions form, available at either college, at high school counselors’ offices, at many community service agencies and on our website.
2. Mail or faxing the admissions form to the college where you plan to enroll for your first quarter of enrollment. If using the online admissions option, submit your form to the college where you plan to enroll. If you are transferring, you must submit an admissions form to the college where you plan to attend. Please submit your transcript to the college where you plan to attend. (See “Transferring Credits to Pierce College” below.)

After you submit the admissions form, a welcome packet will be sent to you when processing of forms begins for the quarter for which you are applying. The packet will include general college information as well as specific information about advising and registration.

FORMER STUDENTS

If you have previously enrolled in courses offered by Pierce College, you must submit an admissions form to the college where you plan to re-enroll so your records can be reactivated and updated. You will receive a welcome packet which includes information about the advising and registration process.

If you have attended other colleges or universities during your absence from Pierce College and would like credits transferred to Pierce College, request that official transcripts be forwarded to the college to which you applied. See “Transferring Credits to Pierce College” below. Your transcripts from previous schools may be reviewed by your advisor during your advising session.

TRANSFER STUDENTS

If you are transferring to Pierce College from another college or university, fill out an admissions form and submit it to the college you plan to attend. When we receive your form, we will mail you a welcome packet which includes information about the advising and registration process. If you would like to transfer credits to Pierce College, request that official transcripts be forwarded to the college to which you applied. See “Transferring Credits to Pierce College” below. Your transcripts from previous schools may be reviewed by your advisor during your advising session.

TRANSFERRING CREDITS TO PIERCE COLLEGE

Credits earned at colleges and universities that are recognized by a regional accreditation association are generally accepted by Pierce College. If you have credits from other colleges or universities that you want to transfer to Pierce College, follow these steps:

1. Submit admissions form to the college you will be attending.
2. Contact your former school(s) and request that official transcripts be sent to the college you plan to attend (to the admissions office at Fort Steilacoom or the evaluations office at Puyallup). We accept hand-carried transcripts as long as they are sealed in official letterhead envelopes from the issuing institution.Copied or faxed transcripts cannot be accepted as official. Transcripts may also be sent electronically by the issuing institution.
3. Call the admissions office at Fort Steilacoom or the evaluations office at Puyallup to make sure your transcript(s) has arrived.
4. Once you have verified that your official transcripts are on file, you should complete a “Transfer Credit Evaluation Form” and return it to the evaluations office at Fort Steilacoom or Puyallup. Upon completion of this request, the evaluations office
will evaluate your credits and mail the results to you. Students attending the military extension sites should check with the appropriate site for their evaluation procedure (flewis@pierce.ctc.edu — (253) 964-6567 or mcchord@pierce.ctc.edu — (253) 964-6606).

Washington community and technical colleges (CTCs) offer reciprocity to students transferring within the CTC system. Students who have fulfilled entire areas of their degree requirements at one college — for example, Quantitative Skills, Communications Skills, or Distribution Area requirements — will be considered to have met those same requirements if they transfer to another community or technical college in-state. Students must initiate the review process and must be prepared to provide necessary documentation. For complete information, students should contact the evaluations office.

Students are encouraged to pursue reciprocity as early as possible after transfer and, certainly, no later than when they apply for graduation.

**RUNNING START STUDENTS**

Running Start is a statewide program that allows academically qualified high school juniors and seniors to take college-level courses, while earning both high school and college credit, tuition-free.

The student’s school district pays tuition for up to 18 college credits per quarter. Students must pay for their own books, student and course fees, supplies, transportation, and tuition for any additional credits beyond the 18-credit maximum. Running Start is not available during the summer, but students may enroll in summer classes at their own expense with their high school’s permission.

To be eligible for Running Start:

- Students must be a junior or senior enrolled in a public high school.
- Students must be at least 16 years old upon admission to the program or they must turn 16 before the start of their first quarter at Pierce College.
- Students must be younger than 21 years old.
- Students must have a cumulative high school GPA of 2.00 or higher.
- Students must have qualifying scores on the COMPASS assessment.

To get started as a Running Start student:

1. Take the COMPASS assessment to determine eligibility. Students must place into ENGL 101 to take all courses with the exception of those requiring college-level math placement. To take courses requiring college-level math placement, students must place into college-level math AND READ 101. For testing information, contact the testing centers at Fort Steilacoom at (253) 964-6521 or Puyallup at (253) 840-8343. Photo identification must be provided along with a receipt from the Cashier’s office that the testing fee was paid. Students must provide their Social Security Number or go to the admissions office to obtain a Pierce College Student Identification (SID) number prior to taking the COMPASS.

2. Complete the required pre-enrollment paperwork. This form must be completed by the student’s high school counselor and specify which classes the student needs to complete at Pierce College in order to fulfill high school graduation requirements (excluding home-schooled students).

3. Home-schooled students only: Complete annually an “Intent to Home School” form and inform your local school district that you will be participating in the Running Start program. Please contact your local school district for more information.

Prior to registering for classes at Pierce College, home school students will need to provide the Running Start office a current copy of their “Intent to Home School” form which must be stamped and/or signed by a school district official. Upon receiving the stamped and/or signed intent form, the Running Start office will provide the student or parent with a pre-enrollment form. The pre-enrollment form must be completed prior to registering for classes and is required on a quarterly basis.

4. Meet with a Running Start advisor. Contact the advising centers’ Running Start offices at Fort Steilacoom at (253) 964-6705, (253) 964-6520 or Puyallup at (253) 840-8329 to schedule an appointment or for walk-in availability.

5. Attend a mandatory Pierce College Running Start Orientation after registering for classes. Anyone who does not attend a Running Start orientation session will be withdrawn from classes.

Additional information on the Running Start program is available from high school counselors/school district officials or the advising center at either college by visiting the Running Start website at www.pierce.ctc.edu/go/runningstart.

**INTERNATIONAL STUDENTS**

International high school graduates or those who have passed the equivalent examination in any foreign country may enroll at Pierce College provided they meet the requirements of the U.S. Immigration and Naturalization Service.

There is no English language requirement to enter Pierce College’s Intensive English Program (IEP). Please see “International Education” in the PROGRAMS OF STUDY section for more information about the IEP. The English proficiency requirement for academic or professional technical study at Pierce College can be met in one of three ways:

1. a minimum International TOEFL score of 500 (or 174 on the computer-based test) or 61 on the iBT;
2. a Pierce College Institutional TOEFL score of 500 or higher; or
3. successful completion of Pierce College’s Intensive English Program.

Students who are 16 years of age or older and who have not completed high school may enroll in the International High School Completion Program (Fast Track). Students who do not have adequate English proficiency can take English language classes before beginning the Fast Track Program. The College will provide an evaluation of each student’s high school record and will design an individual study plan. Most of the student’s classes will qualify for the Associate degree as well as for the Washington State high school diploma.

**INTERNATIONAL STUDENTS APPLYING FROM OUTSIDE THE USA**

Submit the following to the Pierce College Office of International Programs:

- A Pierce College International Student Application form.
- International application fee of $50.
- IELTS score of 5.5 with no band lower than 5.0
- Proof of high school graduation or the equivalent and official transcripts from the most recent high school, English language center or college.
- An original and current financial guarantee: bank documentation showing sufficient funds for the student’s financial support while at Pierce College.
- For college program applicants, documentation of English proficiency as outlined above.

**Mail all materials to:**

Pierce College International Programs
9401 Farwest Drive SW
Lakewood, WA 98498-1999 USA

Telephone: (253) 964-7327
Fax: (253) 964-6256
E-mail: international@pierce.ctc.edu
World Wide Web: www.pierce.ctc.edu/international

**INTERNATIONAL TRANSFER STUDENTS ALREADY IN THE USA**

If you are already studying in the United States at another institution, send in all the documents listed in the previous section. In addition, we require a Transfer Clearance Form, which we will send you. Have your school or college complete it and mail it back to Pierce College.
DEADLINES/PROCEDURES — ALL INTERNATIONAL STUDENTS
If you are applying from your home country, we must receive your materials by Aug. 15 for fall quarter, Dec. 1 for winter quarter, March 1 for spring quarter and May 1 for summer quarter.

For details of immigration regulations concerning international students, please contact International Education.

HOST FAMILY PROGRAM
If you wish to stay with a host family when you arrive at Pierce College, please let us know. We will put you in contact with our housing coordinator.

INSURANCE
All international students are required to have sufficient medical insurance for the duration of their studies. Students may show proof of coverage and sign a waiver or they may purchase a policy offered through the college. Students without insurance coverage will not be able to enroll.

IMPORTANT FINANCIAL NOTE
Pierce College cannot provide financial assistance to international students. The college cannot normally offer on-campus employment. Please note also that taking paid employment off-campus while in the USA on a student visa is only possible in very special circumstances. You should assume that no money will be available from the college or from employment while attending Pierce College.

Tuition rates are subject to change by the Washington State Legislature and the College Board of Trustees.

Tuition & Fees†

TUITION RATE†
Below are the tuition rates for the 2010-11 academic year. The college reserves the right to change, without notice, any fees to comply with state or college regulations and policies. The admissions and registration offices have current information.

Tuition rates are subject to change by the Washington State Legislature and the College Board of Trustees.

OTHER FEES

COMPREHENSIVE STUDENT FEE†
A student-approved fee of $1.50 per credit, up to a maximum of $15, is charged each quarter to cover on-campus parking, graduation expenses and transcripts. This fee is refundable on the same basis as tuition.

TECHNOLOGY FEE†
A student-approved fee of $3.50 per credit, up to a maximum of $35 per quarter, is charged and used to advance the use of technology by students. This fee is refundable on the same basis as tuition.

FORT STEILACOOM RECREATION CENTER FEE†
A student-approved fee of $3.50 per credit, up to a maximum of $35, is used to cover the building costs of a multi-purpose student recreation center for students at Pierce College Fort Steilacoom and is refundable on the same basis as tuition.

PUYALLUP FITNESS AND RECREATIONAL FEE†
A student-approved fee of $4.25 per credit is used to cover the costs of a fitness and recreational center for students at Pierce College Puyallup and is refundable on the same basis as tuition.

SPECIAL FEES
Special fees are charged to cover extraordinary expenses for some courses and/or programs. These are refundable on the same basis as tuition, unless noted in the quarterly class bulletin as non-refundable.

TUITION & FEE WAIVERS†
Tuition and fees are waived or reduced for certain groups of Washington state residents who enroll for state-funded classes. Contact the registration office at your college for information.

TUITION & FEE REFUND POLICY†
You must officially withdraw from a class to receive a refund. Tuition refunds are made in accordance with the tuition and fee refund schedule published in the quarterly class bulletin.

• 100 percent if you withdraw through the fifth day of the instructional quarter or if the class is canceled (summer quarter policy is different).
DEFINITION OF FULL-TIME STUDENT FOR ENROLLMENT PURPOSES

A student must be enrolled in a minimum of 12 credits in a given quarter to be considered a full-time student for enrollment purposes. The definition of a “full-time student” may vary for outside agencies, such as the Immigration and Naturalization Service, Veterans Administration, Social Security and insurance companies. You are responsible for knowing the enrollment status requirements of any sponsoring agencies.

RESIDENCY STATUS

To be considered a resident for tuition-paying purposes, an independent student, or the parent(s) or court-appointed legal guardian(s) of a dependent student, must reside continuously in the state of Washington, for other than educational purposes, for at least 12 months prior to the first instructional day of the initial quarter of enrollment. They must also meet additional requirements established by the state.

Individuals who are not residents of Washington but are citizens of the United States or Permanent Residents are eligible to pay a discounted amount for tuition. Individuals qualified for the exemption will still be reflected as non-residents in our computer system until they request a residency change and a determination of eligibility is made.

A number of factors are used to determine residency. Residency questionnaire forms and information about state requirements for establishing residency are available from the admissions office at the college the student is attending. Paperwork submitted after the 30 days is reviewed for the next quarter.

Active duty military personnel physically stationed in Washington and their spouses and dependents can have the non-resident portion of their tuition waived by providing valid military identification and their most recent LES each quarter to the admissions office at either college. Members of the Washington National Guard and their spouses and dependents, living in Washington, are also eligible for the waiver by providing valid military identification and a most recent LES each quarter.

Some individuals who are not permanent residents or citizens of the United States may be eligible to pay resident tuition rates. To qualify for resident status, they must complete the Washington Higher Education Residency Affidavit/Declaration/Certification form if they meet the following conditions:

1) a. Resided in Washington state for the three years immediately prior to receiving a high school diploma and completed the full senior year at a Washington high school, or
b. Completed the equivalent of a high school diploma and resided in Washington state for the three years immediately before receiving the equivalent of the diploma,

2) Continuously resided in the state since earning the high school diploma or its equivalent.

Financial Aid

Financial assistance may be available to you from various sources in the form of grants, scholarships, loans and employment. Aid is awarded according to federal, state and institutional guidelines. All students are denied aid on the basis of race, color, national origin, sex, sexual orientation, disability or age. All prospective students are encouraged to apply for aid. Financial aid staff will discuss opportunities with you and help you with the application process. Eligibility is determined through a careful assessment of your financial situation, taking into account your and/or your family’s income, assets, debts, number of dependents and the estimated cost of attending Pierce College.

In addition to meeting financial need criteria set by federal, state and institutional regulations and guidelines, a financial aid recipient must:

• apply for admission to the college.
• be a U.S. citizen or eligible non-citizen.
• be enrolled in, or accepted for enrollment in, an eligible Pierce College degree or certificate program.
• be making satisfactory academic progress.
• not owe repayment or be in default on any federal loan or grant.
• be registered with Selective Service (for males at least 18 years old, born after Dec. 31, 1959, and not active duty military).
• have earned a high school diploma or GED, or passed an ATB test.

Satisfactory academic progress for financial aid eligibility is explained in the materials sent to students with their financial aid notification. Financial aid is normally awarded based on full-time enrollment (12 credits or more). If you plan to enroll in fewer than 12 credits for any quarter, you must give the financial aid office advance notification to allow for your award to be revised.
APPLYING FOR AID
Apply for financial aid as early as possible. The priority application date is May 1 of each year for the following academic year. This means that you must submit all of your required documents to the financial aid office by this date to ensure that you will be awarded the maximum amount of aid you are eligible to receive. Awards are made on a first-come, first-served basis for students whose files are complete.

If your file is not complete by the priority application date, your award may not be ready by the first day of the quarter for which you are applying. In that case, you may pay your own tuition and may become eligible for reimbursement at a later time.

To apply, fill out the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov, or complete the paper version and mail it to the processor. The federal school code for all Pierce College sites is 005000. An Admission Application is also required to complete this process.

TYPES OF FINANCIAL AID
GRANTS AND SCHOLARSHIPS
These funds do not have to be repaid unless you withdraw from school during an academic term.

• Federal Pell Grant: A federal grant providing a “floor” of financial aid to which other aid is added as needed.
• Federal Supplemental Educational Opportunity Grant (SEOG): An additional source of federal grant aid for eligible students.
• Washington State Need Grant (WSNG): Partial grant support for eligible Washington state residents.
• Washington State Tuition Waiver (TW): Tuition grants for a limited number of state residents.
• Scholarships: Some scholarships from outside donors are available through the Financial Aid Office, your academic department and Pierce College Foundation.
• Opportunity Grant Scholarship supports certain professional/technical programs. Need-based.

EMPLOYMENT
• Federal College Work-Study Program: Work on or off campus with a non-profit agency. You may work for a maximum of 19 hours weekly (40 hours during quarter breaks).
• State Work-Study Program (SWSP): You should work in your field of academic interest. Work may be in private industry or business, with preference to Washington state residents. You may work for a maximum of 19 hours weekly (40 hours during quarter breaks).

LOANS
• Federal Stafford Loan/PLUS: Applications are obtained at the college; loan is granted by your bank, savings and loan or credit union. You must first apply for financial aid using the FAFSA.
• Federal Perkins Loan: Limited to students with highest educational costs and exceptional need.

SPECIAL FUNDING
Through the worker retraining/WorkFirst programs, financial assistance may be available if you are:

• Receiving unemployment benefits, have received unemployment benefits in the past 24 months, have exhausted your unemployment benefits or have been separated from active military service in the last 24 months.
• A working parent with a small household income or receiving DSHS/WorkFirst cash assistance.
• A homemaker who now needs to financially support yourself and your family.

Contact the workforce development director at (253) 964-6265 for information on special funding opportunities.

AGENCY FUNDED STUDENTS
If you expect to be funded by an outside agency, such as Boeing, Labor & Industries, or Qwest, you will need to ensure that vouchers for tuition and fees have been received by the cashier’s office at the college you plan to attend before you register. You need to initiate this process and contact the agency that will be providing your funding. You must also arrange with the agency to be able to charge books and supplies in the college bookstore.

Assessment
FS: (253) 964-6521
PY: (253) 840-8343
FL: (253) 967-6567

Our assessment program helps determine which level of course work is suitable to meet your educational goals. Assessment tests in math, writing and reading are required for most students, depending on their course of study.

Testing is available by appointment at the Fort Lewis and Puyallup testing centers and on a walk-in basis at Pierce College Fort Steilacoom. A non-refundable fee must be paid to the cashier before taking the test. Picture ID is required to test.

Advising
FS: (253) 964-6705
PY: (253) 840-8431

Pierce College’s advising program supports students in the process of developing an education and/or career path. Whether you choose to complete an Associate of Arts (AA) degree or Associate of Science (AS) degree for transfer to a four-year university or an associate degree or certificate in one of our professional/technical programs, advisors will help you get started in your chosen program. Once you complete your first quarter, you are assigned a faculty advisor who advises in the specific program or discipline within your area of study.

Advisors will assist you through the enrollment and registration process, including the selection of courses to meet your educational needs, and can provide assistance with the following:

• Identifying education, training and career goals utilizing self-assessment tools for exploration of your occupational interests, personality traits and skills.
• Choosing your educational or professional/technical program of study.
• Referral to specially-funded programs and information about financial resources for education.
• Selection of classes based upon your placement results on the college’s assessment of academic skills and/or your previously completed college credits.
• Class selection to fulfill the degree or certificate requirements of your selected program of study.
• Initial development of an educational plan to complete the course requirements of your program of study.
• Information regarding transfer to other colleges or university programs.
• Review and unofficial evaluation of previous college transcripts for transferable credit.
• Referral to appropriate college/community resources.

Advising staff members have developed a number of student success resources, including employment and education fairs; workshops and seminars; website access links; and university transfer activities. We are here to support you as you move forward with your educational plan.
Registration

FS: (253) 964-6615
PY: (253) 840-8400
ONLINE REGISTRATION: www.pierce.ctc.edu/SOS

Registration priority is given to currently enrolled students, with registration times scheduled on the basis of total number of credits earned at Pierce College. The priority system is designed to ensure class availability to those who need specific classes to meet their degree or certificate goals. Former students (those not enrolled for the current quarter) register after currently enrolled students. New students register during their assigned registration period.

WEB (ONLINE) REGISTRATION

Pierce College’s Web Student Online Services (www.pierce.ctc.edu/SOS) allow students at Puyallup and Fort Steilacoom to register for classes, make class changes (add or drop), find out their grades, check their financial aid status and find out their registration times, all by using a computer at home, work or on campus. If you have questions about the system, call the registration office at either college.

LATE REGISTRATION

You may register for a class without the instructor’s signature through the first three days of the instructional quarter. The instructor’s signature is required to register for a class on the fourth through the 10th day (eighth day during summer quarter) of the instructional quarter. Specific dates are published each quarter in the class bulletin. Registration after the 10th day (eighth day for summer), with the exception of continuous-entry or late-starting classes, must be petitioned through the registration office and a non-refundable late enrollment fee will be charged.

CONCURRENT REGISTRATION†

Pierce College may participate with other local community colleges to offer a concurrent registration program for state-funded courses. Check with the registration office for more information about concurrent registration procedures.

REGISTRATION BLOCKS

It is important that all prior college financial obligations are paid prior to registration. You will not be permitted to register if a block is on your student record.

CHANGING YOUR SCHEDULE AFTER REGISTRATION

The dates for adding or dropping classes are listed in the quarterly bulletin and online each quarter. To add or drop a class, complete a Schedule Change Form and submit it to the registration office. If you drop a class by the 10th day of the quarter (eighth day for summer quarter), you must go online to withdraw or complete a Schedule Change Form and return it to the registration office. The last day to withdraw is published in the quarterly class bulletin. If you follow this procedure, you will receive a “W” grade for the course. If you do not, you may receive a “0.0” (F) grade.

OFFICIAL WITHDRAWAL FROM THE COLLEGE

To officially withdraw from a class(es), go online or obtain a Schedule Change Form from the registration office, complete it, and return it to the registration office by the last day to withdraw. See the quarterly class bulletin for specific dates.

You must initiate the paperwork for all withdrawals. However, if an emergency occurs and you are unable to come to the college, phone-in or faxed withdrawals will be accepted. Call the registration office at (253) 964-6615 (FS) or (253) 840-8400 (PY).

ADMINISTRATIVE WITHDRAWAL

Pierce College reserves the right to administratively withdraw a student from an English composition, math, and/or any quantitative skills course for which they have not successfully fulfilled the prerequisite requirement. Students will be notified of the withdrawal and of further registration options.

Student Orientation (SOAR)

FS: (253) 964-6705
PY: (253) 840-8431
www.pierce.ctc.edu/go/soar

Pierce College Fort Steilacoom and Pierce College Puyallup offer free SOAR (Student Orientation, Advising, and Registration) sessions for all new students. These sessions provide necessary information on the programs and services available on campus, the resources available in and out of the classroom, campus workshops and events, directions around campus, parking and much more.

• At Fort Steilacoom, SOAR sessions are required for all students who have never before attended college. Sessions are offered quarterly and students can sign up online. New Pierce students who are transferring credits from another college are advised to call the Welcome Center at (253) 964-6705 to schedule an appointment with an advisor. To arrange a Fort Steilacoom campus tour, contact a Student Ambassador at (253) 912-3650 or FSSA@pierce.ctc.edu.

• At Puyallup, SOAR sessions are strongly recommended for all new Pierce students. Sessions are offered quarterly and students can sign up online.

NEW STUDENT ORIENTATION - PUYALLUP

PY: (253) 840-8435
http://www.pierce.ctc.edu/dist/admissions/getstarted/soar-py

Students are strongly encouraged to sign up and attend a FREE campus orientation and discover Pierce College Puyallup after registration. The New Student Orientation is a great opportunity to better understand programs and services available on campus, gain valuable information on the tools to help you succeed in and out of the classroom, learn about campus workshops and events, find your way around campus, meet faculty and staff who are here to assist you, and continue to learn how to determine which program or degree is right for you. Come and explore the resources to help you succeed in navigating your educational journey!

New Student Orientation includes:

• A tour to help you locate classrooms
• Learning about available student resources and services
• Where to obtain your student ID, parking pass and textbooks
• Opportunity to meet other students and ask questions
Veterans Services

FS: (253) 964-6505
PY: (253) 864-3292

The veterans services offices (VSO) at Fort Steilacoom and Puyallup help veteran students complete their applications and request forms for benefits from the Veterans Administration.

You must state a VA approved program of study on your application in order to receive benefits and register only for classes listed on your approved curriculum. A list of VA approved programs is available at the VSO at either college.

All students receiving VA educational benefits must come to the VSO at the college they are attending. Students under Chapter 31 benefits (Vocational Rehabilitation) or students attending exclusively at our military extension sites (Joint Base Lewis-McChord) need to submit paperwork at the Fort Steilacoom college VSO. Current students must submit an “Enrollment Survey Form” at the college where their VA file has been established.

PAYMENT OF VA EDUCATIONAL BENEFITS

Depending upon your funding, payment of benefits may be made directly to the student veteran or to the college. You should be prepared to meet the cost of tuition, fees, books and other expenses while applications are being processed.

Advance payments of up to two months of benefits may be requested upon initial applications or renewal of benefits. The request may be submitted 120 days prior, but not less than 30 days prior, to the first day of the quarter in which you intend to enroll. Advance payment checks are sent to the college where you applied for benefits and issued to you upon ID verification for the purpose of registration. If you do not request advance payment, you will normally receive the initial benefit check approximately 60 days after you apply or 10 days after the first month of enrollment, whichever is later. This is normal VA processing time, which neither college controls.

Except for advance payments, all VA benefit checks are mailed directly to your residence or are directly deposited at a financial institution of your choice. Generally, payments are made at the end of each month of school attendance for as long as you are enrolled and making satisfactory progress.

Information about quarter credit/class session requirements for benefits may be obtained from either VSO.

PAYMENT AT THE MILITARY SITES

Payment of VA benefits to veterans at the military bases differs slightly from payment to veterans enrolled elsewhere at Pierce College. VA students taking 10 credits are considered full-time students for VA funding purposes only. Veterans should contact the veterans services office at Pierce College Fort Steilacoom prior to enrolling at Joint Base Lewis-McChord.

Student Rights and Responsibilities
Common Course Numbering (CCN)

Common Course Numbering (CCN) is a way to more easily identify the same course at different community and technical colleges in Washington. Courses that are commonly shared among these colleges have been renumbered and renamed.

How CCN affects you: Even if you don’t intend to transfer to another college, CCN likely will affect you. A course you took last fall may have a new number and title. It may have a number identical to a course you have taken previously. That’s why it’s important to check the Course Numbering Crosswalk (next page) whenever you see a course with the “&” symbol after its department designator. This signifies that the course numbering has changed.

FREQUENTLY ASKED QUESTIONS

Here are some answers to common questions that may impact you as a continuing/returning/former Pierce student. New students will not be affected unless they are transferring credit from another Washington community or technical college.

WHY IS THIS INFORMATION IMPORTANT TO ME?

It is important to you if you have taken courses at Pierce prior to summer 2008 because hundreds of course numbers, department names and/or titles have changed, and you do not want to accidentally repeat the same course. Remember: be careful when picking classes if you have previously taken courses at Pierce.

I AM A NEW STUDENT WHO HAS NEVER TAKEN CLASSES AT PIERCE; DO I NEED TO USE THE COURSE CHANGE LIST AND CONTINUE READING?

Only if you have previously taken classes at another Washington State community or technical college OR you are viewing any Pierce printed materials, such as curriculum sheets, catalog or degree info that may be dated prior to summer 2008.

I AM A CONTINUING OR FORMER STUDENT WHO HAS TAKEN CLASSES AT PIERCE; DO I NEED TO USE THE PIERCE CCN CROSSWALK TO MAKE SURE I DON’T ACCIDENTALLY REPEAT THE SAME COURSE?

Yes.

WHAT DOES THIS MEAN TO ME WHEN CHOOSING COURSEWORK FOR MY DEGREE OR CERTIFICATE?

If you have taken any Pierce classes before summer quarter 2008, it is very important for you to check the Pierce CCN Crosswalk to ensure you do not accidentally take the same course twice as a result of new course number or title changes. Courses that are repeated cannot be counted twice for a degree or certificate. Example: In 2006 you took LAW 205, American Legal Systems. LAW 205 has now changed to POLS& 200, Intro to Law. If you take POLS& 200 in summer 2008, you have repeated the class and both classes cannot be used towards graduation.

HOW WILL I KNOW WHEN A COURSE IS A COMMON COURSE?

Courses identified as "common" between community and technical colleges are denoted with an ampersand (&) next to the department and course number. Example: MATH& 141.

DOES THIS AFFECT HOW CLASSES TRANSFER TO A UNIVERSITY?

No. Common course numbers, departments and titles were changed to simplify transferring between community and technical colleges. Courses that have traditionally transferred to four-year colleges and universities will still transfer.

WHAT ABOUT COURSES THAT ARE NOT PART OF THE COMMON COURSE NUMBERING SYSTEM? DO THEY STILL TRANSFER?

Yes. Courses that were transferable prior to common course numbering continue to be transferable under the Direct Transfer Agreement between community and technical colleges and universities. It is recommended you check with the receiving institution, as the transferability of individual courses is the sole prerogative of the receiving school.

SO I ONLY HAVE TO CHECK THE PIERCE COLLEGE CCN CROSSWALK WHEN I SEE A COURSE DEPARTMENT AND NUMBER SHOWING THE “&” SIGN?

No. Classes that collided with the state-wide numbering system had to be renumbered. Changes in department designators also caused additional course changes. Example: ENGL 102 had to change to ENGL 107. Neither is common (&) but renumbering was necessary.

HOW WILL I KNOW IF A COURSE NUMBER AND/OR TITLE HAVE CHANGED?

Pierce has created a master list of all courses that have changed — it’s called the Pierce College CCN Crosswalk. AA degree sheets and professional/technical curriculum will all be revised to match the new information listed here.

WHAT IF MY TRANSCRIPT SHOWS THE SAME COURSE NUMBER FOR DIFFERENT CLASSES DUE TO THE COMMON COURSE NUMBERING CHANGE? WILL EVALUATORS AND FOUR-YEAR COLLEGES AND UNIVERSITIES KNOW ABOUT THE CCN CHANGES?

Yes. Student transcripts will contain a statement that alerts others to the Washington State common course numbering change.

HOW DOES CCN AFFECT ONLINE REGISTRATION?

You will need to add the “&” sign to your course selection as they are listed in the schedules. Example: MATH& 107.

WHERE CAN I GET HELP OR ASK MORE QUESTIONS?

Please contact the advising center at your college or your faculty advisor, or you may go online to www.pierce.ctc.edu/go/ccn.

Degree and Certificate Requirements

GENERAL INFORMATION

QUARTER SYSTEM
Pierce College’s academic year is divided into quarters. Fall, winter and spring quarters are generally ten weeks in length; summer, eight weeks. Academic calendars for 2010-11 and 2011-12 are included on the inside front cover.

COURSE NUMBER SYSTEM
001-099 Adult Basic Education (ABE), English as a Second Language (ESL), GED and high school completion.
042-099 Developmental or pre-college-level courses designed to help students succeed in subsequent college-level courses. These generally are not transferable credits and will not be used toward fulfilling degree/certificate requirements.
100-299 College-level courses applicable to associate degrees and certificates.

COMPLETION TIME FOR DEGREES AND CERTIFICATES
You are allowed up to six years from the date of initial enrollment at Pierce College to fulfill the degree or certificate requirements that were in effect at that time. If you do not fulfill the requirements in that period, you must meet the requirements currently in effect for your degree. All prior credit that has been evaluated as equivalent to current requirements will be counted toward their fulfillment. The six-year period begins with the first quarter in which you enroll for five or more credits on a consecutive quarterly basis, excluding summer quarter, or when you officially declare a program of study, whichever comes first. This policy applies to students who have initially enrolled at the college since fall quarter 1985.

STUDENT CHANGES IN PROGRAM
Major changes in your program of study, such as a change in the degree you are seeking, should be reported on a Personal Data Change form to the registration office at Fort Steilacoom or Puyalup. This will establish an “official starting date” for the new program and thereby preserve a full six-year period of time in which you may complete it under current requirements.

DISCONTINUED PROGRAMS
If the degree or certificate you are working toward is discontinued, you will be permitted to finish the program, to the extent the college finds possible, provided you fulfill the requirements within six years of the date of your initial enrollment at the college. Substitutions for discontinued courses will be permitted when appropriate substitute courses are available and when authorized through the course substitution procedures currently in effect. Requests for course substitutions should be made through the appropriate faculty.

Degree Outcomes

AA, AS AND DTA DEGREE OUTCOMES:
General Education at Pierce College prepares graduates to live and work in a dynamically changing world by emphasizing whole student development through fundamental areas of knowledge and the college five core abilities.

PROFESSIONAL-TECHNICAL DEGREE/CERTIFICATE PROGRAMS:
Professional Technical education at Pierce College prepares graduates to live and work in a dynamically changing world by emphasizing program professional competencies, related instruction (fundamental areas of knowledge), and the college five core abilities.

University Transfer Degrees

ASSOCIATE OF ARTS (AA-DTA)
The Associate of Arts degree (AA-DTA; formerly titled AAS degree) is designed for students who plan to transfer to four-year institutions after completing the first two years of study at Pierce. The degree enables students to fulfill the undergraduate general education requirements of most four-year degree programs and is also recommended for students who have not yet decided the field they will enter or the four-year institution they will attend.

TRANSFER PREPARATION
Pierce College’s AA-DTA degree meets the Inter-College Relations Commission’s AA Transfer Degree Guidelines for Washington colleges and universities. Because transfer requirements vary from one institution to another, students are encouraged to work closely with their advisors in planning their program of study. Because it is the student’s responsibility to ensure that the courses taken at Pierce will be accepted for transfer, it is helpful to select a transfer institution, obtain a catalog and transfer guide from that college or university.
and become familiar with its admission and course requirements soon after enrolling at Pierce. For students who have not decided on a transfer institution, our advisors can help them plan a well-balanced program that will best meet transfer needs.

Specific questions concerning transfer can be directed to a faculty advisor, to the Pierce College advising centers or to an admissions officer at the four-year institution of choice. Transfer information handouts for four-year institutions in Washington State are available in the advising centers at both colleges.

More than 90 credits may be earned at Pierce College, but no more than 90 quarter credits may apply to your chosen four-year program of study.

GENERAL DEGREE REQUIREMENTS
- Minimum of 90 earned credits in courses numbered 100 or above is required to complete the AA-DTA degree. The 90 credits must include at least 60 Core Requirement credits, 15 Core Elective (GTE) credits, and 15 General Elective credits.

CORE REQUIREMENTS
Courses should be selected from the Approved Core Requirements (GER) list below. A minimum of 60 credits must be earned, distributed as follows.

- Communication Skills (CM): 10 credit minimum. ENGL& 101 is required.
- Quantitative/Symbolic Reasoning Skills (QS): 5 credit minimum. Prerequisite: MATH 095 or 098 with a grade of 2.0 or better or placement out of MATH 098.
- Humanities (HM): 15 credit minimum. Must include at least three different disciplines, with no more than five credits from performance/skills courses. No more than 5 credits are allowed in world (foreign) language to satisfy the Humanities requirements.
- Social Sciences (SS): 15 credit minimum. Must include at least three different disciplines.
- Natural Sciences (NS): 15 credit minimum. Must include at least three different disciplines and at least one laboratory course.

</tbody>
</table>

- ENGL& 101 (English Composition I) is required for all AA-DTA degree candidates.
- Minimum of 25 of last 45 credits must be earned at Pierce College.
- College cumulative grade point average (GPA) of 2.0 or better.
- 1.5 grade (C-) or better for all Core Requirement and Core Elective (GTE) courses is required unless prerequisites state otherwise.
- “Pass” (P) grades may be used only for General Elective credits.
- Independent Study may be used only for General Elective credits.
- Cooperative work experience/work-based learning credits may be applied to the general elective area only.
- Once a course has been successfully completed, credits obtained may be used only once, even if that course is listed in more than one category.

## General Transferable Electives (GTE)

A minimum of 15 credits must be earned from Pierce College's approved General Transferable Elective (GTE) list. Courses taken for a Pass/No Pass grade, Independent Study and cooperative work experience/work-based learning courses do not apply to the GTE area.

The following courses have been approved by Pierce College as General Transferable Electives/Core Electives:

- Any of the approved CORE distribution courses designated as Communication Skills, Quantitative/Symbolic Reasoning Skills, Humanities, Social Sciences and Natural Sciences with the exception of performance/skills courses.

**AND/OR**

B. Courses numbered 100 and above listed in the departments below.

### GTE Approved Courses by Department

#### ACCOUNTING: All except 175 and 287

#### ANTROPOLOGY: All

#### ART: All except those listed as performance/skills courses

#### ASTRONOMY: All

#### ATMOSPHERIC SCIENCE: All

#### BIOLOGY: All

#### BUSINESS: All except 103, 107, 125, 135, 279

#### BUSINESS MANAGEMENT: All

#### BUSINESS INFORMATION TECHNOLOGY: only 104, 111-113, 120, 135, 145, 241, 253

#### CHEMISTRY: All except 119

#### COMMUNICATION STUDIES: All

#### COMPUTER INFO SYSTEMS: All except 103

#### CRIMINAL JUSTICE: All

#### DIGITAL DESIGN: All

#### DRAMA: All except those listed as performance/skills courses

#### EARLY CHILDHOOD EDUCATION: only 111, 161, 202, 210, 212, 213

#### ECONOMICS: All

#### EDUCATION: only EDUC 202 and EDUC 204

#### ENGINEERING: All

#### ENGLISH: All except 104, 115, 125

#### ENVIRONMENTAL SCIENCE: All

#### FASHION MERCHANDISING: All

#### FOREIGN LANGUAGE – See WORLD LANGUAGES

#### GEOGRAPHY: All

#### GEOLOGY: All

#### HEALTH SCIENCE: Only 119, 140, 151, 200, 210

#### HISTORY: All

#### HUMAN SERVICES SUBSTANCE ABUSE (HSSA): only 101, 120, 140, 170

#### HUMANITIES: All

#### INTERDISCIPLINARY STUDIES: All except 115

#### JOURNALISM: All except 103

#### MILITARY SCIENCE: All to ROTC programs only

#### MUSIC: All except 107, 108, 109 and those listed as performance/skills courses

#### NATURAL SCIENCE: All

#### NUTRITION: All

#### OCEANOGRAPHY: All

#### PARALEGAL STUDIES (LEGAL): All except 280-282

#### PHILOSOPHY: All

#### PHYSICAL SCIENCE: All

#### PHYSICS: All

#### POLITICAL SCIENCE: All

#### PSYCHOLOGY: All except 102, 105-108, 119, 140

#### SOCIAL SERVICE/MENTAL HEALTH: only 100, 170, 215

#### SOCIOLOGY: All

#### SPEECH: See COMMUNICATION STUDIES.

#### THEATRE: See DRAMA.

#### WORLD LANGUAGES: All except JAPN 130, JAPN 135 and SPAN 100

### General Electives (GE)

Maximum of 15 credits of courses numbered 100 and above may be applied to this area. Credits may include Physical Activity (5 credits maximum), Cooperative Education, courses taken under the P/NP option, Independent Study, etc.
ASSOCIATE OF ARTS – OPTION B

Students who are sure of the specific four-year program to which they will transfer can design a program to fulfill the senior institution's general admission and program entry requirements. This degree program is not recommended for students who are undecided about their future educational plans.

The student completes an AA–Option B contract that must be approved by an authorized representative of the senior institution and Pierce College. The signed contract must then be submitted to the Pierce College evaluations office. The degree is awarded upon successful completion of the contracted course of study. Contract forms, policies and procedures are available in the advising centers.

GENERAL DEGREE REQUIREMENTS

- Minimum of 90 credits must be completed, as authorized for transfer by the four-year institution's representative. Students must remain aware of the senior institution's requirements and officially update the Option B contract as needed. Each AA–Option B student is ultimately responsible for meeting senior institution requirements.
- The student must earn a college cumulative grade point average (GPA) of 2.0 or better and a grade of 1.5 (C-) or better in all core, proficiency or distribution courses unless prerequisites state otherwise.
- Minimum of 25 of the last 45 credits must be earned at Pierce College.
- Courses selected must meet the senior institution's general distribution requirements plus any special proficiency requirements, where applicable, or must meet the senior institution's departmental requirements for entrance. The student should be prepared to provide a copy of the senior institution's current catalog to a Pierce College advisor for assistance in program planning.
- AA–Option B degree candidates must present to the evaluations office, at least two quarters prior to graduation, a copy of the Option B program contract together with any supporting documentation.

ASSOCIATE OF SCIENCE (AS-T)

The Associate of Science degree (AS-T) is designed for students who plan to transfer to science programs at four-year institutions after completing the first two years of study at Pierce. The degree enables students to fulfill the undergraduate general education requirements of most four-year science degree programs. Students are responsible for checking specific major requirements of baccalaureate institutions in the year prior to transferring.

There are two Associate of Science (AS-T) degree-track options:

ASSOCIATE OF SCIENCE (AS-T) DEGREE TRACK #1

For Science Pre-Majors in Biological Sciences, Chemistry, Environmental/Resource Sciences, Geology and Earth Science

GENERAL DEGREE REQUIREMENTS

1. Minimum of 90 earned credits in courses numbered 100 or above is required to complete the AS-T degree.
2. Minimum of 25 of last 45 credits must be earned at Pierce.
3. Cumulative college-level grade point average (GPA) of 2.0 or higher is required.
4. 1.5 grade (C-) or higher is required for all coursework unless prerequisites state otherwise. Coursework with a grade of 0.7 through 1.4 (D's) may be used for general elective credit only.
5. Pass (P) grades may be used only for General Elective credits.
6. Independent Study may be used only for General Elective credits.
7. Once a course has been successfully completed, credits earned may be used only once, even if that course is listed in more than one category.

Note: Additional general education, cultural diversity and foreign language requirements, as required by the transfer institution, must be met prior to the completion of a baccalaureate degree.

SCIENCE PRE-MAJOR REQUIREMENTS (minimum 35 credits required)

A. Chemistry sequence: (15 credits required)
   CHEM& 161-163: General Chemistry w/lab I-III*

B. Third-quarter calculus OR approved statistics course (5 credits required; choose one):
   MATH& 146: Intro to Statistics
   MATH& 153: Calculus III

C. Biology OR physics sequence (15 credits required)*
   Choose one of the following sequences. Students should check with the receiving institution to determine which sequence is appropriate. Some baccalaureate institutions require physics with calculus.
   BIOL& 211-213: Majors: Cellular/Animal/Plant OR
   PHYS& 121-123: General Physics I-II OR
   PHYS& 221-223: Engineering Physics I-III

*ICRC Guidelines: Sequences should not be broken up between institutions (e.g., the typical three-quarter physics sequence should be taken entirely at one institution).

ADDITIONAL SCIENCE REQUIREMENTS (10-15 credits required)

Courses chosen in physics, geology, organic chemistry, biology or mathematics consisting of courses normally taken for science majors (not for general education), preferably in a two- or three-quarter sequence, chosen with the help of an advisor. (Note: Biology majors should select organic chemistry or physics for this requirement.)

List of appropriate courses:

- BIOL& 241 Human Anatomy and Physiology 1
- BIOL& 242 Human Anatomy and Physiology 2
- BIOL& 211-213 Majors: Cellular/Animal/Plant
- CHEM& 261-263 Organic Chemistry w/lab I-III
- GEOL& 101 Intro Physical Geology
- GEOL& 103 Historical Geology
- GEOL& 110 Environmental Geology
- GEOL 220 Earth Resources and the Environment
- MATH& 146 Introduction to Statistics
- MATH& 153 Calculus III
- MATH 205 Linear Algebra
- MATH 224 Multivariate Calculus
- MATH 238 Differential Equations
- PHYS& 121-123 General Physics I-II OR
- PHYS& 221-223 Engineering Physics I-III

GENERAL REQUIRED COURSES (30 credits)

- Communications: 5 credit minimum. Minimum 5 quarter credits in college-level composition course required.
  ENGL& 101: English Composition I
- Mathematics: 10 credit minimum. Two courses required at or above introductory calculus level.
  MATHS 151/152: Calculus I and II
- Humanities and Social Sciences: 15 credit minimum. Courses listed in more than one category may be used only once. A maximum of 5 credits under the Humanities/Performance/Skills area may be used. See AA – DTA distribution list.
  Humanities 5 credits minimum
  Social Science 5 credits minimum
  Humanities OR Social Science 5 credits minimum

GENERAL ELECTIVES (10-15 credits required)

College-level courses numbered 100 and above. Remaining credits may include prerequisites for pre-major courses (e.g., pre-calculus), meet additional pre-major coursework, or satisfy specific general education or other university requirements. A maximum of 5 PE activity credits can be applied to this degree.

TOTAL CREDITS 90
ASSOCIATE OF SCIENCE (AS-T) DEGREE TRACK #2
For Science Pre-Majors in Engineering, Computer Science, Physics and Atmospheric Sciences

GENERAL DEGREE REQUIREMENTS
Same as those listed under the Associate of Science (AS-T) Degree Track #1.

SCIENCE PRE-MAJOR REQUIREMENTS (minimum 30 credits required)
A. Required of all students:
CHEM& 161: General Chemistry w/lab I (5 credits required)

B. Third quarter calculus or approved statistics course:
(5 credits required) Choose one:
MATH& 146: Intro to Statistics
MATH& 153: Calculus III

C. Physics sequence (15 credits required)*
PHYS& 221: Engineering Physics I
PHYS& 222: Engineering Physics II
PHYS& 223: Engineering Physics III

D. Computer Programming (5 credits required)
Programming language chosen with the help of an advisor based on the requirements of the specific discipline at the baccalaureate institution the student plans to attend. ENGR 142 (Computer Programming C++ for Engineers) is recommended for engineering majors.

*ICR Guidelines: Sequences should not be broken up between institutions (e.g., the typical three-quarter physics sequence should be taken entirely at one institution).

ADDITIONAL SCIENCE REQUIREMENTS (15 credits required)
Courses must be selected from the list of courses below. Note: A two- or three-quarter sequence is recommended to be chosen with the help of an advisor.

List of appropriate courses:
CHEM& 162/163 General Chemistry w/lab II/III
CS& 131 Computer Science I-C++
CS& 141 Computer Science I-Java
CS 202 Computer Science II
ENGR 142 Computer Programming C++ for Engineers
ENGR& 214 Statics
ENGR& 215 Dynamics
ENGR& 225 Mechanics of Materials
ENGR& 224 Thermodynamics
MATH& 146 Introduction to Statistics
MATH 205 Linear Algebra
MATH 224 Multivariate Calculus
MATH 238 Differential Equations

GENERAL REQUIRED COURSES (30 credits)
- Communications: 5 credit minimum. Minimum 5 quarter credits in college-level composition course required.
- Mathematics: 10 credit minimum. Two courses required at or above introductory calculus level. MATH& 151/152: Calculus I and II
- Humanities and Social Sciences: 15 credit minimum. Courses listed in more than one category may be used only once. A maximum of 5 credits under the Humanities/Performance/Skills area may be used. See AA - DTA distribution list.

GENERAL ELECTIVES (15 credits required)
Minimum of 10 credits that satisfy Pierce’s AA Core requirements, i.e., GER-NS, GER-HM, GER-SS, GER-CM or GER-QS. See Associate of Arts (AA-DTA) section for specific classes. Maximum of five credits of any college-level course numbered 100 or higher. Physical education activity credits may be used only in this area.

TOTAL CREDITS 90

AA-DTA DEGREES IN SPECIFIC FIELDS
In addition to our general AA-DTA degree, we also offer transfer degrees in specific areas. These areas include Biology, Business, Pre-Nursing, and Education (Elementary, General Science, Math, Chemistry, Biology and Physics). More information on these degrees and their respective requirements can be found in the PROGRAMS OF STUDY section of this catalog.

Transfer Rights and Responsibilities

STUDENT RIGHTS AND RESPONSIBILITIES

1. Students have the right to clear, accurate, and current information about their transfer admission requirements, transfer admission deadlines, degree requirements, and transfer policies that include course equivalencies.
2. Transfer and freshman-entry students have the right to expect comparable standards for regular admission to programs and comparable program requirements.
3. Students have the right to seek clarification regarding their transfer evaluation and may request the reconsideration of any aspect of that evaluation. In response, the college will follow established practices and processes for reviewing its credit transfer decisions.
4. Students who encounter other transfer difficulties have the right to seek resolution. Each institution will have a defined process for resolution that is published and readily available to students.
5. Students have the responsibility to complete all materials required for admission and to submit the application on or before the published deadlines.
6. Students have the responsibility to plan their courses of study by referring to the specific published degree requirements of the college or academic program in which they intend to earn a bachelor’s degree.
7. When a student changes a major or degree program, the student assumes full responsibility for meeting the new requirements.

COLLEGE AND UNIVERSITY RIGHTS AND RESPONSIBILITIES

1. Colleges and universities have the right and authority to determine program requirements and course offerings in accordance with their institutional missions.
2. Colleges and universities have the responsibility to communicate and publish their requirements and course offerings to students and the public, including information about student transfer rights and responsibilities.
3. Colleges and universities have the responsibility to communicate their admission- and transfer-related decisions to students in writing (electronic or paper).
Professional/Technical Degrees and Certificates

ASSOCIATE IN TECHNOLOGY — SPECIFIC PROGRAM

Students who complete the Associate in Technology degree in one of Pierce College’s specific professional/technical programs will receive a degree entitled with that program specialty. Refer to the chart on the next page for specific degree programs offered through Pierce College.

Student Learning Outcomes for individual professional/technical degrees and certificates available at: http://www.pierce.ctc.edu/dist/proftech/list

DEGREE REQUIREMENTS

1. Students must successfully complete a minimum of 90 quarter credits or their equivalent, exclusive of physical education activity courses, including all specific requirements of an approved professional/technical program outlined in the PROGRAMS OF STUDY listings.

2. A minimum college cumulative grade point average (GPA) of 2.0 must be maintained.

3. A minimum of 25 of the last 45 quarter credit hours must be earned at Pierce College. SOC/SOCAD military students may be exempt from this requirement.

4. A minimum of 18 credits must be completed in related instruction. Related instruction areas include communications, computation and human relations. Related instruction content may be part of a course that specifically addresses the related instruction (e.g., ENGL 101 for communications), may be embedded (listed in course objectives) within a program course or may be a prerequisite to program admittance. Students may challenge courses or use an assessment process to satisfy selected related instruction.

Communications: A minimum of three credits

Select course(s) from the AA-DTA Communication Skills list, or complete the course(s) identified as the communication skill course(s) in the curriculum guide for the specific degree.

Computation: A minimum of three credits

Select a course from the AA-DTA Quantitative/Symbolic Reasoning Skills list, or complete the course(s) identified as the computation skills course(s) in the curriculum guide for the specific degree. In programs where no specific course has been identified, students must be assessed above the MATH 098 (Intermediate Algebra) level.

Human Relations: A minimum of three credits

Complete the course(s) identified as the human relations course(s) in the curriculum guide for the specific degree.

*Related instruction skills may be embedded within certain program courses. Some programs may include additional related instruction areas such as leadership and safety.

ASSOCIATE IN TECHNOLOGY — GENERAL

A graduate of any approved occupational/vocational program from an accredited college, military school, vocational/technical institute, technical college, licensed private college, vocational school, industry, apprentice-based training or university may be granted up to 65 quarter credits toward the Associate in Technology – General degree. The remainder of the student’s program shall include a minimum of 18 credits of related instruction. A minimum of three credits is required in each of the following areas: communications, computation and human relations. All related instruction courses must be numbered 100 or above. A total of 90 credits is required.

Student Learning Outcomes for individual professional/technical degrees and certificates available at: http://www.pierce.ctc.edu/dist/proftech/list
Professional/Technical Certificates

Professional/technical certificate programs emphasize basic, practical skills needed for entry-level employment. Often, these programs can be completed in a short period of time, preparing a student with beginning job skills or providing knowledge and skills that are needed for advancement in a specific professional/technical area.

Certificates between 21-44 credits require that at least one-half of the credits be earned at Pierce College. All coursework must be completed at Pierce College for short-term programs and certificates of 20 credits or less. You must have a cumulative college-level GPA of 2.0 or higher.

A candidate for a certificate in a professional/technical program of at least 45 credits must earn a minimum of nine credits in related instruction, three each in communications, computation and human relations.

Refer to the chart on the next page for specific certificates offered.

Student Learning Outcomes for Individual professional/technical degrees and certificates available at:
http://www.pierce.ctc.edu/dist/proftech/list

Course Substitution Policy

Pierce College Professional/Technical program coordinators and full-time faculty within the program area may substitute coursework within their programs that they feel is appropriate. Courses may also be waived as deemed appropriate; however, for associate programs, a degree will not be awarded with less than 90 quarter hours. Approved course substitutions must be submitted in writing to the college credentials evaluators.

What Courses are Available?

You can complete a general AA degree fully online! There are courses in each general education requirement (GER) category, and many professional/technical programs have courses online, too. Check with your advisor to determine the options for your program of study.

Are They All the Same?

We offer two primary types of courses: continuous entry and quarterly schedule.

Quarterly-schedule courses follow the standard 10-week schedule (eight weeks in the summer). You choose the time each day that fits your needs to do the course work but have deadlines to meet throughout the quarter. Review the quarterly class bulletin eLearning section for course lists of each type. Pierce College Online (PCOL) and WashingtonOnline (WAOL) are both on the quarterly schedule system.

Continuous entry courses are open for enrollment from the start of registration until each quarter’s last day to withdraw. This course type allows a “Z” in-progress grade if you don’t complete the coursework. That’s flexibility! Be forewarned: starting late can make it hard to finish, and some instructors require that you reach a given point in the course before awarding a “Z” grade. Completing the course by the end of the quarter in which you start is necessary if you receive financial aid, are ready to graduate or plan to transfer.

What is it Like?

First of all, these are real courses, not simplified versions of their campus counterparts. They take more work because you must overcome the challenge of replacing classroom experiences and conversing with your instructors. You must be a self-starter, be well organized and feel comfortable with technology. Courses use a variety of media ranging from audio and DVD materials to Internet tools like listservs, Web pages, e-mail and fully online coursework, like Angel, that runs in a Web browser. You use syllabi to guide your work, read textbooks, do research, and communicate with your instructor and fellow students (using technology), just like in a campus-based class. Courses are taught by full- and part-time Pierce College instructors. Course disciplines cover the range of general education requirements (GERs) needed to get an AA degree.

What is Pierce College Online (PCOL)?

PCOL courses follow the same system as WAOL courses. The essential difference is that all the students and instructors come from Pierce College. Students log in to their online classroom at the same Angel Web address. Most of our eLearning courses are PCOL!

What is WashingtonOnline (WAOL)?

WAOL courses are special, fully online offerings. Students and instructors from all over the state share these courses. You could be in the “virtual classroom” with students from many other colleges and the instructor could be at any community and technical college in Washington. We have approved and offer a subset of the courses available in the consortium. For all online courses, you must have a late model computer connected to the Internet with an Internet service provider established and working. Online courses use computer software to create the virtual classroom. Enrollees receive a brief orientation as class starts and are expected to participate daily. Activities include engaging in multimedia “lectures” in the virtual classroom, visiting other Web resources, researching, submitting assignments, commenting in threaded discussion areas on each other’s work, and taking exams. They are NOT self-paced or correspondence-type courses. They follow the 10-week quarter schedule with beginning and end dates. Each week assignments are due and the class moves to the next week as a group. You don’t have to be online at any particular time each day, but you should plan to spend roughly 15 hours a week in activities online, five out of seven days each week. You can choose the hours that work best for you.

All online courses offered at Pierce are listed in the quarterly class bulletin. You can also visit the eLearning website or WAOL’s home page (www.washingtononline.org) for additional information.

What Policies and Procedures Apply?

Generally, all policies and procedures relating to advising, admissions, registration, financial aid, placement testing and other college or student services apply to eLearning students. Departments use e-mail, FAX and telephones, in addition to our website’s Student Online Services, to support students who cannot come to either campus.

When is it Open?

We offer two primary types of courses: continuous entry and quarterly schedule.

Quarterly-schedule courses follow the standard 10-week schedule (eight weeks in the summer). You choose the time each day that fits your needs to do the course work but have deadlines to meet throughout the quarter. Review the quarterly class bulletin eLearning section for course lists of each type. Pierce College Online (PCOL) and WashingtonOnline (WAOL) are both on the quarterly schedule system.

Continuous entry courses are open for enrollment from the start of registration until each quarter’s last day to withdraw. This course type allows a “Z” in-progress grade if you don’t complete the coursework. That’s flexibility! Be forewarned: starting late can make it hard to finish, and some instructors require that you reach a given point in the course before awarding a “Z” grade. Completing the course by the end of the quarter in which you start is necessary if you receive financial aid, are ready to graduate or plan to transfer.

What is it Like?

First of all, these are real courses, not simplified versions of their campus counterparts. They take more work because you must overcome the challenge of replacing classroom experiences and conversing with your instructors. You must be a self-starter, be well organized and feel comfortable with technology. Courses use a variety of media ranging from audio and DVD materials to Internet tools like listservs, Web pages, e-mail and fully online coursework, like Angel, that runs in a Web browser. You use syllabi to guide your work, read textbooks, do research, and communicate with your instructor and fellow students (using technology), just like in a campus-based class. Courses are taught by full- and part-time Pierce College instructors. Course disciplines cover the range of general education requirements (GERs) needed to get an AA degree.

What is Pierce College Online (PCOL)?

PCOL courses follow the same system as WAOL courses. The essential difference is that all the students and instructors come from Pierce College. Students log in to their online classroom at the same Angel Web address. Most of our eLearning courses are PCOL!

What is WashingtonOnline (WAOL)?

WAOL courses are special, fully online offerings. Students and instructors from all over the state share these courses. You could be in the “virtual classroom” with students from many other colleges and the instructor could be at any community and technical college in Washington. We have approved and offer a subset of the courses available in the consortium. For all online courses, you must have a late model computer connected to the Internet with an Internet service provider established and working. Online courses use computer software to create the virtual classroom. Enrollees receive a brief orientation as class starts and are expected to participate daily. Activities include engaging in multimedia “lectures” in the virtual classroom, visiting other Web resources, researching, submitting assignments, commenting in threaded discussion areas on each other’s work, and taking exams. They are NOT self-paced or correspondence-type courses. They follow the 10-week quarter schedule with beginning and end dates. Each week assignments are due and the class moves to the next week as a group. You don’t have to be online at any particular time each day, but you should plan to spend roughly 15 hours a week in activities online, five out of seven days each week. You can choose the hours that work best for you.

All online courses offered at Pierce are listed in the quarterly class bulletin. You can also visit the eLearning website or WAOL’s home page (www.washingtononline.org) for additional information.

What Policies and Procedures Apply?

Generally, all policies and procedures relating to advising, admissions, registration, financial aid, placement testing and other college or student services apply to eLearning students. Departments use e-mail, FAX and telephones, in addition to our website’s Student Online Services, to support students who cannot come to either campus.
Students served by the WashingtonOnline Virtual Campus follow the policies and procedures that govern student conduct, disciplinary actions and conflict resolution as put in place by the enrolling college. Jurisdiction and authority for discipline of students served by the WashingtonOnline Virtual Campus will rest with the enrolling college; however, administrators and faculty of the teaching college and/or the WashingtonOnline Virtual Campus staff may be included in investigations prior to final decisions regarding a discipline situation.

WHAT DOES IT COST?
E-Learning courses follow the same guidelines for regular course tuition. Special fees apply in many cases.

Earning Credits

CREDIT HOURS/CREDIT LOAD
Credits for courses leading to degrees are given on a quarterly credit-hour basis. In general, a class that meets one hour a week yields one credit; five hours a week yields five credits. Laboratory and activity classes may vary from this pattern.

Although an average of 15 credits per quarter is recommended for making normal progress toward a degree as a full-time student, Pierce College serves many students who, because of employment or family obligations, choose to attend part-time. We recommend that you work with your faculty advisor to plan the credit load that best meets your specific needs and educational goals.

Pierce College has established credit load guidelines to help you succeed in college. During fall, winter and spring quarters the maximum credit load is 22 credits; summer quarter it is 18 credits. High school completion students receiving VA benefits may carry 20 credits summer quarter.

Requests for exceptions to the maximum credit load limit should be made to your faculty advisor. Credit overload approvals for a specific number of credits must be indicated on your registration form and bear the signature of your faculty advisor and the division chair for that advisor.

PRIOR LEARNING ASSESSMENT
Prior Learning Assessment (PLA) is a term used by colleges to describe the process for learners to earn credit and gain recognition for their knowledge and skills. PLA supports the identification, documentation, assessment and recognition of non-formal knowledge to be counted toward an academic degree, a training program, occupational or professional certification, or for linking employment credentials with education credentials. Credit is not granted on the basis of the student’s experience; instead, it is granted for college-level learning which can be demonstrated and documented.

Academic departments are responsible for outlining a PLA policy that will reflect competencies and outcomes within their specific disciplines. The college supports as guidelines the principles of best practices published by the Washington State Community and Technical Colleges, as well as the policies established by the Northwest Commission on Colleges and Universities. If a student wishes to investigate the possibility to have prior learning recognized by the college, the student should first consult with their advisor, who would direct them to the appropriate department expert.

PLA FORMS OF ASSESSMENT
Not all departments use the assessments listed below or offer PLA. Students should check with a specific department on PLA policies and further information on how these assessments apply to specific disciplines.

CREDITS AWARDED BY TESTING
Credit for CLEP, DSSTs, and ACT Pep
Pierce College may award credit for non-traditional learning based on results of national tests, such as CLEP, DSSTs and ACT Pep as appropriate to the student’s program at Pierce and the scores received on the tests.

Advanced Placement
Students at participating high schools may take college-level course work and examinations through the Advanced Placement program sponsored by the College Board. Pierce College accepts credit for work done in this program by students who receive AP scores of 3, 4, or 5 in approved subject areas. An AP score of 3 or 5 will be treated as a 4.0 grade; a score of 3, a 3.0 grade. These grades will be counted in your final degree evaluation. Advanced Placement credit and grades may also be used to fulfill various degree requirements. Pierce College’s approved subject areas for Advanced Placement credit are: art; English; history; foreign language (French, German or Spanish); mathematics (calculus or computer science); music theory; political science; psychology; and science (biology, chemistry or physics). For more information, contact the evaluations office.

Credit by Examination
You may receive Pierce College credit for up to two courses per quarter by successfully completing an examination on the course subject matter. Credit by examination may be attempted only once for any given course and may not be used to improve a grade earned at Pierce College or to challenge a course prerequisite for a course successfully completed. Credit by examination does not satisfy the graduation requirement that 25 of the last 45 credits be earned at Pierce College. A per-credit fee is charged.

Further information and application forms are available through the testing center at Fort Steilacoom or Puyallup.

CREDITS EARNED THROUGH WORK EXPERIENCE
Your current on-the-job work experience, if related to your academic or professional/technical studies, may enable you to obtain credit for “real life” experience in your chosen field. Experiential learning is college-level learning that has been acquired through work experiences and self-study. Credit will be awarded for the college-level learning gained from these experiences, not from experiences only. Students should recognize that college credits are usually useful to them only if the credits are a required part of the major or certificate program in which they are actively engaged. This credit is not accepted automatically by transfer schools, and anyone planning to transfer should research this matter with the transfer school(s) concerned.

Students may initiate assessment of work experience credit through professional certificates, licenses and portfolios as determined by academic departments. Students should review the various options available to recognize their learning accomplishments and work with the academic department they are earning credit from.

Professional Certifications and Licenses
College credits may be awarded for professional certifications and licensure earned by the student if the organization providing the training program is recognized by the American Council on Education (ACE), international, federal, state or local agencies, and the appropriate Pierce College academic department determines that the certification/license is college-equivalent learning.

Portfolio Assessment
A portfolio is a purposeful collection of student work that exhibits the student’s efforts, progress and achievements in one or more areas of the curriculum. Portfolio assessment awards credit on the basis of knowledge mastered for specific courses at the discretion of each department. Appropriate faculty will evaluate the portfolio to determine if it is acceptable and the amount of credit that may be awarded. Preparation of the portfolio is the sole responsibility of the student who chooses to initiate this process. Not all departments use portfolio assessment. Students should check with the specific department from which they are seeking credit on policies and guidelines for portfolio assessment.

RECORDING OF CREDIT
Credits Awarded for CLEP, DSSTs, ACT Pep and Examination
Pierce College may award credit for non-traditional learning based on results of national tests, such as CLEP, DSSTs, ACT Pep and Examination as appropriate to the student’s program at Pierce College and the scores received on the tests.
Credits Awarded for Professional Certification, Licenses and Portfolio Assessment
The course number is recorded along with a code that indicates a student has gained credit through prior learning. The courses completed by work experiences are not factored into the student's grade point average.

PLA FEES
CLEP, DSSTs and ACT Pep
CLEP and DSST testing is available through the Military Program. Administrative registration and testing fees may apply. Students should contact either the Fort Lewis or McChord office for fee information.

Advanced Placement
There is no charge for Advanced Placement credit.

Examination
Students should contact the department from which they are seeking PLA credits for examination fee information.

Professional Certification and Licenses
Students should contact the department from which they are seeking PLA credits for professional certification and license fee information.

Portfolio Assessment
Students should contact the department from which they are seeking PLA credits for portfolio assessment fee information.

CREDITS AWARDED FOR SERVICE
CREDIT FOR VISTA, PEACE CORPS OR AMERICORPS
Pierce College will grant 15 credit hours of elective credits for one year or more (at least nine months' active service) in VISTA, Peace Corps or AmeriCorps. To receive such credit, submit a resume of your VISTA, Peace Corps or AmeriCorps experience to the evaluations office for evaluation.

The credit granted may apply to any Pierce College degree and will be granted after you have earned 15 or more college-level credits with a college-level grade point average of 2.0 or higher in residence at Pierce College. However, general credit of any nature cannot be used to fulfill the specific course requirements of any program.

CREDIT FOR NATIONAL GUARD/RESERVE MILITARY SERVICE
Pierce College will grant up to 15 quarter-hour credits toward the Associate in Technology – General degree for Reserve and National Guard military experience.

When you have completed basic and advanced training of at least 120 days in Armed Forces training school, you will be eligible for five credits. For each 24 days of reserve service (summer camps and weekend active duty for training) past the initial basic and advanced training, you will be eligible for one additional credit.

A maximum of 15 credits can be earned for a combination of all military service. These credits will be granted after you have earned an equal number of credits in residence at Pierce College. These credits cannot be used to fulfill a specific course requirement of any vocational program.

SOC/SOCAD
Pierce College is an institutional member of Servicemembers Opportunity Colleges (SOC), a consortium of more than 1,800 colleges and universities providing voluntary postsecondary education to members of the military throughout the world.

In addition to SOC membership, Pierce is one of approximately 145 select institutions providing flexible SOC programs on more than 150 Army and Air Force installations worldwide. These programs lead to associate degrees, some of which correspond to enlisted and warrant officer job specialties. Through prior agreement, students in SOC programs:

- have completed 15 quarter hours of college-level credit with Pierce College for residency.
- are awarded credit for experience in their military occupational specialty (MOS) or Air Force specialty (AFSC) and service schools as appropriate to their program.
- are awarded credits for nontraditional learning based on results achieved on national tests, such as CLEP and DSSTs, as appropriate to their program.

- are guaranteed that approved courses from other SOC institutions will be acceptable for Pierce College degree requirements.

EARNING COLLEGE CREDIT WHILE IN HIGH SCHOOL
RUNNING START
Running Start students may enroll simultaneously in high school and college classes, or exclusively in college classes. The combined enrollment should equal approximately one full-time equivalent load. Classes taken at the college as part of the Running Start program are limited to "college-level courses" (numbered 100 or above). Students receive both high school and college credit (dual-credit) when classes are completed. College tuition is paid by the school district and students may take up to 18 college credits per quarter. See "Running Start Students" in the GETTING STARTED section of this catalog for further information.

DUAL CREDIT PROGRAM
Pierce College has agreements with several school districts to award credit for some professional/technical courses taken in high school.

The dual credit program is a great way for high school students to get a jump start on their future and save up to $1,000 in college tuition before graduating from high school. Through this program, high school students who complete selected high school courses with a "B" grade or better can earn community/technical college credit.

For more information, high school students should contact their high school counselor or career specialist, or the Pierce County Careers Connection at (253) 692-4799.

Grading System and Academic Standards
Pierce College's grading system is designed to provide a permanent record reflecting your performance and achievement in a variety of courses and programs. Grades are reported in numeric fractions to the nearest tenth, while grade point average (GPA) is computed to the nearest hundredth. The numeric grades shown in the first column below will appear on your record. The letter equivalent and/or explanation of the grade appears beside it.

The letter grades and textual descriptions are an approximate equivalency guide to the official Pierce College decimal grades; however, these are only intended to provide a general description about a student's academic achievement. Specific decimal grades may be required to meet a class prerequisite, to maintain good academic standing, to receive credit toward a degree and to meet various program-specific requirements.

Indicates student did not do passing work in the course, did not attend during the quarter, or did not officially withdraw.
GRADE SYMBOLS

- Grade missing or not yet issued.
- Withdrawal: Student-initiated by following official withdrawal procedures.
- Incomplete: Issued when a student has been delayed in completing the required work. To receive an "I" the student and instructor sign an Incomplete Contract by the last day of the instructional quarter. Time limit for removal of "I" grade is determined by the instructor, but not to exceed four quarters following the quarter in which the grade was issued. Instructor may convert "I" to "0.0" or allow it to remain as "I" if the student has not completed work by completion deadline.
- No Credit: Faculty-initiated grade (for example, if student appears on class roster but never attends class). This grade is not computed in the grade point average and cannot be changed.
- In-Progress: Student is currently in progress toward the attainment of course objectives. Used only for continuous enrollment courses. Time limit for removal of "Z" grade is determined by the instructor, but not to exceed four quarters following the quarter in which the grade was issued. Instructor may convert "Z" to "0.0" or allow it to remain as "Z" if the student has not completed work by completion deadline.
- Pass/No Pass: Not computed in GPA. (See next column.)
- Repeated Course: The "R" shows beside the lower grade received and only the higher of the two grades is computed in the GPA. (See "Repeating a Course," next column.)

GRADE POINT AVERAGE (GPA)

Grade point averages are calculated by dividing the grade points by the credit hours completed.

<td>53.9</td>
</tr>
</tbody>
</table>

GPA = \frac{53.9 \text{ grade points}}{18.0 \text{ credits}} = 2.99 \text{ GPA}

GRADE CHANGES

Grade changes should occur only when a legitimate error has been made in computing, reporting or recording a grade, or when a temporary grade (such as "I" Incomplete or "Z" In-Progress) needs to be changed to a permanent grade. Grade changes are reported to the records office on a Grade Change Form, signed and submitted by the instructor who issued the original grade or, under special circumstances, by the appropriate division chair, if the faculty member cannot be contacted.

Grade changes will be accepted and posted to your record up to four quarters (including summer) following the quarter in which the original grade was issued. This time limitation applies to "I" and "Z" grades as well as other grades. Exceptions to the four-quarter time limit may be made only in cases of documented grading errors.

Questions about grades should be directed to the appropriate instructor immediately. When one year has elapsed from the time the grade was issued, it will become a permanent part of your record.

PASS/NO PASS

You may take courses for Pass/No Pass credit if they are not in your field of major or in the required distribution of credits for Pierce College's degrees. Pass grades may only be used as general elective credit for AA and AS degrees. Courses which are prerequisites for other courses should not be taken Pass/No Pass.

You and your instructor must sign a Pass/No Pass Contract by the last instructional day of the quarter. Pass/No Pass grades are not computed in the GPA. No credit is attached to a No Pass grade. NP is assigned when minimum standards of the class are not met.

You may withdraw from a class being taken Pass/No Pass by following the same procedures as for any other class.

REPEATING A COURSE

You may repeat a course to improve your grade. However, both grades will remain on the transcript. For graduation purposes, only the higher of the two grades will be computed in the GPA. Contact the registration/records office after completing the repeated courses so your transcript can be updated.

If you are planning to transfer, you should be aware that the policies of other colleges and universities vary as to which of the grades is used in computing the GPA.

AUDITING A COURSE

To audit a class you must register, pay tuition and attend class regularly, but you need not take examinations and you will not receive credit for the course. Most classes offered by the college are open to audit. You may change from credit to audit or audit to credit through the 10th day (eighth day in summer quarter) of the instructional quarter with permission of the instructor. Check the quarterly class bulletin for the specific date each quarter.

COOPERATIVE EDUCATION

Pierce College's cooperative education program is designed to promote individual career development and self-awareness by combining classroom theory with planned and supervised work experience in vocational, academic or cultural activities outside the classroom. The goal of cooperative work experience is to help you develop employable skills — that is, personal attributes and skills that make you an asset to an employer.

Credits earned through cooperative work experience may apply only as general elective credit for AA and AS degrees. For additional information, contact your faculty advisor or the cooperative education coordinator in the advising center at your college. Credits vary with the number of hours worked and the frequency of conferences/seminars held with the faculty member.

INDEPENDENT STUDY

Independent study is a contract established between you and an instructor for in-depth work in a particular area of interest to you. The bulk of responsibility for the study, research and completion of the course rests with you, the student. The instructor provides guidance and final evaluation.

If you wish to propose an independent study, you should find an instructor willing to enter into a contract for that particular study, then file four copies of the contract: one with the registrar, one with the instructor, one with the division chair and one in your own records.

Tuition for independent study is consistent with regular tuition rates. A maximum of five credits per class may be carried through independent study during a quarter. Credits earned through independent study may be used only in the general elective category of the AA-DTA and AS-T degrees. A maximum of 15 independent study credits may apply toward any professional/technical degree or certificate. Independent study classes cannot be titled the same as an existing course.

FINAL EXAMINATIONS

A final examination is part of most courses. You are required to take final examinations when scheduled in order to receive credit for courses.
GRADE REPORT
You may access your quarterly grades using the Pierce College website (www.pierce.ctc.edu — Student Online Services) or student kiosks located at each college. Grades will be withheld if you have a financial obligation to the college, which may include loans, fines or delinquent fees.

Questions about grades should be directed to the appropriate instructor immediately. Grades will become a permanent part of your record when one year (four quarters) has elapsed from the time the grade was issued.

ACADEMIC STANDARDS
Academic standards are established to identify and intervene with students who are having academic difficulty and/or are not making satisfactory academic progress; to encourage students to assume responsibility for their own formal education; and to ensure that the resources of the college are used in the best interest of all of its current and potential students. Procedures are established in accordance with the Pierce College Academic Standards Policy (3.07.0000).

ACADEMIC HONORS
Students earning a 3.5-3.89 grade point average for 12 or more credits for any quarter will be placed on the Dean's List.

Students who earn a 3.9-4.0 grade point average for 12 or more credits for any quarter will be placed on the President's List.

Graduating with a cumulative grade point average of 3.5 or higher for all work (Pierce College and any credits transferred toward a degree or certificate program) with a minimum of 25 credits earned at Pierce College qualifies you as an honors graduate.

Because the annual commencement program is printed prior to the end of spring quarter, honors notations in the program are based on your Pierce College transcript through winter quarter and do not include transfer credits.

ACADEMIC DEFICIENCY
Students who enroll in five or more credits and fail to earn a 2.0 grade point average for the quarter will be considered academically deficient. Students will be notified via Pierce College gmail of their status and given information about available resources and possible interventions to support their success.

Students who remain academically deficient for three consecutive quarters will be placed on a dismissal status and given an opportunity to appeal. Students who choose not to appeal will be dismissed for four quarters.

GRADE FORGIVENESS POLICY
The purpose of this policy is to give students who wish to continue their education at Pierce a “fresh start” from previous grades that are detrimental to their present and future educational endeavors.

A student who desires to apply for grade forgiveness must meet the following criteria:

- Not have been enrolled in credit courses in the Pierce College District for a minimum of 12 consecutive quarters (stop-out period) prior to re-enrollment.
- Be currently enrolled in the Pierce College District.
- After the stop-out period, enrolled students must have completed two or more quarters and have earned a minimum of 24 credits from the Pierce College District.
- Earn a minimum GPA of 2.0 for each quarter upon return.
- Courses being petitioned cannot have been used towards a previously earned degree or certificate.
- A student may petition for “grade forgiveness” one time only.

If the petition is approved, grades and credits for the designated quarter shall be forgiven. Students have an option to have the designated quarter only or the designated quarter and all previous quarters forgiven if so requested at the time of the original petition.

The original grade(s) will remain on the transcript. The forgiven grades will no longer be calculated into Pierce College's GPA.

All amendments to a student’s transcript shall be made by the Registrar's Office. If a petition is approved, an adjusted copy with an appropriate indicator of the forgiven grade(s) shall be sent to the student's address of record. Grades forgiven through this Pierce College policy may not be applicable to the transferability of courses to any other college or university.

The student will complete the petition and submit it to the Registrar’s Office at each college or military site at Joint Base Lewis-McChord. All petitions will be processed through the Office of the Registrar, Fort Steilacoom. For an application or further information, please contact the registration office at either college (FS: (253) 964-6622 / PY: (253) 840-8401).

ACADEMIC DISHONESTY
If you use another person's ideas, words, music, artwork, computations, models, etc., in such a manner as to imply that the thing used was your own; if you use notes, tests or memory aids during tests when such use was not expressly authorized; if you steal or knowingly use test master copies to gain information prior to an examination date; knowingly allow another person to use your work as if it were that other person's work; otherwise act in such a manner as to gain for yourself or another an unfair advantage over other students, you may face disciplinary actions as stated in the Student Rights and Responsibilities Policy/Code of Conduct.

Graduation
To graduate with a degree or certificate from Pierce College, at least 25 of your last 45 credits must be earned at Pierce College (SOCAD students exempted). Certificates between 21-44 credits require that at least one-half of the credits be earned at Pierce College. All coursework must be completed at Pierce College for short-term programs and certificates of 20 credits or less. You must have a cumulative college-level grade point average of 2.0 or higher for all degrees and/or certificates; this includes your entire Pierce College transcript and any credits accepted toward your program from other institutions.

Students are advised to apply for graduation by submitting a Degree/Diploma Application at least two quarters prior to the quarter in which they intend to complete their requirements. This allows time to have the application processed and the results of the official evaluation to be mailed in time to register for remaining requirements.

You are responsible for meeting the requirements of the particular degree toward which you are working. Once you receive your letter from the evaluations office, it is your responsibility to follow the program requirements and make appropriate course selections. You should report any discrepancies to the evaluations office immediately upon receipt of your letter. Once you've received your letter, it is not necessary to submit another Degree and Diploma Application Form to the evaluations office unless you stop attending for one year or more. If you do not attend for more than one year or four quarters, your file is placed into “graduation pending” and you will need to reapply for graduation to have your graduation status reactivated.

For more information about graduation evaluations, please contact the evaluations office at (253) 964-6678 or by e-mail at evaluations@pierce.ctc.edu. Students attending the military campuses should check with the appropriate campus for their graduation evaluation procedure and commencement ceremony information.

COMMENCEMENT CEREMONY
www.pierce.ctc.edu/dist/graduation/commencement

The commencement ceremony is held once a year, in June, for all students who have completed graduation requirements during that academic year and those who are projected to complete spring and summer quarters. You and your family are encouraged to participate in this special occasion. Participation in the commencement ceremony does not imply that your degree has been awarded. You
must meet all degree or certificate requirements before a degree or certificate is awarded. All diplomas are mailed from the evaluations office after grades have been verified. The posting and mailing process normally takes 10-12 weeks after the end of the quarter.

Records/Transcripts

NOTICE OF CHANGE — NAME, ADDRESS, OTHER
Students should promptly report a change of name, address or other information to the registration office by completing a Personal Data Change Form or using the Pierce College website (www.pierce.ctc.edu — Student Online Services). For a name change, you must provide specific evidence showing that your name has officially changed. For more information, contact the registration office at either college.

TRANSCRIPTS

PIERCE COLLEGE TRANSCRIPTS
A transcript is a copy of your educational record. Upon written request, the college will release transcripts of your work at Pierce.

Transcripts are released only if you have met all financial obligations to the college and if you have signed an authorization for release of the records. Transcript request forms are available at either college or sites within the Pierce College District or on Pierce College’s website (www.pierce.ctc.edu). You may mail or fax your request. The fax number is (253) 964-6427. For recorded instructions, call (253) 964-6787.

TRANSCRIPTS FROM OTHER INSTITUTIONS
All transcripts forwarded to Pierce College from other institutions become the property of the college and cannot be returned to you, copied or forwarded to a third party. To have credits from another institution officially transferred to Pierce, you must complete a Transfer Credit Evaluation Form. See "Transferring Credits to Pierce College" in the GETTING STARTED section for more information.

Student Rights and Responsibilities / Code of Conduct

Students are encouraged, through free inquiry and free expression, to develop their capacity for critical judgment and to engage in a sustained and independent search for knowledge. The freedom to learn depends upon appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students should exercise their freedom with responsibility.

The student is in the unique position of being a member of the community at large, having the rights and responsibilities of any citizen, and of being a member of the college community. Admission to Pierce College carries with it the expectations that students shall conduct themselves as responsible members of the Pierce College community, observe the standards of conduct, respect the rights, privileges and property of other members of the academic community, maintain a high standard of integrity and honesty, and not interfere with legitimate college business appropriate to the pursuit of academic goals.

The student’s success is dependent on the district fostering a positive district-wide climate that supports learning, communication, recognition and collaboration among a diverse faculty, staff and student body.

As an agency of the state of Washington, Pierce College must respect and adhere to all laws established by local, state and federal authorities. Pierce College also has developed a set of rules and regulations to ensure the orderly conduct of the affairs of the district. These rules and regulations, if violated, may result in student discipline in accordance with the procedures established in the student code of conduct.

The Student Rights and Responsibilities/Student Code of Conduct Policy is available online at www.pierce.ctc.edu. Copies are also available in the offices of the vice presidents of learning and student success at each college, the Student Life office, and in the office of the judicial affairs advisor.

STUDENT GRIEVANCES

Procedures have been established for both informal and formal resolution of a student’s grievance relating to an action by an employee of the college. If the grievance cannot be resolved informally, it can be pursued formally. The services of the college ombudsman are also available to students in pursuing grievances.

Generally, the informal procedures for most grievances begin with the student attempting to resolve the matter with the faculty or staff member through direct discussion. If this effort fails to resolve the issue to the student’s satisfaction, he/she may request, in writing, a meeting with the appropriate division chair, supervisor or site director. The division chair, supervisor or site director will investigate and take appropriate actions to facilitate a prompt and fair resolution. If the recommendation for resolution set forth by the division chair, supervisor or site director is not satisfactory to the student, he/she may request a formal hearing before the Grievance Review Committee.

The Student Grievance Procedure is available on the Pierce College website at www.pierce.ctc.edu. Copies of the procedure are also available in the offices of the vice presidents, division offices, the judicial affairs office, and the student programs offices at each college.

STUDENT RIGHTS

STUDENT RIGHTS FOR EQUAL OPPORTUNITY/NOTICE OF NONDISCRIMINATION

The Pierce College District does not discriminate on the basis of race, color, national origin, sex, sexual orientation, disability, or age in its programs and activities. All college personnel and persons, vendors and organizations with whom the college does business are required to comply with all applicable federal and state statutes and regulations designed to promote affirmative action and equal opportunity.

The following persons have been designated to handle inquiries regarding compliance with the non-discrimination policy as it relates to district programs and activities:

- Pierce College Fort Steilacoom
- Vice President for Learning and Student Success (253) 964-6584
- Pierce College Puget Sound
- Vice President for Learning and Student Success (253) 840-8419
- Pierce College Extended Learning
- Executive Vice President for Extended Learning (253) 964-6575

NOTIFICATION OF STUDENTS’ RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Pierce College has adopted procedures in compliance with the Family Educational Rights and Privacy Act (FERPA), as amended, and maintains confidentiality of student records. FERPA is a federal law that protects the privacy of student educational records and affords students certain rights with respect to their educational records. Students have the right to:

1. Inspect and review their education records within 45 days of the date the college receives a written request for access. Students should submit a written request to the registrar that identifies the education record(s) they wish to inspect. The registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the registrar, the student will be advised of the correct official to whom the request should be addressed.

2. Request the amendment of the education records that the student believes are inaccurate or misleading. Students may ask the college to amend a record that they believe is inaccurate or misleading. Students should write to the college official responsible
for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. Consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. With few exceptions (stated below), no one will have access to student records without the written consent of the student. Pierce College will not release a student’s record to a parent/guardian without the student’s written permission. Such a policy is in effect regardless of the student’s age or financial dependency upon the parent/guardian.

Exceptions which permit disclosure without written consent include:

a) Disclosure of those items the college designated as directory information. Pierce College designates the following items as directory information: name, dates of enrollment, degrees, awards and honors received, enrollment status, date of birth, participation in officially recognized activities and sports, and the weight and height of members of athletic teams. A student’s directory information may be disclosed unless a student files a Request for Non-Disclosure of Directory Information Form with the registration office by the 10th day of the quarter (eighth day for summer quarter). Requests submitted after the deadline will be honored; however, disclosure of directory information may have occurred.

b) Disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the college in an administrative, supervisory, academic, or support staff position (including law enforcement unit); a person or company with whom the college has contracted (such as the National Student Clearinghouse, an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

c) Disclosure of education records to officials of another school in which a student seeks or intends to enroll.

d) Other disclosures permissible without written consent include disclosure to: comply with a judicial order lawfully issued subpoena; specified officials for audit or evaluation purposes; appropriate parties in connection with financial aid to a student; organizations conducting certain studies on behalf of the college; accrediting organizations; appropriate officials in cases of health and safety emergencies; state and local authorities, within a juvenile justice system, pursuant to a specific state law; victims of certain offenses; the final results of a disciplinary proceeding regardless of the outcome; anyone in the final result of a campus disciplinary proceeding in which a violation of certain offenses occurred; parents of a student under age 21 who violates drug or alcohol laws or policies; and in connection with an emergency such as suicide risk, to appropriate persons if the knowledge of such information is necessary to protect the health and safety of the student or other persons.

Pursuant to the Solomon Amendment, Pierce College is required to provide some or all of the following information, upon request, to representatives of the Department of Defense for military recruiting purposes: student’s name, address, telephone listing, date of birth (17 years or older), level of education, and academic major (for currently enrolled students only).

4. File a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA at the following address: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, D.C. 20202-4605.

Further information and a copy of the complete FERPA policy is available at the registration office at either college.

ALCOHOL/DRUG-FREE ENVIRONMENT

Pierce College intends to provide a healthy, safe and secure environment and has adopted and implemented a policy and program to prevent the unlawful possession, use or distribution of illicit drugs or alcohol by students and employees. The policy and prevention program is in concert with the Drug Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. The unlawful possession, illegal manufacturing, use or distribution of illicit drugs or alcohol is prohibited. Any violation of this policy may be reason for disciplinary action in accordance with the Pierce College Students Rights and Responsibilities/Student Code of Conduct Policy (WAC 132K-125-170 (16,17,18)).

Pierce College recognizes drug and alcohol use and/or dependency to be a health, safety and security problem. The use of illicit drugs and the abuse of alcohol may result in numerous physiological, psychological and sociological disorders. College and community resources are available to assist students and employees with problems related to alcohol and other substance abuse. Persons who need assistance with problems related to drug or alcohol abuse are encouraged to use appropriate support agencies. A listing of support agencies is available in the Student Development center at Fort Steilacoom and the Advising Center at Puyallup.

SEXUAL HARASSMENT POLICY

It is the policy of Pierce College to provide an environment in which people can work and study free from sexual harassment or sexual intimidation. Sexual harassment occurs in a context of unequal power and is a form of sexual discrimination. As such, it is a violation of Title VII of the 1964 Civil Rights Act and Title IX of the 1972 Education Amendments.

Sexual harassment of or by a student is defined as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature, when:

- submission to the conduct is either explicitly or implicitly a term or condition of the student’s academic standing;
- submission to or rejection of such conduct by a student is used as the basis for academic discussions affecting that student; and/or
- such conduct has the purpose or effect of unreasonably interfering with a student’s work or academic performance or of creating an intimidating, hostile or offensive environment.

Student complaints regarding possible sexually harassing conduct should be taken to the office of the Vice President for Learning and Student Success at each college or to the Executive Vice President for Extended Learning for the sites. For complaints against Pierce College employees, appropriate action will be taken in accordance with the Pierce College Preventing Sexual Harassment Policy (1.17.0000) and related procedures. For complaints against another student, appropriate action will be taken in accordance with the Pierce College Student Rights and Responsibilities/Student Code of Conduct Policy (WAC 132K-126) and related procedures.

CRIME STATISTICS REPORTING

The Pierce College District, in accordance with the Jeanne Clery Act, provides crime statistics for the three most recent calendar years. These statistics are available online at www.pierce.ctc.edu/Safety/reports.html, as well as from the campus safety office at either college.
Begin a career.

Start working on a four-year degree.

Obtain professional certifications, a high school diploma or upgrade basic skills.

The possibilities are many; the path, yours.
### Accounting Professional/Technical

**Faculty:** Ken Kvak (PY)  
**Degree:** Associate in Accounting  
**Certificate:** Certificate in Practical Accounting

Accountants analyze and interpret essential information about business operations and contribute vitally to important policies and decisions. Pierce College's accounting programs offer instruction in practical accounting combined with a fundamental understanding of general business operations. Graduates can expect to find career opportunities in a variety of positions such as accounting clerks, accounting assistants, junior accountants, bookkeepers and management trainees.

Student Learning Outcomes available at: www.pierce.ctc.edu/dept/accounting/outcomes

#### ASSOCIATE IN ACCOUNTING (PY ONLY)

**ACCOUNTING REQUIREMENTS (42 OR 43 CREDITS)**

| Introductory Classes (17 or 18 credits) |  
|----------------------------------------|---|
| ACCT 170 Practical Accounting I 5 |

### Adult Basic Education

The Basic Skills department consists of the following programs, which are offered at both Pierce College Fort Steilacoom and Pierce College Puyallup: Adult Basic Education (ABE), English as a Second Language (ESL), General Educational Development (GED), High School Completion (HSC), and Integrated Basic Education and Skills Training (i-BEST).

Student Learning Outcomes available at: www.pierce.ctc.edu/dist/basicskills/outcomes

#### ADULT BASIC EDUCATION

**Faculty:** Bill Orange (FS); Teah Bergstrom (PY)  
Offered through group classes and/or individualized instruction, Adult Basic Education (ABE) allows adults to improve their skills in reading, writing, math, and workplace and computer fundamentals in order to enter vocational training, advance in a current job, become more employable or continue into college programs. ABE classes are offered daytime or evening on campus or in your community.
BEGINNING LITERACY
ABE 050 ABE Beginning Literacy Reading – 1

ENGLISH AS A SECOND LANGUAGE (ESL)

Students who are on B-1, B-2, F-1, J-1 or M-1 visas must register for courses listed under Intensive English/International Education.

Faculty: Dr. Rosalie Pan, Sandra Stevens (FS); Debra Ramirez (PY)
The English as a Second Language (ESL) program provides courses in English reading, writing, speaking, listening and computer technology and job readiness skills, with special emphasis on developing communication capabilities and improving language proficiency necessary for I-BEST programs, vocational training, Transitional Education classes, college programs and ABE/GED studies. The courses also include workplace basics and computer literacy for students to improve their employment opportunities. The classes are offered daytime or evenings at both colleges and at sites within the college community.

GED PREPARATION

Faculty: Bill Orange (FS); Teah Bergstrom (PY)
Individuals who have not completed high school may earn a Certificate of Educational Competency through the state of Washington with a satisfactory score on the General Educational Development (GED) test. Pierce College is authorized as a testing center by the GED Testing Service of the American Council on Education. Students who receive their GEDs improve their employability, and may enter a vocational program or begin a college program. GED classes are offered daytime or evening on campus or in your community.

REGISTRATION PROCEDURE

Contact the Transitional Education Center and make an appointment for orientation and placement testing:
Pierce College Fort Steilacoom: (253) 964-6657
Pierce College Puyallup: (253) 840-8463
**HIGH SCHOOL COMPLETION**

**Faculty:** Bill Orange (District)  
**Degree:** High School Diploma

**GENERAL REQUIREMENTS FOR ADMISSION**

Any individual who does not have a high school diploma and who meets the college’s general admission requirements may enter the high school completion program. However, the program is not designed for students who normally would be enrolled in the regular public school system. These students may attend under certain conditions. Some of the guidelines are:

1. A student who is still attending high school must obtain a release from his or her school district showing the class(es) the student is permitted to take.
2. Any student under the age of nineteen must obtain a release from the school district where he or she would normally be attending high school.

**REGISTRATION PROCEDURE**

1. Make an appointment with an advisor:  
   - Pierce College Fort Steilacoom: (253) 964-7324  
   - Pierce College Puyallup: (253) 864-3318

2. For students who are receiving a high school diploma from Pierce College, a transcript of all previous high school or other school work is required. If necessary, Pierce College’s staff will help the students obtain transcripts.

**TUITION**

Persons 19 years of age or older who meet the requirements for Washington state residency for tuition-paying purposes, or who are active-duty military or dependents of same, will pay a reduced rate for classes that apply toward their high school completion program. Washington state residents under 19 years of age must pay resident tuition rates. Persons who DO NOT meet Washington state residency requirements pay resident tuition rates for high school completion classes. Current tuition rates and information relating to Washington state residency requirements are available from the admissions office at either college.

**REQUIREMENTS**

1. All students must meet Pierce College High School and Washington state credit requirements:
   - A. All students must complete a culminating project to receive a diploma.
   - B. Any student who began high school in 2004 or later must take and pass the Washington State Assessment or state-approved alternatives.
   - C. Pierce College requires 20 credits and the above requirements for a high school diploma.
   - 2. All students must take the COMPASS test.

3. Home schooled students must provide transcripts and test documentation per Washington state and Pierce College requirements. Students fulfill their high school requirements by taking appropriate college classes and completing the high school Culinamation Project class coursework.

**INTEGRATED BASIC EDUCATION AND SKILLS TRAINING (I-BEST)**

Pierce College Integrated Basic Education and Skills Training (I-BEST) is open to all Adult Basic Education (ABE), General Education Development (GED), English as a Second Language (ESL) and pre-college level adult learners. I-BEST programs provide quality academic and workforce skills training and teaching excellence. All I-BEST programs have two instructors in all courses, added hours to increase success and advising support. Students interested in careers in Early Childhood Education, Language Interpreting, Criminal Justice, Business Technology and Nursing Assistant are ideal for I-BEST. Students in I-BEST programs:

- Design a career pathway that provides meaningful mileposts and real destinations;
- Increase their abilities and opportunities for advancement in their chosen career;
- Build a bridge to the future through a commitment to life-long learning.

If I-BEST interests you, please call (253) 964-6447 or (253) 964-6675.

**Alcoholism and Drug Abuse**  
See Human Services Substance Abuse.

**Anthropology/Archaeology**

**UNIVERSITY TRANSFER**

**Faculty:** Dr. Mary L. Russell (FS); Dr. Kathryn Keith (PY)  
**Degree:** Associate of Arts (AA-DTA)

Anthropology, the study of human beings, combines four subfields to offer a broad-based education for college transfer or personal enrichment: archaeology — the study of past cultures; sociocultural anthropology — the description and analysis of living cultures; anthropological linguistics — dealing with the totality of world languages; and biological anthropology — examining human beings as biological organisms.

Students planning to transfer as anthropology majors should complete AA-DTA degree requirements and must check with the transfer institution regarding specific requirements and transferable credits. Anthropology majors should work closely with a faculty advisor to plan an overall program of study.

See Degree Outcomes on page 26.

**ANTHROPOLOGY MAJOR**

All anthropology majors should include the following courses in their degree program:

- ANTH& 204 Archaeology  
- ANTH& 205 Biological Anthropology  
- ANTH& 206 Cultural Anthropology  
- ENGL 103 Composition – Argumentation & Research  
- MATH& 146 Intro to Statistics

Anthropology majors should also take at least two quarters of world language.

In addition to the courses listed above, the following courses are recommended for each of the subfields. Courses marked with an asterisk (*) are additional courses that would apply to that area of study, and could be considered for elective credit.

**SOCIOCULTURAL ANTHROPOLOGY FOCUS**

- ANTH& 106 American Mosaic  
- ANTH 240 Women in Cross-Cultural Perspective  
- * ANTH& 210 Indians of North America  
- * ANTH& 216 Northwest Coast Indians

One or both of the following:

- PSYC& 100 General Psychology  
- SOC& 101 Intro to Sociology

**BIOLOGICAL ANTHROPOLOGY FOCUS**

- * ANTH& 104 World Prehistory  
- ANTH& 236 Forensic Anthropology  
- BIOL& 160 General Biology w/lab  
- BIOL& 241 Human Anatomy & Physiology I  
- BIOL& 242 Human Anatomy & Physiology II  
- GEOL& 103 Historical Geology

**ARCHAEOLOGY FOCUS**

Pierce College’s archaeology program provides a broad-based education for college transfer or personal enrichment. Archaeology is the study of past cultures, accomplished by excavating artifacts and ecofacts from archaeological sites, studying them to determine the age of the site and the lifeways of the people who were there and formulating hypotheses to explain why people lived as they did.
Students planning to transfer as archaeology majors should complete AA degree requirements and must check with the transfer institution regarding specific requirements and transferable credits. Archaeology majors should work closely with a faculty advisor to plan an overall program of study.

**ANTH& 104** World Prehistory 5  
**ANTH 107** Archaeology of Ancient Civilizations 5  
  * **ANTH& 210** Indians of North America 5  
  * **ANTH& 216** Northwest Coast Indians 5  
**GEOL& 103** Historical Geology 5

**Art UNIVERSITY TRANSFER**

**Faculty:** David Roholt (FS); Ann Johnston-Schuster (PY)  
**Degrees:** Associate of Arts (AA-DTA); AA – Option B

Pierce College’s art department offers a wide range of studio and lecture courses for art majors, digital design students, and those who enroll simply to satisfy their creative interests and abilities. Students planning to pursue an art major at a transfer institution are encouraged to take studio courses building on the fundamentals of design and drawing as well as those offered in photography and painting.

Lecture classes in the visual arts are also offered to provide a broad-based background in creative arts. Students should work closely with a faculty advisor to plan a program that will meet AA-DTA requirements as well as the specific requirements of their chosen transfer institution.

See Degree Outcomes on page 26.

**ART MAJOR – AA-DTA DEGREE**

The following courses are recommended, in addition to those required for the AA-DTA degree:

- **ART& 100** Art Appreciation 5  
- **ART 101-103** Design (Beginning/Intermediate/Advanced) 5 ea  
- **ART 105** Intro to Art 5  
- **ART 107-109** Photography (Beginning/Interim/Advanced) 5 ea  
- **ART 111-113** Drawing (Beginning/Intermediate/Advanced) 5 ea  
- **ART 201-203** Painting (Beginning/Intermediate/Advanced) 5 ea

**Astronomy UNIVERSITY TRANSFER**

**Faculty:** Robert Sager, Hillary Stephens (FS); Tom Bush (PY)  
**Degree:** Associate of Arts (AA-DTA)

Astronomy is the science of the celestial bodies — their motions, positions, distances, magnitudes and relationships to Earth. Pierce offers introductory courses in astronomy for students who are interested in the study of the moon, planets, stars, nebulae and galaxies. Students who wish to pursue a transfer degree with studies in earth and space sciences are encouraged to complete requirements for the AA degree and to check with their transfer institution regarding specific requirements and transferable credits.

See Degree Outcomes on page 26.

**ASTRONOMY/Earth Science MAJOR**

In addition to courses which meet AA-DTA requirements, the following introductory astronomy courses are offered:

- **ASTR& 100** Survey of Astronomy (non-lab) 5  
- **ASTR& 101** Intro to Astronomy (lab) 5  
- **ASTR 105** Survey of Astrobiology 5  
- **ASTR& 110** The Solar System 5  
- **ASTR& 115** Stars, Galaxies and Cosmos 5

**Atmospheric Science UNIVERSITY TRANSFER**

**Faculty:** Robert Sager (FS); Tom Bush (PY)  
**Degree:** Associate of Arts (AA-DTA)

Atmospheric science is an earth science that includes topics as diverse as weather forecasting, climate change, air quality, mountain weather, marine weather, EL Niño, the ozone hole, ice ages and the Earth’s weather and climate from the tropics to the poles. It considers problems that are both scientifically challenging and critical for the welfare of modern society.

Atmospheric science majors are prepared for a range of career options including weather forecasting, environmental science, meteorology, TV weather reporting, marine and aviation sciences, science education, further graduate study or a variety of alternative career paths.

See Degree Outcomes on page 26.

**ATMOSPHERIC SCIENCE MAJOR**

**ATMOS 101** Intro to Weather 5  
**CHEM& 161-163** General Chemistry w/lab I-III 5 ea  
**Computer Sciences and Programming** 5  
**MATH& 141** Precalculus I 5  
**MATH& 151-153** Calculus I-III 5 ea  
**PHYS& 221-223** Engineering Physics I-III 5 ea  
**Electives in the Earth Sciences and Geography** (GEOL& 101, GEOG 205, ENV&S 100, OCEA& 101) 5
Biology UNIVERSITY TRANSFER
See also Microbiology.

**Faculty:** Barry Putman (FL); Mary Bath-Balogh, Robert Johnson, Ron May (FS); Dr. Dale Blum, Joseph Cates-Carney, Scott Sweet (PY)

**Degrees:** Associate of Arts (AA-DTA); AA – Option B
Associate of Science (AS)

Pierce College's biology, health science, microbiology and natural science departments offer courses for students planning to transfer to four-year institutions or complete associate degree requirements in other programs, and for those who have a personal interest in these areas for elective credit. Transfer students should complete AS-Track 1 (see page 30), Associate's in Biology DTA/MRP (see below) or AA Option B (see page 30) requirements and should check with the transfer institution regarding specific requirements and transferable credits.

If interested in biology education, see Associate in Biology Education (AS-T) under Education, page 66.

Preparation for allied health professions such as nursing, physical therapy, occupational therapy, etc. has different requirements. Consult the Health Professions section.

See Degree Outcomes on page 26.

ASSOCIATE IN BIOLOGY DTA/MRP

**GENERAL DEGREE REQUIREMENTS**
- Minimum of 90 quarter hours of transferable credit.
- College cumulative GPA of at least 2.0 is required.
- ENGL 101 (English Composition I) is required.
- Minimum of 25 of last 45 credits must be earned at Pierce College.
- 1.5 grade (C-) or better for all requirements is required unless prerequisites state otherwise.
- "Pass" (P) grades may be used for General Elective credits only.
- Independent Study may be used only for General Elective credits.
- Cooperative work experience/work-based learning credits may be applied to the General Elective area only.
- Once a course has been successfully completed, credits obtained may be used only once, even if a course is listed in more than one category.

**A. BASIC REQUIREMENTS (15 CREDITS)**
- Communication Skills (10 credits). Must include ENGL& 101
- Mathematics — 5 credits of Calculus or Statistics*
- Statistics may substitute for Calculus 1 at some institutions; students are encouraged to check with the transfer institution early in their decision process to confirm requirements.

**B. DISTRIBUTION REQUIREMENTS (75 CREDITS MINIMUM)**
- **Humanities (HM)**
  - 15 credits selected from at least two disciplines with no more than 10 credits allowed from any one discipline. No more than five credits of world (foreign) language at the 100 level and no more than five credits in performance/skills courses are allowed. Credits must be GER approved as designated on the Pierce College AA degree.
- **Social Science (SS)**
  - 15 credits selected from at least two disciplines and no more than 10 credits allowed from any one discipline. Credits must be GER approved as designated on the Pierce College AA degree.
- **Natural Science (NS)**
  - Minimum of 15 credits biology sequence (majors level) and 15 credits general chemistry (majors level).

**C. GENERAL ELECTIVES**

Additional college-level courses so that total earned is at least 90 credits. May include prerequisites for major courses (e.g., precalculus), additional major coursework, (e.g., CHEM& 261-263) or specific general education or other university requirements, as approved by the advisor.

**COURSE REQUIREMENTS**

1. **Communication Skills (CM)**
   - ENGL 101 English Composition I (required) 5
   - Select one:
     - ENGL 103 Composition – Argumentation and Research 5
     - ENGL 107 Composition – Writing about Literature 5

2. **Quantitative/Symbolic Reasoning Skills (QS)**
   - Prerequisites required.
   - MATH& 151 Calculus I 5
   - MATH& 146 Introduction to Statics 5

3. **Humanities**
   - 15 At least two disciplines with no more than 10 credits allowed from any one discipline. No more than five credits of world (foreign) language at the 100 level and no more than five credits in performance/skills courses are allowed. See AA GER list for appropriate classes.

4. **Social Science**
   - 15 Credits selected must be from at least two disciplines and no more than 10 credits allowed from any one discipline. See AA GER lists for appropriate classes.

5. **Specific Pre-Major Requirements**
   - BIOL& 211-213 Majors: Cellular/Animal/Plant 15
   - CHEM& 161-163 General Chemistry w/lab I-II 15

**General Electives (15 credits)**

Additional college-level courses so that total earned is at least 90 credits. May include prerequisites for major courses (e.g., precalculus), additional major coursework, or specific general education or other university requirements, as approved by the advisor.

**Total Credits Required**

90

*Optional. Some baccalaureate institutions require physics. Students should check major requirements prior to program planning.

**Notes**

1. Students completing this degree will receive the same priority consideration for admission to the baccalaureate institution as they would for completing the direct transfer associate's degree and will be given junior status by the receiving institution.

2. Courses in Humanities/Social Science must come from the current ICRC distribution list in order to count as General Education or General University Requirements (GERs/GURs) at the receiving institution. Additional general educational requirements, cultural diversity requirements, and foreign language requirements, as required by the transfer institution, must be met prior to the completion of a baccalaureate degree.

3. Students are responsible for checking specific major requirements of baccalaureate institutions in the year prior to transferring.
Business

PROFESSIONAL/TECHNICAL

See also Business – University Transfer.

Faculty: Dr. Paul Gerhardt, Douglas Edison (FS); Rick Hogan (PY)

Degree: Associate in Business (Areas of Specialization: Accounting, Business Management, Human Resource Management, Marketing, Retail/Fashion Merchandising, Small Business/Entrepreneurship)

Certificates: Business
Customer Service
Entrepreneurship
Fashion Merchandising
Human Resource Management
Marketing
Pupil Transportation Management – See Pupil Transportation Supervision
Retail Management
Sales
Supervision & Management

Student Learning Outcomes available at: www.pierce.ctc.edu/dept/business/outcomes

ASSOCIATE IN BUSINESS

The Associate in Business program offers a flexible curriculum that provides a balanced background in business with areas of specialization. Emphasis in Business Management offers a broad range of classes to strengthen management skills and increase opportunities for advancement. A Marketing specialization offers training and experience in sales, promotion, e-commerce and international business. Retail/Fashion Merchandising majors focus on apparel design and construction, textiles and retailing. Students emphasizing Small Business/Entrepreneurship can acquire new skills to use in operating their own small business. Human Resource Management emphasizes a working knowledge of managing/developing people.

The Associate in Business degree program increases students' career alternatives and offers individuals working in any field the opportunity to develop, improve or update knowledge and skills. A wide range of courses satisfying degree requirements is available during both daytime and evening hours. This degree will transfer to the Evergreen State College in Tacoma and Olympia.

Students who desire training in a combined area can design a program of study with their advisor.

GENERAL REQUIREMENTS (10 CREDITS)

Select one:
* ENGL 101 English Composition I 5
* BUS 105 Business English I 5

Select one:
* BUS 107 Business Mathematics 5
* MATH 107 Math in Society 5
* MATH 156 Finite Math 5

BUSINESS CORE (32-35 CREDITS)

* BUS 240 Human Relations in the Work Place 5
* BUS 250 Business Communications 5
* MNGT 130 Customer Relationship Management 5
* MNGT 282 Marketing 5

Select one:
* BUS 201 Business Law 5
* POLS 200 Introduction to Law 5

Select one:
* BUS 135 Business, Marketing & the Internet 5
* CIS 130 Microcomputer Applications 5

Select one:
* CIS 110 Intro to Microcomputer Business Apps. (3) 3
* CIS 121 Intro to Computer Information Systems (5) 5

MANAGEMENT AND CAREER SKILLS (13 CREDITS)

MNGT 186 Professional Development 5
MNGT 187 Career Communication Skills 5
MNGT 198 Work-based Learning/Internship 3

ECONOMICS (5 CREDITS)

Select one:
ECON 110 Survey of Economics 5

ACCOUNTING (5-10 CREDITS)

Select one:
* ACC 101 Survey of Accounting (5) 5-10
* ACC 170/171 Practical Accounting I and II (10)
* ACC&T 201/202 Principles of Accounting I and II (10)

ELECTIVE (3-5 CREDITS)

100 level or above course 3-5

AREA OF FOCUS

Any exception must have advisor approval.
Select any ONE of the following:

Accounting (25 credits)
* ACCT 179 Federal Income Tax Preparation 5
* ACCT 180 Accounting Systems 5
* ACCT&T 203 Principles of Accounting III 5
* ACCT 275 Payroll and Business Taxes 5
* ACCT 285 Auditing and Advanced Analytical Techniques 5

Business Management (25 credits)
* BUS & 101 Intro to Business 5
* MNGT 283 Principles of Supervision and Leadership 5
* MNGT 284 Small Business Planning 5
* MNGT 295 Human Resource Management 5

Select one:
* BUS 245 Global Business: Intro and Essentials 5
* MNGT 182 Creative Sales 5

Human Resource Management (25 credits)
* ACCT 275 Payroll and Business Taxes 5
* BUS & 101 Intro to Business 5
* MNGT 283 Principles of Supervision and Leadership 5
* MNGT 295 Human Resource Management 5
* MNGT 296 Current Trends in Human Resources 5

Marketing (25 credits)
* BUS & 101 Intro to Business 5
* MNGT 182 Creative Sales 5
* MNGT 275 Intro to Visual Promotion 5
* MNGT 293 Retailing and Merchandising 5

Select one:
* BUS 245 Global Business: Intro and Essentials 5
* MNGT 283 Principles of Supervision and Leadership 5

Retail/Fashion Merchandising (25 credits)
* FASH 160 Intro to Fashion Merchandising 5
* FASH 162 Apparel Design and Construction Analysis 5
* FASH 163 Consumer Textiles 5
* MNGT 275 Intro to Visual Promotion 5
* MNGT 293 Retailing and Merchandising 5

Small Business/Entrepreneurship (25 credits)
* BUS & 101 Intro to Business 5
* MNGT 182 Creative Sales 5
* MNGT 283 Principles of Supervision and Leadership 5
* MNGT 284 Small Business Planning 5
* MNGT 295 Human Resource Management 5

Total Credits Required 94-103

* Meets related instruction requirements for professional/technical programs.
** Minimum of 35 wpm keyboarding required.

CERTIFICATE IN BUSINESS

REQUIREMENTS (40 CREDITS)

* ACCT&T 201 Principles of Accounting I 5
* ACCT&T 202 Principles of Accounting II 5
* CIS 121 Intro to Computer Information Systems 5
* ECOn 201 Micro Economics 5
* ECOn 202 Macro Economics 5
* ENGL 101 English Composition I 5
* MATH 146 Intro to Statistics 5

Select one:
* BUS & 201 Business Law 5
* POLS 200 Introduction to Law 5

Total Credits Required 40
CERTIFICATE IN CUSTOMER SERVICE

CORE REQUIREMENTS (43-45 CREDITS)

- BUS 240 Human Relations in the Workplace 5
- †* BUS 107 Business Mathematics 5
- * MNGT 130 Customer Relationship Management 5
- MNGT 182 Creative Sales 5
- MNGT 186 Professional Development 5
- MNGT 187 Career Communication Skills 5
- MNGT 282 Marketing 5

Select one:
- ** CIS 110 Intro to Micro Business Applications (3)
- ** CIS 121 Intro to Computer Information Systems (5)
- *Select one:
  - † BUS 105 Business English I
  - † ENGL& 101 English Composition I

Total Credits Required 43-45

*Meets related instruction requirements for professional/technical programs.  
**Minimum of 35 wpm keyboarding required.  
†Pre requisite required.

CERTIFICATE IN ENTREPRENEURSHIP

CORE REQUIREMENTS (43-45 CREDITS)

- ACCT 101 Survey of Accounting 5
- †* BUS 107 Business Mathematics 5
- * MNGT 130 Customer Relationship Management 5
- MNGT 182 Creative Sales 5
- MNGT 186 Professional Development 5
- MNGT 282 Marketing 5
- MNGT 295 Human Resource Management 5

Select one:
- ** CIS 110 Intro to Micro Business Applications (3)
- ** CIS 121 Intro to Computer Information Systems (5)
- *Select one:
  - † BUS 105 Business English I
  - † ENGL& 101 English Composition I

Total Credits Required 43-45

*Meets related instruction requirements for professional/technical programs.  
**Minimum of 35 wpm keyboarding required.  
†Pre requisite required.

CERTIFICATE IN FASHION MERCHANDISING

CORE REQUIREMENTS (15 CREDITS)

- FASH 160 Intro to Fashion Merchandising 5
- FASH 162 Fashion Design & Clothing Construction Analysis 5
- FASH 163 Consumer Textiles 5

BUSINESS MANAGEMENT REQUIREMENTS (20 CREDITS)

- MNGT 182 Creative Sales 5
- MNGT 186 Professional Development 5
- MNGT 275 Intro to Visual Promotion 5
- MNGT 293 Retailing and Merchandising 5

GENERAL BUSINESS REQUIREMENTS (18-20 CREDITS)

- ACCT 101 Survey of Accounting 5
- † BUS 107 Business Mathematics 5
- Select one:
  - ** CIS 110 Intro to Micro Business Applications (3)
  - ** CIS 121 Intro to Computer Information Systems (5)
- *Select one:
  - † BUS 105 Business English I
  - † ENGL& 101 English Composition I

Total Credits Required 53-55

*Meets related instruction requirements for professional/technical programs.  
**Minimum of 35 wpm keyboarding required.  
†Pre requisite required.

CERTIFICATE IN HUMAN RESOURCE MANAGEMENT

CORE REQUIREMENTS (48-50 CREDITS)

- † ACCT 170 Practical Accounting I 5
- † ACCT 275 Payroll & Business Taxes 5
- ** BUS 107 Business Math 5
- * BUS 240 Human Relations in the Workplace 5
- MNGT 283 Principles of Supervision and Leadership 5
- MNGT 295 Human Resource Management 5
- MNGT 296 Current Trends in Human Resources 5

Select one:
- † BUS& 101 Introduction to Business
- MNGT 284 Small Business Planning 5

Total Credits Required 48-50

*Meets related instruction requirements for professional/technical programs.  
**Minimum of 35 wpm keyboarding required.  
†Pre requisite required.

CERTIFICATE IN MARKETING

In addition to the requirements listed below, students are encouraged to take ACCT 101 (Survey of Accounting).

CORE REQUIREMENTS (48-50 CREDITS)

- †* BUS 107 Business Mathematics 5
- * MNGT 130 Customer Relationship Management 5
- MNGT 182 Creative Sales 5
- MNGT 186 Professional Development 5
- MNGT 275 Intro to Visual Promotion 5
- MNGT 282 Marketing 5
- MNGT 293 Retailing and Merchandising 5

Select One:
- † BUS& 101 Introduction to Business
- † BUS 245 Global Business: Intro & Essentials 5

Total Credits Required 48-50

*Meets related instruction requirements for professional/technical programs.  
**Minimum of 35 wpm keyboarding required.  
†Pre requisite required.

CERTIFICATE IN RETAIL MANAGEMENT

In addition to the requirements listed below, students are encouraged to take ACCT 101 (Survey of Accounting).

CORE REQUIREMENTS (48-50 CREDITS)

- †* BUS 107 Business Mathematics 5
- * MNGT 130 Customer Relationship Management 5
- MNGT 182 Creative Sales 5
- MNGT 186 Professional Development 5
- MNGT 275 Intro to Visual Promotion 5
- MNGT 282 Marketing 5
- ** MNGT 284 Small Business Management 5
- MNGT 293 Retailing & Merchandising 5

Select one:
- † BUS 105 Business English I
- † ENGL& 101 English Composition I

Total Credits Required 48-50

*Meets related instruction requirements for professional/technical programs.  
**Minimum of 35 wpm keyboarding required.  
†Pre requisite required.
**ASSOCIATE IN BUSINESS (DTA/MRP)**

This transfer degree ensures that a student who completes the Associate in Business – DTA/MRP degree will have satisfied the lower division general education (or core) requirements and lower division business requirements at the baccalaureate institutions.

This articulated degree for the business major is specific to public institutions; however, since the degree follows the statewide articulated DTA-based degree, agreement and DTA is designated in the title on the transcript, it will be accepted for admission to private institutions in the same manner as any other DTA-based degree.

**BASIC DEGREE REQUIREMENTS**

- Minimum of 90 earned credits in courses numbered 100 or above.
- ENGL& 101 (English Composition I).
- Minimum of 25 of last 45 credits must be earned at Pierce College.
- Cumulative GPA of 2.0 or better.
- Minimum grade for business major-related courses is a 2.0. These courses are denoted on this degree sheet by an asterisk (*).
- 1.5 grade (C-) or better for all other Core Requirements unless prerequisites state otherwise.
- “Pass” (P) grades may be used only for General Elective credits.
- Independent Study may be used only for General Elective credits.
- Cooperative work experience/work-based learning credits may be applied to the General Elective area only.
- Once a course has been successfully completed, credits obtained may be used only once, even if course is listed in more than one category.

**DEGREE REQUIREMENTS**

Courses should be selected from the lists prescribed on this degree sheet only.

- **Communication Skills (CM)** (10 credit minimum) Must include ENGL& 101 and ENGL 107 or 103.
- **Quantitative/Symbolic Reasoning Skills (QS)** (10 credit minimum) Prerequisite: MATH 108 with a grade of 2.0 or better or placement out of MATH 108.
- **Humanities (HM)** (15 credit minimum) Must include at least two disciplines, with no more than five credits from performance/skills courses. No more than 5 credits are allowed in world (foreign) language to satisfy the Humanities requirement.
- **Social Sciences (SS)** (15 credit minimum) Must include two economic courses and one Law course. See required courses from the list on this sheet only.
- **Natural Sciences (NS)** (15 credit minimum) Must include at least two different disciplines in the biological, physical or earth science areas to include at least one laboratory course. See appropriate courses listed below only. MATH& 146 is required.
- **Business Specific Courses** Must include ACCT& 201, ACCT& 202, ACCT& 203, POLS& 200 or BUS& 201, ECON& 201 and ECON& 202.
- **General Courses (5 credits)**

**BUSINESS MAJOR DEGREE REQUIREMENTS (30 CREDITS)**

A minimum grade of 2.0 in each course is required to obtain this degree.

**Business Specific Courses**

- ACCT& 201 Principles of Accounting I 5
- ACCT& 202 Principles of Accounting II 5
- ACCT& 203 Principles of Accounting III 5
- ECON& 201 Micro Economics 5
- ECON& 202 Macro Economics 5
- Select one 5*
- BUS& 201 Business Law 5
- POLS& 200 Introduction to Law 5

For other transfer requirements, see clarification and notes at end of GER list.

**CORE REQUIREMENTS (GER) (70 CREDIT MINIMUM)**

**Communication Skills (10 credit minimum)**

- ENGL& 101 English Composition I 5
- ENGL 103 Composition – Argumentation & Research 5
- ENGL 107 Composition – Writing About Literature 5

**Quantitative/Symbolic Reasoning Skills (10 credits)**

Students must meet stated math prerequisite before enrolling in courses; see course descriptions or quarterly schedule for details.

- MATH& 148 Elements of Calculus 5
- MATH 156 Finite Mathematics 5

**Humanities (15 credit minimum)**

- Select from at least two disciplines. See GER Distribution List.
- No more than five credits from performance/skills courses. See end of the Humanities listing for performance/skills course list.
- No more than 5 credits are allowed in world (foreign) language to satisfy the Humanities requirement.
Social Sciences (20 credit minimum)
ECON 201 AND ECON 202 REQUIRED.
* BUS& 201 Business Law 5
* ECON 201 Microeconomics 5
* ECON 202 Macroeconomics 5
* BUS& 200 Introduction to Law 5
* GER-SS Elective — See Notes and Clarifications at end of degree 5

Natural Sciences (NS) Biological/Physical/Earth Science Options
(15 credit minimum)
Choose at least one laboratory science – indicated by an L and from two different disciplines. MATH& 146 is required.
L ASTR& 101 Intro to Astronomy 5
L ASTR 105 Survey of Astrobiology 5
L ASTR& 110 The Solar System 5
L ASTR& 115 Stars, Galaxies and Cosmos 5
L ATMOS 101 Intro to Weather 5
L BIOL& 100 Survey of Biology 5
L BIOL& 160 General Biology w/lab 5
L BIOL 118 Hum Anatomy and Physiology for Non-Sci Mjrs 5
L BIOL 120 Hum Anatomy and Physiology for Non-Sci Mjrs 5
L BIOL& 211 Majors: Cellular 5
L BIOL& 212 Majors: Animal 5
L BIOL& 213 Majors: Plant 5
L BIOL& 241 Human Anatomy and Physiology 1 6
L BIOL& 242 Human Anatomy and Physiology 2 6
L BIOL& 260 Microbiology 5
L CHEM& 100 Preparatory Chemistry 5
L CHEM& 110 Chemistry Concepts 5
L CHEM& 121 Intro to Chemistry 5
L CHEM& 131 Intro to Organic and Biochemistry 6
L CHEM& 139 General Chemistry Prep 5
L CHEM& 161-163 General Chemistry w/lab I-III 5
L ENV&S 100 Essentials of Environmental Science 5
L ENV 140 Western Water Problems 5
L ENV 150 Environmental Issues 5
L GEOL& 101 Intro to Physical Geology 5
L GEOL& 103 Historical Geology 5
L GEOL 107 Earth Systems Science 5
L GEOL& 110 Environmental Geology 5
L GEOL& 115 Geology of the National Parks 5
L GEOL& 208 Geology of the Pacific NW 5
L GEOL 220 Earth Resources and the Environment 5
L MATH& 146 Intro to Statistics (required) 5
L NSCI 150 Nature 5
L NSCI 160 Environmental Biology 5
L OCEA& 101 Intro to Oceanography 5
L OCEA 170 Marine Biology 5
L PS 101 Intro to Physical Science 5
L PHYS& 100 Physics for Non-Science Majors 5
L PHYS& 121-123 General Physics I-III 5
L PHYS& 221-223 Engineering Physics I-III 5

GENERAL ELECTIVES (5 CREDITS)
Maximum of 5 credits of courses numbered 100 and above may be applied to this area. See notes below or check four-year information for appropriate elective course needed — e.g., a foreign language or computer course requirement.

Total Credits Required 90

*Minimum grade of 2.0 required to obtain degree.

NOTES AND CLARIFICATIONS

Business School Admission
Admission to a Washington public baccalaureate Schools of Business is not guaranteed to students holding an Associate in Business – DTA degree. It is strongly recommended that students contact the baccalaureate-granting Business School early in their Associate in Business – DTA program to be advised about additional requirements (e.g., GPA) and procedures for admission.

Please note that admission for many business schools is competitive, and higher GPA and course grades are often required. Please check with your destination school and college. In addition, the minimum grade for business courses is a 2.0. These courses are denoted by an asterisk (*). UW Bothell requires a minimum of 2.0 in all prerequisite courses.

Specific University Information
For program planning purposes, students are advised that the lower-division requirements for individual Washington public university business schools may vary.

Notes:
1. For admission to UW Seattle, Bothell and Tacoma, two years of high school foreign language or two quarters of college-level foreign language are required. Students not admitted to the Business School at UW Seattle and selecting an alternate major from the College of Arts and Sciences will be required to demonstrate foreign language proficiency (grade of 2.0 in third quarter of foreign language).
2. WSU’s business school requires a political science course for admission to the program and encourages prospective transfers to take five credits in psychology or sociology; UW Tacoma’s business school encourages prospective transfers to take five credits in psychology, sociology or anthropology.
3. WSU’s business school requires CIS 121 (Intro to Computer Information Systems).
4. WWU’s Manufacturing Management requires CHEM& 121 (Intro to Chemistry) and PHYS& 100 (Intro to Physics).
5. POLS& 200 or BUS& 201. University of Washington requires POLS& 200; EWU requires BUS& 201; other course will satisfy the requirements at CWU, UW Bothell, UW Tacoma, WWU and WSU.

■ ADMINISTRATIVE ASSISTANT: GENERAL OFFICE (ASSOCIATE)

Today’s office environment requires support staff who have skills in business communications and computer technology. Students in the Administrative Assistant program prepare for careers in business, industry and government. When composing documents, students integrate information from various computer programs, including word processing, spreadsheets and presentations. An office internship is required.

BTECH REQUIREMENTS (47-51 CREDITS)

BTECH 112  Keyboard Skillbuilding I (or BTECH 116 A-B)  2  
BTECH 113  Keyboard Skillbuilding II (or BTECH 116 C-D)  2  
BTECH 120  Intro to Windows (or BTECH 118 A-C)  3

Total Credits Required  90-94

*Meets related instruction requirements for professional/technical programs.

■ ADMINISTRATIVE ASSISTANT: INTERNATIONAL BUSINESS (ASSOCIATE)

International business assistants work in areas such as the Puget Sound, where a heavy dependence on international trade exists. They develop cultural understanding with required skills in foreign language, anthropology and international business communication. Students develop computer skills including word processing, spreadsheets, presentation and databases. Students learn to produce complex business reports created from a variety of computer-generated information sources as well as building on their grammar and business writing skills. An office internship is required.

MNGT 186  Professional Development (5)

BUSINESS REQUIREMENTS (43 CREDITS)

* BUS 105  Business English I  5  
* BUS 106  Business English II  3  
* BUS 107  Business Math  5  
* BUS 240  Human Relations in the Workplace  5  
* BUS 250  Business Communications  5  
* MNGT 130  Customer Relationship Management  5  
* MNGT 283  Principles of Supervision & Leadership  5  
* MNGT 295  Human Resource Management  5

Total Credits Required  90-94

*Meets related instruction requirements for professional/technical programs.
**BTECH REQUIREMENTS (46-51 CREDITS)**

- BTECH 112 Keyboard Skillbuilding I (or BTECH 116 A-B) 2
- BTECH 113 Keyboard Skillbuilding II (or BTECH 116 C-D) 2
- BTECH 120 Intro to Windows (or BTECH 118 A-C) 3
- BTECH 135 Electronic 10-Key Calculator 3

Select both:
- BTECH 146 Filing Review (2)
- BTECH 156 Records Management (3)
  
  or select:
  - BTECH 145 Records and Database Management (5)
  - BTECH 201 Professional Office Applications I (or BTECH 200 A-B & BTECH 225A) 5
  - BTECH 202 Professional Office Applications II (or BTECH 220 A-C & BTECH 225 B-C) 5
  - BTECH 203 Professional Office Applications III (or BTECH 220 C-D & BTECH 225D) 5
  - BTECH 241 Accounting for the Office Professional (or ACCT 170 or ACCT 101) 5
  - BTECH 245 Cooperative Work Experience 3
  - BTECH 246 Cooperative Work Experience 3

Select:
- BTECH 117A Format Basic Business Documents (1)
  
  or select:
  - BTECH 230 Machine Transcription (1)
  - BTECH 245 Cooperative Work Experience (3)

**BUSINESS REQUIREMENTS (28 CREDITS)**

- BUS 105 Business English I 5
- BUS 106 Business English II 3
- BUS 107 Business Math 5
- BUS 245 Global Business: Intro and Essentials 5
- BUS 250 Business Communications 5
- MNGT 130 Customer Relationship Management 5

**GENERAL REQUIREMENTS (25 CREDITS)**

- Foreign Language (same language) 15
  - Select at least one of the following:
    - ANTH 106 American Mosaic
    - ANTH 206 Cultural Anthropology
  - Select at least one:
    - GEOG 100 Intro to Geography
    - GEOG 200 Cultural Geography

Total Credits Required: **100-104**

*Meets related instruction requirements for professional/technical programs.

---

**OFFICE ASSISTANT: GENERAL (CERTIFICATE)**

Students who earn the General certificate gain a full range of basic employable skills in a relatively short time. Students complete courses in word processing, spreadsheet preparation, filing, database management and communications.

**BTECH REQUIREMENTS (29-34 CREDITS)**

- BTECH 112 Keyboard Skillbuilding I (or BTECH 116 A-B) 2
- BTECH 113 Keyboard Skillbuilding II (or BTECH 116 C-D) 2
- BTECH 120 Intro to Windows (or BTECH 118 A-C) 3
- BTECH 135 Electronic 10-Key Calculator 3

Select both:
- BTECH 146 Filing Review (2)
- BTECH 156 Records Management (3)
  
  or select:
  - BTECH 145 Records and Database Management (5)
  - BTECH 201 Professional Office Applications I (or BTECH 200 A-B & BTECH 225A) 5
  - BTECH 202 Professional Office Applications II (or BTECH 220 A-C & BTECH 225 B-C) 5

Select:
- BTECH 117A Format Basic Business Documents (1)
  
  or:
  - BTECH 230 Machine Transcription (5)
  - BTECH 245 Cooperative Work Experience (3)

**BUSINESS REQUIREMENTS (22-23 CREDITS)**

- BUS 105 Business English I 5
- BUS 106 Business English II 3
- BUS 250 Business Communications 5
- MNGT 130 Customer Relationship Management 5

Select both:
- BTECH 248 Business Information Technology Seminar I (2)
- BTECH 249 Business Information Technology Seminar II (2)
  
  or select:
  - MNGT 186 Professional Development (5)

Total Credits Required: **51-57**

*Meets related instruction requirements for professional/technical programs.

---

**INTEGRATED BUSINESS TECHNOLOGY (CERTIFICATE)**

This new four-quarter program provides a customized pathway for Levels 5 & 6 English as a Second Language (ESL) students and Levels 3-6 Adult Basic Education (ABE) and GED students to successfully complete the Integrated Business Technology Certificate. The training is part of a longer pathway with all credits leading to completion of an associate degree in Business Information Technology.

**BTECH REQUIREMENTS (36 CREDITS)**

- BTECH 111 Keyboarding (or BTECH 115A-B & 117A) 3
- BTECH 112 Keyboard Skillbuilding I (or BTECH 116A-B) 2

Choose 2 credits from the following:
- BTECH 113 Keyboard Skillbuilding II (or BTECH 116C-D) 2
- BTECH 220A Microsoft Access 1
- BTECH 120 Intro to Windows (or BTECH 118 A-C) 3
- BTECH 135 Electronic 10-Key Calculator 3
- BTECH 145 Records and Database Management 5

Select both:
- BTECH 146 Filing Review (2)
- BTECH 156 Records Management (3)
  
  or select:
  - BTECH 200 A-C Microsoft Word 3
  - BTECH 205 Office Procedures 3
  - BTECH 210A Microsoft Excel 1
  - BTECH 210B Microsoft Excel 1
  - BTECH 225A Microsoft PowerPoint 1
  - BTECH 226A Microsoft Outlook 1
  - BTECH 245 Cooperative Work Experience 3
  - BUS 105 Business English I 5

Total Credits Required: **36**
**ADMINISTRATIVE ASSISTANT: MEDICAL OFFICE ASSISTANT (ASSOCIATE)**

Students in this program prepare to work in a variety of medical office settings, which include clinics, hospitals, nursing homes, laboratories, and physicians' and dentists' offices. Medical office assistants must work with a high degree of accuracy and a clear understanding of medical ethics, legality of medical reports and empathy for patients.

A thorough knowledge of punctuation and grammar, medical terminology, medical transcription, medical forms (including basic coding and processing insurance forms), word processing and accounting are essential elements of this program. Additional courses in spreadsheets and databases broaden the required computer knowledge in this field. An office internship is required.

**BTECH REQUIREMENTS (43 CREDITS)**

**BUSINESS REQUIREMENTS (20 CREDITS)**

- BUS 103 Business English I 3
- BUS 106 Business English II 3
- BUS 240 Human Relations in the Workplace 3
- MNGT 130 Customer Relationship Management 5

**GENERAL REQUIREMENTS**

- HSCI 223 Fundamentals of Medical Office Procedure 5
- BTECH 203 Medical Office Procedures 5
- MNGT 186 Professional Development 5

*Meets related instruction requirements for professional/technical programs.

**MEDICAL TRANSCRIPTION CERTIFICATE**

**BTECH REQUIREMENTS (30 CREDITS)**

**BUSINESS REQUIREMENTS (13 CREDITS)**

- BUS 105 Business English I 3
- BUS 106 Business English II 3

**GENERAL REQUIREMENTS**

- HSCI 228 First Aid & CPR for the Health Care Professionals 2

*Valid First Aid/CPR card satisfies this requirement.

**OFFICE ASSISTANT: MEDICAL CERTIFICATE**

As the front-office person, the receptionist greets patients, screens telephone calls, schedules appointments and assists in records management and accounting. The medical receptionist works with a high degree of accuracy and a clear understanding of medical ethics, legality of medical reports and empathy for patients. The medical receptionist student prepares for employment by taking courses in medical terminology, medical forms, office procedures and word processing.

**BTECH REQUIREMENTS (42-43 CREDITS)**

**BUSINESS REQUIREMENTS (20 CREDITS)**

- BUS 103 Business English I 3
- BUS 106 Business English II 3
- BUS 240 Human Relations in the Workplace 3
- MNGT 130 Customer Relationship Management 5

**GENERAL REQUIREMENTS**

- HSCI 228 First Aid & CPR for the Health Care Professionals 2

*Valid First Aid/CPR card satisfies this requirement.

**OFFICE ASSISTANT: MEDICAL BILLING CERTIFICATE**

As the front-office person, the receptionist greets patients, screens telephone calls, schedules appointments and assists in records management and accounting. The medical receptionist works with a high degree of accuracy and a clear understanding of medical ethics, legality of medical reports and empathy for patients. The medical receptionist student prepares for employment by taking courses in medical terminology, medical forms, office procedures and word processing.

**BTECH REQUIREMENTS (42-43 CREDITS)**

**BUSINESS REQUIREMENTS (20 CREDITS)**

- BUS 103 Business English I 3
- BUS 106 Business English II 3
- BUS 240 Human Relations in the Workplace 3
- MNGT 130 Customer Relationship Management 5

**GENERAL REQUIREMENTS**

- HSCI 228 First Aid & CPR for the Health Care Professionals 2

*Valid First Aid/CPR card satisfies this requirement.
Business Management

See Business — Professional/Technical.

Chemistry University Transfer

Faculty: Megan Hess; Ted Wood (FS); Katherine Olsen (PY)
Degree: Associate of Arts (AA-DTA); AA – Option B

Chemistry is the study of the materials that make up the physical universe and the transformations that these materials can undergo. Career opportunities include teaching, research, chemical laboratory work, chemical engineering, quality control, Environmental monitoring and medicine. Many opportunities are available to those with associate degrees, particularly as chemical lab technicians, but most positions require a bachelor's or graduate degree.

Pierce College offers courses for students planning to transfer to four-year institutions, for those completing their associate degree, for those preparing for nursing, dental hygiene or veterinary technology programs, as well as for students who desire elective credits in natural science.

See Degree Outcomes on page 26.

Chemistry Transfer

This program does not necessarily qualify a student for an AA-DTA degree. General distribution requirements must be met for the AA-DTA degree. Students wishing to transfer to a four-year institution should discuss the Associate of Science degree (or the AA – Option B) with an advisor.

CHEM& 161 General Chemistry w/Lab I 5
CHEM& 162 General Chemistry w/Lab II 5
CHEM& 163 General Chemistry w/Lab III 5
CHEM& 261 Organic Chemistry w/Lab I 6
CHEM& 262 Organic Chemistry w/Lab II 6
CHEM& 263 Organic Chemistry w/Lab III 6
MATH& 151 Calculus I 5
MATH& 152 Calculus II 5
MATH& 153 Calculus III 5
MATH 205 Linear Algebra 5
MATH 224 Multivariate Calculus 5
MATH 238 Differential Equations 5
PHYS& 221 Engineering Physics I 5
PHYS& 222 Engineering Physics II 5
PHYS& 223 Engineering Physics III 5

For electives, a foreign language and CS& 131 are recommended.
Communication / Theatre/Film

Faculty:  Patrick Daugherty, Fred Metzger (FS); Nikki Poppen-Eagan (PY)
Degree:  Associate of Arts (AA-DTA)

Students interested in communications most frequently request a curriculum which will prepare them for work in the broadcast industry. Most four-year college broadcast programs offer emphasis in three general areas: business/management, “on-the-air” aspects and advertising. Speech majors also specialize in two other areas: Interpersonal Communications and Rhetoric & Public Address. Pierce College’s curriculum can provide a basic background to enable students to determine their preferred focus upon transferring to a senior institution.

Students planning to transfer are served best by completing a two-year AA-DTA degree at Pierce College. However, students should contact the transfer institution regarding specific course needs at that institution.

Pierce College also offers classes in American Sign Language, the natural mode of communication for millions of deaf Americans, and the third most common language in the United States. Students may take American Sign Language for either Speech or World Language credit.

See Degree Outcomes on page 26.

COMMUNICATION TRANSFER

The following courses are recommended, in addition to other courses required for the AA-DTA degree. See a Communication/Theatre/Film advisor for specifics.

- BUS& 101  Introduction to Business  5
- CMST& 102  Intro to Mass Media (formerly JOURN)  5
- CMST& 220  Public Speaking  5
- DRMA 160  Intro to Film and Video  5
- DRMA 170  Technical Film and Theatre  5
- GEOG  One course
- JOURN 102  Intro to Newswriting  5
- POLS  One course
- SOC  One course

INTERPERSONAL COMMUNICATION EMPHASIS

- ART  One course  5
- CMST& 101  Introduction to Communication  5
- CMST 210  New Media Presentation  5
- CMST& 220  Public Speaking  5
- ENGL 107  Composition – Writing About Literature  5
- HIST  One course  5
- MUSC  One course  5
- PHIL  One course  5
- POLS  One course  5
- PSYC& 100  General Psychology  5
- SOC  One course  5

See Degree Outcomes on page 26.

Computer Information Systems  UNIVERSITY TRANSFER

See also Digital Design.

Faculty:  Phil Sheridan (FL); Brian Martin, Samuel Scott (FS); Jim Hendricks (PY)
Degree:  Associate of Arts (AA-DTA)
See Degree Outcomes on page 26.

ASSOCIATE OF ARTS (AA-DTA)

Because requirements for transfer students vary greatly among four-year institutions, it is imperative that students contact their educational institution of choice regarding specific course needs and transferable credits. See a CIS advisor for assistance.
Computer Network Engineering  
**PROFESSIONAL/TECHNICAL**

**Faculty:**  Phil Sheridan (FL); Ciaran Bloomer, Jim Hendricks (PY)  
**Degree:**  Associate in Computer Network Engineering  
**Certificate:**  Certificate in Computer Systems Administration

The Computer Network Engineering program, offered at Pierce College’s Puyallup and Fort Lewis sites, deals with computer and network installation and support. The course of study provides training and hands-on experience with microprocessors, operating systems, hardware/software troubleshooting, and a full range of network administration/design/installation/support activities.

This is a professional/technical program, based upon current industry standards developed by Microsoft and the Computing Technology Industry Association (CompTIA). Students will be provided a foundation leading to industrial certification.

Potential employment opportunities upon completion of the program are with companies that use or service networked computer systems.

Student Learning Outcomes available at:  
[www.pierce.ctc.edu/dept/cne/outcomes](http://www.pierce.ctc.edu/dept/cne/outcomes)

Construction Management  
**PROFESSIONAL/TECHNICAL**

**Faculty:**  Jon Grote (FS)  
**Degrees:**  Associate in Construction Management  
**Certificate:**  Construction Management, Construction Safety Technician

Responding to a critical workforce shortage in the building industry, Pierce College now offers an associate’s degree in Construction Management. The program prepares graduates as construction supervisors, foremen and project managers. The program also offers a certificate in construction option that can be completed within one year.

To meet the needs of working adults, courses are offered evenings, weekends and online. The curriculum combines general education requirements in communications, computation and business with core courses in construction materials and methods, construction documents, blueprint reading, estimating, project management and building codes.

Student Learning Outcomes available at:  
[www.pierce.ctc.edu/dept/constmngt/outcomes](http://www.pierce.ctc.edu/dept/constmngt/outcomes)

**CRIMINAL JUSTICE**

**PROFESSIONAL/TECHNICAL AND UNIVERSITY TRANSFER**

**Faculty:** Teresa Carlo, Bobi Foster-Grahler, Pat Love (FS)

**Degrees:** Associate in Criminal Justice

**Certificates:** Corrections/Protection Officer & Correctional Careers
- Criminal Justice
- Forensic Technician
- Explorer/Cadet Pre-Law Enforcement
- Reserve Pre-Law Enforcement
- Law Enforcement Officer

The Associate in Criminal Justice program is designed to provide a solid grounding in basic skills essential to success in both academic work and criminal justice occupations. The criminal justice system provides employment opportunities in a variety of public agencies at all levels of government, as well as in private agencies. A mandatory work-based learning (internship) experience connects criminal justice theory and practice.
A student who plans to transfer to a specific four-year school should check with that school to determine specific transfer requirements. Students wanting to obtain an AA-DTA degree must fulfill all Associate of Arts degree requirements, which are aligned within the Associate in Criminal Justice. See AA-DTA degree brochure for details.

See Degree Outcomes on page 26.

See Certificate Outcomes for individual professional/technical degrees and certificates available at: www.pierce.ctc.edu/dist/proftech/list

ASSOCIATE IN CRIMINAL JUSTICE (FS ONLY)

Students must earn a minimum of a 2.0 in each criminal justice course in order to obtain an Associate in Criminal Justice. Students wanting to obtain an AA-DTA degree while completing their Associate in Criminal Justice must earn a minimum cumulative GPA of 2.0 and earn a minimum of a 1.5 GPA in all core requirements and core electives.

GENERAL REQUIREMENTS (22 CREDITS)

College-level reading skills, as determined by placement test, are required (or READ 101).

INFO 101 Research Essentials 2
CMST& 220 Public Speaking (or CMST& 101) 5
* ENGL 101 English Composition I 5
* ENGL 103 Composition – Argumentation & Research 5
* MATH& 107 Math in Society (or MATH& 146E) 5

HUMANITIES (10 CREDITS)

PHIL 150 Intro to Ethics 5
Elective (Journalism, Foreign Language ++ or a course requiring a paper++) 5

NATURAL SCIENCE (15 CREDITS)

BIOL 118 Hum Anatomy and Physiology for Non-Sci Majrs 5
(Human Anatomy & Physiology or another biology course++) 5
HSCI 210 Wellness 5
+ Elective (Course other than biology or health science 5 that meets the AA-DTA distribution requirement)

SOCIAL SCIENCE (15 CREDITS)

POLS& 202 American Government (or POLS 230) 5
* PSYC& 100 General Psychology 5
SOC& 101 Intro to Sociology 5

CRIMINAL JUSTICE REQUIREMENTS (32 CREDITS)

CJ 103 Criminal Justice Introduction to ACJ 1
CJ 112 Criminal Justice in America 5
CJ 140 Corrections in America 5
CJ 150 Police in America 5
CJ 200 Crime and Justice: The Issues (prereq: ENGL& 101) 5
CJ 202 Concepts of Criminal Justice 5
CJ 252 Criminal Justice Work-Based Learning 5
CJ 280 Criminal Justice Culminating Project 1

ELECTIVES (10 CREDITS)

Criminal Justice Electives 10

Total Credits Required 104

* Meets related instruction requirements for professional/technical programs.
* Requires Criminal Justice Advisor approval.
++ Students planning to transfer to a four-year institution who lack two years of high school study of a single foreign language should take one quarter of foreign language as a Humanities elective. Four-year institutions may require 3 quarters.
* MATH& 146 is recommended for students transferring to a four-year institution.
* SOCAD students may substitute 5 additional criminal justice elective credits upon Criminal Justice Advisor approval.

NOTE: Students should be aware that certain criminal behavior may prohibit their employment opportunities in many criminal justice occupations. Students are encouraged to research these situations and consult with a criminal justice advisor.

CERTIFICATE IN CRIMINAL JUSTICE (FS ONLY)

Pierce College offers the certificate in Criminal Justice forensic Technology at the Fort Steilacoom campus. This certificate is designed to provide students with basic skills needed to succeed in the corrections field that will apply to any correctional work setting (federal, state, county, city and private).

Courses include the learning process, dealing with difficult behavior and change, leadership, cross-cultural communications, understanding behavior, decision making, correctional theory and practice and much more. Students are prepared for work as well as multiple types of testing, including video, written and physical fitness tests and interviewing. Finally, students will perform a 175-hour internship at a local correctional facility where they will apply the skills and theories they learned.

The course is a great stepping stone to further education as all twenty credits transfer directly to the Associate in Criminal Justice degree as well as the Associate of Arts degree.

CORRECTIONS/PROTECTION OFFICER/CAREERS IN CORRECTIONS CERTIFICATE (FS)

COURSE REQUIREMENTS (20 CREDITS)

Students must earn a minimum of a 2.0 in each course listed in order to obtain the certificate.

CJ 130 Criminal Justice Operational Skills 5
CJ 140 Corrections in America 5
CJ 223B Special Topics — Criminal Justice 5
CJ 252 Criminal Justice Work-Based Learning 5

Total Credits Required 20

Program prerequisite: Instructor permission. Students must complete and pass a criminal history background investigation.

NOTE: Students should be aware that certain criminal behavior may prohibit their employment opportunities in many criminal justice occupations. Students are encouraged to research these situations and consult with a criminal justice advisor.

FORENSIC TECHNOLOGY

Pierce College offers the certificate in Criminal Justice forensic Technology at the Fort Steilacoom campus and at the military sites. This certificate is designed to provide students with basic skills in crime scene preservation and courtroom testimony. Employment will depend upon, at a minimum, the successful completion of a two-year degree and other experience in the law enforcement field. Students wishing to obtain careers in Forensic Science will need to major in science and use this certificate to enhance their qualifications. Forensic scientists require a minimum of a four-year science degree for employment.
FORENSIC TECHNICIAN CERTIFICATE (FS ONLY)

**COURSE REQUIREMENTS (44 CREDITS)**

Students must earn a minimum of a 2.0 in each course listed below in order to obtain the certificate.

* BIO160 General Biology w/lab 5
* CHEM 110 Chemical Concepts w/lab 5
* INFO 101 Research Essentials 2
* CJ 103 Criminal Justice Introduction to ACJ 1
* CJ 112 Criminal Justice in America 5
* CJ 150 Policing in America 5
* CJ 205 Investigative Technology 5
* CJ 245 Intro to Investigation and Evidence 5
* CJ 280 Criminal Justice Culpating Project 1
* MATH 142 Precalculus II 5
* PHYS 121 General Physics 1 5

Total Credits Required 44

*Prerequisite required.

**NOTE:** Students should be aware that certain criminal behavior may prohibit their employment opportunities in many criminal justice occupations. Students are encouraged to research these situations and consult with a criminal justice advisor.

---

**Law Enforcement**

CERTIFICATE FOR EXPLORER/CADET PRE-LAW ENFORCEMENT (FS ONLY)

This certificate provides students with an overview of skills needed to perform the duties of a volunteer in law enforcement. It also is an overview of the criminal justice system and major skills needed to succeed in law enforcement including written, oral and multicultural communications and practical application of knowledge and skills. Students are current or former law enforcement explorer or cadet.

Student must earn a minimum of a 2.0 in each criminal justice course to obtain this certificate. Students wanting to obtain an AA while completing their Associate in Criminal Justice must earn a minimum GPA of 2.0 and earn a minimum of a 1.5 GPA in all core requirements and core electives.

**COURSE REQUIREMENTS (39 CREDITS)**

| INFO 101 Research Essentials | 2 |
| CJ 103 Criminal Justice Introduction to ACJ | 1 |
| CJ 112 Criminal Justice in America | 5 |
| CJ 150 Policing in America | 5 |
| CJ 200 Crime and Justice: The Issues (prereq: ENGL 101) | 5 |

Dental Hygiene  PROFESSIONAL/TECHNICAL

Degree: Associate in Dental Hygiene

The need for Registered Dental Hygienists (RDH) continues to grow within Washington State, nationwide, as well as world wide. Dental hygiene professionals dedicate their careers to the prevention and treatment of specific oral diseases while working as oral health educators and clinicians. The profession attracts individuals interested in a licensed health profession that provides direct services to patients while working in various practice settings. Dental hygienists become eligible for licensure through successful program completion from an accredited* professional dental hygiene program and by passing all licensing examinations. Pierce College’s Dental Hygiene program enables students to take both written and practical examinations for licensure in this jurisdiction and in other jurisdictions within the United States (US).

Acceptance into our program occurs only in fall quarter each year. Application submittal for consideration of acceptance occurs in January each year. We accept 20 entering students each fall at the Fort Steilacoom campus and 5 students every other year in fall at the *Port Angeles satellite campus. Applicants to the program must meet the general entrance requirements to US dental schools where courses and credit is applied. Additionally, Eastern Washington University offers a Bachelor of Science in Dental Hygiene through their expanded Dental Hygiene Degree program, located at the Pierce College Fort Steilacoom campus.

The curriculum design provides the working dental hygienist with courses offered in the evenings and Saturdays and may be completed in two years post-licensure part-time or in one year post-licensure full-time. (The one-year option is dependent on enrollment numbers.) Acceptance into this program is dependent on previous academic courses at an accredited dental hygiene program and current licensure.

Please contact Monica L. Hospenthal, RDH, M.Ed, EWU co-director at (253) 912-3642 for applicant materials or e-mail at mhospenthal@ewu.edu for more information. You may also visit the website: http://cshe.cslabs.ewu.edu/dept/DM/x6780.html.

The Pierce College Dental Hygiene Program is fully accredited by the Commission on Dental Accreditation of the American Dental Association, a specialized accrediting body recognized by the U.S. Dept. of Education.

*The satellite dental hygiene campus in Port Angeles, WA, accepts 5 students every other fall quarter. However, this arrangement is subject to change and is evaluated for continuation on a yearly basis.

Student Learning Outcomes available at: www.pierce.ctc.edu/dept/denthyg/site/.

Total Pre-Dental Hygiene Credits 62

ASSOCIATE IN DENTAL HYGIENE: APPLICATION SUMMARY** (FS ONLY)

Formal application to the Dental Hygiene Program must be made to the Admissions Office at the Fort Steilacoom campus by completing a Dental Hygiene Application (please refer to our website to download the application at: http://www.pierce.ctc.edu/dept/denthyg/site/ ) and paying the $40*** non-refundable application fee. Because of the special admission requirements, applications for admission submitted via the Web are not accepted. As of this publication, the deadline for submitting the application is the fourth Friday in January preceding the fall quarter in which you expect to enter the program. It is the applicant’s responsibility to see that his/her file is accurate, complete and up-to-date. All pre-dental hygiene courses must be complete by the end of spring quarter in the year of entrance for the following fall quarter. Other deadlines are published each year on our website. A minimum 2.5 GPA in each pre-dental hygiene course (computer courses need only a 2.0 GPA passing grade) must be earned as well as a cumulative 3.3 GPA for all pre-dental hygiene courses (the cumulative GPA excludes the computer courses).

Minimum pre-dental Hygiene course completion for eligibility to make application to our program in January:

ENGL 103, CHEM & 121, three other sciences and/or math and one non-science course must be completed for application by the end of fall quarter prior to the year of application. All pre-dental hygiene courses must be completed by spring quarter in the year of entrance for the following fall quarter.

The applicant must submit the following documentation for initial application:

1. Pierce College Admissions Form
2. Proof of Payment Form
3. Dental Hygiene Application & Checklist
4. Education Course Plan Form

PRE-DENTAL HYGIENE COURSES (FS ONLY)

Note: Most pre-dental hygiene courses require prerequisite courses prior to enrollment. These prerequisite courses vary from college to college and are not listed below; therefore, completion of the pre-dental hygiene courses may take longer than one year.

- BIOL & 241 Biology, Human Anatomy and Physiology w/lab 1 6
- BIOL & 242 Biology, Human Anatomy and Physiology w/lab 2 6
- BIOL & 260 Microbiology 5
- CHEM & 121 Intro to Chemistry 5
- CHEM & 131 Intro to Organic/Biochemistry 6
- CMST & 101 Intro to Communication 5
- ENGL 103 Composition-Argumentation and Research 5
- MATH & 107 Math in Society 5
- NUTR & 101 Nutrition 5
- PSYC & 100 General Psychology 5
- SOC & 101 Introduction of Sociology 5

Computer proficiency will be required. Current required Pierce College courses include:

- INFO 100 1
- BTTECH 200A 1
- BTTECH 200B 1
- BTTECH 225A 1

The computer courses must be passed with a 2.0 GPA and are subject to change. Please visit our website for most current information regarding the requirement to show computer proficiency at: http://www.pierce.ctc.edu/dept/denthyg/site/.
6. Computer Proficiency Form
7. Extracurricular Form
NOTE: Students who have not completed all pre-dental hygiene courses by the application date must submit proof of registration for the remaining courses and send the official transcripts for both winter and spring quarter by the dates published on the dental hygiene website. **Please visit the Dental Hygiene Department website at: http://ww.pierce.ctc.edu/dept/denthyg/site/ for the most current application process, curriculum, costs, etc.**

**EVALUATION OF CANDIDATES**
Six separate categories create the basis for admission to the Dental Hygiene Program.

- **35%** Science, Math and English GPA
- **10%** Non-science GPA
- **20%** Health Science Reasoning Test score
- **10%** Extracurricular activities
- **15%** Space Relations score
- **10%** Writing sample score

Academic achievement/records, extracurricular activities and various exams as required provide the basis for acceptance into the Dental Hygiene Program. Applicants with the highest total scores will be selected and notified via letter mailed to them on the fourth Friday in April each year. The number of students accepted is limited by the physical and financial resources of the college or when placement into the profession is no longer possible.

REQUIREMENTS AFTER ACCEPTANCE
1. Advance tuition deposit paid by the deadline as requested to show proof of intended enrollment. Failure to do so by the deadline will result in your offer of acceptance being rescinded.
2. Physical examination
3. Tuberculin test or chest x-ray and tetanus shot
4. Eye examination
5. Vaccination for Hepatitis B and current on CDC standard immunizations for the health care worker
6. Dental examination with most dental work completed

If accepted, the applicant will enter the two-year, seven consecutive quarter program leading to an Associate in Dental Hygiene. Information on estimated cost, including books, instruments, equipment, lab fees, uniforms, etc., is published on our website.

**FIRST YEAR**

**Fall Quarter**
- DHYG 102 Dental Imaging I
- DHYG 103 Preventive Dentistry I
- DHYG 104 Biological Structures I
- DHYG 106 Medical Emergencies in Dental Practice I
- DHYG 107 Fundamentals of Restorative Dentistry I
- DHYG 108 Fundamentals of Dental Hygiene I
- DHYG 109 Dental Hygiene Practice I

**Winter Quarter**
- DHYG 111 Intro to Periodontology I
- DHYG 112 Dental Imaging II
- DHYG 113 Preventive Dentistry II
- DHYG 114 Biological Structures II
- DHYG 115 General Pathology

**Diagnostic Health & Fitness Technician/Instructor**

**PROFESSIONAL/TECHNICAL**

Faculty: Steve Crain (FS), Lisa Murray (FS)
Degree: Associate in Diagnostic Health & Fitness Technician/Instructor (Personal Trainer)
Certificate: Diagnostic Health & Fitness Technician/Instructor Certificate (Personal Trainer)

The field of health and fitness personal training is a rapidly growing occupation for individuals who desire a career in a health profession. Consequently, highly-qualified health and fitness technicians and instructors are in demand within the health industry. Pierce College’s Diagnostic Health and Fitness Technician/Instructor (DHFT) program provides a comprehensive curriculum for a Diagnostic Health and Fitness Technician/Instructor certificate.

The DHFT program provides the knowledge and skills in management, administration, training and supervision of entry-level personnel. The DHFT is skilled in conducting risk stratification, health assessments (including open-circuit indirect calorimetry – SubMax and Max VO2, RMR, Anaerobic Threshold and hydrostatic weighing), and physical fitness assessments, as well as in interpreting results, constructing appropriate exercise prescriptions and motivating healthy individuals with medically controlled diseases to adopt and maintain healthy lifestyle behaviors.

A DHFT certification combined with Commission on Accreditation of Allied Health Education Programs (CAAHEP) provides an excellent foundation for a variety of health-related careers in personal fitness training, nursing, occupational therapy, physical education, exercise science, kinesiology, athletic training, physiology, sports, management, biol-
ogy, exercise physiology, human performance, health science, recreation management/science, nutrition, community health, public health and health promotion. Further education and/or certification may be required.

Digital Design PROFESSIONAL/TECHNICAL

Faculty: Brian Martin (FS)
Degree: Associate in Digital Design
Web site: www.pierce.ctc.edu/digdesign

Students interested in the digital design emphasis will learn to produce graphic materials and web pages using the most current computer digital design software. In addition to solid computer skills, students in this emphasis develop a strong command of layout techniques and gain experience working under deadline pressure. Graduates are qualified to seek entry-level positions as graphic and web page designers, magazine artists, computer illustrators, computer 2D/3D animators, digital imaging specialists, and multimedia authoring/programmer specialists. More information can be found on the Digital Design website at: www.pierce.ctc.edu/digdesign.

Student Learning Outcomes available at: www.pierce.ctc.edu/dept/digdesign/outcomes

■ ASSOCIATE IN DIGITAL DESIGN (FS ONLY)

DIGITAL DESIGN REQUIREMENTS (76 CREDITS)

ART 101 Basic Design, Beginning 5
CS 121 Intro to Computer Information Systems 5
DDSGN 110 Intro to Graphic Design and Rich Media 5
DDSGN 120 Production Management 3
DDSGN 121 Layout Design and Publishing 3
DDSGN 130 Graphic Design II 5
DDSGN 140 Fundamentals of 3D Modeling and Animation 5

DDSGN 210 Fundamentals of Multimedia Authoring Systems 5
DDSGN 220 Integrated Digital Design I 5
DDSGN 230 Integrated Digital Design II 5
DDSGN 290 Supervised Internship 5

Select two from the following: 10

ART& 100 Art Appreciation (5) or
ART 105 Intro to Art (5)
ART 111 Drawing, Beginning (5)
ART 201 Painting, Beginning (5)
DDSGN 141 Advanced 3D Modeling and Animation (5)
DDSGN 161 Advanced Photoshop (5)
DDSGN 211 Animation for the Web with Adobe Flash (5)
RELATeD INSTRUCTION (20 CREDITS)

- BUS 107 Business Mathematics 5
- BUS 240 Human Relations in the Workplace 5
- CMST& 220 Public Speaking 5

Select one:
- ENGL& 235 Technical Writing 5
- JOURN 102 Intro to News Writing 5

Total Credits Required 20

Students entering the program should be able to type at least 35 wpm.

Students looking to transfer to a four-year school must take ENGL 101 as well as other requirements dependent on the four-year institution (for example, take MATH& 107 instead of BUS 107.) See advisor for details.

*Prerequisites required.

Drama UNIVERSITY TRANSFER

Faculty:  Patrick Daugherty, Fred Metzger (FS)

The Theatre/Digital Film curriculum is designed to give majors a thorough exposure to all aspects of the theatre arts and digital video. The department's philosophy is to offer a sequential program emphasizing "back stage" as well as "on stage" skills, integrated with digital video experience. Transfer students from the theatre program do well in a university setting because of the broad general education they receive at Pierce College.

Digital film production at Pierce College Theatre is an excellent opportunity to collaborate with fellow theatre/film students, other departments, the campus community and the greater Pierce County area. Digital film production/technical theatre students collaborate across the curriculum. Students in acting classes are captured on digital videos produced by the digital film-making classes. Digital film production/technical theatre students help the digital film crews as production crews for the films. English students write the films' scripts. Film subjects include campus and community life, from dental hygiene to oceanography and basketball to early childhood education. Films that focus on community awareness and needs are particularly encouraged.

Live theatre is a vital part of the Pierce College Theatre experience. The college presents at least one major production each fall, winter and spring quarter. Auditions are open to anyone who wants to reap the benefits of educational theatre. Cast and crew have the opportunity to work with highly trained directors and designers with full backstage support. Pierce College Theatre stages plays that are artistically challenging for technicians and actors, as well as exciting for audiences. Students and volunteers can participate in every aspect of the production: acting, set design and construction, promotion, wardrobe, makeup, props, stage management, lighting, sound and special effects.

See Degree Outcomes on page 26.

RECOMMENDED COURSES

The following courses should be taken in addition to the courses required for the AA-DTA degree. Be sure to see a Theatre advisor for more specific information.

Acting Emphasis:
- ANTH& 100 Survey of Anthropology 5
- ART 105 Intro to Art 5
- CMST& 101 Intro to Communication 5
- CMST& 220 Public Speaking 5
- DRMA& 101 Intro to Theatre 5
- DRMA 160 Intro to Film and Video 5
- DRMA 165-167 Digital Moving Making I-III 5 ea
- DRMA 260-262 Acting for Stage and Digital Film I-III 5 ea
- DRMA 280-283 Theatre Production Practicum 4
- ENGL 107 Composition – Writing About Literature 5
- ENGL& 220 Intro to Shakespeare 5
- MUSC Any lecture course 5
- PSYC& 100 General Psychology 5
- SOC& 101 Intro to Sociology 5

Technical Theatre Emphasis:
- ANTH& 100 Survey of Anthropology 5
- ART 105 Intro to Art 5
- CMST& 101 Intro to Communication 5
- CMST& 102 Intro to Mass Media 5
- DRMA& 101 Intro to the Theatre 5
- DRMA 160 Intro to Film and Video 5
- DRMA 165-167 Digital Moving Making I-III 5 ea
- DRMA 170-172 Technical Film/Theatre I-III 5 ea
- DRMA 280-285 Theatre Production Practicum 4
- MUSC 107-108 Audio Production I-II 2.5 ea
- PSYC& 100 General Psychology 5
- SOC& 101 Intro to Sociology 5

105 Credit Option:
Take all of the Technical Theatre emphasis above and take DRMA 260, 261, 262 during second year. See Theater advisor for critical planning.

FILMMAKING Emphasis:
- ANTH& 100 Survey of Anthropology 5
- ART 107-109 Photography (Beginning/Interm/Adv) 5 ea
- CMST& 102 Intro to Mass Media 5
- DRMA 160 Intro to Film and Video 5
- DRMA 165-167 Digital Movie Making I-II 3 ea
- DRMA 170-172 Technical Film/Theatre I-III 5 ea
- DRMA 280-285 Theater Production Practicum 3
- ENGL 107 Composition – Writing About Literature 5
- ENGL& 236-238 Creative Writing I-II 5 ea
- MUSC 107-108 Audio Production I-II 2.5 ea
- PSYC& 100 General Psychology 5
- SOC& 101 Intro to Sociology 5

Additional Theatre courses:
- DRMA 255 Shakespeare Festival

Early Childhood Education

PROFESSIONAL/TECHNICAL & UNIVERSITY TRANSFER

Also see Elementary Education and Paraeducation.

Faculty:  Greg Brazell, Judy DeJardin, Krissy Kim (FS)

Degrees:  Associate in Early Childhood Education
Associate of Arts (AA-DTA) with Electives in ECE Associate in Early Childhood Education and Associate of Arts (AA-DTA) (double degree)

Certificate:  Early Childhood Education

Early childhood education courses are concerned with the growth and development of the young child, including physical, cognitive, emotional and social areas of development. The ECE program emphasizes a developmentally appropriate curriculum and positive guidance techniques for teachers and parents.

The ECE degree programs prepare individuals to work with young children (birth through age eight) as employees in child care centers, child care homes, cooperative and private nursery schools or preschools, Head Start centers, Early Childhood Education Assistance Programs, and in programs for children with special needs.
The curriculum may also be applicable as an endorsement in Early Childhood Education to students seeking a Bachelor of Arts in Education degree in Elementary Education (Kindergarten-third grade). Other related fields with four-year transfer potential are special education, child studies, social work, parent education, child and family counseling, child psychology and Lifespan Psychology.

An I-BEST program is offered in a two-quarter day or night cohort with intensive academic support for Levels 5 and 6 English as a Second Language (ESL) students and Levels 3-6 Adult Basic Education (ABE) and GED students to successfully complete the Certificate in Early Childhood Education. The training is part of a longer pathway leading to completion of an associate’s degree in Early Childhood Education.

See Degree Outcomes on page 26.

See Certificate Outcomes for individual professional/technical degrees and certificates available at: www.pierce.ctc.edu/dept/ece/outcomes

**GENERAL EDUCATION REQUIREMENTS**

**Communications (10 credits)**

- ENGL& 101 English Composition I 5
- ENGL 103 Composition – Argumentation and Research 5
- ENGL 107 Composition – Writing about Literature 5

**Humanities (5 credits)**

- CMST& 101 Intro to Communication 5
- ENGL 103 Composition – Argumentation and Research 5
- ENGL 107 Composition – Writing about Literature 5

**Natural Science (5 credits)**

- CMST& 101 Intro to Communication 5
- ENGL 103 Composition – Argumentation and Research 5
- ENGL 107 Composition – Writing about Literature 5

**Social Science (15 credits)**

- PSYC& 100 General Psychology 5
- PSYC& 200 Lifespan Psychology 5
- Choose from: ANTH& 106 or 206 or SOC& 101 or SOC 211 5

**Computational Skills (5 credits)**

- ECE 161 Mathematics for Early Childhood Education 5

- Communication and Technology for the Quantitative/Symbolic Reasoning requirement for the AA degree is also recommended.

**Total Credits Required** 97

*Meets related instruction requirements for professional/technical programs.

**ASSOCIATE OF ARTS (AA-DTA) & ASSOCIATE IN EARLY CHILDHOOD EDUCATION**

Please note: Students must fulfill all Associate of Arts (AA-DTA) degree requirements. See ACADEMIC POLICIES section for complete details.

**EARLY CHILDHOOD EDUCATION REQUIREMENTS (57 CREDITS)**

**GENERAL EDUCATION REQUIREMENTS (60 CREDITS)**

**Communications (10 credits)**

- ENGL& 101 English Composition I 5
- ENGL 103 Composition – Argumentation and Research 5
- ENGL 107 Composition – Writing about Literature 5

**Humanities (15 credits)**

- CMST& 101 Intro to Communication 5
- ENGL 103 Composition – Argumentation and Research 5
- ENGL 107 Composition – Writing about Literature 5

**Natural Science (15 credits)**

- ENGL 101 English Composition I 5
- ENGL 103 Composition – Argumentation and Research 5
- ENGL 107 Composition – Writing about Literature 5

**Total Credits Required** 90

*Courses which satisfy general education requirements for AA degree.
Total credits required: 117

**Math & Quantitative Skills (5 credits)**

- * Choose from:
  - ANTH& 106 or SOC& 101 or 211

**Communication Skills (10 credits)**

- ENGL& 101 (English Composition I) (required)
- ENGL 103 (Composition – Argumentation and Research)
- ENGL 107 (Composition – Writing about Literature)

**Programs of Study**

### Social Science (15 credits)

Select from at least 3 disciplines; ECE 111 satisfies one discipline requirement.

- PSYC& 100 General Psychology
- PSYC& 200 Lifespan Psychology
- Choose from: ANTH& 106 or SOC& 101 or 211

**Quantitative Skills (5 credits)**

- *See GER Distribution List
- MATH & 171 recommended

Total Credits Required: 117

* Courses which satisfy general education requirements for AA-DTA degree.

### Earth & Space Sciences

See Astronomy, Atmospheric Science, Geology, and Oceanography.

### Economics UNIVERSITY TRANSFER

**Faculty:** Tom Phelps, Blake Sorem (FS); Stephen Jones (PY)

**Degree:** Associate of Arts (AA-DTA)

Generally speaking, economics is the science of choice. Microeconomics is the science of individual choice; macroeconomics is the science of aggregate (collective) choice. More specifically, economics is the study of how people establish social arrangements for producing and distributing goods and services to sustain and enhance human life. Its main objective is to determine a wise use of limited economic resources so that people receive the maximum benefit at the lowest cost.

The economics discipline embraces a body of techniques and conceptual tools that are useful for understanding and analyzing any social arrangement, in particular a variety of complex economic systems. Career avenues for graduates are numerous, since their understanding of the economy and their problem-solving and critical thinking skills are applicable to a wide range of activities in business and/or government.

See Degree Outcomes on page 26.

### Education UNIVERSITY TRANSFER

**Faculty:** Greg Brazell, Judy Delardin, Krissy Kim (FS)

**Degree:** Associate in Elementary Education (DTA/MRP)

By providing an introduction to teaching, as well as a variety of classroom experiences, the Education department offers students a unique perspective into various educational pathways. This blend of academic and classroom experiences — from preschool to post-secondary — is designed to give future educators a firm foundation to begin a career in education. Career preparation focus areas include the following:

- **Elementary and secondary education:** Courses offered within this focus meet the lower division requirements of Washington State four-year institutions to which the student plans to transfer. Courses offered within this department meet the Associate of Arts (AA) or Associate of Science (AS) degree requirements. Students are encouraged to work closely with a faculty advisor in selecting, planning and completing educational goals. It is also highly recommended that students coordinate with the institution to which they intend to transfer.

- **Early Childhood Education:** The Early Childhood Education program features an associate's degree in early childhood education and an Associate of Arts with electives in early childhood education, which is transferable to four-year state and private institutions. Graduates may transfer into a variety of disciplines including early childhood education, special education, early childhood education, child psychology, speech pathology, family and consumer science education and social services.

### COA Requirements

- Minimum of 90 quarter hours of transferable credit.
- College cumulative grade point average of at least 2.0 is required.
- ENGL& 101 (English Composition I) is required.
- Minimum of 25 of last 45 credits must be earned at Pierce College.
- 2.0 (C) grade or better for all requirements is required unless prerequisites state otherwise.
- "Pass" (P) grades may be used for General Elective credits only.
- Independent Study may be used only for General Elective credits.
- Cooperative work experience/work-based learning credits may be applied to the General Elective or Other area only.
- Once a course has been successfully completed, credits obtained may be used only once, even if a course is listed in more than one category.

### Core Requirements

Courses should be selected from the lists prescribed on this degree sheet only.

- Communication Skills (CM) (10 credit minimum)
  - Must include ENGL& 101
  - Math/Quantitative Skills (QS) (13-15 credit minimum)
  - Prereq: MATH 095 or MATH 098 with grade of 2.0 or better or placement out of MATH 098. Math courses must have focus on development of math concepts related to elementary education curriculum.
  - Humanities (HM) (15 credit minimum)

- Social Sciences (SS) (25 credit minimum)

- Natural Sciences (NS) (15 credit minimum)

- Other (11-15 credit minimum)
  - Elective (5 credits)

### Course Requirements

General Electives (5 quarter credits)  
Recommend – ANTH & 106, 206, 210, 240, ENGL 266, HUM 106, SOC 220 or computer class to meet cultural/gender and computer literacy requirements.  

Total Credits Required 90-105

Notes  
1. Students completing this degree will receive the same priority consideration for admission to the baccalaureate institution as they would for completing the direct transfer associate’s degree and will be given junior status by the receiving institution.  
2. Courses in Humanities/Social Science must come from the current ICRC distribution list in order to count as General Education or General University Requirements (GERs/GURs) at the receiving institution. Additional general educational requirements, cultural diversity requirements, and foreign language requirements, as required by the transfer institution, must be met prior to the completion of a baccalaureate degree.  
3. Students are responsible for checking specific major requirements of baccalaureate institutions in the year prior to transferring.  
4. Students must take the WEST-B exam in order to apply to teacher prep programs.

ASSOCIATE IN BIOLOGY EDUCATION (AS-T)  
(AS-T degree for future secondary biology teachers)  

GENERAL DEGREE REQUIREMENTS  
- Minimum of 90 quarter hours of transferable credit.  
- College cumulative GPA of at least 2.0 is required.  
- ENGL 101 (English Composition I) is required.  
- Minimum of 25 of last 45 credits must be earned at Pierce College.  
- 1.5 grade (C-) or better for all requirements is required unless prerequisites state otherwise.  
- “Pass” (P) grades may be used for General Elective credits only.  
- Independent Study may be used only for General Elective credits.  
- Cooperative work experience/work-based learning credits may be applied to the General Elective area only.  
- Once a course has been successfully completed, credits obtained may be used only once, even if a course is listed in more than one category.
A. BASIC REQUIREMENTS (20 CREDITS)
   • Communication Skills (10 credits). Must include ENGL& 101.
   • Mathematics — 10 credits of calculus.

B. DISTRIBUTION REQUIREMENTS (65 CREDITS MINIMUM)
   • Humanities (HM) and Social Science (SS) (15 credit minimum)
     15 credits of Humanities and Social Science with at least five credits
     taken from each. Three different subjects required. No more than five
     credits from performance/skills courses allowed. Credits must be GER
     approved as designated on the Pierce College AA degree.
   • Science Pre-Major Requirements (53-68 credit minimum)
     Chemistry for science majors sequence (15 credits); Statistics; Biology
     for science majors sequence (15 credits); additional science major
     sequence course series (10-15 credits).

C. EDUCATION REQUIREMENTS (6-10 CREDITS)
   Introduction to Education and Education Field Experience required.

D. GENERAL ELECTIVES
   Additional college-level courses so that total earned is at least 90
   credits. May include prerequisites for major courses (e.g., precalcu-
   lus), additional major coursework, or specific general education or
   other university requirements, as approved by the advisor. PSYC&
   200 strongly recommended.

COURSE REQUIREMENTS

1. Communication Skills (10 credits)
   ENGL& 101 English Composition I (required) 5
   Select one:
   ENGL 103 Composition – Argumentation and Research 5
   ENGL 107 Composition – Writing about Literature 5

2. Mathematics (10 credits)
   Prerequisites required:
   MATH& 151 Analytical Geometry and Calculus I 5
   MATH& 152 Analytical Geometry and Calculus II 5

3. Humanities & Social Science (15 credits minimum)
   CMST& 220 Public Speaking 5
   PSYC& 100 General Psychology 5
   Multicultural elective by advisement 5

4. Specific Pre-Major Requirements (53-68 credits)
   BIOC& 211-213 Majors: Cellular/Animal/Plant 15
   CHEM& 161-163 General Chemistry w/lab I-III 15
   CHEM& 261-263 Organic Chemistry w/lab I-III 18
   CMST& 146 Intro to Statistics 5
   Select one:
   * PHYS& 121-123 General Physics I-III 15
   * PHYS& 221-223 Engineering Physics I-III 15

5. Education Requirements (6-10 credits)
   EDUC 190 Education Practicum 1-5
   EDUC& 202 Intro to Education 5
   General Electives (0-5 quarter credits)
   PSYC& 200 Lifespan Psychology strongly recommended.

Additional college-level courses so that total earned is at least 90
credits. May include prerequisites for major courses (e.g., precalculus),
additional major coursework, or specific general education or other
university requirements, as approved by the advisor.

Total Credits Required 90-113

*Optional. Some baccalaureate institutions require physics. Students should check major
requirements with the four-year institution prior to program planning.

Notes
1. Students completing this degree will receive the same priority consideration for admis-
sion to the baccalaureate institution as they would for completing the direct transfer
associate’s degree and will be given junior status by the receiving institution.
2. Courses in Humanities/Social Science must come from the current ICRC distribution list
in order to count as General Education or General University Requirements (GERs/GURs).

ASSOCIATE IN CHEMISTRY EDUCATION (AS-T)

(A.S.-T. degree for future secondary chemistry teachers)

GENERAL DEGREE REQUIREMENTS
   • Minimum of 90 quarter hours of transferable credit.
   • College cumulative GPA of at least 2.0 is required.
   • ENGL& 101 (English Composition I) is required.
   • Minimum of 25 of last 45 credits must be earned at Pierce College.
   • 1.5 grade (C-) or better for all requirements is required unless prereq-
   usites state otherwise.
   • “Pass” (P) grades may be used for General Elective credits only.
   • Independent Study may be used only for General Elective credits.
   • Cooperative work experience/work-based learning credits may be
     applied to the General Elective area only.
   • Once a course has been successfully completed, credits obtained
     may be used only once, even if a course is listed in more than one
     category.

A. BASIC REQUIREMENTS (20 CREDITS)
   • Communication Skills (10 credits). Must include ENGL& 101.
   • Mathematics — 10 credits of calculus

B. DISTRIBUTION REQUIREMENTS (65 CREDITS MINIMUM)
   • Humanities (HM) and Social Science (SS) (15 credit minimum)
     15 credits of Humanities and Social Science with at least five credits
     taken from each. Three different subjects required. No more than five
     credits from performance/skills courses allowed. Credits must be GER
     approved as designated on the Pierce College AA degree.
   • Science Pre-Major Requirements (53 credits minimum)
     Chemistry for science majors sequence (33 credits); Statistics or third
     quarter calculus (5 credits); and Physics sequence (15 credits).

C. EDUCATION REQUIREMENTS (6-10 CREDITS)
   Introduction to Education and Education Field Experience required.

D. GENERAL ELECTIVES
   Additional college-level courses so that total earned is at least 90
   credits. May include prerequisites for major courses (e.g., precalcu-
   lus), additional major coursework, or specific general education or other
   university requirements, as approved by the advisor. PSYC& 200
   strongly recommended.

COURSE REQUIREMENTS

1. Communication Skills (10 credits)
   ENGL& 101 English Composition I (required) 5
   Select one:
   ENGL 103 Composition – Argumentation and Research 5
   ENGL 107 Composition – Writing about Literature 5

2. Mathematics (10 credits)
   Prerequisites required:
   MATH& 151 Analytical Geometry and Calculus I 5
   MATH& 152 Analytical Geometry and Calculus II 5

3. Humanities & Social Science (15 credits minimum)
   CMST& 220 Public Speaking 5
   PSYC& 100 General Psychology 5
   Multicultural elective by advisement 5

4. Specific Pre-Major Requirements (53 credits)
   BIOL& 211-213 Majors: Cellular/Animal/Plant 15
   CHEM& 161-163 General Chemistry w/lab I-III 15
   CHEM& 261-263 Organic Chemistry w/lab I-III 18
   MATH& 146 Intro to Statistics 5
   Select one:
   * PHYS& 121-123 General Physics I-III 15
   * PHYS& 221-223 Engineering Physics I-III 15

5. Education Requirements (6-10 credits)
   EDUC 190 Education Practicum 1-5
   EDUC& 202 Intro to Education 5
   General Electives (0-5 quarter credits)
   PSYC& 200 Lifespan Psychology strongly recommended.

Additional college-level courses so that total earned is at least 90
credits. May include prerequisites for major courses (e.g., precalculus),
additional major coursework, or specific general education or other
university requirements, as approved by the advisor.

Total Credits Required 90-113

Notes
1. Students completing this degree will receive the same priority consideration for admis-
sion to the baccalaureate institution as they would for completing the direct transfer
associate’s degree and will be given junior status by the receiving institution.
2. Courses in Humanities/Social Science must come from the current ICRC distribution list
in order to count as General Education or General University Requirements (GERs/GURs).

FS = Fort Steilacoom  •  PY = Puylup  •  FL = Fort Lewis

PROGRAMS OF STUDY 67
the receiving institution. Additional general educational requirements, cultural diversity requirements, and foreign language requirements, as required by the transfer institution, must be met prior to the completion of a baccalaureate degree.

3. Students should be advised that some baccalaureate institutions require physics with calculus to meet specific pre-major science category.

4. Precalculus cannot be used to satisfy the mathematics requirement (2 above).

5. Students are responsible for checking specific major requirements of baccalaureate institutions in the year prior to transferring.

ASSOCIATE IN GENERAL SCIENCE EDUCATION (AS-T)  
(AS-T degree for future secondary general science teachers)

GENERAL DEGREE REQUIREMENTS

• Minimum of 90 quarter hours of transferable credit.
• College cumulative GPA of at least 2.0 is required.
• ENGL& 101 (English Composition I) is required.
• Minimum of 25 of last 45 credits must be earned at Pierce College.
• 1.5 grade (C-) or better for all requirements is required unless prerequisites state otherwise.
• “Pass” (P) grades may be used for General Elective credits only.
• Independent Study may be used only for General Elective credits.
• Cooperative work experience/work-based learning credits may be applied to the General Elective area only.
• Once a course has been successfully completed, credits obtained may be used only once, even if a course is listed in more than one category.

A. BASIC REQUIREMENTS (20 CREDITS)

• Communication Skills (10 credits). Must include ENGL& 101.
• Mathematics — 10 credits of calculus

B. DISTRIBUTION REQUIREMENTS

• Humanities (HM) and Social Science (SS) 15 credits of Humanities and Social Science with at least five credits taken from each. Three different subjects required. No more than five credits from performance/skills courses allowed. Credits must be GER approved as designated on the Pierce College AA degree.
• Science Pre-Major Requirements (53 credits minimum) Chemistry for science majors sequence (15 credits); Statistics (5 credits); Biology for science majors sequence (15 credits); Physics sequence (15 credits); and Geology courses (10 credits).

C. EDUCATION REQUIREMENTS (6-10 credits)

Introduction to Education and Education Field Experience required.

D. GENERAL ELECTIVES

Additional college-level courses so that total earned is at least 90 credits. May include prerequisites for major courses (e.g., precalculus), additional major coursework, or specific general education or other university requirements, as approved by the advisor. PSYC& 200 strongly recommended.

COURSE REQUIREMENTS

1. Communication Skills (10 credits)
   ENGL& 101 English Composition I (required) 5
   Select one:
   ENGL 103 Composition – Argumentation and Research 5
   ENGL 107 Composition – Writing about Literature 5

2. Mathematics (10 credits) (prerequisites required)
   MATH& 151 Calculus I 5
   MATH& 152 Calculus II 5

3. Humanities & Social Science (15 credits minimum)
   CMST& 220 Public Speaking 5
   PSYC& 100 General Psychology 5
   Multicultural elective by advisement 5

4. Specific Pre-Major Requirements (50 credits)
   MATH& 146 Intro to Statistics (or MATH& 153) 5
   And 3 out of the 4 sequence areas listed below:
   BIOL& 211-213 Majors: Cellular/Animal/Plant 15
   CHEM& 161-163 General Chemistry w/lab I-III 15
   GEOL& 101 & 103 Intro to Physical Geology and Hist Geology 15
   PHYS& 211-223 General Physics I-III (or PHYS& 221-223) 15

5. Education Requirements (6-10 credits)
   EDUC 190 Education Practicum 1-5
   EDUC& 202 Intro to Education 5

General Electives (0-5 quarter credits) PSYC& 200 strongly recommended.

Additional college-level courses so that total earned is at least 90 credits. May include prerequisites for major courses (e.g., precalculus), additional major coursework, or specific general education or other university requirements, as approved by the advisor.

Total Credits Required 91-100

Notes
1. Students completing this degree will receive the same priority consideration for admission to the baccalaureate institution as they would for completing the direct transfer associate’s degree and will be given junior status by the receiving institution.
2. Courses in Humanities/Social Science must come from the current ICRC distribution list in order to count as General Education or General University Requirements (GER/UGR) at the receiving institution. Additional general educational requirements, cultural diversity requirements, and foreign language requirements, as required by the transfer institution, must be met prior to the completion of a baccalaureate degree.
3. Students should be advised that some baccalaureate institutions require physics with calculus to meet specific pre-major science category.
4. Biology majors should select organic chemistry or physics for specific pre-major requirements.
5. Precalculus cannot be used to satisfy the mathematics requirement (2 above).
6. Students are responsible for checking specific major requirements of baccalaureate institutions in the year prior to transferring.

ASSOCIATE IN MATH EDUCATION – DTA

(AS-T degree for future secondary math teachers)

GENERAL DEGREE REQUIREMENTS

• Minimum of 90 quarter hours of transferable credit.
• College cumulative GPA of at least 2.0 is required.
• ENGL& 101 (English Composition I) is required.
• Minimum of 25 of last 45 credits must be earned at Pierce College.
• 1.5 grade (C-) or better for all requirements is required unless prerequisites state otherwise.
• “Pass” (P) grades may be used for General Elective credits only.
• Independent Study may be used only for General Elective credits.
• Cooperative work experience/work-based learning credits may be applied to the General Elective area only.
• Once a course has been successfully completed, credits obtained may be used only once, even if a course is listed in more than one category.

A. BASIC REQUIREMENTS (15 CREDITS)

• Communication Skills (10 credits). Must include ENGL& 101.
• Mathematics — 5 credits of calculus

B. DISTRIBUTION REQUIREMENTS (60 CREDITS)

• Humanities (HM)
   MATH& 152 Calculus II (5 credits) and 10 credits from other science areas. One course must be a lab.
• Social Science (SS)
   MATH& 153 (Calculus III), MATH 205 (Linear Algebra) and MATH 224 (Multivariate Calculus) — five credits each.

C. EDUCATION REQUIREMENTS (6-10 CREDITS)

Introduction to Education and Education Field Experience required.

D. GENERAL ELECTIVES

Additional college-level courses so that total earned is at least 90 credits. May include prerequisites for major courses (e.g., precalculus), additional major coursework, or specific general education or other university requirements, as approved by the advisor. PSYC& 200 and MATH 238 strongly recommended.
A. BASIC REQUIREMENTS (20 CREDITS)
- Communication Skills (10 credits). Must include ENGL& 101.
- Mathematics — 10 credits of calculus

B. DISTRIBUTION REQUIREMENTS
- Humanities (HM) and Social Science (SS)
  15 credits of Humanities and Social Science with at least five credits taken from each. Three different subjects required. No more than five credits from performance/skills courses allowed. Credits must be GER approved as designated on the Pierce College AA degree.
- Science Pre-Major Requirements
  Physics for science majors sequence (15 credits); Chemistry for science majors (15 credits); MATH& 153, 205, 224 and 238 and Computer Programming (4-5 credits).

C. EDUCATION REQUIREMENTS (6-10 CREDITS)
Introduction to Education and Education Field Experience required.

D. GENERAL ELECTIVES
Additional college-level courses so that total earned is at least 90 credits. May include prerequisites for major courses (e.g., precalculus), additional major coursework, or specific general education or other university requirements, as approved by the advisor. PSYC& 200 strongly recommended. Engineering disciplines should include a design component consistent with ABET accreditation standards.

E. PROGRAMS OF STUDY

FS = Fort Steilacoom • PY = Puyallup • FL = Fort Lewis

PROGRAMS OF STUDY 69
Emergency Medical Technician — See Health Professions.

Engineering UNIVERSITY TRANSFER

Faculty: Kenneth Schroeder (FS)
Degree: Associate of Arts (AA-DTA); AA –Option B
Associate of Science (AS-T) – Track II

The Engineering program is primarily an engineering transfer program that is intended to meet requirements for entry into a four-year institution with junior standing. Students planning to transfer are encouraged to complete AS or AA degree requirements and should check with the transfer institution regarding specific course needs and transferable credits. The time needed to complete your program at Pierce may vary according to the requirements of your transfer institution and will also depend on the level of prior academic preparation. Students should work carefully with the faculty advisor to plan a program that will ensure successful completion and transfer of credits.

Students interested in exploring a possibility of majoring in engineering and examining different types of engineering are encouraged to take ENGR 101: Intro to Engineering.

See Degree Outcomes on page 26.

ENGINEERING MAJOR

The following courses are recommended as being of special interest to engineering students. For AA-DTA and AS-T degree students, as many of these courses as possible should be taken, in addition to other degree requirements. Check with your advisor.

CHEM& 161 General Chemistry w/lab I 5
CHEM& 162 General Chemistry w/lab II 5
ENGL& 235 Technical Writing 5
ENGR 101 Intro to Engineering 5
ENGR&114 Engineering Graphics (CAD) 5
ENGR 142 Computer Programming C++ for Engineers 5
ENGR& 214 Statics 5
ENGR& 215 Dynamics 5
ENGR& 224 Thermodynamics 5
ENGR& 225 Mechanics of Materials 5
MATH 151 Calculus I 5
MATH 152 Calculus II 5
MATH 153 Calculus III 5
MATH 205 Linear Algebra 5
MATH 224 Multivariate Calculus 5
MATH 238 Differential Equations 5
PHYS& 221 Engineering Physics I 5
PHYS& 222 Engineering Physics II 5
PHYS& 223 Engineering Physics III 5

English UNIVERSITY TRANSFER

Faculty: Kristin Brunnemer, Michael Darcher, Denise Hartley, Steve Jaech, Leslie Michael, Sharon Russell, Vicki Scannell, Corinna Wycoff (FS); Jamie Fitzgerald, Duncan McClinton, Ann Salak, Elizabeth Stevens, Dana Zimbleman (PY)
Degree: Associate of Arts (AA-DTA)

The English Department provides a variety of courses which build essential skills for virtually every career or profession while offering the basic transfer requirements for most colleges and universities in the country. Pierce College’s English courses expose students to the skills, ideas, and literary works that are the foundation of a liberal arts education.

Students planning to transfer as English majors should complete AA-DTA degree requirements and must check with transfer institutions regarding specific requirements. English majors may find dozens of special emphasis programs at four-year institutions and should work closely with faculty advisors at Pierce and at the transfer institution to plan an overall program of study that meets individual program needs as well as personal interests.

See Degree Outcomes on page 26.

ENGLISH TRANSFER

The following courses are recommended in addition to those required for the AA-DTA degree. These courses are not intended to describe the requirements for English majors, but are offered as recommendations as schedules allow.

ENGLISH LAB

**Faculty:** Dr. Lydia Ico, Curt Warmington (FS); Jeff Pisetzner (PY)

The Transitional Education Center (TEC) offers English classes that provide both quality classroom instruction and increased one-on-one attention to the writing process. Three kinds of classes are offered in the TEC.

**DEVELOPMENTAL WRITING**

These prepare students for college-level writing. Testing scores are used to place students in these classes:

- ENGL 096 Grammar, Punctuation & Spelling
- ENGL 097 Paragraph Composition
- ENGL 098 Basic Writing Skills
- ENGL 099 Introduction to Composition

**COLLEGE-LEVEL WRITING**

These are required by many college programs and degrees. They are taught with the same outcomes used in lecture classes.

- ENGL 101 English Composition
- ENGL 103 Composition – Argumentation and Research

**SKILLS CLASSES**

These are designed to help students with specific writing problems.

- ENGL 090 Spelling
- ENGL 091 Vocabulary
- ENGL 093 Grammar Usage
- ENGL 094 Sentence Combining
- ENGL 095 Paragraph Development
- ENGL 104 College Vocabulary
- ENGL 105 Writing (a class developed for students who have passed ENGL 099 but who have skills they would like to improve before entering ENGL 101)

Courses directly related to the study of the environment are:

- ATMOS 101 Introduction to Weather
- ENVS & 100 Survey of Environmental Science
- ENVS 140 Western Water Problems
- ENVS 150 Environmental Issues
- GEOG 110 Environmental Geology
- GEOG 220 Earth Resources and the Environment
- NSCI 150 Nature
- NSCI 160 Environmental Biology

See Degree Outcomes on page 26.

**English as a Second Language**

See International Education for ESL classes for International students (on non-immigrant visas) or Adult Basic Education.

**Entrepreneurship**

See Business – Professional/Technical.

**Environmental Science**

**UNIVERSITY TRANSFER**

**Faculty:** Megan Hess, Beth Norman, Robert Sager, Ted Wood (FS); Tom Bush (PY)

**Degrees:** Associate of Arts (AA-DTA)

Associate of Science (AS-T)

Career opportunities in environmental science include teaching, research and technical support. Employment may be found in federal, state and local government organizations, such as the Environmental Protection Agency, in industries required to monitor their effluent, and in research settings.

Pierce College offers classes for science students pursuing a degree in environmental science and to students who are fulfilling their natural science distribution requirements. The courses that are recommended depend largely on the type of work the student desires. Therefore, it is highly recommended that the student consult with his or her advisor.

**Finance** — See Business – University Transfer.

**Fire Command and Administration**

**PROFESSIONAL/TECHNICAL**

**Faculty:** Pam Caldwell

**Degree:** Associate in Fire Command & Administration

The Fire Command and Administration degree was developed as a collaborative program between Pierce College and Bates Technical College. The degree is a two-year associate’s degree. Courses are shared between the two colleges and will be offered exclusively online. This program requires students to be currently working or have previous experience in fire service.

The Fire Command and Administration associate degree is designed for students to fulfill some of the undergraduate general education requirements of most four-year fire degree programs and is also recommended for students who have not yet decided upon the field they will enter, or the four-year institution they will attend.
This program is designed to respond to the high-demand for trained fire service professionals. Successful students may utilize experience and knowledge gained through course study to advance to senior leadership positions leading to chief executive management positions, as well as to fulfill discipline-specific certification requirements for the International Fire Service Accreditation Congress (IFSAT).

Students must earn a minimum of 2.0 in each FCA course to complete the FCA degree.

Student Learning Outcomes available at: www.pierce.ctc.edu/dept/firecommand/

### GED Preparation

See Adult Basic Education.

### Geography

**UNIVERSITY TRANSFER**

**Faculty:** Tom Broxson, Chris Vanneson (PY)
**Degree:** Associate of Arts (AA-DTA)

Geography is an integrating and synthesizing discipline. It is a bridge discipline uniting the social and physical sciences, focusing on the patterns of distribution.

The Geography department offers courses which introduce students to the physical and cultural systems of the environmental. These courses are basic for those who are planning to major in geography, elementary and secondary education, regional and urban planning, environmental studies, government, international trade, business, transportation, law and many other areas. Geography is a useful area of study for those who are interested in regional analysis, market analysis, resource analysis, regional development, urban growth, economic growth and cartographic skills, as well as Geographic Information Systems.

**DEGREES:**

- **Associate of Science (AS-T)**
- **Associate of Arts (AA-DTA)**

**COURSES:**

- GEOG 100 Intro to Geography
- GEOG 150 Europe, The Americas, Australia/New Zealand
- GEOG 160 Africa, Middle East and Asia
- GEOG 200 Cultural Geography
- GEOG 205 Intro to the Physical Environment
- GEOG 207 Economic Geography
- GEOG 210 Physical Geography – Lab

See Degree Outcomes on page 26.

### Geology

**UNIVERSITY TRANSFER**

**Faculty:** Beth Norman, Robert Sager (FS); Tom Bush (PY)
**Degrees:** Associate of Arts (AA-DTA); Associate of Science (AS-T)

Geology, the science of the Earth, is an organized body of knowledge about the world on which we live and its relationship to the rest of the universe. It is the study of the history of life; about the interaction of the mountains, plains, atmosphere, and ocean; and about the succession of physical events that accompanies the orderly development of life.

Courses in Geology (101-299) include field trips and laboratory study of minerals, rocks, fossils and maps. Courses qualify to help meet the science requirement of an associate’s degree and/or transfer to four-year institutions. Pierce College offers Geology with a general emphasis.

Students planning to transfer should complete AS-T or AA-DTA degree requirements and must check with the transfer institution regarding specific course needs and transferable credits.

See Degree Outcomes on page 26.

### Health Education/Wellness

**UNIVERSITY TRANSFER**

**Faculty:** Steve Crain, Lisa Murray (FS)
**Degree:** Associate of Arts (AA-DTA)

Health Education/Wellness is the study of the ongoing development of the mind, body and spirit to enhance and balance the whole person so as to improve health, fitness and quality of life. It includes topics such as adequate fitness, nutrition, stress management, disease prevention, spirituality, smoking cessation, substance abuse and weight control.

Pierce College offers a variety of courses in Health Science and Physical Education designed to improve the quality of one’s life as well as provide a program of study that will assist students’ programs in wellness available nationally. The following sequence of courses will assist in meeting the requirements of most four-year institutions.

See Degree Outcomes on page 26.

### Health Education/Wellness Transfer

**UNIVERSITY TRANSFER**

**Faculty:** Steve Crain, Lisa Murray (FS)
**Degree:** Associate of Arts (AA-DTA)

Health Professions

PROFESSIONAL/TECHNICAL & UNIVERSITY TRANSFER

Also see Dental Hygiene, Diagnostic Health & Fitness Technician/Instructor (Personal Trainers), Nursing and Veterinary Technology.

Faculty: Mary Bath-Balogh, Steven Crain, Robert Johnson, Ron May (FS); Dr. Dale Blum, Joseph Cates-Carney, Dr. Scott Sweet (PY)

Degrees: Associate of Arts (AA-DTA) - Track 1

Coursework for health professions can be incorporated within a variety of transfer degree options. These options include, but are not limited to: medical technology, physician's assistant, occupational therapy, physical therapy, or pre-professional degrees for medicine, dentistry, chiropractic, pharmacy, naturopathy, osteopathy or veterinary medicine.

Students considering a health career program need to be aware that licensure and hiring may be affected if the graduate has practiced substance abuse and/or child abuse behaviors, or has been convicted of a gross misdemeanor or felony.

Students planning to transfer should complete AS-T or AA-DTA requirements and MUST check with the transfer institution to clarify specific requirements and transferable credits.

See Degree Outcomes on page 26.

See Certificate Outcomes for individual professional/technical degrees and certificates available at: www.pierce.ctc.edu/dist/proftech/list

EMERGENCY MEDICAL TECHNICIAN

Pierce College offers certification for Emergency Medical Technician - Basic; this is an 8-credit course (Health Science 278) offered at Fort Lewis. Applicants must have current CPR certification as either HEALTHCARE PROVIDER or PROFESSIONAL RESCUEER. For more information call (253) 964-3139.

NURSING (RN AND TRANSFER)

See NURSING.

OCCUPATIONAL THERAPY (PRE-)

In Washington, the University of Washington, Eastern Washington University and the University of Puget Sound offer a Master’s in Occupational Therapy (MOT). It is critical to coordinate with the transfer institution regarding their specific general degree requirements. Acceptance is very grade competitive (the average GPA of students accepted is 3.5+), but admission is also based on character, personality, maturity and recommendations from work or volunteer experience in an occupational therapy practice setting (minimum 40 hours experience). Applicants must have basic computer literacy. Most schools also require taking the GRE (Graduate Record Exam). Both universities require completion of a bachelor’s degree prior to acceptance and coursework must include the following (taken within five years):

- BIOL & 241 Human Anatomy and Physiology I 6
- BIOL & 242 Human Anatomy and Physiology II 6
- CHEM & 161 General Chemistry w/lab I 5
- MATH & 146 Intro to Statistics (required quantitative) 5
- PHYS & 121 General Physics I 5
- PSYC & 100 General Psychology 5
- PSYC & 200 Lifespan Psychology 5
- PSYC & 220 Abnormal Psychology 5

*NOTE: These courses are required only by the program at UW; Physics and Chemistry both have math prerequisites. UPS also requires additional behavioral science coursework — listed in UPS Transfer Guide. Check course descriptions for prerequisites.

PHYSICAL THERAPY (PRE-)

In Washington, UW, UPS and EWU offer a Doctor of Physical Therapy (DPT). Acceptance is very competitive and is dependent not only on a high GPA (usually 3.5+), but also on essays describing broad volunteer and/or paid physical therapy-related work experience (usually between 200-500 hours) in a variety of physical therapy service delivery environments. A completed AA or AS – Track 1 degree is recommended before transferring to a university. Some programs combine the senior year with the first year of the Doctor of Physical Therapy (DPT). When planning your courses, check with the transfer institution to clarify exact requirements. Most programs also require taking the GRE.

The following prerequisites are common to the programs in Washington. Out-of-state programs may differ slightly. All programs require completion of a bachelor’s degree prior to acceptance and science coursework should not be more than five years old.

- BIOL & 241 Human Anatomy and Physiology I 6
- BIOL & 242 Human Anatomy and Physiology II 6
- BIOL & 260 Microbiology 5
- CHEM & 161 General Chemistry w/lab I 5
- CHEM & 162 General Chemistry w/lab II 5
- CHEM & 163 General Chemistry w/lab III 5
- CMST & 220 Public Speaking 5
- MATH & 141 Precalculus I 5
- MATH & 142 Precalculus II 5
- MATH & 146 Intro to Statistics 5
- PHYS & 121 General Physics I 5
- PHYS & 122 General Physics II 5
- PHYS & 123 General Physics III 5
- PSYC & 100 General Psychology 5
- PSYC & 220 Abnormal Psychology 5

*NOTE: Courses marked with * are required by UPS; those marked with † are required for EWU. Most suggested courses have prerequisites that must be included in academic planning.

PRE-PROFESSIONAL

(Chiropractic, Dentistry, Medical, Medical Technology, Naturopathy, Osteopathy, Pharmacy, Physician's Assistant/MEDEX, Veterinary Medicine)

CHIROPRACTIC (PRE-)

Although most applicants have completed a four-year degree, outstanding students are eligible to apply after three years of coursework. The closest schools of chiropractic are located in Oregon and California. Like all professional schools, admission is grade competitive. Suggested coursework is outlined under the Associate of Science – Track 1. All courses have prerequisites that must be included in academic planning.
DENTISTRY (PRE-), MEDICINE (PRE-), NATUROPATHY (PRE-), OSTEOPATHY (PRE-), VETERINARY MEDICINE (PRE-)

The majority of applicants have bachelor degrees; this is NOT an actual major. Professional schools are looking for a broad liberal arts background. Be sure you get current information from the school of your choice early in your program and gain as much exposure to the profession as possible by working or volunteering. The Associate of Science – Track 1 outlines the courses generally required; however, an AA-DTA can also be tailored to include part of the required sciences. Check with a science advisor for exceptions or additions suggested by specific professional schools.

MEDICAL TECHNOLOGY (PRE-)

University of Washington and Central Washington University offer Bachelor of Science in Medical Technology (BSMT) degrees and have affiliated clinical internship sites. Check to see if the college you choose requires taking the AHPAT (Allied Health Professions Admission Test) prior to applying. Students can transfer to either of these institutions with an AA-DTA but should try to include as many of the following courses as possible. All courses have prerequisites that must be included in academic planning.

BIOL 160 General Biology w/lab
BIOL 211-213 Majors: Cellular/Animal/Plant
BIOL 260 Microbiology
CHEM 139 General Chemistry Prep
CHEM 161-163 General Chemistry w/lab I-III
CHEM 261-263 Organic Chemistry w/lab I-III
MATH 146 Intro to Statistics
MATH 151 Calculus I OR
PHYS 121 General Physics I (suggested)

PHARMACY (PRE-)

Schools of pharmacy are located at the University of Washington and Central Washington University. Check schools of pharmacy for application criteria and deadlines. All courses have prerequisites that must be included in academic planning.

PHARM 120 Introduction to Pharmacology
PHARM 230 Pharmacy Practice

PHYSICS (PRE-)

PHYS 121-123 Majors: Cellular/Animal/Plant
PHYS 231 General Physics I
PHYS 232 General Physics II
PHYS 233 General Physics III

CHEMISTRY (PRE-)

CHEM 139 General Chemistry Prep
CHEM 141-143 General Chemistry w/lab I-III
CHEM 241-243 Organic Chemistry w/lab I-III

PHYSICS (PRE-)

PHYS 121-123 General Physics I
PHYS 124-125 General Physics II
PHYS 126-127 General Physics III

PHARMACY (PRE-)

PHARM 120 Introduction to Pharmacology
PHARM 230 Pharmacy Practice

HIGH SCHOOL COMPLETION

See Adult Basic Education.
ASSOCIATE IN TECHNOLOGY
HOMELAND SECURITY EMERGENCY MANAGEMENT

Students must earn a minimum of 2.0 in each course to earn this degree.

GENERAL EDUCATION REQUIREMENTS (40 CREDITS)

Communications (10 credits)
- ENGL 101 English Composition I 5
- ENGL 235 Technical Writing 5

Quantitative Skills (5 credits)
- MATH 146 Intro to Statistics 5

Social Sciences (10 credits)
- Select two:
  - HIST 158 History of United States III 5
  - POLS 101 Intro to Political Science 5

Humanities (5 credits)
- Select one:
  - CMST 101 Introduction to Communication 5
  - CMST 102 Intro to Mass Media 5
  - CMST 220 Public Speaking 5

Natural Sciences (10 credits)
- Select two:
  - ATMOS 101 Intro to Weather 5
  - ENV 100 Survey of Environmental Science 5
  - ENV 150 Environmental Issues 5
  - GEOG 210 Physical Geography 5
  - GEOL 110 Environmental Geology

HSEM CORE REQUIREMENTS (41 CREDITS)
- HSEM 102 Intro to Homeland Security Emergency Mgmt 5
- HSEM 120 All Hazards Emergency Planning 3
- HSEM 130 Technology in Emergency Management 3
- HSEM 157 Public Information Officer 2
- HSEM 160 Emergency Response Awareness to Terrorism 5
- HSEM 180 Public Administration 3
- HSEM 210 Exercise Design and Evaluation 3
- HSEM 220 Developing and Managing Volunteer Resources 2
- HSEM 230 Disaster Response & Recovery 2
- HSEM 240 HSEM Work Based Learning 5
- HSEM 250 Homeland Security Law & Ethics 3
- OSH 190 Industrial Security 3

HSEM ELECTIVES (15 CREDITS)
- HSEM 110 Basic ICS/NIMS 2
- HSEM 190 Special Topics in HSEM 1-5
- CJ 112 Criminal Justice in America 5
- CJ 120 Constitutional Rights 5
- CJ 140 Corrections in America 5
- CJ 150 Police in America 3
- CJ 226 Response to Terrorism 5
- FCA 170 Haz-Mat Awareness 1
- FCA 175 Fire Safety Officer 2
- FCA 177 Haz-Mat Operations 2
- FCA 261 Haz-Mat On-Scene Incident Commander 2
- FCA 262 Disaster & Fire Defense Planning 4
- FCA 274 Occupational Safety & Health for Fire Service 4
- OSH 100 Introduction to Occupational Safety & Health 5
- OSH 110 Safety Management 5
- OSH 240 Handling Hazardous Materials 4

* Indicates HSEM certificate (26 credits)

Total Credits Required 96

Note: Students should be aware that certain criminal behavior and having a criminal record may prohibit their employment opportunities in many Homeland Security and Emergency Management occupations. Students are encouraged to research these situations and consult with the HSEM Program advisor.

HOMELAND SECURITY EMERGENCY MANAGEMENT CERTIFICATE

Students must earn a minimum of 2.0 in each course to earn this degree.

The Homeland Security Emergency Management certificate is offered at Pierce College through online course work. The certificate is designed to prepare the next generation of emergency management and policy leaders with the knowledge and skills they need to improve outcomes in disasters of all types. The program addresses competencies required of emergency management professionals in careers in federal, state or local government. Students explore the complex world of emergency and disaster management issues and learn the critical thinking and decision-making skills necessary to support and supervise comprehensive, integrated and effective management in the event of natural, system-wide or human-induced crises.

**COUSE REQUIREMENTS (26 CREDITS)**
- HSEM 102 Intro to Homeland Security Emergency Mgmt 5
- HSEM 110 Basic ICS/NIMS 2
- HSEM 120 All Hazards Emergency Planning 3
- HSEM 130 Technology in Emergency Management 3
- HSEM 157 Public Information Officer 2
- HSEM 160 Emergency Response Awareness to Terrorism 5
- HSEM 180 Public Administration 3
- OSH 190 Industrial Security 3

Total Credits Required 26

Humans of University Transfer

**Faculty:** Denise Hartley (FS); Duncan McClinton (PY)

The Humanities department offers a diverse curriculum of courses investigating the arts, thought and culture, and the relationship of the humanities with other disciplines. A sequence of three classes traces the history of humanities I-III, while Ethnic Thought and Culture, Black Thought and Culture, Latin American Thought and Culture and Humanities courses explore specialized areas. Introduction to Folklore, American Popular Culture, American Cinema & Society, and World Religions complete the rich cultural course offerings. See Degree Outcomes on page 26.

**Human Services Substance Abuse**

**Faculty:** Dr. Denise Arnold, Sandy Croswaite (FS)

**Degrees:** Associate of Arts (AA-DTA)

**Certificates:** Certificate in Alcoholism & Drug Abuse

As addictions are increasingly a part of the picture for clients, regardless of their presenting issue for counseling, it is becoming increasingly important that counselors have the knowledge to deal with addiction issues.

The Human Services Substance Abuse program prepares students to work with the problems of alcoholism and chemical dependency by providing the academic portion necessary for state certification as chemical dependency professionals. Washington State's current minimum requirements are a two-year degree with 45 credits of addiction

![Image](https://via.placeholder.com/150)
coursework. The HSSA program offers two degree options to meet this, as well as a certificate for those with existing degrees. Combining the AA degree with a certificate in Human Services Substance Abuse and a bachelor’s degree in psychology, social work, criminal justice or other human service area enhances the student’s ability to work in both the chemical dependency field and the bachelor’s degree emphasis field, increasing employability and providing more career options.

The Human Services Substance Abuse program is designed to meet the needs of those already working within the field, those preparing to enter and those already enrolled in criminal justice, social service, mental health, and other related fields. Individuals who seek a better understanding of the nature and scope of the problem of chemical dependency, the effects on the body and on family members, treatment techniques and programs and other information are encouraged to enroll.

Employment in the field has experienced great growth in recent years. Jobs are available for counselors specializing in inpatient and outpatient chemical dependency, family, ACOA, co-dependency, eating disorder and COD (Co-Occurring Disorders of Chemical Abuse and Mental Illness) counseling and in mental health, probation, prevention, youth, school and employee/student assistance programs.

See Degree Outcomes on page 26.

See Certificate Outcomes for individual professional/technical degrees and certificates available at: www.pierce.ctc.edu/dept/alcda/outcomes

### ASSOCIATE IN HUMAN SERVICES SUBSTANCE ABUSE (FS ONLY)

**GENERAL EDUCATION REQUIREMENTS (60 CREDITS)**

All GER elective courses must be chosen from the approved lists on the AA-DTA degree requirement sheet (see Getting an AA-DTA Degree brochure). All other AA-DTA degree requirements must also be fulfilled.

#### Communications (10 credits)

- ENGL 101 English Composition I 5
- CM GER Elective (ENGL 103 recommended) 5

#### Quantitative Skills (5 credits)

- QS GER Elective (MATH 146 recommended) 5

#### Social Science (15 credits): Choose three disciplines:

- PSYC& 100 General Psychology 5

Select two:

- **ECON 110 Survey of Economics 5
- SOCI 101 Intro to Sociology 5
- Any other SS GER Elective 5

#### Natural Sciences (15 credits):

Choose three disciplines, lab class required:

- BIOL 118 Human Anatomy and Physiology for Non-Sci Mjrs 5
- NS GER Elective 5

Select one:

- HSCI 119 Human Health and Disease 5
- HSCI 210 Nutrition 5
- NUTR 101 Nutrition 5

#### Humanities (15 credits): Choose three disciplines:

HM GER Electives (see AA-DTA Humanities for restrictions) 10

Select one:

- CMST& 101 Intro to Communication 5
- CMST& 220 Public Speaking 10

### HUMAN SERVICES SUBSTANCE ABUSE CORE (51 CREDITS)

* ANTH 106 American Mosaic 5
* HSSA 120 Psychiatric Medications 3
* HSSA 140 Chemical Dependency & the Family I 5
* HSSA 141 Chemical Dependency & the Family II 5
* HSSA 170 Counseling & Treatment I — Individual 5
* HSSA 205 HIV/AIDS, Air & Blood Borne Pathogens 1
* HSSA 210 Case Management/Recordkeeping 5
* HSSA 215 Law & Ethics in Chemical Dependency 5
* HSSA 255 Intro to Co-occurring Disorders 5
* HSSA 270 Counseling & Treatment II — Group 5
* HSSA 275 Relapse Prevention 3
* HSSA 280 Supervised Field Experience in Chem Dep 4
* HSSA 281 Supervised Field Experience in Chem Dep 4

Total Credits Required 93-95

**Note:** Students must earn a minimum grade of 2.0 in all ALCDA/HSSA courses to earn ALCDA associate degree or certificate.

### HUMAN SERVICES SUBSTANCE ABUSE CORE (64-66 CREDITS)

**HUMAN SERVICES SUBSTANCE ABUSE CORE (64-66 CREDITS)**

### ASSOCIATE IN HUMAN SERVICES SUBSTANCE ABUSE (FS ONLY)

**GENERAL REQUIREMENTS (18 CREDITS)**

- PSYC 200 Lifespan Psychology 5
- PSYC 220 Abnormal Psychology 5
- SS MH 100 Intro to Human Services 5
- SS MH 210 Self Care for Care Givers 3

**RELATED INSTRUCTION (23-25 CREDITS)**

#### Communications (10 credits)

- ENGL 101 English Composition I 5

Select one:

- CMST& 101 Intro to Communication 5
- CMST& 220 Public Speaking 10

#### Computational Skills (3-5 credits)

Select one:

- Any course meeting AA QS requirement (5)
- BUS 103 Computational Mathematics (3)
- BUS 107 Business Mathematics (5)

**Human Relations (10 credits)**

- PSYC 100 General Psychology 5

Select one:

- ANTH 106 American Mosaic 5
- ANTH 206 Cultural Anthropology 5

**Note:** Students must earn a minimum grade of 2.0 in all ALCDA/HSSA courses to earn ALCDA associate degree or certificate.
Information Studies

Faculty: Sarah Frye, Laurie Shuster, Emily Wood (FS); Frank Brasile, Christie Flynn, Kathy Swart, Beth Thoms (PY)

The Information Studies Department offers courses designed to help students understand the nature of information, as well as how individuals gather, engage and interact with it. Courses focus on research skills to meet the academic needs of community college students and for those intending to transfer to a university, as well as for professional, lifelong learning or personal needs. Courses show students how to access, evaluate and use information and information systems and technologies and to consider the impact of information in contemporary society through the examination of information issues and information-seeking behavior.

Integrated Basic Skills (I-BEST) — See Adult Basic Education.

International Business

See Business – University Transfer and/or Business – Professional/Technical.

International Business Secretary — See Business Information Technology.

International Education

■ INTENSIVE ENGLISH PROGRAM

Faculty: Diana Casey (FS)

Courses in the Intensive English Program (IEP) focus on academic English and are designed to help international students acquire the English language skills necessary to enter and succeed in college-level classes and programs. (Pierce College English proficiency requirements are discussed in the Getting Started section of this catalog.)

International students enrolled in the IEP attend classes for 20 hours per week per quarter (10 weeks). IEP classes are taught at four levels of English proficiency: beginning, intermediate, high intermediate and advanced. All language skill areas are addressed: grammar, reading, writing, listening and speaking, with lessons on conversation skills and pronunciation included.

All IEP courses are non-credit and non-transferable, and will not be counted towards associate's degree graduation requirements.

International students who complete a portion of their IEP classes may be able to register for credit-bearing academic classes in addition to their remaining IEP classes. The academic classes will be chosen with the help of an advisor. Students who are taking a mixture of IEP and academic courses will need to be in class for at least 15 hours per week.

The following courses are offered each quarter:
IE 10/20/30/40 Intensive English Reading 1-4
IE 11/21/31/41 Intensive English Writing 1-4
IE 12/22/32/42 Intensive English Grammar 1-4
IE 13/23/33/43 Intensive English Listening and Speaking 1-4

Student Learning Outcomes available at: www.pierce.ctc.edu/international/iep-outcomes

Journalism UNIVERSITY TRANSFER

Faculty: Michael Parks (FS)
Degree: Associate of Arts (AA-DTA)

The Journalism program is designed to prepare students for transfer as majors in various areas of communication. Pierce's basic courses in journalistic writing and mass media provide a good background for those pursuing communication careers in print journalism, broadcast journalism, advertising and public relations. The student newspaper gives interested students the opportunity to gain practical experience in nearly all phases of producing a newspaper, using desktop publishing techniques that include computer formatting and digital imaging.

Students planning to transfer as communication or journalism majors should complete AA degree requirements and must check with transfer institutions regarding specific requirements and transferable credits. Students are strongly urged to work closely with faculty advisors to plan an overall program of study that best meets their transfer needs and career goals.

See Degree Outcomes on page 26.

■ JOURNALISM/COMMUNICATIONS MAJOR

Communication, and especially journalism majors, should choose classes that provide a well-rounded exposure to the basic systems, issues and concerns of American society; to the basic nature of people; and to the expanding global marketplace. Recommended courses below will help provide that exposure while meeting basic AA-DTA degree requirements. Students also are encouraged to pursue courses in anthropology, geography and environmental issues.

CMST& 102 Intro to Mass Media 5
CMST& 220 Public Speaking 5
ECON 201 Micro Economics 5
ENGL 103 Composition — Argumentation & Research 5
HIST & 159 History of United States IV 5
HUM & 118 Humanities III 5
JOURN 102 Intro to Newswriting 5
JOURN 103 Intro to Feature Writing 1-5
JOURN 110 Publications Design 5
JOURN 111 College Newspaper: Reporting and Editing 3
JOURN 112 College Newspaper Photojournalism 3
JOURN 125 The Documentary: A Social Force 5
JOURN 210 Photojournalism 5
MNGT 275 Intro to Visual Promotion 5
PHIL & 101 Intro to Philosophy 5
POL & 202 American Government 5
PSYC & 100 General Psychology 5
SOC & 101 Intro to Sociology 5
Language Interpreter

PROFESSIONAL/TECHNICAL

Faculty: Dr. Thérèse Mirande (FS)
Degree: Associate in Language Interpreting
Certificate: Language Interpreter

Student Learning Outcomes available at: www.pierce.ctc.edu/dept/interpreter/outcomes

ASSOCIATE IN LANGUAGE INTERPRETING

INTERPRETING CORE (31-32 CREDITS)
INTP 101 Introduction to Language Interpreting 5
INTP 105 Ethics of Interpreting 3
INTP 110 Foundations of Interpreting Skills 5
INTP 201 Social Service Interpreting Skills 4
INTP 202 Medical Interpreting Skills 4
INTP 203 Legal Interpreting Skills 5
INTP 297 Practicum (SS/M/L 1 credit each) 3
INTP 298 Seminar (SS/M/ and/or L) 2-3

SPECIALIZED VOCABULARY (20 CREDITS)
Select four:
BTECH 150 Medical Terminology I 5
BTECH 151 Medical Terminology II 5
BTECH 261 Legal Terminology I 5
BTECH 262 Legal Terminology II 5
SSMH 100 Introduction to Human Services 5
Or option approved by INTP advisor

BUSINESS SKILLS (8 CREDITS)
Select one BTECH option:
BTECH 111 Keyboarding 3
or
BTECH 115A Business Keyboarding 1
BTECH 116A and B Keyboard Skill Development 1
or
BTECH 200A-B Microsoft Word 2
BTECH 210A Microsoft Excel 1
MTGT 284 Small Business Planning 1
Or option approved by INTP advisor

Mathematics UNIVERSITY TRANSFER

Faculty: Sharon Camner, Pete Kaslik, Rajesh Lal, Randy Leifson, David Lippman, Tom Phelps, Melonie Rasmussen, Ken Schroeder, Chris Willett, Ph.D. (FS); Deb Falcioni, Phyllis Fikar, Tony Granata, Marlene Ignacio, Tom McCollow, Raya Sabeti, Ph.D., Larry Wiseman (PY)

Degree: Associate of Arts (AA-DTA)

Website: www.pierce.ctc.edu/math

The Mathematics department offers a sequence of introductory courses that build the basic quantitative and symbolic skills needed in almost all fields of study and professional/technical programs. Pierce College also provides a sequence of college-level math courses for students transferring to four-year colleges or pursuing technical vocational programs. These courses satisfy the math requirements for majors in mathematics and in such disciplines as business, accounting, economics, statistics, actuarial science, math education, engineering and all of the sciences. These college-level courses include the math needed for the Associate in Science degree from Pierce College.

In many disciplines, people use mathematics to help make sense of phenomena observed in the world by analyzing data, finding patterns and developing theories. Math also can help us develop critical thinking and reasoning skills that can be used to solve problems in a variety of applications. Our mathematics courses emphasize aspects of Pierce College’s five core abilities (critical, creative, and reflective thinking, effective communication, information competency, multiculturalism and responsibility) in ways appropriate to the particular course.

Pierce College offers a full sequence of pre-college mathematics classes to accommodate students entering the college with a variety of math backgrounds. (See below for the sequence of pre-college level courses.) These courses are offered in the Math Lab and as distance learning courses, as well as in self-contained classes.

College-level mathematics courses at Pierce College include the study of contemporary math, elementary math education, finite math, statistics, precalculus, differential and integral calculus, and more advanced courses in multivariate calculus, linear algebra and differential equations. Each course includes examples of applications taken from many fields of study. Most of these courses require the use of graphing calculators, which may be rented for a nominal fee through the library.

Students completing MATH 095 (Interm. Algebra with Modeling) or MATH 098 (Interm. Algebra) have a wide range of choices to satisfy the quantitative skills requirement for the AA degree. Options for math classes include MATH& 107, MATH 114, MATH& 141, MATH 156, MATH 170 and MATH& 146 (see chart below). The appropriate choice depends on a student’s major and intended transfer institution. Additional math courses may be required depending on a student’s program of study. Each transfer student should carefully plan a program of study with the help of a faculty advisor to ensure that transfer requirements are met.

Resources: The Academic Support Center (FS) and Tutoring Center (PY) offer free drop-in math tutoring by students and instructors. The Graphing Calculator Rental program rents TI-73, TI-82, TI-83 and TI-89 calculators for a nominal fee through the library.

See Degree Outcomes on page 26.

MATH COURSE SEQUENCE — GETTING STARTED

Initial placement in the sequence depends on COMPASS placement test scores. The choices and the number of courses a student takes depends on field of study and other factors. See a faculty advisor.

Pre-College Level Sequence:

<table>
<thead>
<tr>
<th>Course</th>
<th>Prerequisite</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 042 (Fractions, Decimals and Percents)</td>
<td>MATH 051 (Arithmetic)</td>
</tr>
<tr>
<td>MATH 054 (Prealgebra) [Optional; See a faculty advisor]</td>
<td>MATH 060 (Intro to Algebra)</td>
</tr>
<tr>
<td>MATH 095 (Intermediate Algebra with Modeling)</td>
<td>MATH 098 (Intermediate Algebra)</td>
</tr>
</tbody>
</table>

College Level:

The courses listed in the first column of the following table satisfy the Quantitative Reasoning Skill (QS) requirement. The prerequisite for all these QS courses can be satisfied by MATH 098 with a grade of 2.0 or higher or placement above MATH 098 on the COMPASS placement test. MATH 095 with a grade of 2.0 or higher will serve as a prerequisite to MATH 107& and MATH& 146. Students unsure of their intended major are urged to take MATH 098 to allow for more options.

College Level Quantitative Skills (QS) Math Course Options

<table>
<thead>
<tr>
<th>Course</th>
<th>Prerequisite</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH&amp; 107: Contemporary Mathematics</td>
<td>MATH 095 or MATH 098</td>
</tr>
<tr>
<td>MATH 114: Applied Algebra, Geometry, Trig</td>
<td>MATH 098</td>
</tr>
<tr>
<td>(only available at military sites)</td>
<td></td>
</tr>
<tr>
<td>MATH&amp; 141: Precalculus I</td>
<td>MATH 098</td>
</tr>
<tr>
<td>MATH 156: Finite Mathematics</td>
<td>MATH 098</td>
</tr>
<tr>
<td>MATH&amp; 171: Math for Elem Educ I</td>
<td>MATH 095 or MATH 098</td>
</tr>
<tr>
<td>MATH&amp; 146: Intro to Statistics</td>
<td>MATH 095 or MATH 098</td>
</tr>
</tbody>
</table>

Which MATH QS courses you need to take depends upon your field of study. See your advisor and/or the math Web page for more information.

Sample Fields of Study Requiring Additional Math Courses

<table>
<thead>
<tr>
<th>Program</th>
<th>Math courses</th>
</tr>
</thead>
<tbody>
<tr>
<td>Business, Accounting</td>
<td>MATH 156 or MATH&amp; 141; MATH&amp; 148; MATH &amp; 146</td>
</tr>
<tr>
<td>Elementary Education</td>
<td>MATH&amp; 171; May require some or all of: MATH&amp; 172, MATH&amp; 173</td>
</tr>
<tr>
<td>Math, Engineering, Sciences, Architecture, some computer transfer programs</td>
<td>MATH&amp; 141</td>
</tr>
<tr>
<td></td>
<td>May require some or all of: MATH&amp; 142</td>
</tr>
<tr>
<td></td>
<td>MATH&amp; 151-153, 210, 224, 205, 238</td>
</tr>
</tbody>
</table>
**MATHEMATICS MAJOR**

The following courses should be taken in addition to courses required for the AA degree:
- MATH& 151 Calculus I
- MATH& 152 Calculus II
- MATH& 153 Calculus III
- MATH 205 Linear Algebra
- MATH 224 Multivariate Calculus
- MATH 238 Differential Equations

Courses in statistics and computer science are highly recommended for math majors. Math majors should also take one of the sequences of science courses such as physics or chemistry. See your advisor for specific recommendations.

---

**MATHEMATICS LAB**

**Faculty:** Randy Leifson (FS)

Offered only at Pierce College Fort Steilacoom, the Math Lab provides students individualized instruction in pre-college-level mathematics courses. Using one-on-one instruction, digital lectures, and computer tutors, the Math Lab tries to meet different learning styles. Though most students will attend the lab on a fixed schedule, the lab offers flexible schedules when arranged with the Math Lab coordinator. The labs are open during the day and evening, Monday through Friday, and also on Saturdays (if enrollment allows) during the fall, winter, and spring quarters. Summer quarter hours are limited. Additionally, mini-lectures are offered daily for MATH 051, 060 and 098. See class bulletin for hours.

For enrollment, call (253) 964-6734.

**COURSES OFFERED THROUGH THE MATHEMATICS LAB:**
- MATH 042 Fractions, Percents and Decimals
- MATH 051 Fundamentals of Arithmetic
- MATH 054 Pre-Algebra
- MATH 056 Introduction to Algebra I
- MATH 057 Introduction to Algebra II
- MATH 060 Introduction to Algebra
- MATH 098 Intermediate Algebra

---

**Medical Receptionist/Secretary/Transcriptionist**

*See Business Information Technology.*

**Microbiology UNIVERSITY TRANSFER**

**Faculty:** Barry Putman (FL); Mary Bath-Balogh, Robert Johnson, Ron May (FS); Dr. Dale Blum, Joseph Cates-Carney, Scott Sweet (PY)

**Degree:** Associate of Arts (AA-DTA); AA – Option B

Associate of Science (AS-T)

The science of microbiology includes the study of bacteria, fungi, protozoans and viruses causing disease, as well as beneficial yeasts, antibiotic producing organisms, and cyclic environmental bacteria. Training in microbiology can lead to positions in hospitals, research laboratories, commercial food and beverage enterprises, Environmental laboratories and pharmaceutical institutes.

One course, BIOL& 260 (Microbiology), is accepted for transfer to professional programs; the other, MICRO 110, Introduction to Clinical Microbiology, serves students in the Veterinary Technology or Medical Lab Technician programs. Transfer students should complete the curriculum recommended in the Biology Transfer I program, which is the recommended curriculum for pre-professional programs (pre-medical, pre-dental, pre-chiropractic, pre-veterinary, microbiology, cell biology, college and high school teaching, etc.), and should check with the transfer institution regarding specific requirements and transfer credits.

See Degree Outcomes on page 26.

---

**PRE-PROFESSIONAL — MICROBIOLOGY**

The following courses, in addition to those required for the AS-T, AA-DTA or AA – Option B degree, should be completed for transfer to a Microbiology program. All course prerequisites must first be met.

- BIOL 160 General Biology w/lab
- BIOL 211 Major: Cellular
- BIOL & 212 Major: Zoology
- BIOL 213 Major: Botany
- BIOL 260 Microbiology
- CHEM 161 General Chemistry w/lab I
- CHEM 162 General Chemistry w/lab II
- CHEM 163 General Chemistry w/lab III
- CHEM 261 Organic Chemistry w/lab I
- CHEM 262 Organic Chemistry w/lab II
- CHEM 263 Organic Chemistry w/lab III
- MATH & 151 Calculus I (or MATH & 148)
- PHYS & 221 Engineering Physics I* (or PHYS & 121)
- PHYS & 222 Engineering Physics II* (or PHYS & 122)
- PHYS & 223 Engineering Physics III* (or PHYS & 123)

*Preferred

**Medical Billing**

*See Business Information Technology.*
Military Science

The Military Science Program, part of the Army Reserve Officers’ Training Corps (ROTC), is one of the best leadership courses in the country and can be a part of your college curriculum. Being a student and learning to become a leader will make your college experience even richer and prepare you for the future.

Army ROTC is an elective program that serves in conjunction with your existing degree program. You receive college credit for your ROTC classes and some courses may also be used to meet degree requirements for your college major. ROTC classes will teach you leadership and management, values and ethics, military skills, and effective communication.

ROTC is, at its essence, an Army officer commission program; however, not all students who take our classes go on to serve in the Army. We encourage anyone interested in the armed forces or a career in the Army to enroll in Basic Courses, offered here at Pierce College. These courses do not have any prerequisites or commitments and are designed to teach basic Army fundamentals.

The Basic Course takes place during your first two years at Pierce College as an elective course. It involves instruction in both the classroom and lab environment, along with the requisite physical training and field training exercises. This instruction will teach you basic military skills, the fundamentals of leadership and start the groundwork for becoming an Army leader. You can take Army ROTC Basic Courses without a military commitment.

For additional information, contact the Professor of Military Science, ROTC Program, Pacific Lutheran University, Tacoma, WA 98447; (253) 535-8740; website: http://www.plu.edu/~rotc/.

Nursing

Faculty: Katherine Hensley, Ilene Johnson, Gwendolyn Darks, Rebecca (Becky) Piper (PY)
Degree: Associate in Nursing
Website: www.pierce.ctc.edu/nursing

Nursing is a rewarding and diverse career that involves caring for people at all ages of the lifespan, and that provides opportunities for practice in a variety of settings, including hospitals, clinics and long-term care facilities. Nurses may provide direct care, teach clients how to care for themselves, as well as plan care for groups and individuals. Nurses who continue their education and earn a Bachelor of Science in Nursing (BSN) degree have additional opportunities in community health, home care, care management and teaching.

THE NURSING PROGRAM

The Pierce College Nursing Program prepares students to become Registered Nurses and provides students with the opportunity to become certified nursing assistants as a part of the coursework. In addition, the program is designed to articulate with local four-year universities that offer a BSN completion program. The curriculum includes a solid base in the natural and social sciences and provides a strong foundation in basic nursing skills, from which students then advance to more complex nursing concepts in the second year.

During the course of the program, students will receive experience in medical surgical nursing, maternal-newborn, pediatrics, and mental health nursing in acute care, long-term, and community settings such as clinics and schools. Graduates receive an Associate’s Degree in Nursing, then must pass the NCLEX-RN examination in order to be licensed.
The program includes classroom courses in nursing, as well as clinical nursing practice in an acute care setting where students apply theory attained in all previous courses, with a focus on the transition to the RN role. Concepts of the Roy Adaptation Model are used to guide developing nursing practice to individuals in the community, in a variety of settings, during a preceptorship assignment. At the end of the course, students are expected to take a comprehensive NCLEX-RN predictive examination.

Clinical courses are taught at a variety of health care agencies in the Pierce County area and may occur days, evenings and Saturdays. All courses are taught by master's prepared nurse educators. The program is approved by the Washington State Nursing Care Quality Assurance Commission.

Selection for the RN pathway is competitive, and the program begins annually each winter quarter. Students who are selected begin a six-quarter program leading to an associate's degree in nursing. The program seeks students who are committed to the profession of nursing. Before applying to our program, applicants should explore all facets of a nursing career and career settings, during a preceptorship assignment. At the end of the course, students are expected to take a comprehensive NCLEX-RN predictive examination.

Clinical courses are taught at a variety of health care agencies in the Pierce County area and may occur days, evenings and Saturdays. All courses are taught by master's prepared nurse educators. The program is approved by the Washington State Nursing Care Quality Assurance Commission.

Selection for the RN pathway is competitive, and the program begins annually each winter quarter. Students who are selected begin a six-quarter program leading to an associate's degree in nursing. The program seeks students who are committed to the profession of nursing. Before applying to our program, applicants should explore all facets of a nursing career, which may include but not be limited to, infection control, practice settings and the law as it pertains to nursing.

**REQUIREMENTS FOR ADMISSION**

Applicants must meet general entrance requirements for Pierce College as well as the specific pre-nursing course requirements. Prerequisite courses may take at least one year of study and possibly longer if additional coursework must be completed prior to taking the prerequisite course. Check with your college early to plan your course of study.

The application deadline for admission to the Nursing Program is set each year. Students are encouraged to check the Nursing Program website for updated information.

Nursing students will have additional college expenses to cover uniforms, supplies and pre-licensure testing. Application packets and additional information are available online at www.pierce.ctc.edu/nursing or by contacting the nursing program office at (253) 864-3272.

**TRANSFERABILITY**

Graduates of the Pierce College Nursing Program who successfully pass the NCLEX examination for RN licensure may apply to the University of Washington-Tacoma to earn a bachelor of science in nursing degree. An articulation agreement is in place and students who plan to transfer should work closely with their Pierce College advisor to make sure that all requirements are met.

The pre-nursing course requirements will apply to other allied health fields or to an associate degree for transfer to a four-year institution should a student change fields or not be accepted into the nursing program.

### ASSOCIATE IN NURSING (ADN) (PT ONLY)

#### PREREQUISITES

Minimum qualifications:
The following must be completed with a grade of 3.0 (B) or higher and completed within the last ten years of application:

- **BIOL& 241 Human Anatomy and Physiology 1** 6
- **BIOL& 242 Human Anatomy and Physiology 2** 6
- **BIOL& 260 Microbiology** 5
- **CHM& 121 Introduction to Chemistry** 5
- **ENGL& 101 English Composition I** 5

**Transfer-Ready Requirements:**

- *or two years high school foreign language or native speaker (check with pre-nursing advisor)*

<table>

</thead>
<tbody>
<tr>
<td>Must be completed with a grade of 2.0 (C) or higher:</td>
</tr>
<tr>
<td><strong>MATH&amp; 146 Introduction to Statistics</strong> 5</td>
</tr>
</tbody>
</table>

Note: All courses have prerequisites that cannot be waived. Please work closely with an advisor.

### FIRST YEAR

#### Quarter I (13 credits)

- **HSCL 116 Pharmacology for Allied Health** 4
- **NURS 111 Fundamentals of Nursing Practice** 3
- **NURS 112 Fundamentals of Nursing Clinical Practice** 3
- **NURS 114 Therapeutic Comm in Healthcare Settings** 3

#### Quarter II (12 credits)

- **NURS 121 Intro to Medical-Surgical/Psychiatric Nursing** 4
- **NURS 122 Intro to Nursing Clinical Practice** 5
- **NURS 125 Family Centered Nursing Care** 3

#### Quarter III (12 credits)

- **NURS 130 Intermediate Medical-Surgical/Psychiatric Nursing** 6
- **NURS 132 Intermediate Nursing Clinical Practice** 6

Total First Year ADN program credits 37

Or unencumbered Washington State LPN License 37 credits

Or completed 1 year from accredited, comparable ADN program

### SECOND YEAR

#### Quarter IV (13-17 Credits)

- **NURS 210 Advanced Topics in Nursing I** 4
- **NURS 211 Advanced Nursing Clinical Practice** 6
- **NURS 214 Adv. Concepts in Family Centered Nursing Care** 3
- **NURS 218 ADN Articulation Seminar (Bridge only)** 4

#### Quarter V (11 credits)

- **NURS 222 Professional Nursing Clinical Practice** 5
- **NURS 223 Advanced Psychiatric Nursing** 3
- **NURS 224 Professional Role Transition** 3
- **NURS 230 Advanced Topics in Nursing II** 3

#### Quarter VI (12 credits)

- **HSCL 235 Issues & Trends in Healthcare Management** 4
- **NURS 233 Acute Care Nursing Practicum** 8

Total 2nd year ADN program credits 39-43

Total ADN Credits Required 76-80

Total Credits including prerequisites 103-107

Each course must be completed with a minimum 2.7 GPA and all courses must be completed in the designated quarter.
UNIVERSITY TRANSFER PROGRAM OPTION

ASSOCIATE IN PRE-NURSING DTA/MRP

STATEWIDE MAJOR READY PATHWAY (MRP) AGREEMENT

This pathway is applicable to students planning to prepare for upper-division Bachelor of Science-Nursing (entry-to-practice/basic BSN pathway) by completing a broad selection of academic courses. Many students transfer to the BSN program after completing the Associate’s Degree Nursing (ADN) program (RN to BSN pathway); however, this agreement is not applicable to and does not alter those ADN to BSN articulation agreements.

This document represents an agreement between the following baccalaureate institutions offering an entry-to-practice/basic BSN program and the community and technical colleges system: Baccalaureate institutions party to this agreement include: University of Washington, Seattle; Washington State University; Northwest University; Seattle University; Seattle Pacific University; Pacific Lutheran University; and Walla Walla College. The Washington State University Intercollegiate College of Nursing (WSU-ICN) is a consortium whose members include Eastern Washington University, Gonzaga and Whitworth. Associate’s degree transfers to WSU-ICN are admitted through EWU, not through the other consortium institutions. EWU participated in the development of this agreement.

GENERAL DEGREE REQUIREMENTS

- Minimum of 90 quarter hours of transferable credit.
- College cumulative GPA of at least 2.0 is required.
- ENGL& 101 (English Composition I) is required.
- Minimum of 25 of last 45 credits must be earned at Pierce College.
- 1.5 grade (C-) or better for all requirements is required unless prerequisites state otherwise.*
- “Pass” (P) grades may be used for General Elective credits only.
- Independent Study may be used only for General Elective credits.
- Cooperative work experience/work-based learning credits may be applied to the General Elective area only.
- Once a course has been successfully completed, credits obtained may be used only once, even if a course is listed in more than one category.

*Specific grade requirements vary from course to course and among transfer institutions. Students must check with the transfer institution. Note that admission to the BSN upper division nursing programs is very competitive; therefore, no particular GPA can guarantee admission to any specific nursing program.

A. BASIC REQUIREMENTS

- Communication Skills (10 credits)
  - ENGL& 101 English Composition I 5
  - ENGL 103 Composition – Argumentation and Research 5

Note: Northwest University and Walla Walla College require that the second English composition class be a research writing class.

- Quantitative/Symbolic Reasoning Skills (5 credits)
  - Intermediate Algebra proficiency is required
  - MATH& 146 Intro to Statistics 5

Note: UW Seattle and Seattle University require 10 credits in quantitative/symbolic reasoning and natural science provide one opportunity for such diversity is encouraged (required by WSU). The elective credits in humanities, social science, quantitative/symbolic reasoning and natural science provide one opportunity for such a curriculum. See the choices in the WSU “Diversity Course Identification Guidelines” for possible course selection or select courses that include minority, non-western, ethnic or other “area” studies.

B. DISTRIBUTION REQUIREMENTS

1. Humanities (HM) (15 credits)
   Consistent with the requirements in all DTA degrees — no more than 10 credits per discipline area, and five credits maximum in world languages or ASL. No more than five credits of performance/skills classes are allowed.
   - CMST& 220 Public Speaking 5
   - Humanities Electives (GER-HM)*

Note: in order to better prepare for successful transfer, students are encouraged to consult with the institution(s) to which they wish to transfer regarding the Humanities courses that best support or may be required as prerequisites to their nursing curriculum.

2. Social Sciences (SS) (15 credits)
   - PSYC& 100 General Psychology 5
   - PSYC& 200 Lifespan Psychology 5
   - Sociology Elective (GER-SS)*

Note: Northwest University requires Cultural Anthropology and does not accept a course in the sociology discipline as a substitute. Students may be admitted to the BSN without Cultural Anthropology if they agree to complete the course at NU in the summer prior to the junior year.

3. Natural Sciences (NS) (minimum of 35 credits with at least 25 credits lab-based)
   - BIOL& 160 General Biology w/lab 5
   - BIOL& 241 Human Anatomy and Physiology 1 6
   - BIOL& 242 Human Anatomy and Physiology 2 6
   - BIOL& 260 Microbiology 5
   - CHEM& 121 Intro to Chemistry 5
   - CHEM& 131 Intro to Organic and Biochemistry 6
   - NUTR& 101 Nutrition 5

Note: Introductory survey courses or review courses do not meet the content level expectations for these natural science requirements. Northwest University requires two credits of Genetics as well. Students may be admitted to the BSN without Genetics if they agree to complete the course at NU in the summer prior to the junior year. UW Seattle requires a minimum GPA of 3.0 for three out of the seven courses or 2.8 for four out of the seven.

C. ELECTIVES (10 CREDITS)

Five credits that meet the GER-CM, GER-QS, GER-HM, GER-NS or GER-SS designation as stated on Pierce AA degree lists. Up to five credits that are numbered 100 or above.*

*A curriculum that provides students with an understanding of and sensitivity to human diversity is encouraged (required by WSU). The elective credits in humanities, social science, quantitative/symbolic reasoning and natural science provide one opportunity for such a curriculum. See the choices in the WSU “Diversity Course Identification Guidelines” for possible course selection or select courses that include minority, non-western, ethnic or other “area” studies.

Total Credits Required 90

Notes

1. Admissions application deadlines vary; students must meet the deadline for the university or universities to which they plan to apply for admission to transfer.
2. For admission to nursing as a major, it is critical to note that GPA requirements vary and admission is competitive across the several programs in nursing.
3. Certain schools may have additional “university-specific” requirements that are not prerequisites to admission to the nursing major but will need to be completed prior to graduation or, as noted above for NU, prior to commencement of nursing courses. Contact with advisors from individual schools for institutional requirements is highly recommended, since this DTA may not meet every institution-specific graduation requirement. NU, for example, requires Old Testament and New Testament in the summer prior to beginning nursing classes.
4. Certain schools may have additional “university-specific” requirements for admission to the institution that are not prerequisites specifically identified in the DTA requirements. UW Seattle and PLU, for example, each require 10 credits of a world language if the applicant has not completed two years of a single language in high school.

Nursing Assistant Certified (NAC)

Contact:  Eustania Kasjan

This comprehensive training course provides basic awareness of the role of the nursing assistant in nursing care and development of the skills necessary to provide that care.

Nursing Assistants are qualified to work under the direction of Registered Nurses and Licensed Practical Nurses, assist in the care of patients and residents in hospitals, clinics, skilled nursing facilities (long-term care and rehab), and assisted living facilities. This includes, but is not limited to, maintaining a safe environment for the client, providing assistance with activities of daily living as needed, restorative care, communicating with clients, and basic concepts of care.

Students who need additional support with basic skills (reading, writing, math or English language) may want to consider the 2-quarter BEST NAC program. During the first quarter, students are introduced to NAC terminology through lessons designed to improve their basic skills and increase their success in the NAC training the following quarter.

Student Learning Outcomes available at: www.pierce.ctc.edu/dep/nac/outcomes
Occupational Safety & Health  PROFESSIONAL/TECHNICAL

Contact: Ron May (FS)

Degree: Occupational Safety & Health Technician associate in Applied Science (AAS-T)

Certificate: Construction Safety Technician
(See Construction Management for certificate details.)

This unique degree was developed as a joint program between Pierce College and Edmonds Community College. Both colleges offer a two-year Occupational Safety & Health Technician Associate of Applied Science-T Degree (AAS-T). Students at both colleges will participate in each course via online instruction or through ITV.

The AAS-T degree is designed to transfer to a BAS degree at Central Washington University. It can also transfer to BA programs at Evergreen State College, City University and University of Phoenix.

Occupational Safety and Health professionals work to prevent accidents and health hazards to workers, the community and the environment. They are employed in every industry, including public and private companies. Safety professionals work with physicians, engineers and management teams to eliminate work-related injuries and illness as well as respond to emergency preparedness and homeland security issues.

Student Learning Outcomes available at:
www.pierce.ctc.edu/dept/osh/outcomes

Oceanography  UNIVERSITY TRANSFER

Faculty: Ron May, Beth Norman, Robert Sager, Ted Wood (FS); Tom Bush (PY)

Degree: associate of Arts (AA-DTA)
associate of Science (AS-T)
courses offered in Oceanography provide an interdisciplinary scientific approach to the study of the biological, chemical, geological and physical parameters of the ocean.

Students planning to transfer should complete AS-T or AA-DTA degree requirements and must check with the transfer institution regarding specific course needs and transferable credits. Pierce College offers an oceanography major with a general or biology emphasis.

See Degree Outcomes on page 26.

## Paraeducation

**Faculty:** Lisa Reeves, Greg Brazell (FS)

**Degree:** Associate in Paraeducation

Pierce College's Paraeducation program is designed for people already working as teaching assistants in school districts within the Pierce College service district. It provides the training necessary for them to achieve paraprofessional status.

This professional-technical program offers an associate's degree in paraeducation, preparing students for employment as valuable members of instructional teams contributing meaningfully to learner-centered activities. Positions include education assistant, guidance specialist, instructional aide, transitional specialist, playground assistant, special education assistant, teacher aide and tutor. Coursework covers the Washington State Competencies and Skill Standards for Paraeducators. EDUC 130, EDUC 204, EDUC 230, PARED 110, PARED 130 and PARED 210 are offered through a contracted agreement with the Bethel School District.

Student Learning Outcomes available at:

www.pierce.ctc.edu/dept/ece/outcomes

---

# Personal Trainer

See Diagnostic Health & Fitness Technician/Instructor.

# Philosophy

**Faculty:** Emily Kulbacki (FS)

**Degree:** Associate of Arts (AA-DTA)

Philosophy involves both a body of knowledge and the active, critical and speculative inquiry into such areas as the meaning of human existence, the nature of reality, human knowledge and its justifications, and the pursuit of acceptable grounds for human conduct. Philosophy courses at Pierce are designed not only for students who plan to transfer as philosophy majors to four-year institutions, but also as service courses for students in other disciplines and as personal enrichment courses for those who have an interest in philosophical questions and in the development of methods and skills for determining one's own answers.

Students interested in pursuing a major in philosophy should first consult the general distribution requirements for their chosen transfer institution and fulfill as many of the requirements as possible. Students whose philosophical interests lie in a certain area (such as philosophy of science, political philosophy, philosophy of social science, aesthetics, etc.) should acquaint themselves with those disciplines. If completing an AA degree, the student should also ensure that degree requirements are met.

All philosophy majors should take at least a representative sample of the following courses, working closely with an advisor to determine those that best meet their specific educational needs. In addition, most baccalaureate programs in philosophy require the study of at least one foreign language from among the following: French, German, Latin or Ancient Greek.

See Degree Outcomes on page 26.

### ■ PHILOSOPHY MAJOR — GENERAL EMPHASIS

The following courses should be taken, in addition to courses required for the AA-DTA degree:

<table>
<thead>
<tr>
<th>COURSE CODE</th>

</tr>
</tbody>
</table>

**Total Credits Required:** 94
PHILOSOPHY MAJOR — VALUES EMPHASIS (ETHICS, AESTHETICS)
The following courses should be taken, in addition to courses required for the AA-DTA degree:

- ANTH& 100 Survey of Anthropology 5
- ART 105 Intro to Art 5
- ENGL 103 Composition — Argumentation & Research 5
- ENGL& 114 Intro to Poetry 5
- MUSC& 105 Music Appreciation 5
- PHIL& 101 Intro to Philosophy 5
- PHIL& 106 Intro to Logic 5
- PHIL 110 Intro to Bioethics 5
- PHIL 150 Intro to Ethics 5
- PHIL 155 Ethics in Business 5
- PHIL 210 Philosophy of Western Religion 5
- PSYC& 100 General Psychology 5

PHILOSOPHY MAJOR — LINGUISTICS AND EPISTEMOLOGICAL EMPHASIS
The following courses should be taken, in addition to courses required for the AA-DTA degree:

- ANTH& 206 Cultural Anthropology 5
- ENGL 240 Intro to Linguistics 5
- PHIL& 101 Intro to Philosophy 5
- PHIL& 106 Intro to Logic 5
- PHIL 150 Intro to Ethics 5

PHYSICAL EDUCATION TRANSFER

- BIOL 241 Human Anatomy and Physiology 1 6
- BIOL 242 Human Anatomy and Physiology 2 6
- ENGL 101 English Composition I 5

ADDITIONAL RECOMMENDED COURSES

- BIOL& 160 General Biology w/lab (prereq. to BIOL& 241) 5
- CHEM& 100 Prepatory Chemistry (prereq. to BIOL& 241) 5
- NUTR& 101 Nutrition 5
- PE 104-199 Physical Education Activity 2-3
- HSCI 228 First Aid and CPR for Health Care Professionals 2
- PSYC& 100 General Psychology 5
- SOCS 101 Intro to Sociology 5

Choose one or both:
- CMST& 101 Introduction to Communication 5
- CMST& 220 Public Speaking 10

Physical Therapy (Pre-)

PHYSICAL EDUCATION UNIVERSITY TRANSFER

Faculty: Steve Crain, Lisa Murray (FS)
Degree: Associate of Arts (AA-DTA)

Pierce College offers a variety of activities to meet students’ needs and interests in the areas of fitness, aquatics and lifetime and team sports. Students interested in careers in teaching and/or coaching should work towards the Associate of Arts degree for transfer to a four-year college or university. The following sequence of courses will assist in meeting requirements of most four-year institutions, but students must check with transfer institutions regarding specific requirements and transferable credits.

See Degree Outcomes on page 26.

PHYSICS MAJOR

Students planning to transfer as physics majors should complete AS-T or AA-DTA degree requirements and must check with transfer institutions regarding specific requirements and transferable credits.

- PHYS& 221 Engineering Physics I 5
- PHYS& 222 Engineering Physics II 5
- PHYS& 223 Engineering Physics III 5
- ENGR& 224 Thermodynamics 5
- MATH& 151 Calculus I 5
- MATH& 152 Calculus II 5
- MATH& 153 Calculus III 5
- MATH 205 Linear Algebra 5
- MATH 224 Multivariate Calculus 5
- CHEM& 161 General Chemistry w/lab I AND 5
- CHEM& 162 General Chemistry w/lab II 5

(or 10 credits of physical science, not physics or math)
Political Science UNIVERSITY TRANSFER

Faculty: Dr. Nancy McMahan (FS); Dr. John Lucas, Chris Vanneson (PY)
Degree: Associate of Arts (AA-DTA)

Political science is the systematic study of how societies organize to decide what to do and how to do it. The analysis of group decision-making extends over time and over group size, from committees to international institutions. The courses presented at Pierce College are lower-division prerequisites for acceptance as a political science major in all of Washington's colleges and universities. Students should also complete AA degree requirements and must check with transfer institutions regarding specific requirements and transferable credits.

See Degree Outcomes on page 26.

POLITICAL SCIENCE MAJOR

Communications Skills
- SOc& 101 Intro to Sociology 5
- PSyc& 100 General Psychology 5
- POLS& 200 Introduction to law 5

Social Science (two disciplines plus POLS)
- PHil& 101 Intro to Philosophy 5
- geOl& 110 Environmental geology
- geOl& 101 Intro to Physical geology or
- a Natural Science (three disciplines, including one lab course)
- eNgl 107 Composition – Writing About Literature 5

Computational Skills
- MATH& 146 Intro to Statistics 5

Humanities
- CMST& 102 Intro to Mass Media 5
- CMST& 220 Public Speaking 5
- HIS& 156-158 History of United States I-III 5-15
- PHIL& 101 Intro to Philosophy 5

Natural Science (three disciplines, including one lab course)
- AL& 101 Intro to Physical Geology or
- GEOG 207 Economic Geography

Choose one:
- ANTH& 100 Survey of anthropology or
- PSYC& 100 General Psychology 5
- SOc& 101 Intro to Sociology 5

Select one:
- CJ 112 Criminal Justice in America 5
- POLS& 200 Introduction to Law 5
- PSyc& 101 General Psychology 5
- SOC& 101 Intro to Sociology 5

Pre-Law UNIVERSITY TRANSFER

Faculty: Doug Jensen (FS)
Degree: Associate of Arts (AA-DTA)

There is no formal pre-law program or curriculum at Pierce College or at most other undergraduate institutions; thus, the pre-law designation normally is used only until the pre-law student selects a suitable major field of study. In most instances, the later study of a specialized area of law in law school is not related directly to the law student's undergraduate major field of study. However, students contemplating a career in law should emphasize the development of strong communication (especially writing) and critical thinking abilities while studying at the undergraduate level.

With few exceptions, individuals becoming lawyers earn the Juris Doctor (J.D.) degree by attending law school for the equivalent of three academic years of full-time study. Prior to entering law school, students must have been awarded the bachelor’s degree and taken the Law School Admission Test (LSAT). Inasmuch as admission to law school is highly competitive, pre-law students should earn the best grades possi-ble. The LSAT, a one-day national examination offered several times each year at numerous testing sites, is usually taken early during the senior year of undergraduate study.

The pre-law advisor can share information about law schools and provide direction, from a pre-law perspective, concerning baccalaureate institutions as well as Pierce College courses and programs of study. Students should contact the appropriate transfer institution regarding transferability of credits and specific institutional, including departmental, requirements.

See Degree Outcomes on page 26.

Psychology UNIVERSITY TRANSFER

Faculty: Dr. JoAnne Geron, Dr. Thomas Link, R. Martin Lobdell (FS); Dr. Joanne Bates, Leon Khalsa-Maulen, (PY)
Degree: Associate of Arts (AA-DTA)

Psychology is the study of human and animal behavior, which forms a basis for making inferences about mental processes. It involves the study of mental states and processes, human behavior, and human nature and society. Pierce College's psychology program prepares students for transfer to four-year institutions as psychology majors; helps prepare students for vocational certification or licensure in disciplines related to and supported by psychological training; and provides courses that contribute to the personal growth and well-being of students who seek more knowledge of themselves and the world around them.

Students planning to transfer as psychology majors should complete AA-DTA degree requirements and must check with transfer institutions regarding specific requirements and transferable credits. Up to 30 psychology credits may be accepted, depending on the transfer institution. Often, psychology majors are best served by gaining a strong background in anatomy and physiology, philosophy, sociology and anthropology, as well as in psychology. Students are strongly urged to work closely with faculty advisors to plan an overall program of study that best meets their transfer needs and career goals.

See Degree Outcomes on page 26.

PSYCHOLOGY MAJOR

The following courses are recommended as part of the requirements for the AA-DTA degree:

- BIOL 118 Hum Anatomy and Physiology for Non-Sci Mjrs 5
- BIOL& 160 General Biology w/lab 5
- MATH& 141 Precalculus I 5
- MATH& 146 Intro to Statistics 5
- PHIL& 101 Intro to Philosophy 5
- PSYC& 100 General Psychology 5
- SOC& 101 Intro to Sociology 5

Choose one:
- ANTH& 100 Survey of Anthropology or
- PSYC& 206 Cultural Anthropology

Choose one:
- ENGL 103 Composition – Argumentation & Research
- ENGL 107 Composition – Writing about Literature

Choose one:
- CMST& 101 Introduction to Communication
- CMST& 220 Public Speaking

AND one or two of the following PSYCH courses:
- PSYC& 180 Human Sexuality 5
- PSYC& 200 Lifespan Psychology 5
- PSYC& 220 Abnormal Psychology 5
- PSYC 230 Intro to Personality 5
Pupil Transportation Supervision
PROFESSIONAL/TECHNICAL

Faculty: Rick Hogan (PY)
Certificate: Pupil Transportation Supervision

The Certificate in Pupil Transportation Supervision enables public and private transportation employees to prepare for advancement to supervisory and senior management positions. The certificate is endorsed by the Washington Association of Pupil Transportation and includes up to nine credits of coursework specific to the field of pupil transportation. The remaining 25 credits are drawn from traditional college courses that can apply directly to the college’s Associate in Business professional/technical degree.

Student Learning Outcomes available at: www.pierce.ctc.edu/dept/pupiltrans/outcomes

CERTIFICATE IN PUPIL TRANSPORTATION SUPERVISION
CORE REQUIREMENTS (34 CREDITS)

ACCT 101 Survey of Accounting 5
* BUS 105 Business English I 5
BUS 240 Human Relations in the Workplace 5
MNGT 283 Principles of Supervision and Leadership 5
MNGT 295 Human Resource Management 5

** PUPIL TRANSPORTATION COURSES (9 CREDITS) 9
Total Credits Required 34

*Requires 2.0 GPA in lower-level English or placement recommendation at ENGL 099.
**Courses must be specific to student transportation and approved by Pierce College NAPT.
State association courses may be acceptable. Check with Pierce College.

Reading/College Success

Faculty: Lori Griffin (FS); Jeff Pisetzner (PY)

Offered through structured classes or arranged lab format, the Reading and College Success (formerly Study Skills) programs offer students a flexible way to increase their reading comprehension and gain invaluable study skills. The Reading program offers a varied level of instruction from skill development to speed reading. The College Success program allows students to explore such topics as test and note-taking strategies, time management, and career planning. Classes are offered both daytime and evening.

Student Learning Outcomes available at: www.pierce.ctc.edu/dist/basicskills/outcomes

Social Service/Mental Health
PROFESSIONAL/TECHNICAL & UNIVERSITY TRANSFER

Faculty: Dr. Denise Arnold (FS)
Degrees: Associate in Social Service/Mental Health
Associate of Arts (AA-DTA) & Certificate in SS-MH

Certificate: Social Service/Mental Health

The Social Service/Mental Health Program prepares students for service and employment in the human services. Human service professionals help clients meet their diverse human and social needs: Their work routinely involves interviewing, counseling, crisis intervention, assessment, outreach, coordination and community development.

Entry-level workers, who are also known as beginning-level professionals or paraprofessionals, are employed in a variety of settings: group homes, halfway houses, community mental health centers, family and youth service agencies, correctional institutions, work release programs, congregate care facilities and psychiatric hospitals. Clients include children, young adults, ethnic minorities, families, juvenile delinquents, senior citizens, prisoners, released criminal offenders, crime victims, and people who are disabled, mentally ill, abused, developmentally disabled, homeless, and chemically dependent.

The program at Pierce College integrates a solid academic background with specialized coursework that familiarizes students with the knowledge, values and skills they will need to succeed with clients and in the professional community.

The Associate of Arts and Certificate in Social Service/Mental Health is geared to students who wish to pursue a four-year degree and is excellent preparation for those planning to earn a higher degree in social work, social services, occupational therapy, special education, psychology, sociology, criminal justice or other social service fields. The Associate in Social Service/Mental Health degree prepares graduates for immediate employment in entry-level positions.

The Certificate in Social Service/Mental Health is designed to prepare students for careers in Social Services and Mental Health. It is an excellent complement to the Pierce College AA-DTA degree for those going on in higher education. For those who already have college degrees but lack formal human service training, it provides a solid career foundation.

See Degree Outcomes on page 26.
See Certificate Outcomes for individual professional/technical degrees and certificates available at: www.pierce.ctc.edu/dept/ssmh/outcomes

ASSOCIATE IN SOCIAL SERVICE/MENTAL HEALTH

SOCIAL SERVICE FOUNDATION (31 CREDITS)

HSSA& 101 Intro to Addictive Drugs 3
HSSA 121 Psychotropic Medications 3
PSYC& 220 Abnormal Psychology 5
SSMH 202 SSMH Field Experience 5

(Any psychology, sociology, multicultural course or course related to career path)

RELATED INSTRUCTION (23-25 CREDITS)

Communications (10 credits)
ENGL& 101 English Composition I 5
Select one: 5
CMST& 101 Introduction to Communication
CMST& 220 Public Speaking

Computational Skills (3-5 credits)
Any course meeting AA Q5 requirement (5); or BUS 103 – Computational Math (3); or BUS 107 – Business Math (5)

Human Relations (10 credits)
PSYC& 100 General Psychology 5
Select one: 5
ANTH& 106 American Mosaic
ANTH& 206 Cultural Anthropology
SOC& 101 Intro to Sociology

SOCIAL SERVICE/MENTAL HEALTH CORE (38 CREDITS)

Psychology course (choose one): 5
PSYC& 180 Human Sexuality
PSYC& 200 Lifespan Psychology
PSYC 201 Psychology of Personal Growth
ASSOCIATE OF ARTS (AA-DTA) WITH CERTIFICATE IN SOCIAL SERVICE/MENTAL HEALTH

GENERAL EDUCATION REQUIREMENTS (60 CREDITS)

All GER elective courses must be chosen from the approved lists on the AA-DTA degree requirement sheet. All other AA-DTA degree requirements also must be fulfilled.

Communications (10 credits)
- ENGL& 101 English Composition I
- CM GER Elective (ENGL 103 recommended)

Social Science (15 credits)
Choose 3 disciplines:
- PSYC& 100 General Psychology
- SOCA& 201 Intro to Sociology

Select one:
- ANTH& 206 Cultural Anthropology or
- ECON 110 Survey of Economics

Humanities (15 credits)
Choose 3 disciplines:
- HSCI 119 Human Health and Disease
- HSCI 210 Wellness
- NUTR& 101 Nutrition

Quantitative Skills (5 credits)
- MATH& 146 recommended

SOCIAL SERVICE/MENTAL HEALTH CORE/CERTIFICATE (36 CREDITS)

Psychology courses (choose one):
- PSYC& 180 General Psychology
- PSYC& 200 Lifespan Psychology
- PSYC 201 Psychology of Personal Growth
- PSYC 210 Social Psychology
- PSYC 215 Group Experience
- PSYC& 220 Abnormal Psychology

Sociology courses (choose one):
- SOCA& 201 Intro to Sociology
- SOC 211 Marriage and the Home
- SOC 212 Sociology of Death
- SOC 220 Gender Roles in Society
- SSMH 100 Intro to Human Services
- SSMH 170 Mental Health Interviewing and Assessment
- SSMH 201 SSMH Field Experience
- SSMH 210 Self Care for Care Givers
- SSMH 215 Law and Ethics in Social Services

Select one:
- SSMH 185 Identity and the Family
- SSMH 230 Abuse in the Family

Total Credits Required 92-94

*Students must earn a minimum grade of 2.0 in all SSMH courses to earn an SSMH associate degree.

SOCIOLOGY UNIVERSITY TRANSFER

Faculty: Dr. Alan Kemp (FS); Leon Khalsa-Maulen (PY)
Degree: Associate of Arts (AA-DTA)

Sociology is the study of society and human interaction. It deals with human relationships, development in groups, and processes of social behavior and social institutions such as the family, religion, and the economy. Courses in sociology are designed to stimulate critical and constructive attitudes toward society, to train persons in sociologically-related career fields, and to help students become better prepared to handle the problems of a rapidly-changing world.

Students planning to transfer as sociology majors should complete AA-DTA degree requirements and must check with transfer institutions regarding specific requirements and transferable credits. The following courses are recommended, although sociology majors should work closely with faculty advisors to plan an overall program of study.

See Degree Outcomes on page 26.

SOCIOLOGY MAJOR

The following courses are recommended as part of the core AA-DTA requirements or as electives:

- ANTH& 100 Survey of Anthropology (or ANTH& 104 or 106)
- ENGL 101 English Composition I
- ENGL 103 Composition – Argumentation and Research
- HIST& 126 World Civilizations I OR
- HIST& 127 World Civilizations II OR
- HIST& 128 World Civilizations III
- MATH& 146 Intro to Statistics
- PSYC& 100 General Psychology
- PSYC 210 Social Psychology
- SOCA& 201 Intro to Sociology
- SOC 211 Marriage and the Home
- SOC 212 Sociology of Death
- SOC 215 Gender Roles in Society
- SOC 220 Social Problems
- SOC 220 Sociology of Social Work
Speech — See Communication Studies.

Study Skills — See Reading/College Success.

Supervision & Management

Theatre — See Drama.

Veterinary Technology
PROFESSIONAL/TECHNICAL

Faculty: Markiva Contris, LVT; Salvador Hurtado, DVM (FS)
Degree: Associate in Veterinary Technology
Web site: www.pierce.ctc.edu/vet-tech

At this time, Pierce College is one of three colleges in Washington to offer the Associate in Veterinary Technology degree. This two-year program is designed to prepare students to assist veterinarians in all aspects of animal care, including small and large animal practice, zoos, research laboratories and industry. Following successful completion of the National and State Board examinations, graduates can expect a challenging and rewarding career.

The Veterinary Technology program is a special admissions program and the number of students accepted is limited by the physical and financial resources of the college. Selection into the program is based on the satisfactory completion of admissions requirements. Candidates with the highest total scores will be notified of their acceptance status the month of May preceding the fall quarter for which they applied. See www.pierce.ctc.edu/vet-tech.

All candidates must have:
• College level Biology (i.e. BIOL& 100, 5 cr).
• College level Chemistry (i.e., CHEM& 100, 5 cr).
• College level Intermediate Algebra (i.e., MATH 098, 5 cr).
• College level English (i.e. ENGL& 101, 5 cr).
• College level Medical Terminology (i.e., BTECH 150, min. 3 cr).
(Above courses may require prerequisites based upon placement scores.)
• Grade of 2.0 or better for each program prerequisite class.
• Program test.
• Recommendation/Reference Form and Discussion Topics Form.
• Veterinary hospital experience.

Many laboratory sessions require lifting, bending, and restraining animals. This is physically demanding and a necessary part of the curriculum. If you have any physical limitations that would prevent you from doing this work, please make an appointment with the director of the program.

APPLY EARLY
Because the veterinary technology courses are offered in sequence, students may enter the program fall quarter only. Deadline for submitting the admissions form, the $40 non-refundable application fee, and other required documents is April 15 preceding the fall quarter in which you plan to enter the program. The selection process is competitive; therefore, not all applicants will be accepted. Because of the special admission requirements for the program, applications for admission submitted online are not accepted. The application packet and forms can be accessed through the Veterinary Technology website: www.pierce.ctc.edu/vet-tech.

ACCREDITATION
The Veterinary Technology program at Pierce College has been approved by the Washington State Veterinary Medical Association, Washington State Association of Veterinary Technicians, and is accredited by the American Veterinary Medical Association.

Student Learning Outcomes available at: www.pierce.ctc.edu/dept/vettech/outcomes

ASSOCIATE IN VETERINARY TECHNOLOGY (FS ONLY)

FIRST YEAR
Fall Quarter (17 credits)
• VT 100 Intro to Veterinary Technology 2
• VT 101 Animal Nursing I 4
• VT 107 Medical Dosage for VT 2
• VT 110 Ward Care Laboratory I 1
• VT 125 Animal Anatomy and Physiology I 6
• VT 160 Applied Behavior Techniques I 2

Winter Quarter (14 credits)
• VT 104 Animal Nursing II 4
• VT 111 Ward Care Laboratory II 1
• VT 123 Large Animal Nursing 3
• VT 126 Animal Anatomy and Physiology II 3
• VT 155 Nutrition and Complementary Therapies 2
• VT 161 Applied Behavior Techniques II 1

Spring Quarter (13 credits)
• VT 105 Animal Nursing III 3
• VT 112 Ward Care Laboratory III 1
• VT 150 Intro to Clinical Microbiology 5
• VT 162 Applied Behavior Techniques III 1
• VT 166 Hematology for Veterinary Techniques 3

SECOND YEAR
Fall Quarter (18 credits)
• VT 215 Animal Hospital and Office Procedures 4
• VT 220 Public Health & Sanitation 4
• VT 222 Hematology 4
• VT 230 Anesthesiology and Intensive Care 4
• VT 250 Radiology for VT 2
Winter Quarter (17 credits)
- VT 223 Applied Equine Techniques 3
- VT 224 Veterinary Clinical Lab Principles 4
- VT 240 Animal Diseases 3
- VT 251 Pharmacology for VT 3
- VT 252 Special Techniques and Projects 4

Spring Quarter (14 credits)
- VT 233 Veterinary Clinical Practice (Externship) 14

Total Credits Required 93

*VT 100 is open to all interested students, not just to those enrolled in the Veterinary Technology program.

Word Processing
See Business Information Technology.

World Languages UNIVERSITY TRANSFER

Faculty: Dr. Thérèse Mirande (FS); Victoria Mayorga (Spanish), Janina Starr (ASL) (PY)

Degree: Associate of Arts (AA-DTA)

Foreign language study includes learning to speak, read and write a language and an exposure to the culture or cultures that use that language. It also includes the development of an understanding of how a language is structured and of problem-solving abilities using that structure.

Pierce College’s World Languages department offers European and Asian languages, as well as American Sign Language. Most courses offered are 3-quarter sequences at the introductory level. These courses meet the entrance and graduation requirements for foreign languages of most four-year programs. Students should verify requirements with their intended transfer institution. Intermediate level courses are available depending on demand, primarily in Spanish.

Advanced placement is available to students with prior experience in the language. Interested students should contact the department.

Students planning to transfer as foreign language majors or minors or in area studies should complete AA-DTA requirements to be admitted with junior standing and should contact the appropriate department of the transfer institution regarding specific requirements and transferable credits.

See Degree Outcomes on page 26.

FOREIGN LANGUAGE — WESTERN EUROPEAN LANGUAGE OR AREA STUDY MAJORS

Students wishing to major in Western European languages or area studies may find the following courses particularly useful:

- ANTH& 100 Survey of Anthropology
- ART 145 History of Art — Contemporary
- ENGL 140 English Grammar
- HIST& 127, 128 World Civilizations II, III
- HUM& 116-118 Humanities I-III
- INTS 107 Intro to International Studies
- INTS 140 Contemporary Issues in International Studies

FOREIGN LANGUAGE — ASIAN LANGUAGE OR AREA STUDY MAJORS

- ANTH& 100 Survey of Anthropology
- ART 145 History of Art — Contemporary
- ENGL 140 English Grammar
- HIST& 127, 128 World Civilizations II, III
- HIST 270 Intro to the Far East
- HIST 280 Intro to Chinese Civilization
- INTS 107 Intro to International Studies
- INTS 140 Contemporary Issues in International Studies
COURSE DESCRIPTIONS

An alphabetical listing of courses offered at Pierce College, by program of study.
ACCOUNTING (ACCT)

ACCT 101 (5) Survey of Accounting
Fundamental theories and concepts of accounting. Emphasizes applications of accounting information to various career programs, such as management, CIS, etc.

ACCT 170 (5) Practical Accounting I
Prereq: MATH 051 or MATH 054 with a 2.0 grade or better
Theory and practice of keeping adequate accounting records, and the use of various journals, ledgers and accounts. Offered through the accounting lab, self-paced, continuous entry.

ACCT 171 (5) Practical Accounting II
Prereq: ACCT 170 or ACCT 201 with a 2.0 grade or better
Theory and practice of keeping adequate accounting records, and the use of various journals, ledgers and accounts. Offered through the accounting lab, self-paced, continuous entry.

ACCT 172 (5) Practical Accounting III
Prereq: ACCT 171 or ACCT 201 with a 2.0 grade or better

ACCT 173 (3) Practical Cost Accounting
Prereq: ACCT 172 or ACCT 201 with a grade of 2.0 or better
An introduction to job order, process cost and standard cost accounting for the occupational student. Offered through the accounting lab, self-paced, continuous entry.

ACCT 175 (2) Practical Accounting Simulations
Prereq: ACCT 171
A course in doing accounting simulations. Course is intended for students in the Associate in Accounting degree program who elect to take Principles of Accounting classes instead of Practical Accounting. Also useful for students who want hands-on practice in doing accounting work. Offered through the accounting lab, self-paced, continuous entry.

ACCT 179 (5) Federal Income Tax Preparation
Federal income tax law and preparation with primary emphasis on individual income tax.

ACCT 180 (5) Accounting Systems
Prereq: CS 110 or 121, and BTECH 111, and ACCT 171 or ACCT 201, or permission of instructor
Introduction to accounting systems and computerized processing of accounting data. Students will learn about the flow of accounting data and documents in a business, the management and processing of the data in both a manual and computerized system and the preparation of output reports.

ACCT 201 (5) Principles of Accounting I
Prereq: MATH 098
First accounting course required of students transferring to a four-year school to obtain a bachelor's degree in business administration. Introduction to basic accounting concepts and procedures. Primary emphasis on the balance sheet and income statements in a single proprietorship.

ACCT 202 (5) Principles of Accounting II
Prereq: ACCT 201
Second accounting course typically required of students transferring to a four-year school to obtain a bachelor's degree in Business Administration. Covers partnerships, bonds, corporations, cash flow statements and financial statement analysis.

ACCTB 203(5) Principles of Accounting III
Prereq: ACCTB 201
An introduction into the field of managerial accounting. Survey of process and job order costs, budgeting, cash planning, capital budgeting, present value and other topics.

ACCT 273 (5) Government Budget and Fund Accounting
Prereq: ACCT 171 or ACCT 201
Accounting practices for the growing non-profit segment of the economy (governmental units, educational institutions, hospitals, etc.) with a comparison to accounting for profit-making organizations.

ACCT 275 (5) Payroll and Business Taxes
Prereq: ACCT 170 or equivalent
Payroll preparations, payroll tax laws, accounting procedures and supplementary records. Preparation of required returns for federal and state payroll taxes and business taxes (includes manual and computerized payroll problems).

ACCT 285 (5) Auditing and Advanced Analytical Techniques
Prereq: ACCT 180 and CIS 136
A capstone class for majors in accounting. The course will utilize auditing techniques and concepts to solve problems in verifying the accuracy of accounting records. Computerized spreadsheet and audit programs will be utilized in solving problems in a team environment.

ACCT 287 (3) Income Tax Practicum
Training in the preparation of the basic income tax forms and preparation of actual tax returns under the auspices of the AARP Tax-Aide program.

ADULT BASIC EDUCATION (ABE)
Non-credit basic skills courses are offered for English, Math, Computers, Transitional, etc. See listing under PROGRAMS OF STUDY for more information.

ANTHROPOLOGY (ANTH)

ANTH 100 (5) Survey of Anthropology - GER-SS
Introduction to the study of people. A survey of physical anthropology, archaeology, social anthropology and linguistics.

ANTH 104 (5) World Prehistory - GER-SS
An archaeological interpretation of the lifeways of our human ancestors from 3 million years ago to the development of written records.

ANTH 106 (5) The American Mosaic - GER-SS
An exploration of multiculturalism in the United States examining various aspects of social identity including ethnicity, race, socioeconomic class, gender and sexuality. Current anthropological methods and approaches will be employed to enhance the understanding of diversity in U.S. American society.

ANTH 107 (5) Archaeology of Ancient Civilizations - GER-SS
A course on the archaeology of ancient civilizations. Students compare ancient civilizations of the New World and the Old World to investigate how complex societies differ, in structure and internal dynamics, from simpler societies. They address the issue of how and why complex societies arose in some areas and not in others, as well as why complex societies collapse.

ANTH 165 (2-5) Cross Cultural Studies – Participatory Research
A course designed for students who participate in experiential cross-cultural research abroad. Students examine host country’s cultural values, social institutions, and significant contemporary issues facing that country. Students discuss differences between U.S. and host country’s cultures, and examine the host country in a global context.

ANTH 166 (2) Cross-Cultural Studies – Teaching from Experience
A course designed for International Students who participate in an international education program with K-12 instructors working in association with Pierce College. Students describe home country’s values and social institutions, as well as significant contemporary issues facing those countries. Students discuss U.S. American and home cultures as situated within a global context.

ANTH 167 (5) Cross Cultural Studies – Life and Culture
A course designed for students who participate in study abroad programs. Students examine host country’s cultural values, social institutions, and significant contemporary issues facing that country. Students discuss differences between U.S. and host country’s cultures, and examine the host country in a global context.

ANTH 204 (5) Archaeology - GER-SS/CS
Prereq: Completion of MATH 095 or 096 or equivalent with a grade of 2.0 or better
A quantitative approach to the methods and theories of archaeology.

ANTH 205 (5) Biological Anthropology - GER-NS
The course examines human biological variation, taking into account the complex interaction of biology, physiology, environment and culture. Major topics include evolution, genetics, scientific classification, nonhuman primates, the fossil record and modern human variation.

ANTH 206 (5) Cultural Anthropology - GER-SS
Course explores human behavior and belief across cultures. Major topics include the concept of culture, ethnographic research, and the cross-cultural examination of subsistence and economic systems, divergent social roles and identity, family systems, religious belief, and the impact of colonialism, modernization and globalization.
ANTH& 216 (5) Northwest Coast Indians • GER-SS
Exploration of the culture and life-ways of Indians of the Northwest Coast Culture Area, past and present.

ANTH 236 (5) Forensic Anthropology • GER-NS
A course designed to familiarize students with the forensic analysis of human remains. Theoretical and hands-on analyses of sex determination, age at death, biological ancestry, etc.

ANTH 240 (5) Women in Cross Cultural Perspectives • GER-SS
An introduction to the anthropological literature of women and a global and comparative approach to the diversity of women’s experiences and perspectives in relation to their bodies; in relation to men, children, and other women; and in relation to their culture and society.

[ART (ART)]

ART& 100 (5) Art Appreciation • GER-HM
A general introduction to the chronology of the development of Western Art from cave painting to the end of the 20th Century. This class is for the non-art major and there are no prerequisites.

ART 101 (5) Design, Beginning • GER-HM/Performance
A studio laboratory course which presents the elements of design as sources for artistic invention. Lectures, demonstrations and studio work deal with line, edge, shape, area, texture and value as vital elements in creative design.

ART 102 (5) Design, Intermediate • GER-HM/Performance
Prep: ART 101 or instructor permission
A studio laboratory course which presents advanced design and color as sources for artistic invention. Lectures, demonstrations and studio work deal with line, edge, shape, area, texture and value. Particular emphasis will be placed on color as an element of creative design.

ART 103 (5) Design, Advanced • GER-HM/Performance
Prep: ART 102 or instructor permission
A studio laboratory course which presents the elements of design as sources for artistic invention. Lectures, demonstrations and studio work deal with line, edge, shape, area, texture and value. Particular emphasis will be placed on color as an element of design. Application to a fine arts project will follow.

ART 105 (5) Introduction to Art • GER-HM
A general introduction to the visual arts, designed to develop within the student an insight and comprehension of the actual work of art. Topics of: perception, aesthetics, creativity, elements of design, principles of design, role of the media, and a general chronological survey of the visual arts are investigated.

ART 107 (5) Photography, Beginning • GER-HM/Performance
Prep: ART 105, or instructor permission and basic knowledge of computers and manually controlled digital camera required
A course in photography for the beginning to moderately advanced student covering basic knowledge from the equipment operation to aesthetic considerations in the photographic process.

ART 108 (5) Photography, Intermediate • GER-HM/Performance
Prep: ART 107 or instructor permission and basic knowledge of computers and manually controlled digital camera required
A course in photography for the beginning to moderately advanced student covering basic knowledge from the equipment operation to aesthetic considerations in the photographic process.

ART 109 (5) Photography, Advanced • GER-HM/Performance
Prep: ART 108 or instructor permission
A course in photography for the beginning to moderately advanced student covering basic knowledge from the equipment operation to aesthetic considerations in the photographic process.

ART 111 (5) Drawing, Beginning • GER-HM/Performance
Prep: ART 101 or instructor permission
A drawing sequence course to introduce the student to various approaches to drawing. The investigation of a variety of concepts, media, techniques and compositional considerations is employed to enable the student to gain a knowledge of drawing as possible.

ART 115 (5) 3-Dimensional Design • GER-HM/Performance
Prep: ART 111 or instructor permission
A non-computer hands on sculpture studio lab course that introduces the student to various approaches to constructing three-dimensional forms.

ART 120 (5) Photographic Design • GER-HM/Performance
Prep: ART 109 or instructor permission
The fundamentals of design, visualization, color, and composition, applied to sophisticated techniques in photography. Students must have a film and/or digital camera and basic knowledge of use.

ART 145 (5) History of Art • GER-HM
A concise history of contemporary painting, sculpture, drawings, printmaking, photography, and mixed media from modern foundations through post-modern styles and related issues.

ART 190 (5) Photography Workshop I • GER-HM/Performance
Prep: ART 109 and instructor permission
Photography for the moderately advanced student to achieve a refinement of photographic technique and skills.

ART 191 (5) Photography Workshop II • GER-HM/Performance
Prep: ART 190 or instructor permission
Gives the moderately advanced and advanced student the skill of free visual expression within the photographic process.

ART 192 (5) Photography Workshop III • GER-HM/Performance
Prep: ART 191 or instructor permission
Photography for the advanced student to refine photographic techniques and skills for free visual expression within the photographic process.

ART 201 (5) Painting, Beginning • GER-HM/Performance
Prep: ART 105 or instructor permission
A studio-laboratory course designed to develop within the student the desire to explore, to experiment and to evaluate painting. Painting offers basic instruction in the use of oil and acrylic media. Emphasis will be given to individual needs and interests.

ART 211 (5) Beginning Sculpture • GER-HM/Performance
Prep: ART 115 or instructor permission
A studio lab course that introduces students to materials, processes, and tools for the creation and consideration of sculptural design, with an emphasis on the use of non-hazardous and sustainable materials.

ART 275 (5) Painting Workshop, Beginning • GER-HM/Performance
Prep: ART 201 or instructor permission
Painting workshop consists of lecture and studio application related to both traditional and contemporary painting. Students will be encouraged to explore a diversity of painting media and techniques. Emphasis on the relationship of media investigation and design concepts to painting.

ART 277 (5) Painting Workshop, Advanced • GER-HM/Performance
Prep: ART 276 or instructor permission
Advanced painting workshop consists of lectures and studio application related to both traditional and contemporary painting. Students will be expected to explore a diversity of painting media and techniques. Increased emphasis on the fine relationship of media investigation and design concepts to painting.

[ASTR (ASTR)]

ASTR& 100 (5) Survey of Astronomy • GER-NS
An introduction to the history of astronomy and to scientific inquiry including basic concepts in observational astronomy, the solar system, stars, galaxies, and the cosmos. A historical perspective with theory, laboratory exercises and direct observations. Lab included.

ASTR 101 (5) Introduction to Astronomy • GER-NS
The methods and goals of scientific inquiry developed within the study of the planets, stars, galaxies and the cosmos. A historical perspective with theory, laboratory exercises and direct observations. Lab included.

ASTR 105 (5) Survey of Astrobiology • GER-NS
An introductory course that examines the interdisciplinary methods of astrobiology. General principles of astronomy, chemistry, biology and geology as applied toward the search for life on other planetary bodies. Special emphasis on current data acquisition from NASA and other sources. Lab included.

ASTR&110 (5) The Solar System • GER-NS
Methods and goals of scientific inquiry developed within the study of the Solar system including the planets, Sun, moons, asteroids and comets. Includes historical perspective, theories, laboratory exercises and direct observations. Lab included.

ASTR& 115 (5) Stars, Galaxies and the Cosmos • GER-NS
Methods and goals of scientific inquiry developed within the study of the Solar system including the planets, Sun, moons, asteroids and comets. Includes historical perspective, theories, laboratory exercises and direct observations. Lab included.

[ATMOS (ATMOS)]

ATMOS 101 (5) Introduction to Weather • GER-NS
A study of Earth’s atmosphere including the major elements and controls of weather and climate. Lab required.
Biology (BIOL)

BIOL 100 (5) Survey of Biology • GER-NS
Emphasis on the study of cells, genetics, ecology, diversity of life and physiology in order to establish a foundation for understanding and respect of life. This course includes a laboratory.

BIOL 118 (5) Human Anatomy and Physiology for Non-Science Majors • GER-NS
A comprehensive study of the human body, its parts and how they work. A non-laboratory course appropriate for non-science majors or for students beginning study in life sciences.

BIOL 120 (5) Human Anatomy and Physiology for Non-Science Majors with Lab • GER-NS
A comprehensive study of the human body, its parts and how they work. A course appropriate for non-science majors or students beginning study in the life sciences. (Same as BIOL 118 only laboratory included.)

BIOL 160 (5) General Biology w/Lab • GER-NS
Prereq: CHEM 100 and ENGL 101. Prior CHEM 100 (or equivalent) recommended or concurrent enrollment in CHEM 100 and ENGL 101.

The science of life. Scientific methodology and evolution, ecological perspectives, current topics, cells, genetics, diversity of life and physiology; reproduction and development. Lab included. For students preparing for allied health professions and for science majors.

BIOL 211 (6) Majors: Cellular • GER-NS
Prereq: CHEM 139 and CHEM 161 (which may be taken concurrently) and a grade of 3.0 or better in high school biology. Also, BIOL 160 with a grade of 2.0 or better is recommended. BIOL 211 does not have to be taken in sequence with BIOL 212 or 213.

Principles of operation of living cells including metabolism, genetics, differentiation and micro-evolution. For science majors. Laboratory included.

BIOL 212 (5) Majors: Animals • GER-NS
Prereq: CHEM 139 and CHEM 161 (which may be taken concurrently) and a grade of 3.0 or better in high school biology. BIOL 160 with a grade of 2.0 or better is recommended. BIOL 212 does not have to be taken in sequence with BIOL 211 or 213.

Examination and comparisons of the major animal phyla with emphasis on development, physiology, anatomy, taxonomy, adaptations, animal evolution and behavior. Laboratory included.

BIOL 241 (6) Human Anatomy and Physiology 1 • GER-NS
Prereq: BIOL 160 with a grade of 2.0 or better and CHEM 100 with a grade of 2.0 or better or instructor permission.

First course of a two-quarter study of body structure and related physiology on cellular through system levels. Includes an in-depth study of body organization and physiological processes of cardiovascular lymphatic (includes immunology), respiratory, digestive (includes metabolism), excretory, reproductive and endocrine systems. Lab included.

BIOL 242 (6) Human Anatomy and Physiology 2 • GER-NS
Prereq: BIOL 241 or instructor permission

Second course of a two-quarter study of body structure and related physiology on cellular through system levels. Includes an in-depth study of body organization and physiological processes of cardiovascular lymphatic (includes immunology), respiratory, digestive (includes metabolism), excretory, reproductive and endocrine systems. Lab included.

BUS 101 (5) Introduction to Business • GER-SS
Prereq: MATH 051 or MATH 054, or placement recommendation of ENGL 101.

This class concentrates on use of ENGL 101 techniques and practice. These keyboarding skills will then be applied to create memorandums, business letters, and reports. Recommended for students with any physical disability that requires one-handed typing.

BUS 106 (3) Business English I
Prereq: Grade of 2.0 or better in ENGL 098 or equivalent or placement recommendation of ENGL 099.

A course designed to strengthen the student's writing skills through the study of grammar, sentence structure, paragraph development and punctuation. The student will enhance his/her business vocabulary while learning to compose clear and concise business documents.

BUS 106 (3) Business English II
Prereq: BUS 105 or ENGL 101 with a grade of 2.0 or better

Further study and practice with the writing process to create effective business memoranda, letters and short reports. The student will continue to build a strong business vocabulary and fluency with punctuation rules.

BUS 107 (5) Business Mathematics • GER-NS
Prereq: MATH 051 or MATH 054 or placement in MATH 160.

Mathematical applications in banking, merchandising, inventory, depreciation and promissory notes. Introduction to simple statistics and the metric system. Offered through the accountancy lab, self-paced, continuous entry. Students cannot receive credit for both BUS 107 and BUS 103.

BUS 125 (5) Introduction to Business Offered through Extended Learning only
Prereq: GER or High School Completion Basic background in general fields of business. An examination of the nature of for-profit and not-for-profit organizations in the free market economy. An overview of marketing, management, finance, production, economics, information systems and international commerce.

BUS 135 (5) Business, Marketing & the Internet

An introduction to the elements and issues of e-commerce. Topics include creating marketing strategies, choosing software and hardware, regulation issues, financial management and site design.

BUS 201 (5) Business Law • GER-SS
Introduction to the nature of law and the resolution of disputes in the court system, and overview of law typically relating to the operation of businesses from the perspectives of their owners, managers, employees, customers and suppliers; primary emphasis is on the law pertaining to various types of contracts.

BUS 215 (3) International Business Communication

Prereq: Grade of 2.0 or better in BUS 105, ENGL 099 or equivalent or placement recommendation of ENGL 101.

This class concentrates on use of a global perspective in oral and written communications. It deals with communicating abroad, as well as within cultural aspects of our northwest community. It recognizes the need for sensitivity to others differences and likenesses. The class will help prepare students to communicate within the ever-changing and shrinking world.

BUS 240 (5) Human Relations in the Workplace • GER-SS

This course considers how the needs of business or other formal organizations interact with individual needs, leadership styles, formal organizational policies and procedures, and general cultural patterns to determine how human beings act in work situations.

BUS 245 (5) Global Business: Introduction and Essentials

This is designed to be the first course for the student who is interested in pursuing the study of international business culture.

BUS 250 (5) Business Communications • GER-CM
Prereq: Grade of 2.0 or better in BUS 105 or ENGL 101 or instructor permission

Theory and practice in composing, evaluating, and analyzing written and oral business communications. Emphasis effective writing of business letters and reports, the psychology of business writing, methods of research and oral reports.

BUS 279 (5) Personal Finance and Money Management

Offered through Military sites only

A practical course in managing personal finances. Course includes budgeting, home ownership, income tax, Investments, insurance, wills and trusts.

Business Information Technology (BTECH)

BTECH 085 (2) Keyboarding for the Computer

Prereq: Grade of 2.0 or better

Offered through Extended Learning only

Designed to teach the alphabet, symbol and number keys by touch using one-handed keyboarding. Speed and accuracy will be developed through proper keyboarding technique and practice. These keyboarding skills will then be applied to create memorandums, business letters, and reports. Recommended for students with any physical disability that requires one-handed typing.

BTECH 111 (3) Keyboarding

Students work with a computer keyboarding program learning to key the alphabet by touch. Optimum speed and accuracy are encouraged through proper keyboarding technique and practice. These keyboarding skills are applied to create basic letters, memos and reports.

BTECH 112 (2) Keyboarding II

Prereq: BTECH 113 with grade of 2.0 or better

Second of two courses emphasizing improved keyboarding technique in order to increase speed and accuracy through planned drill and practice exercises.

BTECH 113 (2) Keyboarding II

Prereq: BTECH 112 with grade of 2.0 or better

First of two courses emphasizing improved keyboarding technique to continue building speed and accuracy through drill and practice.

BTECH 115 A-B (1) Business Keyboarding

Prereq: BTECH 117 with grade of at least 2.0, or touch typing at 15 wpm, or instructor permission

First of two courses emphasizing keyboarding to learn to key the alphabet by touch: (A) Key the Alphabet by Touch; (B) Key Number and Symbols by Touch.
BTEC 116 A-D (1) Keyboard Skill Development
Pre-req: For BTEC 116A: BTEC 115A with grade of at least 2.0, or touch typing at 15 wpm, or instructor permission.
Four one-credit courses that assist students with continuous development of keyboard speed, accuracy and technique: (A) Alphabet and technique improvement; (B) Alpha- numeric and technique improvement; (C) Alphanumeric improvement; and (D) Further alphanumeric improvement.

BTEC 117 A (1) Business Document Formatting
Pre-req: BTEC 115A with grade of at least 2.0 or touch typing at 15 wpm, or instructor permission

BTEC 117 B (1) Business Document Formating
Pre-req: BTEC 117A or instructor permission
Use word processing software to create basic and advanced business documents: (A) Format Basic Business Documents; (B) Format Advanced Business Documents.

BTEC 118 A-C (1) PC Operating System
Pre-req: BTEC 115 A and B with a grade of 2.0 or better or by touch at 15 wpm, or instructor permission
Operating system fundamentals for the PC. Topics include the following: (A) Navigating and Customizing the Operating System; (B) Managing Files and Using Help; and (C) Using the Internet and Basic Applications.

BTEC 120 (3) Introduction to Windows
Pre-req: BTEC 117 or BTEC 115A & B with a grade of 2.0 or type by touch at 15 wpm, or instructor permission
Fundamentals of using the Windows operating system. Topics include management of files, documents, and folders and use of the control panel to customize the computer and the Windows desktop.

BTEC 135 (3) Electronic 10-Key Calculator
Pre-req: BUS 107 or BUS 103 recommended.
Students learn to use the 10-key calculators to solve basic or more advanced business math problems. Students also use the computer's numeric keypad with emphasis on speed and accuracy.

BTEC 145 (5) Records and Database Management
Pre-req: BTEC 120, type by touch at 20 wpm or instructor permission
Principles and procedures for records management and retrieval using manual and computer database systems. Includes alphabetic, numeric, and geographic storage methods and control of records.

BTEC 146 (2) Filing Review
Principles and procedures for manual and automated filing of records in business offices are reviewed in this course. Included are alphabetic, subject, numeric, and geographic filing systems.

BTEC 149 (2) Introduction to the Medical Office
An interpersonal networking course for medical office students including discussion, guest speakers, and assignments related to topics such as the medical environment, staff medical ethics and law, and the healthcare-related job market.

BTEC 150 (5) Medical Terminology I
Fundamentals of medical terminology, including prefixes, suffixes, root words, and basic rules, upon which the student will build a medical vocabulary. Includes basic anatomy and physiology for the medical office worker.

BTEC 151 (5) Medical Terminology II (formerly Advanced Medical Terminology)
Pre-req: Grade of 2.0 or better in BTEC 150 A continuation of BTEC 150 that builds on the student's medical vocabulary by learning advanced terminology. Students study basic anatomy and physiology for the medical office worker.

BTEC 156 (3) Records Management
Pre-req: For BTEC 146 or instructor permission
Principles and practices for effective records management in medical and general business offices. The topics covered will include retrieval, storage, retrieval, the life cycle of a record, and ordering of control records. Emphasis is placed on changes in the volume of information, the need for compliance with government regulations, and advances in technology.

BTEC 200 A-E (1) Microsoft Word
Pre-req: For BTEC 200A – BTEC 210A and with a grade of at least 2.0, touch typing at 25 wpm, instructor permission. For BTEC 200E – BTEC 200A or instructor permission.
Students can work through one or more of these Microsoft Word features: (A) Prepare and Edit Documents; (B) Insert Formulas and Equations; (C) Create Charts and Diagrams; (D) Advanced Formatting and Functions; and (E) Interpret and Integrate Data.

BTEC 220 A-E (1) Microsoft Excel
Pre-req: For BTEC 220A- BTEC 210A with at least a 2.0 or instructor permission.
Students can choose to work through one or more of these Excel features: (A) Prepare and Format Basic Work sheets; (B) Insert Formulas and Enhancements; (C) Create Charts and Diagrams; (D) Advanced Formatting and Functions; and (E) Interpret and Integrate Data.

BTEC 225 A-C (1) Microsoft PowerPoint
Pre-req: For BTEC 225A- BTEC 220A with at least a 2.0 or instructor permission.
Students can choose to work through one or more of these Excel features: (A) Create and Modify a Database; (B) Create Queries and Forms; (C) Create Reports, Charts and Web Pages; (D) Use Advanced Tables, Forms, Queries and Reports; and (E) Secure and Integrate Databases.

BTEC 226 A-C (1) Microsoft Outlook
Pre-req: BTEC 226A – BTEC 116A & B with at least a 2.0, touch typing at 25 wpm, instructor permission. For BTEC 226C – BTEC 226A or instructor permission.
Students can choose to work through one or more of these Outlook features: (A) Using E-Mail and the Calendar; (B) Managing Tasks, Calendar and the Inbox; (C) Customizing and Integrating Outlook.

BTEC 230 (5) Machine Transcription
Pre-req: Grade of 2.0 or better in BUS 106 and a word processing course, or instructor permission
Fundamentals of transcribing dictated letters, memos, and other documents using a computer and transcription equipment. Course provides an opportunity to apply business English skills along with formatting techniques and proofreading skills to produce "mailable" documents.

BTEC 231 (5) Machine Transcription I
Pre-req: BTEC 230 with a grade of 2.0 or better
Further practice of advanced transcribing techniques with an emphasis on increased speed and accuracy in the production of business documents. Students will be expected to produce finished documents applying proper business English skills and formatting techniques.

BTEC 245 (3) Cooperative Work Experience I
Emphasis on relating the skills and attitudes learned in college to the workplace. Students complete a 130-hour internship, working part-time in an office setting related to their chosen Business Information Technology program(s). The students regularly discuss job-related issues.

BTEC 246 (3) Cooperative Work Experience II
Pre-req: Permission from Business Information Technology advisor
Emphasis continues from BTEC 245 on relating the skills and attitudes learned in college to the workplace. The students will work part-time in an office setting related to their chosen program(s) and discuss job-related issues.

BTEC 248 (2) Business Information Technology Seminar I
Pre-req: Enrollment in a Business Information Technology program or instructor permission
Provides student with job search strategies, including preparation of resumes, cover letters, practice with interviewing skills, creating a professional appearance and telephone techniques.

BTEC 249 (2) Business Information Technology Seminar II
Pre-req: Enrollment in a Business Information Technology program or instructor permission
A seminar course for students in the Business Information Technology program emphasizing human relations skills, including human relations, handling criticism, conflict resolution, office politics and diversity in the workplace.
BTECH 250 (5) Medical Forms and Medical Record Management
PreReq: Grade of 2.0 or better in BTECH 150, or instructor permission
Emphasis on the production of the many forms required for insurance billing, including: CMS-1500, UB-92, referrals, and referral requests. Includes documentation guidelines and completion of medical claim forms for insurance billing, but not limited to: Medicare, Medicaid, private insurance, Worker’s Compensation, Labor and Industrial.

BTECH 251 (5) Medical Transcription I
PreReq: Grades of 2.0 or better in OFFICE 151 and OFFICE 230, or instructor permission.
A beginning medical transcription course designed to familiarize users with basic medical reports used in a health care facility, the related terminology, appropriate formats for transcribing reports, and grammar and punctuation rules specific to dictated medical records.

BTECH 252 (5) Medical Transcription II
PreReq: BTECH 251 with grade of 2.0 or better.
Intensive practice in transcribing medical dictation. Students use an extensive list of standard and contemporary terms in different medical specialties while transcribing dictation dictated by actual physicians in real-life settings.

BTECH 253 (5) Medical Office Procedures
PreReq: Grade of 2.0 or better in BTECH 150, or instructor permission.
Basic procedures in the medical office with emphasis on the role of the administrative medical professional including records management, bookkeeping, billing, collection procedures, and health insurance billing.

BTECH 254 (5) CPT Coding (Current Procedural Terminology)
PreReq: Grade of 2.0 or better in BTECH 151.
Basic procedural coding for medical office and hospital billing. Students will learn the American Medical Association (AMA) current procedural terminology (CPT) coding system and how to legally and ethically apply the system to various healthcare settings.

BTECH 255 (5) ICD-9-CM Coding (International Classification of Diseases, 9th Revision, Clinical Modification)
PreReq: Grade of 2.0 or better in BTECH 151.
Basic diagnosis coding for medical office and hospital billing. Students will learn entry-level ICD-9-CM (International Classification of Diseases, 9th Revision, Clinical Modification) coding for healthcare facilities.

BTECH 260 (5) Computer Applications for the Law Office
PreReq: BTECH 120, BTECH 201, or BTECH 200 A & B, or instructor permission.
Tips and techniques for using software typically found in the law office. Students will learn to use templates, macro and keyboarding techniques that are particularly applicable to the preparation of legal documents. Internet search tools, spellcheckers, litigation support, and time and billing computer applications are also taught.

BTECH 284 (5) Small Business Planning
Planning and organizing a small business to include developing a preliminary business plan.

BTECH 293 (5) Retailing and Relationship Management
Fundamentals of retail buying and the management of retail inventories. Topics include the counterpartory store-level merchant who is responsible for space productivity, inventory turnover and profitability.

CHEM 100 (5) Preparatory Chemistry - GER-NS
Introductory course in chemistry for students intending to take CHEM 121 & 122. Intended for science majors, pre-medical, pre-dental and engineering majors. The course covers bonding, atomic structure, periodic properties, chemical reactions, and chemical nomenclature. Non-Lab course.

CHEM 105 (5) Introduction to Chemistry - GER-NS
An introductory course in chemistry for students intended to take CHEM 121 & 122. Intended for science majors, pre-medical, pre-dental and engineering majors. The course covers bonding, atomic structure, periodic properties, chemical reactions, and chemical nomenclature. Non-Lab course.

CHEM 121 (5) Introduction to Chemistry - GER-NS
Introductory course in chemistry for students intended to take CHEM 121 & 122. Intended for science majors, pre-medical, pre-dental and engineering majors. The course covers bonding, atomic structure, periodic properties, chemical reactions, and chemical nomenclature. Non-Lab course.

CHEM 131 (6) Organic/Biochemistry - GER-NS
Continuation of CHEM 121. The course includes an introduction to organic functional groups and a study of carbohydrates, optical isomerism, amino acids, and proteins. Enzyme action, intermediary metabolism, and lipids and metabolism. Lab included.

CHEM 198 (2) Career Success Skills for Leaders
PreReq: MNGT 186 & MNGT 187
Participants problem-solve workplace challenges while implementing individual and group success strategies.

MNGT 198 (3) Work Based Learning
Students will pursue an organized career path plan by obtaining work experience in their chosen career field.

MNGT 257 (5) Introduction to Visual Promotion
PreReq: CS 110
Provides the student with a working knowledge of planning, creating, and implementing visual promotion including advertising, print media, visual display and special promotions.

MNGT 286 (5) Marketing
A study of the business activities concerned with the flow of goods and services from producers to consumers.

MNGT 287 (5) Principles of Supervision and Leadership
Principles and practices of supervision and leadership as applied to for-profit and not-for-profit organizations. Realistic case problems in business are used to help the student apply concepts to contemporary management problems.

MNGT 293 (5) Retailing and Relationship Management
Fundamentals of retail buying and the management of retail inventories. Topics include the counterpartory store-level merchant who is responsible for space productivity, inventory turnover and profitability.

MNGT 295 (5) Human Resource Management
Principles, methods and procedures in human resource management including records management, employment, labor relations, training and development, compensation and benefits administration. Topics are presented from the perspective of the management of retail inventories. Involves the counterpartory store-level merchant who is responsible for space productivity, inventory turnover and profitability.

MATH 098.

MATH 099 or equivalent with grade of 2.0 or better or placement test score above MATH 098.

MATH 150, MATH 155 (5) Statistical Methods
An introduction to the science major student to mathematical and chemical principles needed for a successful experience in their science studies. Includes problem solving, graphs, calculator use, atomic structure, periodic properties, inorganic nomenclature, the mole, balancing equations and stoichiometry. Non-Lab course.

CHEM 161 (5) General Chemistry with lab I - GER-NS
PreReq: CHEM 150 and MATH 141 (which may be taken concurrently) or inst. permission
The first quarter of a three quarter sequence in general chemistry for science and engineering majors. The course covers bonding theory, molecular structure, states of matter, chemical reactions in solution, solutions, kinetics and an introduction to the second law of thermodynamics. Lab included.

CHEM 162 (5) General Chemistry with lab II - GER-NS
PreReq: CHEM 161 or instructor permission
The second quarter of a three quarter sequence in general chemistry for science and engineering majors. Course covers bonding theory, molecular structure, states of matter, chemical reactions in solution, solutions, kinetics and an introduction to the second law of thermodynamics. Lab included.

CHEM 163 (5) General Chemistry with lab III - GER-NS
PreReq: CHEM 162 or instructor permission
The last quarter of a three quarter sequence in general chemistry for science and engineering majors. Includes quantum chemistry, chemical thermodynamics, quantum mechanics and molecular theory.

CHEM 261 (6) Organic Chemistry with lab I
PreReq: CHEM 260 or equivalent with a grade of 2.0 or better in lab requirement
The first quarter of a three-quarter sequence in organic chemistry for university transfer, designed for science majors, pre-medical, pre-dental and other pre-professional curricula. Structure, nomenclature, physical properties, reactions and synthesis of the main types of organic compounds. Lab included.

CHEM 262 (6) Organic Chemistry with lab II
PreReq: CHEM 261 with a grade of 2.0 or better
The second quarter of a three-quarter sequence in organic chemistry for university transfer, designed for science majors, pre-medical, pre-dental and other pre-professional curricula. Further discussion of the properties and transformations of organic molecules. Lab included.

= Common Course Numbering (CCN)
CHEM 263 (6) Organic Chemistry with Lab II
Prereq: CHEM 262 with a grade of 2.0 or better or instructor permission
The third quarter of a three quarter sequence in organic chemistry for university transfer, science majors, pre-medical, pre-dental and other pre-professional curricula. Further discussion of the properties and transformations of organic molecules, including bio-molecules. Lab included.

CHINESE
See WORLD LANGUAGES.

COLLEGE SUCCESS (COLLG)
COLLG 101 (2) Listening Skills
Covers important listening skills for academic, business, and personal situations. Provides opportunities to improve listening skills through practice.

COLLG 104 (2) Study Techniques I
Designed to teach methods and processes for success in college. Topics include learning style application, memory reading techniques, and time management skills.

COLLG 105 (2) Study Techniques II
Introduces methods and processes for success in college. Topics include note-taking, test-taking, diversity and critical thinking.

COLLG 106 (3) Study Techniques III
Teaches methods and processes for success in college. Topics include writing, health and career planning.

COLLG 107 (2) Study Skills for Math and Science
Interactive class designed to support development of personal and academic skills for success in math and science classes. Topics include dealing with math and science anxiety, self-awareness of personal learning styles, confronting word problems, and making one's own study sessions more productive. Some sections may be program specific.

COLLG 110 (3) College Success
This course is designed to motivate students to increase their academic, study skills, and techniques, to suggest strategies for success in college, and to give the students general information regarding resources and procedures.

COLLG 111 (5) TRIO College Success
Prereq: Permission of TRIO staff
Designed to introduce TRIO program students to the skills and tools needed to become a successful college student. Topics include team building and problem solving, study skills, understanding the higher education system, organizational skills, computer use, time management, and online learning tools, communication skills (oral, written, electronic), and self awareness. Student cannot receive credit for both COLLG 110 and 111 toward degree requirements.

COLLG 112 (2) College Transfer Planning
Prereq: COLLG 110 or COLLG 111
Interactive capstone course designed for students who have already taken COLLG 110 or COLLG 111, to support development of personal and academic skills required for success at a four-year school. Topics include networking, mentoring, overcoming personal life challenges, expanding and expounding on a previous exploration in self awareness and values clarification, and personal preparation for transition to a four-year college.

COMMUNICATION STUDIES (CMST)
CMST& 101 (5) Introduction to Communication - GER-HM
An introduction into communication theory including verbal and non-verbal communication. Communication barriers and processes will be studied. The student will also make presentations before the class.

CMST& 102 (5) Introduction to Mass Media - GER-HM
An analysis of structure, trends and the technology of American mass media industries, including print media, and how they impact individuals, shape society and influence culture.

CMST 105 (5) Intercultural Communication - GER-HM
The examination of the effects of culture upon the process of communication. Using theory and skill development, students are prepared to communicate effectively both within and across cultures. The course gives students the opportunity to analyze their own, and others – intercultural communication through experiential and interviewing formats. The course emphasis includes the influence of culture on non-verbal communication, language, perceptions, cultural relationship development and intercultural conflict.

CMST& 220 (5) Public Speaking - GER-HM
A beginning course in public speaking emphasizing speech organization, audience analysis, speech delivery, speech writing. Frequent presentations before the class in which the student will be given the opportunity to explore his/her own speech capabilities.

CMST& 230 (5) Small Group Communication - GER-HM
Understanding the principles and processes of oral communication within groups. The course uses theory with practice in participating in group presentations and meetings. The course will examine group presentation skills, group problem solving, critical listening, leadership, conflict management, group roles and group development. The focus is to prepare the student for effective group communications at work, socially and in the community.

CMPT 110 (4) Beginning Keyboarding
Prereq: COLLG 110 or COLLG 111
Develops control of the alphabetic keyboard and demonstrate proper keyboarding techniques. Course only offered through the PierceWorks Program.

CMPT 105 (1) Windows, etc.
Basic introduction to the Windows operating system. Also learn file management and e-mail.

CMPT 106 (2) MS Word Competency
Prereq: Windows, etc; or instructor permission
Basic Word usage; formatting, manipulating documents, usage, templates, headers and footers and more.

CMPT 107 (1) Quality Results from the Web
Internet research and database usage. Learn search techniques, information retrieval and management, and evaluation of sources.

CMPT 108 (1) PowerPoint Pizzazz
Create and enhance professional presentations, including slide layouts, formatting, graphics, transitions and animations.

CMPT 111 (1) Microsoft Excel, Beginning
Prereq: Intro to Windows or equivalent
Learn to create, modify and format charts and graphs; add graphics and use drawing tools; sort information in a list using the Data Sort command.

CMPT 112 (1) Microsoft Excel, Intermediate
Prereq: Introduction to Windows and Microsoft Excel Beginning or equivalent
Learn to create, modify and format charts and graphs; add graphics and use drawing tools; sort information in a list using the Data Sort command.

CMPT 115 (1) Microsoft Word, Beginning
Prereq: Intro to Windows 98 or equivalent
Create, edit, save and print documents using Microsoft Word; apply character, paragraph and page formatting; set and modify tabs; create tables; use proofing tools.

CMPT 116 (1) Microsoft Word, Intermediate
Prereq: Introduction to Windows or equivalent and Microsoft Word Beginning
Create columns, sections, and tables; merge documents and data sources; use styles and templates; run and edit macros.

CMPT 131 (1) Introduction to Personal Computers
Introduction to personal computer terminology, hardware components and software; hands-on practice using the Windows operating system; word processing; spreadsheets; Internet browser software.

CMPT 137 (1) Introduction to Windows
Learn to navigate within the Windows environment; customize the desktop; locate, create, and save files and file folders; share data between applications; use control panel to change properties and settings.

COMPUTER INFORMATION SYSTEMS (CIS)
CIS 103 (2) Online Learning: Getting Started
Prereq: Regular access to the Internet; familiarity with Web and e-mail
Through an introductory online experience, the student will learn about how online courses work and the personal preparation required for successful learning online. Topics covered include technical preparation, navigating the online course environment, online relationships, and how online learning differs from face-to-face instruction. The class will help students identify when and how online learning is best incorporated into their educational activities.

CIS 110 (3) Introduction to Microcomputer Business Applications
Prereq: Keyboarding proficiency of 35 wpm or better.
An abbreviated version of CIS 121 designed specifically for non-CIS/DDS-GN majors. Introduction to the fundamentals of a computer, including the information processing cycle. Survey of computer technology, computer nomenclature, and the use of computers as productivity tools. Lab assignments using current microcomputer-based application programs allow the student to interact with computer technology, hardware and Internet.

CIS 121 (5) Introduction to Computer Information Systems
Prereq: Keyboarding proficiency of 35 wpm or better
Introduction to the fundamentals of a computer, including the information processing cycle. Survey of computer technology, computer nomenclature, and the use of computers as productivity tools. Students will develop an understanding of personal computers and enhance their use as both stand-alone and networked systems. Current microcomputer-based application program labs, testing and programming language exercises and lab assignments allow each student to interact with various technologies, hardware, Internet and concepts of common application programs.

CIS 122 (5) Structured Program Design
Prereq: CIS 121 and MATH 098 with a 2.0 or above
Introduction to the concepts of computer program organization, design, and development using modern structured programming methodologies and languages such as structure charts, pseudocode, and flowcharts. Common computer program technique for input, processing, testing and validation, and implementation using the systems development life cycle (SDLC) model, and lab assignments to allow the student to interact with computer technology, hardware and concepts.

COURSE DESCRIPTIONS 99
CIS 123 (5) Introduction to Object Oriented Programming (OOP)  
Prereq: CIS 122  
Introduction to Object Oriented Programming (OOP). Application of the concepts of Inheritance, polymorphism, interfaces and abstract classes. Addresses classes, objects and methods utilizing top down design, modeling, and other maintenance/Modularization and/or reusability techniques. Techniques for effective program coding; testing and establishing error handling techniques.

CIS 130 (5) Microcomputer Applications  
Prereq: CIS 110 or 121  
Learn four of the most popular software applications used for word processing, spreadsheet, database management and presentation purposes.

CIS 134 (5) Computer Operating Systems  
Prereq: CIS 121 with a 2.0 grade or better  
Introduction to the functions and use of command line and graphical user interface (GUI)-based microcomputers operating systems. A combination of classroom discussion and hands-on lab exercises provides practical knowledge and experience in various operating system features.

CIS 136 (3) Spreadsheet Applications  
Prereq: CIS 110 or CIS 121 and MATH 098  
The functions and concepts of spreadsheets (electronic worksheets). Topics include creation and manipulation of spreadsheets, conversion to charts and graphs, and creation of macros.

CIS 140 (5) Technical Support Practices and Procedures  
Prereq: CIS 130, CIS 134 and CIS 150  
Introduction to technical support practices and procedures. Discussion of the importance of customer service, technical support organization and structures, and the development of individual and group training, and ability of service providers. Learning and usage of customer support requests for services, report processing, and automated help desk tools. Addresses implementation of hardware and software accommodations and accommodation strategies. Includes practices with technical support laboratory.

CIS 150 (5) Computer Installation and Troubleshooting  
Prereq: CIS 130  
an introduction to the installation and interfacing of computer hardware and software including a variety of computer components. Troubleshooting and correction of problems encountered in computer operation of both hardware and software.

CIS 155 (3 or 5) Special Topics in Information Systems Technology  
Prereq: Instructor permission only  
Detailed coverage of a selected computer topic of current interest. Sample topics may include computer languages, hardware and software development strategies.

CIS 185 (5) Visual Basic Programming  
Prereq: CIS 122  
Addresses Dot Net objects using unidirectional (string) code. Classes and Objects are created to process and apply objects within an assembly; web services concepts and aspects of Server Pages; comparison of forms to interface within desktop applications using controls and events including a menu and a keyboard handling; Windows Forms that access data from various back end databases and program threads.

CIS 230 (5) Network Operating Systems  
Prereq: CIS 265 with a 2.0 grade or better  
Implementation of the network operating system environment. Analysis of protocols and sub protocols in workgroup and server-based topologies with emphasis on features, advantages, disadvantages and security. Addresses architecture, implementation, installation and maintenance of network operating system using UNIX/Linux. Practical application in a network laboratory.

CIS 265 (5) Data Communications and Networks  
Prereq: CIS 144 with a 2.0 grade or better  
Introduction to data communication and network terminology, operating concepts, network design, hardware and software. Reviews the Open System Interconnection (OSI) model as well as other major data communication models and the various specifications and standards for data communication hardware and software. Addresses the advantages and disadvantages of various network systems and their availability, flexibility and performance. Participate in the design of a data communications network.

CIS 266 (5) Local Area Networks  
Prereq: CIS 265 with a grade of 2.0 or better  
Implementation of workgroup-based hardware and software components. Includes Local Area Networks (LAN) systems. Covers installation and configuration of workstation, client operating system software and network hardware including media, topologies, access methods, and protocols. Reviews present and future LAN technologies, protocols, standards, security, and planning strategies and LAN management considerations. Includes examination of LAN interconnection using bridges, routers, switches, and gateways as well as LAN segmentation, VLAN, and sub-netting. Practical application in a network laboratory.

CIS 267 (5) Network Administration Practices and Procedures  
Prereq: CIS 230 and CIS 266, each with a 2.0 grade or better  
Practices and procedures for installing and administering a network operating system software for a server-based centrally administered Local Area Network (LAN). Script generation, user/group security configuration, backups, back-up and recovery operations, network resource allocation and control, troubleshooting, failure recovery, fault tolerance analysis. Practical application in a tolerance covered. Practical application in a network laboratory.

CIS 269 (5) Advanced SQL Programming and Tuning  
Prereq: CIS 261  

CIS 270 (5) C Programming Language  
Prereq: CIS 122  
An introduction to C Programming language including its development history and philosophy. Emphasis on programming.

CIS 271 (5) Introduction to C++  
Prereq: CIS 122 and CIS 266, each with grade of 2.0 or better, or instructor permission  
An introduction to the C++ programming language; problem-solving and programming techniques; syntax and semantics through arrays, text files; and programming projects to include its development history and philosophy. Emphasis on programming.

CIS 272 (5) Advanced C++ Programming  
Prereq: CIS 271 and MATH 098 with grade of 2.0 or better, or instructor permission  
Advanced C++ programming language, problem-solving and programming techniques; syntax and semantics through arrays, text files; and programming projects to include its development history and philosophy. Emphasis on programming.

CIS 285 (5) Advanced Visual Basic Programming  
Prereq: CIS 122 and CIS 175  
An advanced course in the Visual Basic programming language. Develop Windows software within the system development life cycle (SDLC) method. Codifies covers arrays and controls, SQL, ActiveX controls, DDLs, data validation, animation, error-trapping, reporting, and security issues.

CIS 290 (5) Supervised Internship  
Prereq: CIS 265, 270 and 275  
A supervised hands-on experience with real-world elements in a business environment. A minimum of 300 hours for a minimum of eight weeks. This course is available for credit for the student as part of their academic program.

CIS 295 (5) Planning and Maintaining a Microsoft Windows Network  
Prereq: CIS 233 with a 2.0 grade or better  
Design a Microsoft Windows Server network infrastructure that supports required network applications. Solutions based on Dynamic Host Configuration Protocol (DHCP), Open Shortest Path First (OSPF), Routing Information Protocol (RIP), and Internet Group Management Protocol (IGMP) will be contrasted and evaluated for applicability.

CIS 297 (5) Planning, Implementing and Maintaining a Microsoft Windows Active Directory Infrastructure  
Prereq: CIS 234 with a 2.0 grade or better  
Install, configure, and administer Windows Active Directory services. Course also focuses on implementing Group Policy and performing those Group Policy-related tasks that are required to centrally manage users and computers.

CIS 298 (5) Designing Security for a Windows Network  
Prereq: CIS 237 with a 2.0 grade or better  
Design a security framework for small, medium, and enterprise networks by using Windows Technologies. Secure the specific areas of Local Network Users, Remote Users and Offices, Private and Public Networks, and Partner Organizations.
COURSE DESCRIPTIONS

CNE 240 (5) Computer Hardware Troubleshooting
Pre-req: CNE 210 with a grade of at least 2.0; CS 150 recommended
An introduction to the installation and interfacing of hardware includ- ing storage, and peripheral devices including multimedia, memory, and video. Troubleshooting and conflict resolution/correction of problems in computer operations relating to hard- ware components will be included.

CNE 245 (5) Computer Software Troubleshooting
Pre-req: CNE 230 with a grade of at least 2.0; CS 150 recommended
Training in the installation and interfacing of software including operat- ing systems, application programs, diagnostics, memory, and comput- er environmental controls. Software troubleshooting and conflict resolu- tion/correction of problems in computer operation relating to software components will be included.

CNE 246 (5) Windows Server Applications Infrastructure
This course teaches the student the skills and knowledge necessary to design, plan and configure Windows Server Applications.

CNE 247 (5) Windows Server Enterprise Administration
Pre-req: CNE 252 with a grade of 2.0 or better or instructor permission
This course teaches the student the skills and knowledge necessary to design, plan and administer an enter- prise-wide Microsoft Windows Server Infrastructure.

CNE 251 (5) Unix Administration
Pre-req: CNE 256 with a grade of 2.0 or better
Training in management and administra- tion of networks to address the issues of security, procedures and documentation, user support, print- ing and file server organization. In- cludes administrative tools necessary to setup, manage and use basic net- work services including security and E-mail.

CNE 253 (5) Deploying and Managing Microsoft Internet Security and Acceleration Server
Pre-req: CNE 256 with a grade of 2.0 or better
Provides Information Technology stu- dents with the knowledge and skills to deploy and manage Microsoft In- ternet Security and Acceleration (ISA) Server in an enterprise environment.

CNE 254 (5) Fundamentals of Network Security
Pre-req: CNE 256 with a grade of 2.0 or better
Provides students with the knowl- edge and skills to begin supporting network security within an organi- zation. Students who complete this course will be able to identify secu- rity threats and vulnerabilities, and help respond to and recover from se- curity incidents.

256 (5) Unix Advanced Administration
Prerequisite: CNE 251 with a grade of 2.0 or better
Training in advanced administration skills such as tuning the network and server for better performance and managing complex tree structures. Instruction on how to oversee a comple- x multithreading environment, including Unix Directory Servi- ces partitioning and replication, time synchronization strategies and inte- grating with prior NOS versions.

CNE 261 (5) Unix Installation and Configuration
Pre-req: CNE 256 with a 2.0 grade or better
Install and configure a Unix network, focusing on Unix Directory Services (NDS) configuration. Includes scenario- los for upgrading, migrating, and in- stalling Unix implementation of a different de- sign of the NDS tree structure.

CNE 266 (3) UDS Design and Implementation
Pre-req: CNE 261 with a 2.0 grade or better
Create and complete a Unix Directo- ry Services (UDS) design strategy and implementation schedule using tem- plates which can be transferred to the workplace. Course will identify critical factors and expectations for design- ing a Unix network, to include deter- mining pre-optimization and clean-up strategies for implementation.

CNE 284 (5) Unix Service and Support
Pre-req: CNE 285 with a grade of 2.0 or better
Focus on the prevention, diagnosis, and resolution of hardware-related problems which are common to com- puter networks utilizing the Unix net- work operating system. Teaches prac- tical skills to allow optimization of hardware resources in relation to Unix networking products.

CNE 285 (3) Integrating Windows Server with Unix
Pre-req: CNE 284 with a 2.0 grade or better
Fundamentals of Windows Server networking and techniques to inte- grate Windows Servers with a Unix network. Includes basics of Windows Server registry and administrative utilities to manage the Windows en- vironment.

CNE 290 (5) Supervised Internship
Pre-req: CNE majors only
Supervised work experience of 25 hours per week in a network support environment (250 hours).

CS 131 (5) Computer Science I - C++ - GER-QS, NS
Pre-req: CSE 122 and MATH 098 or equivalent with a grade of 2.0 or better (or placement test score above MATH 098) or instructor permission
An introduction to computer science using a high level language; prob- lem solving and programming tech- niques; syntax and semantics through arrays, text files; programming proj- ects (ACM C5i).

CS 141 (5) Computer Science I - JAVA - GER-QS, NS
Pre-req: CSE 122 and MATH 098 or equivalent with a grade of 2.0 or better (or placement test score above MATH 098) or instructor permission
An introduction to computer science using a high level language; prob- lem solving and programming tech- niques; syntax and semantics through arrays, text files; programming proj- ects (ACM C5i).

CS 202 (5) Computer Science II - GER-QS, NS
Pre-req: CSE 201 or CSE 131 or CSE 141
Principles of programming, data structures, applica- tions, computer systems, social impli- cations (ACM C52).

CONSTRUCTION MANAGEMENT (CONST)

CONST 101 (3) Introduction to Construction Industry
Pre-req: minimum (concurrent enrollment allowed) ENGL 099 with a grade of 2.0 or better or placement into ENGL 101, MATH 060 with a grade of 2.0 or better or placement into MATH 098, Computer Skills - Microsoft Word and Excel Skills (or completion of BTECH 200A, B and BTECH A, B and D). Student must have demonstrated readiness for this course through an entry test score above Math 098. Construction processes are Intro- duced, including Industry Terminology, business practices (estimating/ bidding, scheduling, project management, field operations), and career pathways.

CONST 140 (3) Blue Print Reading
Pre-req: minimum (concurrent enrollment allowed) ENGL 099 with a grade of 2.0 or better or placement into MATH 098, Computer Skills - Microsoft Word and Excel Skills (or completion of BTECH 200A, B and BTECH A, B and D). This course covers the student the skills and knowledge necessary to read construction documents.

CONST 201 (3) Estimating
Pre-req: CSE 131
Continuation of Estimating I with an increasingly in-depth analysis of pricing and bidding strategies. Course in- cludes a detailed analysis of bid types, the use of estimating software, the developing productivity of labor, us- ing contingencies and allowances, and ethics in the practice of esti- mating and bidding.

CONST 230 (5) Scheduling
Pre-req: CONST 200
Principles of scheduling to control and manage construction projects. Critical path planning techniques by determining durations of individual project activities and their sequence to each other. Resource and cash flow analysis schedule load- ing. Use of scheduling software.

CONST 250 (3) Safety and Accident Prevention
Pre-req: CONST 150
Construction industry standards for accident prevention, hazard identifi- cation, and compliance responsibility are emphasized in conjunction with an overview of Occupational Safe- ty and Health Act and other related federal and state legislative require- ments.

CONST 198 (3) Work-Based Learning
Pre-req: enrollment in the Construction Man- agement program and instructor permission Participants will pursue an organized career path plan by obtaining con- struction management work experi- ence in their chosen area of interest.

CONST 200 (5) Estimating
Pre-req: CONST 101, CONST 140, CONST 150, CONST 160; CONST 180 with a 2.0 or better or instructor permission
A comprehensive introduction to construction estimating and bidding, including basic concepts, procedures, terminology and pricing techniques. Covers work issues and costs con- nected with the major components of a construction projects.

CONST 201 (3) Estimating II
Pre-req: CONST 200
Continuation of Estimating I with an increasingly in-depth analysis of price- ing and bidding strategies. Course in- cludes a detailed analysis of bid types, the use of estimating software, the developing productivity of labor, us- ing contingencies and allowances, and ethics in the practice of esti- mating and bidding.

CONST 230 (5) Scheduling
Pre-req: CONST 200
Principles of scheduling to control and manage construction projects. Critical path planning techniques by determining durations of individual project activities and their sequence to each other. Resource and cash flow analysis schedule load- ing. Use of scheduling software.

CONST 250 (3) Safety and Accident Prevention
Pre-req: CONST 150
Construction industry standards for accident prevention, hazard identifi- cation, and compliance responsibility are emphasized in conjunction with an overview of Occupational Safe- ty and Health Act and other related federal and state legislative require- ments.
CONST 260 (5) Project Management Start to Finish
PreReq: CONST 230
Project organization, documentation, and control methods utilized to manage all facets of a project from start to completion.

COOPERATIVE EDUCATION (COOP)

COOP 150-153 (1-8) Cooperative Education
PreReq: Currently employed and concurrent enrollment in criminal justice program
A work based learning experience incorporating an educational component for the intrinsic individual student work experience.

COOP 160-163 (1) Seminar: Cooperative Education
PreReq: Currently employed and concurrent enrollment in criminal justice program
A work based learning seminar that enhances the work experience by presenting appropriate solutions to job related issues.

CRIMINAL JUSTICE (CJ)

CJ 102 (5) Introduction to Criminal Law
Basic introduction to the elements of criminal law and justice in the United States.

CJ 103: (1) Criminal Justice: Introduction to ACJ
Pre Req: Criminal Justice Program student
An introduction to the elements needed to be successful in the two year and certificate(s) programs at Pierce College. This course will prepare students for the intracacies of Pierce College and prepare them for their culminating portfolio project.

CJ 112 (5) Criminal Justice in America - GER-SS
An examination of the Criminal Justice process with specific emphasis on structures, functions and actors of the criminal justice system. Relevant to current/critical issues in criminal justice.

CJ 115 (5) Juvenile Justice System
A critical examination of the agencies and decision-makers responsible for controlling juvenile crime and delinquency; the decisions they make and their impact upon crime, juveniles and the community.

CJ 120 (5) Constitutional Rights - GER-SS
An examination of the evolution and current judicial interpretation of the First, Second, Fourth, Fifth, Sixth, Eighth, and Fourteenth amendments to the United States Constitution.

CJ 126 (2) Community Partnership Program
This is an opportunity for a local criminal justice agency to provide specific attention to historical background of the agency and employment practices to include mock or specific employment exams. This course will assist in understanding specific practices and determine if this portion of the Criminal Justice system reflects their needs.

CJ 130 (5) Criminal Justice Operational Skills
PreReq: CJ 112 or instructor permission
Practical applications in recognition and solution of frequently encountered criminal justice tasks and problems. Emphasizes use of information gathering, communications, problem resolution and decision-making skills.

CJ 140 (5) Corrections in America - GER-SS
A broad overview of the theories, practices, and employment prospects in the correctional field in the United States.

CJ 144 (5) Corrections Special Population and Case Management
An examination of specific correctional populations, their impact on the correctional systems, and current correctional case management practices, theories, public policies, strategies and techniques.

CJ 150 (5) Police in America
An overview of the history and roles of the police and the social, political, organizational, and legal environment within which the police perform those roles in modern United States of America.

PreReq: ENGL 10
A seminar approach to contemporary issues relating to society's response to crime and criminals (the Criminal Justice System) through discussion of major issues in criminal and constitutional law, criminal justice policy, societal values and legal procedure.

CJ 202 (5) Concepts of Criminal Law - GER-SS
An analysis of the fundamental concepts of both the English Common Law and modern statutory criminal law and defenses.

CJ 205 (5) Investigative Technology
The use of technical equipment and scientific methods to assist in crime detection.

CJ 215 (5) Drugs and Society - GER-SS
An examination of American drug use and drug traffic and their impact upon the individual and society.

CJ 220 (2) Special Topics in Criminal Justice

CJ 221 (3) Special Topics in Criminal Justice

CJ 222 (4) Special Topics in Criminal Justice

CJ 223 (5) Special Topics in Criminal Justice
A critical examination of the written materials and practical applications relevant to current critical issues in Criminal Justice and their impact on the criminal justice system and society. The specific topic(s) vary from quarter to quarter.

CJ 224 (5) Victimization and Advocacy
An overview of current victim issues, laws, resources, treatments, recovery and advocacy for victims of crime and other social problems.

CJ 225 (3) Victim Issues
An overview of current victim issues, the development of laws that impact victims and resource access for victims.

CJ 226 (5) CJ Response to Terrorism
A course designed to familiarize students with the basics of terrorism, the history, laws and recent issues and criminal justice responses to terrorism in the 21st Century.

CJ 227 (5) Funding and Prevention for Crime and Justice
A course designed to familiarize students with the basics of the grant funding process for social programs with operational/organizational knowledge to develop an idea into a program that can be funded and measured.

CJ 245 (5) Introduction to Investigation and Evidence
A survey of basic investigative methods and the rules controlling the admissibility of evidence in the criminal courts.

CJ 250-255 (3-8) Criminal Justice Work Based Learning
PreReq: Program Coordinator/instructor approval required.
On the job experience in a criminal justice agency that allows students to apply first hand criminal justice theories to practice.

CJ 260 (5) Law Enforcement Operational Skills: Explorer Cadet
PreReq: Must be sponsored by an accredited Law Enforcement Agency and approved by the Criminal Justice Program Coordinator.
NCIC/WASI checks required.
A course designed to familiarize students with operational procedures, expectations and competencies of local law enforcement agencies through participation in an approved Law Enforcement Explorer/Cadet program.

CJ 261(10) Law Enforcement Operational Skills: Reserve Cadet
PreReq: Must be sponsored by an accredited Law Enforcement Agency and approved by the Criminal Justice Program Coordinator.
NCIC/WASI checks required.
A course designed to familiarize students with operational procedures, expectations and competencies needed to obtain "Reserve" status through participation and successful completion participation of an approved Law Enforcement Reserve academy/program.

CJ 262(10) Law Enforcement Operational Skills: Officer
PreReq: Must be sponsored by an accredited Law Enforcement Agency and approved by the Criminal Justice Program Coordinator.
NCIC/WASI checks required.
Practical application of knowledge skills, and abilities necessary to serve effectively as an entry level "Law Enforcement Officer. "Law Enforcement Agency sponsorship and Criminal Justice.

DENTAL HYGIENE (DHYG)

DHYG 102 (3) Dental Imaging
PreReq: Enrollment in Dental Hygiene Program
A basic course in dental radiology which includes the production and processing of x-rays, the study of biological effects, and the application of clinical radiographic techniques.

DHYG 103 (2) Preventive Dentistry
PreReq: Enrollment in Dental Hygiene Program
Study of the basic principles of dental deposits, dental diseases, prevention, plaque control, and motivation techniques.

DHYG 104 (3) Biological Structures
PreReq: Enrollment in Dental Hygiene Program
This course provides a comprehensive study of the anatomy, embryology, and histology of the tissues and structures on the head and neck relevant to the practice of dental hygiene.

DHYG 106 (1) Medical Emergencies in Dental Practice
PreReq: Enrollment in Dental Hygiene Program
The prevention, diagnosis and treatment of medical emergencies in the dental office setting.

DHYG 107 (2) Fundamentals of Restorative Dentistry
PreReq: Enrollment in Dental Hygiene Program
First in a series of seven courses, Fundamentals of Restorative Dentistry I, II, III, IV, V, VI and VII, facilitating the growth of introductory dental assisting skills and addressing the basic physical and mechanical properties of dental materials.

DHYG 108 (3) Fundamentals of Dental Hygiene I
PreReq: Enrollment in Dental Hygiene Program
First in a series of seven courses, Fundamentals of Dental Hygiene I, II, III, IV, V, VI, VII, and VIII, to develop knowledge and comprehension of introductory or beginning dental hygiene theory and practice.

DHYG 109 (4) Dental Hygiene Practice I
PreReq: Enrollment in Dental Hygiene Program
First in a series of seven courses, Dental Hygiene Practice I, II, III, IV, V, VI, and VII, facilitating the growth of introductory clinical skills required for the safe and effective practice of dental hygiene. This course links with the content and skills in DHYG 108.
DHYG 111 (1) Intro to Periodontics
Prereq: Enrollment in Dental Hygiene Program
First in a series of three courses, DHYG 111, DHYG 121 and 231, introducing the dental hygienist to the basic science and introductory components for assessing and evaluating the periodontal health of individuals.

DHYG 112 (2) Dental Imaging II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 102
Emphasis is placed on extraoral radiographs, extra-oral and intraoral photography, and radiographic interpretation with clinical applications.

DHYG 113 (1) Preventive Dentistry II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 103
Study in the basic principles of den- tal diseases and their prevention, basics of plaque control, and motivation techniques.

DHYG 114 (2) Biological Structures II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 104
Builds on the foundation of DHYG 104 by expanding the knowledge base in the anatomy, embryology, and histology of the head and neck. Focus will be on oral health related to dentally related structures and the tissues of the dentition.

DHYG 115 (2) General Pathology
Prereq: Enrollment in Dental Hygiene Program
An introduction to the mechanisms of disease and to characteristics of diseases encountered in the practice of dental hygiene.

DHYG 117 (2) Fundamentals of Restorative Dentistry II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 107
Second in a series of seven courses, Fundamentals of Restorative Dentist- ry I-II, facilitating the growth of develop- ing dental assisting skills and beginning skills in the manipulation and placement of dental amalgam restorations on the adult dentition in a pre-clinical setting.

DHYG 118 (2) Fundamentals of Dental Hygiene II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 108
Second in a series of seven cours- es, Fundamentals of Dental Hygiene I - VII, to further develop knowledge and comprehension of introductory dental hygiene theory and practice and for application to patients in a clinical setting.

DHYG 119 (6) Dental Hygiene Practice II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 109
Second in a series of seven courses, Dental Hygiene Practice I - VII, facili- tating the further growth of introductory clinical skills required for the safe and effective practice of dental hygiene and links with the content and skills in DHYG 118.

DHYG 121 (3) Introduction to Periodontology II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 111
Second in a series of three periodon- tology courses providing the dental hygienist information on recognition and therapy of periodontal diseases. Content includes non-surgical perio- odontal therapy and the associated com- monly encountered systemic diseases, root morphology, and peri- odontal instrumentation.

DHYG 122 (3) Pharmacology for Dental Hygienists
Prereq: Enrollment in Dental Hygiene Program
The general pharmacology and ther- apeutic actions of drugs used en- dometrially in dental and dental hy- giene practice.

DHYG 123 (1) Preventive Dentistry III
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 104 and 113.
Emphasis on effective communica- tion with patients as well as co-work- ers. Students will be given the oppor- tunity to develop their communication style of patient interaction during education while learning motivation techniques.

DHYG 125 (2) Oral Pathology
Prereq: Enrollment in Dental Hygiene Program
An introduction to oral pathologic processes, the recognition of oral dis- ease and oral manifestations of com- monly encountered systemic disease, and their considerations to the practice of dental hygiene.

DHYG 127 (2) Fundamentals of Restorative Dentistry III
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 117
Third in a series of seven courses, Fundamentals of Restorative Dentist- ry I-III, facilitating the growth of intro- ductory developing skills in the place- ment and finishing of dental amalgam restorations and an introduction to the knowledge and skills needed to place composite restorations on the adult dentition in a pre-clinical setting.

DHYG 128 (2) Fundamentals of Dental Hygiene III
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 108 and DHYG 118
Third in a series of seven courses, Fundamentals of Dental Hygiene I- VII, to further develop knowledge and comprehension of introductory dental hygiene theo- ry and practice and for application to patients in a clinical setting.

DHYG 129 (6) Dental Hygiene Practice III
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 109 and DHYG 118
Third in a series of seven courses, Den- tal Hygiene Practice I - VII, facilitating the further growth of introductory to developing clinical skills required for the safe and effective practice of den- tal hygiene. This course links with the content and skills in DHYG 128.

DHYG 162 (1) Dental Imaging III
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 112
This course is a continuation of Dental Imaging I and II and is designed to fa- miliarize students with the advanced technology in dental imaging, specif- ically the utilization of digital radiog- raphy and intraoral video imaging in dental and dental hygiene care.

DHYG 164 (2) Oral Health Profession Dynamics
Prereq: Enrollment in Dental Hygiene Program or instructor permission
This course introduces skills in profes- sional group interaction and communica- tion, and person- al wellness associated with effective professional performance.

DHYG 166 (3) Local Anesthesia I
Prereq: Enrollment in Dental Hygiene Program
Pre-anesthesia patient assessment, common local anesthetics used, and experience the effects of a variety of local drugs in lab situations.

DHYG 167 (1) Fundamentals of Restorative Dentistry IV
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 127
Fourth in a series of seven courses, Fundamentals of Restorative Dentist- ry I-IV, facilitating the growth of develop- ing skills in the placement, carving and polishing of dental amalgam restorations on the adult dentition, the placement, finishing and polishing of composite restorations on the adult dentition in a pre-clinical setting, as well as treatment planning for the restorative patient.

DHYG 227 (1) Fundamentals of Restorative Dentistry VII
Prereq: Enrollment in the Dental Hygiene Program and successful completion of DHYG 217
Seventh in a series of seven courses, Fundamentals of Restorative Dentist- ry I-VII, facilitating the growth of com- petent skills in the role of a restorative dental hygienist, including utilization of the professional skills in dental spe- cialty fields and restorative case treat- ment planning.

DHYG 231 (2) Advanced Periodontology
Prereq: Enrollment in the Dental Hygiene Program and successful completion of DHYG 217
A continuation of DHYG 111 and 121, focused on advanced, scientific meth- ods and techniques of dental hygiene examination, diagnosis and treatment of patients with periodon- tal diseases.

DHYG 232 (1) Nutrition for Dental Hygienists
Prereq: Enrollment in Dental Hygiene Program
Scientific effects of food in the human organism plus the role of nutrients in preventive dentistry, nutritional edu- cation, and counseling for dental hy- gieneis.

DHYG 233 (2) Gerodontology/ Geriatries
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 103 and 113
Special Needs
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 103 and 113
Acquaints the student with the psy- chosocial and physical changes in the aging process and of special needs patients, and how these changes rel- ate to oral health care treatment and management.

DHYG 336 (1) Nitrous Oxide Sedation
Prereq: Enrollment in Dental Hygiene Program
This course provides a comprehen- sive study of the proper diagnosis and use of nitrous oxide sedation for the dental office.
DHYG 239 (7) Dental Hygiene Practice III
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 239
Sixth in a series of seven courses, Dental Hygiene Practice I-IV, facilitates the further growth of developing to competent clinical skills required for the safe and effective practice of dental hygiene.

DHYG 253 (1) Community Dental Health Practice
A course incorporating dental public health field experiences and the development and implementation of community oral health services.

DHYG 256 (2) Extramural Dental Hygiene Practice II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 255
Third in a series of three courses, Clinical Restorative Dentistry I-III, with further growth to competent clinical restorative skills on patients in the clinical environment, providing a foundation of clinical and community facilities with increasingly complex treatment plans.

DHYG 257 (2) Clinical Restorative Dentistry III
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 217 and 247
Third in a series of four courses, Dental Hygiene Practice I-IV, facilitating the further growth of competent clinical restorative skills on patients in the clinical environment, providing a foundation of clinical and community facilities with increasingly complex treatment plans.

DHYG 258 (3) Fundamentals of Dental Hygiene V
Prereq: Enrollment in Dental Hygiene Program
Further develop knowledge and comprehension of dental hygiene theory and practice for application to patients in a clinical setting.

DHYG 293 (3) Fundamental of Dental Hygiene IV
Fifth in a series of seven courses, Fundamentals of Dental Hygiene I-V, to further develop knowledge and comprehension of dental hygiene theory and practice for application to patients in a clinical setting.

DHYG 325 (4) Extramural Dental Hygiene Practice I
Third in a series of five courses, Clinical Restorative Dentistry I-IV, provides a variety of specialty dental in-office and community-based experiences.

DHYG 421 (1) Advanced Periodontology II
Prereq: Enrollment in Dental Hygiene Program
Expands the dental hygienist knowledge of current treatment modalities and applies these skills to the periodontal patient. The content includes information on advanced and experimental therapies.

DHYG 423 (3) Community Dental Health
Prereq: Enrollment in Dental Hygiene Program
Prerequisites of dental public health theory and practice, including epidemiology, biostatistics, prevention and control of dental disease, and community oral health education.

DHYG 426 (2) Extramural Dental Hygiene Practice I
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 244
Clinical dental hygiene in extramural clinical and community facilities.

DHYG 427 (2) Clinical Restorative Dentistry II
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 246 and 247
Intermediate clinical practice of restorative dentistry for the dental hygienist.

DHYG 428 (3) Fundamentals of Dental Hygiene III
Prereq: Enrollment in Dental Hygiene Program and successful completion of DHYG 238
Dental hygiene patient management techniques and treatment planning. Development of leadership skills as a dental office team member.

DD 110 (3) Working with People with Developmental Disabilities I
An introduction to instruction in working with people with development disabilities. Areas of focus include teaching techniques; non-verbal behavioral intervention; communication. Signing Exact English; disability issues; lifting techniques; and working with people who are blind and/or deaf.

DD 115 (3) Systematic Guidelines for Teaching People with Developmental Disabilities
The application of teaching techniques and data recording systems when assisting adolescents or adults with developmental disabilities.

DD 184 (3) Teaching Language for the DD
Expressive and receptive language including speech, sign language and use of identification cards for all levels of developmental delayed.

DD 250 (2) Effective Supervision of People and Techniques of Supervising People who are developmentally disabled. This course includes communication, personal growth, stress management, and providing a safe work environment.

DDSGN 110 (5) Introduction to Graphic Design and Rich Media
Prereq: CS 121 or Instructor Permission
Overview of the graphic design and interactive media field. Introduction to terminology, changes, and trends, in the business and industry. Discussion of various media, such as image manipulation, computer illustration, web design, digital video, animation, and ethics.

DDSGN 120 (5) Production Management
This course will trace the production flow from creation to implementation for design projects. Specific topics covered will include stages of analysis and development, principles of task management, and contract writing.

DDSGN 121 (3) Layout Design and Publishing
Prereq: CS 121 or instructor permission
Class explores and implements layout design and publishing techniques and associated tools. Course explores different animation techniques and analyzes their impact on an audience.

DDSGN 141 (5) Advanced 3D Modeling and Animation
Prereq: DDSGN 140
Advanced exposure to resources and applied procedures necessary to produce high quality 3D models and animation for publication through electronic and print media.

DDSGN 150 (5) Web Design and CSS
Prereq: CS 121 or Instructor Permission
Develops skills necessary for effective delivery of content via the Internet. Students develop websites using digital design programming, interactive techniques and associated tools. Students are also introduced to basic principles of site management, business strategies and information architecture.

DDSGN 160 (5) Fundamentals of Digital Photography and Adobe Photoshop
Prereq: CS 121 or Instructor Permission
Beginning language, concepts and issues of nonlinear editing systems. Learn how to import and manipulate images into the computer through scanning, photo CD and digital photography.

DDSGN 161 (5) Advanced Adobe Photoshop
Prereq: DDSGN 160 or instructor permission
Advanced production techniques in Adobe Photoshop. Class explores and implements digital imaging theory and processes to enhance and re-touch photographs and create new works of art.

DDSGN 170 (5) Fundamentals of Video Production and DVD Authoring
Prereq: CS 121 or Instructor Permission
Production techniques to integrate video, still Images, sound, and music into various digital formats. Class explores and implements interface theory and authoring techniques for video DVDs.

DDSGN 210 (5) Fundamentals of Multimedia Authoring Systems
Prereq: DDSGN 110-170
Projects in basic design of interactive projects. Use of authoring software to integrate still images, video, music and sound.

DDSGN 211 (5) Animation for the Web with Adobe Flash
Prereq: CS 121 or Instructor Permission
Development of a variety of techniques to create Web animations using Adobe Flash. Students will create Web banners, interactive photo galleries and character animation. Course explores different animation theories and techniques and analyzes their impact on an audience.

DDSGN 220 (5) Integrated Digital Design I
Prereq: DDSGN 110
First quarter of a capstone sequence integrating all aspects of interactive digital design into the delivery of an individual interactive project from concept to final production.
FS = Fort Stelalcoom • PY = Puyallup • FL = Fort Lewis
ECE 213 (5) Literature for Young Children
A study of the historical background and types of literature available for young children. Includes methods and materials for sharing diverse literature and developmentally appropriate selections with children based upon cognitive and psychosocial theories.

ECE 215 (5) Art for Children
A study of creative art experiences for young children. Providing theories, techniques and curriculum design in offering developmentally appropriate art media to children.

ECE 220 (5) Nursery School Preparation
Prereq: ECE 111, 112, 202, 205, 213, and 215 with minimum grades of 2.0 and department permission concurrently with ECE 210. Designed for the student’s participation in planning and implementing a developmentally appropriate classroom under qualified supervision in the Pierce College nursery school laboratory facility. Includes experiences in lead teaching, team building, and applications of curriculum with young children.

ECE 222 (2) Child Care Work Based Learning
Prereq: ECE 111, Department permission and one of the following: ECE 205, 213, 215. Designed for students to observe and participate under qualified supervision in childcare centers throughout the community.

ECE 223 (2) Special Education Work Based Learning
Prereq: ECE 111, Department permission and one of the following: ECE 205, 213, 215. Designed for students to observe and participate under qualified supervision in special education programs throughout the community.

ECE 224 (2) Head Start / ECEAP Work Based Learning
Prereq: ECE 111, 112, department permission and one of the following: ECE 205, 213, 215. Designed for students to observe and participate under qualified supervision in Head Start or Early Childhood Education and assistance programs throughout the community.

ECE 230 (5) Parent-School Partnerships
Prereq: ECE 111 or department permission Methods of building parent education and involvement partnerships. Provides exploration of personal identity and values in relationship to teacher-parent interaction, classroom building, conferencing and social service referrals.

ECE 240 (3) Nutrition, Health and Safety for Young Children
Nutrition, health, safety and operating practices and procedures appropriate for use when teaching young children. Includes state and local regulations concerning abuse and neglect, emergencies, disease-poison prevention, healthy classroom environments, and self-care.

ECE 256-260 (1-5) Early Childhood Field Experience
Prereq: ECE 111, department permission, and criminal background check required. Supervised field experience in early childhood and/or elementary educational programs.

---

ECON 110 (5) Survey of Economics - GER-SS
An overview of both microeconomics and macroeconomics. Topics include: (1) organization and operation of the U.S. economy including unemployment, inflation, and GDP; (2) fiscal and monetary policies; (2) supply and demand; production; market structures; determination of output and prices with emphasis on a market economy; labor and capital markets; role of government in a market economy; comparative advantage; international trade; and distribution of income.

ECON 201 (5) Micro Economics - GER-SS, QS
Prereq: MATH 098 or equivalent with a grade of 2.0 or better or placement test score above MATH 098. Study of scarcity; the allocation of resources; supply and demand; production; market structures; determination of output and prices with emphasis on a market economy; labor and capital markets; role of government in a market economy; comparative advantage; international trade; and distribution of income.

ECON 202 (5) Macro Economics - GER-SS
Prereq: MATH 098 or equivalent with a grade of 2.0 or better or placement in MATH 141 or higher. Study of the organization and operation of the U.S. economy including unemployment, inflation, and GDP issues; the business cycle and long run growth; national income accounting; aggregate supply and aggregate demand; government spending, taxation, and the budget deficit/surplus; fiscal policy; the monetary system, the Federal Reserve Banking System; monetary policy; interest rates; and international trade.

EDUC 190 (1-5) Education
See COLLEGE SUCCESS.

EDUC 110, 111, 112 See COLLEGE SUCCESS.

EDUC 130 (3) Technology in Education
Exposes students to traditional classroom teaching aids, computer-assisted instructional methods, and assistive technology equipment designed to support students with disabilities.

EDUC 190 (1-5) Education Practicum
An introduction to field experience in education that includes classroom observations and seminar discussions.

EDUC 202 (5) Introduction to Education
An introduction to teaching: historical, organizational, legal, ethical, philosophical, and social foundations of public education.

EDUC 204 (5) Exceptional Child
Introduction to programs for exceptional students. Includes federal guidelines, assessment requirements and procedures, and models of service delivery.

EDUC 220 (3) Learning Styles of Culturally Diverse Students
Familiarizes elementary and secondary teachers with the learning styles of culturally diverse students: Asian Americans, African Americans, Alaskan/American Natives, and Hispanics.

EDUC 230 (3) Curriculum and Instruction: Support Strategies
Students will learn strategies to accelerate student learning of reading, writing and mathematics. Special attention will be given to the development of effective communication, multicultural education and the delineation of the paraeducator role and responsibilities in curriculum design and instruction.

EDUC 236 (1) Supervised Field Experience
Prereq: Approval by Pierce College.

EDUC 243 (4) Literacy for Young Children
Prereq: Approval by Pierce College.

---

ECE 111 (5) Residential Wireman I
Prereq: Approval by Southwest Washington Electrical Joint Apprenticeship Training Committee.

APELL 111 (5) Residential Wireman I

APELL 112 (5) Residential Wireman II
Prereq: Successful completion of APELL 111 and approval of S.W.E.J.A.T.C. Lecture instruction for first-year residential wireman apprentices.

APELL 113 (4) Residential Wireman II
Prereq: Successful completion of APELL 112 and approval of S.W.E.J.A.T.C. Classroom instruction for second-year residential wireman apprentices.

APELL 114 (5) Residential Wireman II
Prereq: Successful completion of APELL 113 and approval of S.W.E.J.A.T.C. Lecture instruction for second-year residential wireman apprentices.

APELL 115 (5) Residential Wireman II
Prereq: Successful completion of APELL 114 and approval of S.W.E.J.A.T.C. Classroom instruction for second-year residential wireman apprentices.

APELL 116 (4) Residential Wireman II
Prereq: Successful completion of APELL 115 and approval of S.W.E.J.A.T.C. Lecture instruction for second-year residential wireman apprentices.

APELL 117 (6) Low Energy/Sound and Communications III
Prereq: Successful completion of APELL 116 and approval of S.W.E.J.A.T.C. Lecture instruction to provide a theoretical background for the on-the-job training of first-year low energy construction electrician apprentices.

APELL 104 (6) Low Energy/Sound and Communications I
Prereq: Successful completion of APELL 102 and approval of S.W.E.J.A.T.C. Lecture instruction for first-year construction electrician apprentices.

APELL 105 (6) Low Energy/Sound and Communications I
Prereq: Successful completion of APELL 104 and approval of S.W.E.J.A.T.C. Lecture instruction for first-year low energy construction electrician apprentices.

APELL 106 (4) Basic Electronics for Low Voltage Systems
Prereq: APELL 105 and approval of S.W.E.J.A.T.C. Lecture instruction to provide a theoretical background for the on-the-job training of first-year low voltage electrical apprentices.

APELL 107 (6) Low Energy/Sound and Communication I
Prereq: Successful completion of APELL 106 and approval of S.W.E.J.A.T.C. Lecture instruction for second-year low voltage electrical apprentices.

APELL 108 (6) Low Energy/Sound and Communication II
Prereq: APELL 107 and approval of S.W.E.J.A.T.C. Lecture instruction for second-year low voltage electrical apprentices.

APELL 109 (4) Low Energy/Sound and Communications II
Prereq: Successful completion of APELL 108 and approval of S.W.E.J.A.T.C. Instruction for second-year low voltage electrical apprentices.

APELL 110 (10) Construction Electrician I
Prereq: Approval by Southwest Washington Electrical Joint Apprenticeship Training Committee.

APELL 111 (10) Construction Electrician I

APELL 112 (5) Residential Wireman II
Prereq: Successful completion of APELL 111 and approval of S.W.E.J.A.T.C. Lecture instruction for first-year residential wireman apprentices.

APELL 113 (4) Residential Wireman II
Prereq: Successful completion of APELL 112 and approval of S.W.E.J.A.T.C. Classroom instruction for second-year residential wireman apprentices.

APELL 114 (5) Residential Wireman II
Prereq: Successful completion of APELL 113 and approval of S.W.E.J.A.T.C. Lecture instruction for second-year residential wireman apprentices.

APELL 115 (5) Residential Wireman II
Prereq: Successful completion of APELL 114 and approval of S.W.E.J.A.T.C. Classroom instruction for second-year residential wireman apprentices.

APELL 116 (4) Residential Wireman II
Prereq: Successful completion of APELL 115 and approval of S.W.E.J.A.T.C. Lecture instruction for second-year residential wireman apprentices.

APELL 117 (6) Low Energy/Sound and Communications III
Prereq: Successful completion of APELL 116 and approval of S.W.E.J.A.T.C. Lecture instruction to provide a theoretical background for the on-the-job training of third year low energy electrical apprentices.

APELL 118 (6) Low Energy/Sound and Communications III
Prereq: Approval of S.W.E.J.A.T.C. Lecture instruction to provide a theoretical background for the on-the-job training of third year low energy electrical apprentices.

APELL 119 (6) Low Energy/Sound and Communications III
Prereq: Approval of S.W.E.J.A.T.C. Lecture instruction to provide a theoretical background for the on-the-job training of third year low energy electrical apprentices.

APELL 121 (10) Construction Electrician II
Prereq: APELL 117 and approval of S.W.E.J.A.T.C. Lecture instruction to provide a theoretical background for the on-the-job training of second-year construction electrician apprentices.

APELL 122 (10) Construction Electrician II
Prereq: APELL 118 and approval of S.W.E.J.A.T.C. Lecture instruction to provide a theoretical background for the on-the-job training of second-year construction electrician apprentices.
ENGINEERING (ENGR)

ENGR 114 (5) Engineering Graphics
PreReq: CS 121 or instructor permission
Introduces the student to Computer-Aided Design (CAD) by stressing the competent use of micro-computers, plotters, digitizers, software and other related materials. The class will accommodate multiple levels to CAD. Each student will be assigned a project that utilizes CAD tailored to the student's particular field of interest.

ENGR 142 (5) Computer Programming (C++) for Engineers
PreReq: MATH 141 with grade of 2.0 or better

ENGR 215 (5) Dynamics
PreReq: ENGR 114 and PHYS 221 or instructor permission
Introduction to the principles of Dynamics. Kinematics of particles and rigid bodies. Kinetics of particles and rigid bodies using equilibrium, work-energy, and impulse-momentum methods. Vector methods used throughout the course.

ENGR 224 (5) Thermodynamics
PreReq: PHYS 221 and CHEM 161 or MATH 152 or permission of the instructor
Introduction to the basic principles of Thermodynamics, properties, processes and equations of state. First and second law analysis of closed and open systems; energy interactions, work and heat, steady flow devices. Second law analysis of closed systems; heat engines, refrigeration, Carnot cycle, entropy and energy. Introduction to power cycles.

ENGR 225 (5) Mechanics of Materials
PreReq: ENGR 114 and MATH 152 and PHYS 221, or instructor permission

ENGLISH (ENGL)

ENGL 080 (5) Introduction to Applied Communication
Extended Learning Only
PreReq: Open to all high school level coursework
Prepares the student to write unified, coherent, grammatically correct paragraphs and essays.

ENGL 090 (1-3) Spelling
PreReq: ENGL 099 with a grade of 2.0 or better
A 1-3 variable credit course designed to help students to learn basic spelling patterns, spelling rules and pronunciation in order to improve their spelling.

ENGL 091 (1-3) Vocabulary
A variable credit course designed for the pre-college level reader and writer. It can be taken for 1, 2, or 3 credits depending on the time the student wants to commit toward improving vocabulary and vocabulary skills and the number of words and word parts that the student wishes to learn.

ENGL 093 (1-3) Grammar Usage
This is a variable credit course designed to improve knowledge of sentence construction. Students are asked to identify the parts of sentences and to classify sentences by clause structure. Important attention is paid to the improvement of writing style through sentence combining exercises.

ENGL 095 (2-3) Paragraph Development
Offered below college-level writer.
This is a variable (2 or 3) credit course designed to improve a student's ability to organize and write paragraph-length compositions. The course focuses on the parts of the standard paragraph and on the organization patterns, which can be used to develop paragraphs.

ENGL 096 (2) Grammar, Punctuation and Spelling
Focuses on sentence structure, parts of speech, spelling and punctuation. Taken in conjunction with ENGL 097 (normally over two consecutive quarters) and passed with a 2.0 or higher will fulfill the same requirements as ENGL 098 and can be used in place of it for credit and as a prerequisite for ENGL 099.

ENGL 097 (3) Paragraph Composition
PreReq: ENGL 096 with a grade of 2.0 or better
Focuses on paragraphing skills and revision and has ENGL 096 as prerequisite; passed with a 2.0 or higher in conjunction with ENGL 096 (normally over two consecutive quarters) will fulfill the same requirements as ENGL 098 and can be used in place of it for credit and as a prerequisite for ENGL 099.

ENGL 098 (5) Basic Writing Skills
The writing process: note taking, outlining, grammar, sentence structure, classifying and expressing information in the form of sentences.

ENGL 099 (5) Introduction to Composition
PreReq: ENGL 097 or ENGL 098 with a grade of 2.0 or better or placement exam
Writing skills emphasizing unity, coherence, and adequate development of the paragraph, grammar and the control of serious sentence faults.

ENGL 101 (5) English Composition I • GER-CM
PreReq: ENGL 099 with a grade of 2.0 or better
Writing and analyzing unified, coherent expository essays that support and develop a thesis; using the modes of development (the rhetorical devices) appropriately in compositions; recognizing writing as a process; incorporating secondary sources in essays using the MLA style of documentation.

ENGL 103 (5) Composition – Argumentation and Research Writing
PreReq: ENGL 101 with 2.0 grade or better
Writing and analyzing argumentative essays that logically support and develop a claim (thesis); writing a research paper using the MLA or APA style of documentation; researching data using the latest research tools available, including electronic data bases and the Internet; becoming informed and becoming information competent.

ENGL 104 (1-3) College Vocabulary
A variable credit course designed for the college-level student, the college writer and writer. It can be taken for 1, 2, or 3 credits depending on the time the student wants to commit toward improving vocabulary and vocabulary skills and the number of words and word parts that the student wishes to learn.

ENGL 107 (5) Composition – Writing About Literature • GER-CM
PreReq: ENGL 101 with grade of 2.0 or better
Writing expository and argumentative essays based upon literary readings and studies.

ENGL 111 (5) Introduction to Literature • GER-HM
Literary works and techniques through analyses of representative fiction, drama and poetry emphasizing the relationship of content and expression through form.

ENGL 112 (5) Introduction to Fiction • GER-HM
Study and critical evaluation of the art of fiction, writing using English and American novels and short stories as a basis.

ENGL 113 (5) Introduction to Poetry – GER-HM
Course designed to familiarize students with form, content and expression in poetry from ancient to contemporary times.

ENGL 114(5) Introduction to Dramatic Literature • GER-HM
Form and expression of great works of the theater from Ancient Greece to the present.

ENGL 125 (5) Applied Communications
Offered through Extended Learning
Use the computer to write at least five essays about real-life problems and situations; develop information content; learn various critical thinking skills, including perceiving, analyzing, and expressing a problem, seeking solutions; work in groups wherein students will have the opportunity to consider diverse points of view and gain experience articulating their own through processes.
ENGL 140 (5) English Grammar - GER-HM
A study of traditional grammar for students who have demonstrated proficiency in writing but who want to examine the theory, history and analysis of English syntax.

ENGL 145 (5) Research for the 21st Century
Prereq: Eligibility for ENGL 101
This course develops a framework for research in the online environment and helps writers to build skills and techniques for success as an online learner. Through a quarter-long research project on a global issue, participants will examine various strategies for locating, evaluating and applying information resources in the research process with attention to information issues like intellectual property, censorship and freedom of information.

ENGL 149 (2) Library Research Methods
Introduction to the skills, concepts and strategies required to effectively use the library and information for academic success. Includes concepts required for effective research that can be applied in a variety of fields of study.

ENGL 204 (5) The Bible as Literature - GER-HM
A course designed to show the themes, structures and literary merits of the Bible.

ENGL 205 (5) Introduction to Mythology - GER-HM
A survey of mythologies from two or more cultures with some study of what myth is and how it informs literature. (Topics may vary)

ENGL 210 (5) Introduction to American Literature - GER-HM
Celebrating the rich diversity of American voices, ENGL 210 focuses on the literary contributions of African Americans, Asian Americans, European Americans, Latinas/Latinos and Native Americans and introduces the literary genres of poetry, fiction, drama and essay as it explores the dominant themes that have shaped the American literary tradition.

ENGL 220 (5) Introduction to Shakespeare - GER-HM
To familiarize the student with Elizabethan England and the three major types of Shakespearean drama: comedy, history and tragedy.

ENGL 226 (5) British Literature I - GER-HM
To familiarize the student with the main types of literature written during the three specified periods in England: 800 to 1660.

ENGL 227 (5) British Literature II - GER-HM
To familiarize the student with the main types of literature written during a specified period in England: 1660 to 1800.

ENGL 228 (5) British Literature III - GER-HM
A study of representative works of literature, tracing ideas and trends in literary art from the late Romantic period through Victorian, Modern, Postmodern and Postcolonial literature.

ENGL 235 (5) Technical Writing - GER-HM
Prereq: ENGL 101 with grade of 2.0 or better
Learn the principles of organizing, developing and expressing technical information. Study rhetorical patterns common to scientific and technical disciplines. Also understand technical writing conventions as they apply to students during their academic careers.

ENGL 236 (5) Creative Writing I - GER-HM
A creative writing course which instructs in structure, form, and content of fiction, poetry and plays.

ENGL 237 (5) Creative Writing II - GER-HM
Writing short stories.

ENGL 238 (5) Creative Writing III - GER-HM
Writing poetry.

ENGL 239 (5) World Literature - GER-HM
Familiarizes students with multicultural world literature and cultures through fiction, poetry and drama.

ENGL 244 (5) American Literature I - GER-HM
Survey of American literature from its early origins to the Civil War.

ENGL 245 (5) American Literature II - GER-HM
Survey of American literature from mid-nineteenth century to World War I.

ENGL 246 (5) American Literature III - GER-HM
Survey of twentieth century literature to the present.

ENGL 249 (5) Creative Writing: Special Projects
Concentrates on producing original writings in a specific genre. Each quarter will focus on a particular genre such as screenwriting, science fiction, mystery, play writing or autobiography.

ENGL 250 (10) Shakespeare Festival
Familiarizes students with Shakespearean drama, elements of drama and elements of the theater. Students must attend the Ashland, Oregon Festival.

ENGL 256 (3) Advanced Composition - Portfolio
Prereq: ENGL 101, 103, 107, and 235 with a 2.0 or better
Advanced study in rhetoric concentrating on the revision process in writing and editing. Required capstone course for student completion of Pierce College's Written Communication Endorsement.

ENGL 264 (5) Literature of U.S. Slavery and Abolition - GER-HM
Study and analysis of slave narrative and other works written about and/or during the era of slavery in the United States, to provide a better understanding of the surrounding conditions and issues.

ENGL 265 (5) American Literature: Comedy, Humor and Satire - GER-HM
Theory and practice of comedy, humor and satire. Concentration on American humor, its distinctive characteristics and importance in American Literature.

ENGL 266 (5) Women Writers: International Mosaic - GER-HM
Emphasis on twentieth century women writers across the international spectrum.

ENGLISH AS A SECOND LANGUAGE (ESL)
Six levels of non-credit ESL courses are offered in Literacy, Reading, Writing, Listening/Oral English. CASAS tests are given for placement in appropriate course. Contact Basic Skills office under the Transition Education Division for individual course offerings. See ESL listing under "Adult Basic Education" in the PROGRAMS OF STUDY section for more information.

ENVIRONMENTAL SCIENCE (ENVS)
ENVS 100 (5) Survey of Environmental Science - GER-NS
A non-lab introductory science course designed to develop the ability to critically analyze environmental problems (non-lab).

ENVS 140 (5) Western Water Problems - GER-NS
Familiarization with the water resource and issues in the Western United States.

ENVS 150 (5) Environmental Issues - GER-NS
Environmental issues relative to consumer value.

ENVS 155 (5) Applied Environmental Methods - GER-NS
Environmental field course involving field work in regional parks and natural areas. The course will examine Pacific Northwest ecosystems, restoration ecology, native and invasive species of plants and animals including adaptations to their environment, water quality, ecology, and biogeography. Lab included. Field trip required.

FASH 160 (5) Fashion Design and Clothing Construction Analysis
Provides working knowledge of the design and construction skills valued in today's fashion marketplace. Students will develop the skills necessary to analyze, evaluate, and specify the quality of apparel design and production relative to consumer value.

FASH 163 (5) Consumer Textiles
Designed for those whose career direction will require knowledge of textiles as part of the professional prerequisites of the industry. Specific topics that will be covered are basic terminology, fashion, merchandising, retailing, interior design, and fashion design. This study of textiles will provide in-depth information in the areas of fiber properties, yarn and fabric production, coloring, printing, finishing, and care/renovation of textiles.

FIRE COMMAND (FCA)
Courses offered through Extended Learning programs only

FCA 120 (3) Basic Fire Investigation
Explores a basic study of fire scene investigation procedures and techniques used to determine the origin and cause of fire. Included are reasons for accurately determining the origin and cause of fire, the systematic approach to fire scene examination, the chemistry of fire, determining the origin, major accidental and incendiary fire causes, scene sketching, scene photography and note taking. Other topics that will be covered are basic scene security, major fire scene control, report writing, interviewing, and courtroom testimony for the fire-fighter and investigator.

FCA 132 (3) Technical Writing for Fire Service
This course is an introduction to developing the skills for clear writing, grammar, spelling and punctuation effective in any written work. Students will complete practical applications that will be used in fire service report writing.

FASH 137 (5) Introduction to System Design
This course provides an overview of the types of building hazard categories, specific hazards, and methodologies used to choose the appropriate types and degrees of detection and suppression. Industry standards and variations will be discussed using NFPA codes. In addition, students will match environment to occupancy hazard classification and demonstrate knowledge of special hazard classification and systems

FASH 152 (2) Building Construction
This course provides an overview of the engineering principles of building construction, characteristics of building classifications, fire safety devices and assemblies, fire loading, fire resistance and flame spread ratings. Special attention will focus on construction techniques and utilization of building construction knowledge for pre-planning fire potential, meeting competency standards defined by the NFPA.
FS = Fort Stellicimon • PY = Puylup • FL = Fort Lewis

**FCA 155 (3) Fire Instructor I**

This course is an introduction to a fire instructor's duties as written by the requirements of the National Fire Protection Agency (NFPA) 1041, Standard for Fire Service Instructor Qualifications (2002). Students examine a basic set of elements that influence teaching and learning. Special attention is given to the Fire Service Training Instructor's relationship to student safety as well as the legal liabilities involved. Instruction will include discussion of techniques for preparing effective lessons using the psychology of learning. Other topics include legal issues regarding right, learning theories, purposes and principles of testing and evaluation.

**FCA 157 (2) Public Information Officer**

This course is designed to train participants for coordinating and disseminating information released during emergency operations and for assisting in the scheduling and coordination of news conferences and similar organizational functions. After completing this course the student will have met the sections required for Public Information Officer as outlined by NFPA 1035.

**FCA 160 (2) Tactics I**

This is a course in a study and review of basic principles and methods utilizing fire department personnel, equipment and apparatus. Instruction will include knowledge of fire behavior factors common to fire incidents as well as tactical and operational considerations. Students will examine what incident managers must know to minimize the effects of fire, heat, and smoke including identifying the Incident Management System (IMS), its basic components and explain how it can be used as a scene management tool.

**FCA 170 (1) Hazardous Materials Awareness**

This is a course in a detailed approach to the skills necessary to respond safely to hazardous materials emergencies. Developing this course in 2002, the standards for Professional Competence of Responders to Hazardous Materials Incidents (2002 Edition). The course will assist students with the proper techniques vital to managing all hazardous materials incidents that include recognizing the presence of hazardous materials, protecting themselves, securing the area and calling for trained personnel.

**FCA 175 (2) Fire Safety Officer**

This course is an introduction to the duties as written by the requirements of the National Fire Protection Administration (NFPA) 1521, Standard for Fire Department Safety Officer, 2002 edition. Course elements are designed to enable the student to identify and analyze health and safety aspects relating to their role as Incident Safety Officer in both emergency and non-emergency situations.

**FCA 177 (3) Wildland Urban Interface**

This course is designed to assist structure and wildland firefighters who will be making tactical decisions when confronting wildland fire that threatens life, property, and improvements, in the wildland/urban interface. Instructional units include: interface awareness, size-up, initial strategy and incident action plan, structure triage, structure protection tactics, incident action plan assessment and update, follow-up and public relations, and firefighter safety in the interface.

**FCA 180 (3) Fire Administration**

This course is an introduction into relationships and issues in personnel administration within the context of fire-related organizations. Topics include human resource management, financial management, customer service, training and education, health and safety, laws and ethics.

**FCA 195 (4) Fire Officer I**

Prereq: FCA 270 - Hazardous Materials Awareness. This course is an introduction to a fire officer's duties as written by the requirements of the National Fire Protection Agency (NFPA) 1021, Standard for Fire Officer Professional Qualifications. Content includes leadership, supervisory and decision making practices, legal responsibilities, communication practices, writing, workplace safety, quality assurance and pre-incident planning.

**FCA 205 (3) Testing H2O Systems**

This course is an introduction to testing of water-based suppression systems principles. Performance outcomes will include, I&T of water-based fire protection systems, hydrant flow test, fire pump test and forward flow test of backflow preventers.

**FCA 255 (3) Fire Instructor II**

Prereq: FCA 155 - Fire Instructor I. Builds and expands on the skills learned in Fire Instructor I. This course will provide the instructor with the next level of understanding for the training of personnel. This course is designed to train the participants to perform job and task analysis, develop goals and objectives, and develop a lesson plan along with the coordinating of training aids and student test and evaluation. Prepares the student for the requirements as written by the National Fire Protection Administration (NFPA) 1041, Standard for Fire Service Instructor Qualifications (2002).

**FCA 259 (3) Legal Aspects of Fire Service**

This course introduces the federal, state and local laws that regulate emergency services, national standards influencing emergency service, state and local regulations, and a review of relevant court cases.

**FCA 260 (2) Incident Command System/National Incident Management System**

Prereq: FCA 160 - Tactics I. This course introduces the Incident Command System (ICS) and provides the foundation for higher-level ICS training. This course describes the history, features, and principles and organization structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS). (Course will meet ICS 100/200 requirements).

**FCA 261 (2) Hazardous Material On-Scene Incident Commander**

Prereq: FCA 270 - Hazardous Materials Awareness. Examines regulatory issues, hazard analysis, multi-agency contingency planning, response personnel, multi-agency response, agency policies, procedures and implementation, public education and emergency information systems, health and safety, command post dynamics, and recovery and termination procedures, and program evaluation.

**FCA 262 (4) Disaster and Fire Defense Planning**

This course examines concepts and principles of community risk assessment, planning and response to fires and natural disasters, including Incident Command System (ICS), mutual aid and automatic response, training and preparedness, communications, civil disasters, earthquake preparedness, and disaster recovery.

**FCA 265 (4) Fire Officer II**

Prereq: FCA 195-Fire Officer I, FCA 155 - Fire Instructor I. This course is an introduction to a fire officer's duties as written by the requirements of the National Fire Protection Agency (NFPA) 1021, Standard for Fire Officer Professional Qualifications. Content includes leadership, supervisory and decision making practices, legal responsibilities, communication practices, writing, workplace safety, quality assurance and pre-incident planning.

**FCA 270 (2) Hazardous Materials Operations**

Prereq: FCA 170 - Hazardous Materials Awareness. This course meets National Fire Protection Administration (NFPA) 472, Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents, 2002 edition requirements and expands on the awareness level to an operational ability to control, contain and confine hazardous materials. Course elements include basic skills needed to evaluate and work defensively at an incident involving the release of a hazardous material for the purpose of protecting persons, property, and the environment from the effects of the release.

**FCA 272 (3) Negotiation**

This course introduces a critical skill needed for effective management. Negotiation explores the major concepts and theories of the psychology of bargaining and negotiation, and the dynamics of interpersonal and intergroup conflict and its resolution. Content includes basic elements of conflict and negotiation, the processes of communication, persuasion, and ethical judgment, external influences on negotiations and breakdowns in the negotiation process.

**FCA 274 (4) Occupational Safety and Health for Fire Service**

This course introduces the basic concepts of occupational health and safety as it relates to emergency service organizations. Topics include risk evaluation and control procedures for fire stations, training sites, emergency vehicles, emergency situations involving fire, EMS, hazardous materials and technical rescue.

**FCA 280 (4) Advanced Fire Administration**

Prereq: FCA 180 - Fire Administration. This course introduces the student to the organizational management of fire departments preparing fire officers to be fire administrators. Instruction will include various components of the fire service organization, cultural differences, line and staff functions including personnel management, recruitment and hiring practices, legal aspects, discretionary actions, communication skills, safety practices, budgetary practices and ethics.

**FCA 285 (3) Fire and Life Safety Educator**

This course prepares students in comprehensive community fire and injury prevention programs designed to eliminate or mitigate situations that endanger lives, health, property, or the environment. Course elements include: documenting, scheduling, selecting, presenting, developing, implementing and evaluating within a framework of instructional methodology and concepts. This course is an introduction to effective community fire and life safety educator's duties as written by the requirements of the National Fire Protection Administration (NFPA) 1035, Standard for Professional Qualifications for Public Fire and Life Safety Educator (2005).

**FCA 295 (4) Fire Officer III**

Prereq: FCA 265 - Fire Officer II, FCA 255 - Fire Instructor I. This course provides the basic tools for analyzing and evaluating budgets, programs, policies, personnel and management systems within the fire service organization. Data interpretation and planning are major elements addressed in this course. Enhancement of fire service leadership decision-making capabilities is the primary focus of the student for the requirements as written by the National Fire Protection Administration (NFPA) 472, Standard for Fire Officer Professional Qualifications, 2003 edition.
FOOD SERVICE MANAGEMENT (FSM)

Courses offered through Extended Learning programs only.

FSM 102 (5) Equipment, Facilities and Maintenance
Creative planning for a merchandisable atmosphere at optimum cost.

FSM 103 (5) Nutrition and Menu Planning
Restaurant menu planning and nutritional considerations, with special emphasis on menu types and specializations.

FSM 105 (3) Quantity Food Preparation: Entrees
Prepares FSM 116
This course introduces basic terminology, principles, and methods for preparation of meat/meat alternatives and entrees. Participants will practice their skills and techniques of quantity cooking in a kitchen facility.

FSM 106 (5) Supervision and Management of Quantity Food Preparation II
Prepares FSM 117
A study of food service supervision and management techniques with emphasis on advanced procedures in culinary arts.

FSM 109 (5) Personnel and Human Relations
Develop a knowledge of restaurant organizations, effective management techniques, employee motivation and training.

FSM 110 (5) Food & Beverage Cost Analysis
Techniques of controlling foods, beverages, supplies and equipment in a food service establishment.

FSM 112 (1) Introduction to Child Nutrition Program Management
Provides an introduction to child nutrition program management, including the history and evolution of child nutrition programs, legislation, state and federal regulations, program requirements, funding, and the benchmarks of a quality program.

FSM 115 (1) Basic Nutrition
For school food service workers and potential supervisors. Includes nutrition as related to meeting dietary goals, preschool through Grade 12, modifying recipes, promoting nutrition through school lunches.

FSM 116 (1) Safety and Sanitation
Basic food safety and sanitation practices for school personnel. Microbiology as it relates to foodborne illness and prevention, agar plates, accident prevention, proper use of thermometers, housekeeping and personal hygiene, transporting and serving techniques, and being prepared for health inspectors.

FSM 117 (1) Nutrition – Team Teaching
Provides methodology and techniques for team teaching nutrition for school food service workers. Topics emphasized are: review of nutrition, definition, needs, and goals of Child Nutrition Programs, resources and teaching aids, integration into curriculum.

FSM 118 (1) Healthy Edge
This course provides child nutrition services personnel with the basic knowledge and skills to implement the Dietary Guidelines for Americans successfully and effectively in child nutrition programs, using a total team approach.

FSM 121 (3) Quantity Food Production: Salads, Snacks and Sandwiches
Prepares FSM 116 or instructor permission
Provides the basic techniques for the ordering, preparing, handling, and storing of fresh produce and vegetables. Includes salad and sandwich preparation and presentation.

FSM 130 (3) Child Nutritional Needs for Diverse Populations
This course identifies special nutritional needs that must be considered when serving a diverse student population, including cultural, medical, physical, and developmental needs.

GENERAL EDUCATIONAL DEVELOPMENT (GED)

Non-credit GED courses are offered under Basic Skills through the Transitional Education Division. Courses offered are comprehensive Basic GED, Advanced GED, Educational Interview and individual subject areas, i.e. Math, English, Social Studies, English, Literature, and Arts. See GED listing under “Adult Basic Education” in the PROGRAMS OF STUDY section for more information.

GEOGRAPHY (GEOG)

GEOG 100 (5) Introduction to Geography - GER-SS
Introduction to Geography introduces the basic principles, concepts, and methods used in Geography. The course introduces students to the principles and practices of the science of Geography. Students will study the basic concepts of the following sub-fields of Geography: The Earth Science Tradition: Cartography, Physical Geography and the Geography of Natural Resources, Cultural Geography and Environment Tradition: Population Geography, Cultural Geography and the Geography of Spatial Behavior. The Locational Tradition: Economic Geography, Urban Geography and the Human Impact on the Environment.

GEOG 150 (5) The Americas, New Zealand - GER-SS
An introduction to the rich variety of peoples, traditions, and landscapes in the geographic realms of Europe, Russia, North America, Middle America, South America and Australia New Zealand. Emphasis is on the origins and evolution of the diverse cultural heritages of these regions, their interactions with the world as a whole and on present interaction between these peoples and their environments.

GEOG 160 (5) Africa, Middle East and Asia - GER-SS
Introduction to the rich variety of peoples, traditions, and landscapes in the geographic realms of Sub-Saharan Africa, North Africa, South Asia, South Asia, South Asia, East Asia, and South East Asia. Emphasis is on the origins and evolution of the diverse cultural heritages of these regions, their interactions with the world as a whole, and on present interaction between these peoples and their environments.

GEOG 200 (5) Human Geography - GER-SS
An examination of the relationships between human and their environments. Introduces basic concepts in human geography relating to economic activities, landscapes, languages, migrations, nations, region, and religions. Serves as the basis for further course work in cultural, economic, political, population and urban geography.

GEOG 205 (5) Introduction to the Physical Environment - GER-NS, SS
The student will learn about the processes that produce natural physical landscapes and weather phenomena. The course should result in an enhanced appreciation of the landscapes of the world. Physical geography introduces you to climatology, geomorphology, and biogeography. Field Trip required.

GEOG 207 (5) Economic Geography - GER-SS
The changing locations and spatial patterns of economic activity, including: production in agriculture, manufacturing, and services; spatial economic principles of trade, transportation, communications, and corporate organization; regional economic development, and the diffusion of technological innovation. Topics include international trade, colonialism, industrial capitalism, advanced capitalism and the globalization of labor markets.

GEOG 210 (5) Physical Geography - GER-NS
The student will learn about the processes that produce natural physical landscapes and weather phenomena. The course should result in an enhanced appreciation of the landscapes of the world. Physical geography introduces you to climatology, the science that deals with the study of the earth’s weather systems and weather patterns; geomorphology, the science that deals with the formation of landforms, their evolution and change over time; and biogeography, natural vegetation types and their distribution, as well as soils. Lab included.

GEOLOGY (GEO)

GEOG 101 (5) Introduction to Physical Geography - GER-NS
A study of minerals, rocks, and the dynamic processes that shape the Earth’s surface over time, such as Earth’s tectonics, volcanism, earthquakes, land-slides, streams, and coastlines. Some special topics such as resources or climate change may be included. Appropriate for non-science and science majors. Field trip required. Lab included.

GEOG 103 (5) Historical Geography - GER-NS
A study of the development and interactions of the Earth’s crust, life, oceans, and atmosphere through geologic time in order to provide perspective on present-day global environmental concerns. Includes study of the formation and break-up of supercontinents, building and destruction of mountain ranges, global climate change and ice ages, the development of life through time, diinosaur and other mass extinctions, meteor impact effects, and fossils. Appropriate for non-science and science majors. Field trip required. Lab included.

GEOG 107 (5) Earth Systems Science - GER-SS
Introduction to the basic principles and processes in the evolution of the Earth. Lab included.

GEOG 110 (5) Environmental Geology - GER-NS
A study of the interaction of humans and the Earth, with emphasis on geographic hazards, waste disposal, pollution and geologic resources. Field trip required. Labs included.

GEOG 115 (5) Geology National Parks - GER-NS
Introduces the student to basic geologic processes and history, using the variety of features preserved in our National Park and Monument system. Labs included. Field trips required.

GEOG 120 (5) Volcanoes - GER-NS
The comparative study of shield and composite volcanoes, volcanic processes and hazards. Lab included. Field trips required.

GEOG 140 (5) Principles of Field Mapping - GER-NS
Prereq: GEOG 101 or GEOG 103 or permission of instructor
Interpretation of topographic, geographic and aerial photo maps with applications in constructing geographic and base maps from field data. Lab included.

GEOG 208 (5) Geology Pacific Northwest - GER-NS
Prereq: GEOG 101 or GEOG 103 or permission of instructor
A study of the current geologic interpretations of the major rock formations and geologic structures of the Pacific Northwest. Includes study of mineral resources, environmental issues and fossils pertinent to Pacific Northwest Geology. Field trips required. Labs included.
FS = Fort Steilacoom  •  PY = Puyallup  •  FL = Fort Lewis

**DEPARTMENT AND COURSE OFFERINGS**

### HEALTH SCIENCE (HSCI)

**HSCI 101 (3) Foundations of Allied Health**
Introductory course for students considering careers in allied health. Covers the basics of allied health care roles and responsibilities. Course includes the knowledge and skills necessary for effective teamwork and the use of related technology. (Prereq: GEOL 101 or GEOG 210 recommended. The study of earth resources, including geologic origin, environmental issues, mineral law, economics and uses. Field trips required. Labs included. GEOL 283 (5) Regional Geology
Study of the geologic formations, structures, and geologic history that create the landscapes of a selected region. Labs and field trips included.)

**GERMAN**
See WORLD LANGUAGES.

### HEALTH SCIENCE (HSCI)

**HSCI 105 (5) School Health Care**
Offered through Extended Learning
Course will include infection control and safety, infectious diseases, common school health problems, and health issues specific to K-12 for school health care providers.

**HSCI 106 (5) School Health Care II**
Offered through Extended Learning
Prereq: Successful completion of HSCI 105
Course will include infection control and safety, infectious diseases, common school health problems, and health issues specific to K-12 for school health care providers.

**HSCI 111 (5) Nursing Assistant Training**
Prereq: Successful completion of ENGL 101
Essentials of patient care in an extended health facility primarily designed for nursing assistants who must meet state certification requirements. Includes a minimum of seven hours of AIDS education.

**HSCI 114 (3) Therapeutic Communication in Healthcare Settings**
Prereq: Faxed for ENGL 101
Total Clock Hours: 36 (theory)
The study of communicating with a diverse client population across the lifespan. Includes information management, interpersonal relationships, group process and effective techniques to work with clients and coworkers in a variety of settings.

**HSCI 116 (4) Pharmacology for Allied Health**
Prereq: CHEM 101 or BIOL 241, BIOL 242, or BIOL 260
Total Clock Hours: 40 (theory)
Administration of medication, types of drugs, routes of administration and related laws. Computation skills in dosage calculation are emphasized. Includes laboratory practice of computation, medication administration and the use of related technology.

**HSCI 119 (5) Human Health and Disease Care Management**
A systematic overview of human anatomy, physiology and pathologies needed for anyone interested in understanding health and disease interrelationships. A laboratory course for non-science majors.

**HSCI 140 (5) Contemporary Health Science Problems • GER-NS**
Introduction to contemporary issues related to the impact of technology on human health, including reproductive manipulation, birth defects, nutrition, organ research, immunity to disease, inheritance, genes, eugenics, and euthenics. Laboratory course for non-science majors.

**HSCI 151 (5) Personal and Community Health • GER-NS**
Contemporary issues and trends in modern human health.

**HSCI 155 (5) Applied Anatomy and Physiology for the Health & Fitness Professional**
An introductory course with lab designed to foster in the health and fitness professional student the knowledge, skills and capabilities necessary for advanced coursework in the diagnostic Health & Fitness Technician Program. Course covers basic anatomy and physiology with an emphasis on its relationship to exercise, performance and health. Laboratory course required for DJHT Certificate and Degree candidates.

**HSCI 200 (5) Human Stress – Its Nature & Control**
Examines human stress, its causes, consequences and benefits, while exploring specific strategies and techniques to control stress and use it for growth.

**HSCI 210 (5) Wellness • GER-NS**
A comprehensive study of human wellness including adequate fitness, nutrition, stress management, disease prevention, sexual wellness, spirituality, smoking cessation, substance abuse, weight control, cardiovascular endurance assessment, and metabolic pathways and systems. Lab included.

**HSCI 228 (2) CPR for the Professional Rescuer, with First Aid and Blood Borne Pathogens (Formerly PE 228)**
Course designed to teach those with a duty to act the skills needed to respond appropriately to breathing and cardiac emergencies. National American Red Cross sponsored course: CPR/Adult/Child CPR/AED and Infant CPR, First Aid, and Blood Borne Pathogens meeting the Occupational Safety and Health Administration (OSHA) standard with American Red Cross Certification. Meets the Health Care Provider level of certification.

**HSCI 235 (4) Issues and Trends in Healthcare Management**
Prereq: HSCI 114, HSCI 116
Total Clock Hours: 40 (theory)
Healthcare management and leadership theories as applied to all health settings. Explores challenges, issues and trends in the healthcare industry for managing care, leading groups, and resolving conflict within organizations. At the end of the quarter, the student will be expected to complete a professional healthcare management portfolio.

**HSCI 250 (3) Kinesiology**
Prereq: HSCI 105
An introductory course providing a basic understanding of the mechanical principles of human movement and how these mechanical principles relate to human health and performance.

**HSCI 252 (3) Nutrition and Exercise**
A course designed to familiarize the health and fitness professional with the fundamentals of exercise and nutrition for health assessment and health prescription.

**HSCI 253 (2) Essentials of Weight Management**
A course designed to familiarize the health and fitness professional with the fundamentals of weight management, exercise and nutrition.

**HSCI 254 (5) Essentials of Fitness Training**
A course designed to familiarize the health and fitness professional with the fundamentals of fitness training and health prescription.

**HSCI 256 (5) Exercise Physiology for the Health and Fitness Professional**
Prereq: HSCI 115, 252, 253 and 253 or instructor permission.
A course designed to equip the health and fitness professional with the proper application of physiologic principles as they relate to exercise. The course includes related bioenergetics, nutrition, hormones, and the pulmonary, cardiovascular, hormone and endocrine systems.

**HSCI 257 (3) Client Care and Marketing for the Health and Fitness Professional**
A course designed to familiarize the health and fitness professional with the Personal Trainer/Client relationship and concepts in basic fitness industry business and marketing.

**HSCI 258 (2) Athletic Training and Acute Injury Management**
Prereq: HSCI 115, 252, 254 or instructor permission.
A course designed to familiarize the health and fitness professional with guidelines and recommendations for preventing injuries, recognizing injuries and learning how to correctly manage a specific injury.

**HSCI 259 (3) Special Populations Care for the Health and Fitness Professional**
Prereq: HSCI 115, 250, 254 and 258 or instructor permission.
A course designed to familiarize the health and fitness professional with the knowledge to identify, and manage the health and fitness needs for chronic disease and special need populations.

**HSCI 260 (5) Health Assessment and Physical Testing**
Prereq: HSCI 115, 250, 252, 253 and 254 or instructor permission.
The course is designed to equip the health and fitness professional with health assessment and physical testing techniques necessary to perform laboratory assessment and health prescription.

**HSCI 261 (4) Principles of Coaching**
An introductory course designed to equip the health and fitness professional with the knowledge, skills and capabilities necessary for a career in coaching.

**HSCI 262 (5) Diagnostic and Health Technician Internship**
Prereq: HSCI 115, 252, 253, 254, 256, 257, 258, 259 and 260 or instructor permission.
A course designed to provide the health and fitness professional with practical field experience.

**HSCI 263 (5) Applied Sport Psychology**
A course designed to equip the health and fitness professional with the knowledge, skills and capabilities necessary for dealing with various psychological issues associated with a career in coaching.

**HSCI 264 (3) Drugs in Sports**
An introductory course designed to equip the health and fitness professional with the knowledge, skills and capabilities necessary for dealing with various psychological issues associated with a career in coaching.

**HSCI 265 (5) PCCC Practicum**
Prereq: HSCI 115, 250, 252, 253, 256, 258, 260, 261, 263, 264 or instructor permission.
A course designed to provide the health and fitness professional with practical coaching experience in educational or athletic settings.

**HSCI 278 (8) Emergency Medical Technician – Basic**
Offered at military sites through Extended Learning
Prereq: CPR Certification from AHA “Healthcare Provider” or Red Cross “Professional Rescuer” or equivalent specialized service.
Learn and develop skills necessary to provide emergency medical care at a basic life support level with an ambulance service or other specialized service. The student will be capable of recognizing and assessing the nature and seriousness of a patient’s condition or injuries.

**HISTORY (HIST)**

**HIST & 126 (5) World Civilizations I • GER-SS**
Examines the growth and development of various civilizations from the Stone Age to 1100. Emphasis is on political, economic, religious and cultural similarities and differences among these civilizations.

**HIST & 127 (5) World Civilizations II • GER-SS**
Examines the development and decline of various civilizations from the Renaissance to 1815. Emphasis is on the ideas which spawned religious, economic, political and scientific revolutions and their impact on various civilizations.
HSEM 190 (1-5) Homeland Security Emergency Management Special Topics
Pre-req: HSEM 102; must have completed 12 HSEM credits or HSEM Program Coordinator approval.
Special topics will be developed for areas outside the usual course offerings in Homeland Security Emergence Management degree. Topics developed will focus on a specific current issue of concept in the areas of homeland security or emergency management. NOTE: A maximum of five (5) credits hours of HSEM 190 may be used as elective credit toward the HSEM degree.

HSEM 200 (2) Emergency Operations Center
Pre-req: HSEM 110 and HSEM 102
This course provides the student with skills and knowledge to manage an Emergency Operations Center (EOC), acquire and control resources, and interface with on-scene responders within Incident Management Systems. Topics include EOC design, preparing, staffing and operating, jurisdictional integration, and the critical link between Incident Management Systems and emergency management operations.

HSEM 210 (3) Exercise Design and Evaluation
Pre-req: HSEM 102 & HSEM 120
This course provides participants with the knowledge and skills to develop, conduct, evaluate and report effective exercises that test a community’s operations plan and operational response capability. Throughout the course, participants will learn about topics including exercise program management, design and development, evaluation, and improvement planning. It also builds a foundation for subsequent exercise courses, which provide the specifics of the Homeland Security Exercise and Evaluation Program (HSEEP) and the National Standard Exercise Curriculum (NSEC).

HSEM 220 (3) Developing and Managing Volunteer Resources
Pre-req: HSEM 102
This course will focus on methods and procedures for involving private-sector organizations and volunteers in emergency management programs in ways which benefit both parties. The focus of the course is on maximizing the effectiveness of volunteer resources by implementing a people-oriented system that addresses defining volunteer roles, designing a plan of action, recruiting volunteers, training individuals who volunteer and motivation and maintenance of a successful program. Participants will acquire skills and knowledge to make appropriate volunteer assignments that enhance the effectiveness of an integrated emergency management system.

HSEM 230 (2) Disaster Recovery and Response
Pre-req: HSEM 102 and HSEM 120
The purpose of this course is to enable students to understand and think critically about response and recovery operations in the profession of emergency management. Students will utilize problem based learning by analyzing actual disaster events and applying the theories, principals, and practice of response and recovery. In addition, students will learn about the issues faced by special populations and how to address these special needs in natural disaster response and recovery.

HSEM 240 (5) Homeland Security Emergency Management Work-Based Learning
Pre-req: HSEM 102 and requires HSEM Program Coordinator Approval
Provides students “real world experiences” in homeland security and emergency management. Students learn to work within time constraints and are exposed to appropriate workplace behaviors. Students will have opportunities to refine the core skills they have learned from the courses or curriculum.

HSEM 250 (3) Homeland Security Law and Ethics
Pre-req: HSEM 102
This course is designed to give the student an overview of various statutes, regulations, constitutional law, and common law associated with Homeland Security. This course examines emergency response, weapons of mass destruction, local government powers, Federal Emergency Management Agency (FEMA), Department of Homeland Security, civil rights, international anti-terrorism efforts, Homeland Security Act of 2002, and the Patriot Act. Students will be introduced to the legalities and ethics relevant to organizing for terrorism, investigating terrorism and other national security threats, crises and consequence management.

HUMAN DEVELOPMENT (HUMDV)

HUMDV 095 (3) Job Hunters
Course includes job search strategies, researching labor market resources, preparing a resume, applications and cover letters and developing effective interviewing skills. Offered through Extended Learning only.

HUMDV 101 (2) Personal Effectiveness Seminar
Addresses issues of personal development for adults, including defining stress and anger, identifying personal triggers and responses, understanding change, and designing and implementing healthy coping strategies.

HUMDV 102 (2) Human Potential Seminar
Provides a set of experiences through which students learn to identify their potentials, and to put their potentials to work in their lives. It is designed to create self-esteem, intra-personal awareness and interpersonal effectiveness. The seminar takes place in a small group setting and involves structured group activities.

HUMDV 105 (5) 3-1-1 PierceWorks! Career Transition
A 6-week career transition course to assist individuals with career development and human relations. This course empowers students to explore careers and career clusters and make informed educational and career decisions. Students analyze their own interests, skills, personality, and attributes and use this information in the career selection process. Students use interest inventories and computer software to explore career opportunities available to them and link personal interests with related career fields. Activities enable students to increase self-awareness and develop the skills necessary to successfully plan for postsecondary education and the workplace. Basic job search skills include contacting employers, writing, and practicing interview skills.

HUMDV 200 (4) Life Skills: Choosing a Major (formerly PSYCH 106)
Course involves learning new techniques that help bridge personal transitions in life and in college, including the research of careers best suited for the individual which result in personal decision-making.

HUMDV 201 (2) Life Skills: Stress Management (formerly PSYCH 107)
Course involves learning new techniques that help bridge personal transitions in life and in college, including learning to manage stress to remain balanced and healthy.

HUMDV 202 (3) Life Skills: Assertiveness Training (formerly PSYCH 108)
Course involves learning new techniques that help bridge personal transitions in life and in college, including the practice of techniques that build personal strength and character with interactions with others.
HUMAN SERVICES

SUBSTANCE ABUSE (HSSA)

Formerly Alcoholism And Drug Abuse (ALCDA)

HSSA& 101 (3) Introduction to Addictive Drugs

An orientation to chemical dependence and psychoactive drug abuse, including etiological theories of chemical dependency; effects of alcohol and other psychoactive drugs; and basic principles of prevention, intervention and treatment.

HSSA 120 (3) Physiological Actions of Alcohol and Other Drugs

Prereq: Must pass HSSA& 101 with a 2.0 and BISL 118 or instructor permission.

The interaction of alcohol and/or other drugs and the human body: absorption, distribution, metabolism, mechanism of action, peripheral and central nervous system effects, interactive effects among chemicals, and physiological consequences of chronic high dosage use.

HSSA 121 (3) Psychotropic Medications

An introductory course designed to help chemical dependency counselors and social service workers gain an understanding of the basic characteristics of psychotic, mood and anxiety disorders; the use of psychotropic medications to treat these; and the interactive effects with alcohol and other drugs on psychotropic medications.

HSSA 140 (5) Chemical Dependency and the Family

An overview of functional and dysfunctional families and the impact of chemical dependency and dysfunction on individuals and family systems. Course covers family therapy terms and theory; various types of abuse, Adult Children of Alcoholics (ACOA); birth order traits, co-dependency, parenting issues, treatment techniques and resources. Case analysis and application of concepts will be emphasized.

HSSA 160 (3) Chemical Dependency Counseling and Assessment of the Adolescent

Prereq: HSSA& 101, ALCDA 130 recommended.

Effects of chemical dependency on the developing adolescent. Overview of assessment, intervention, prevention, counseling and treatment considerations.

HSSA 170 (5) Counseling and Treatment of Chemical Dependency I – Individual

Prereq: HUM& 101 and minimum 2.0 in HSSA&101 or instructor permission.

Theoretical and experiential introduction of basic counseling skills for working with chemically dependent clients. Covers various counseling settings with emphasis on Motivational Interviewing and Stages of Change, treatment techniques, disclosure statements and resumes, professional boundaries and safety, and multicultural issues.

HSSA 205 (1) HIV/AIDS, Air and Bloodborne Pathogens

Prereq: HSSA& 101 or instructor permission.

A course providing HIV/AIDS, Hepatitis, Tuberculosis and Sexually Transmitted Disease (STD’s) information and skills training for chemical dependency professionals, including risk assessment and risk reduction, epidemiological trends, universal criteria and universal precautions, clinical effects of infection, and related counseling and treatment issues.

HSSA 210 (5) Case Management through Record Keeping

Prereq: ENGL& 101 and must pass HSSA 170 and HSSA 215 with a minimum 2.0; or instructor permission.

Focus is on learning a systematized, problem-oriented record keeping system and how charting facilitates management of a patient’s case while ensuring quality care. Covers clinical record keeping skills (DAP, SOAP, treatment plans, TARGET, etc.); patient charting requirements, and governing laws. ASAM Patient Placement Criteria and the DSM will be used for treatment placement and planning and for assessment diagnosis.

HSSA 215 (5) Law and Ethics for Chemical Dependency Professionals

Prereq: Minimum 2.0 in HSSA 170 or instructor permission.

Overview of law and ethics pertaining to the chemical dependency field. Covers how laws are created and factors that affect this process; how to research laws; requirements for chemical dependency professionals; confidentiality and patient records; mandatory reporting; standards of professional conduct; the Uniform Disciplinary Act; codes of ethics; personal ethics; professional boundaries; self-disclosure; impact of personal values and prejudices; and ethical decision making. Includes application to a variety of settings and situations.

HSSA 225 (3) Introduction to Co-Occurring Disorders of Chemical Abuse and Mental Illness (COD)

Prereq: HSSA& 101 and PSY& 100 recommended.

History of mental health and substance abuse treatment. Explores the basics of multidisciplinary treatment planning and case management, advocacy, COD terminology, ethics, funding sources, personal boundaries, involuntary commitments, and theories of mental illness and chemical dependency as they apply to the mentally ill chemically abusing population in a treatment setting.

HSSA 270 (5) Counseling and Treatment of Chemical Dependency II – Group

Prereq: Minimum 2.0 in HSSA& 101 or instructor permission.

Theoretical and experiential exploration of group leadership/membership skills emphasizing counseling approaches which are effective in treating the chemically dependent client. Includes a review of the theoretical foundations of group therapy and the knowledge competencies, skills and attitudes.

HSSA 275 (3) Relapse Prevention

Prereq: HSSA 170 with a grade of 2.0 or better and have completed or be currently enrolled in HSSA 280 or instructor permission.

An overview of what relapse prevention is, issues that negatively affect relapse-prone clients, plus skills and techniques for providing relapse prevention therapy.

HSSA 280 (4) Supervised Field Experience in Chemical Dependency

Prereq: Registered counselor with WA Dept. of Health, completion of HSSA 275.

A supervised work experience within a DASA licensed facility enabling the student to apply vocational, theoretical, and practical aspects of chemical dependency agency work while also accruing hours towards state certification. Minimum of 120 hours field work plus mandatory weekly seminar.

HSSA 281 (4) Supervised Field Experience in Chemical Dependency

Prereq: Registered counselor with WA Dept. of Health, completion of HSSA 275.

A supervised work experience within a DASA licensed facility enabling the student to apply vocational, theoretical, and practical aspects of chemical dependency agency work while also accruing hours towards state certification. Minimum of 120 hours field work plus mandatory weekly seminar.

HUMANITIES (HUM)

HUM& 101 (5) Introduction to Humanities – GER-HM

Prereq: Eligibility for ENGL& 101.

Explores students to work in the literature. Students identify common themes in the arts, analyze works representing diverse perspectives, and evaluate the political, social, and historical contexts of works. A broader understanding is encouraged through the exploration and synthesis of outside sources using research methods.

HUM 105 (5) Black Thought and Culture – GER-HM

Explores African traditions and closing with a look at contemporary issues, this course will examine the cultural heritage of African Americans in relation to their language, literature, fine arts, music, religion and philosophy.

HUM 106 (5) Ethnic Thought and Culture – GER-HM

A comparative study of art, literature, and music representing various ethnic groups in America, and investigation of various issues surrounding ethnic identities.

HUM 107 (5) Latin American Thought and Culture – GER-HM

Examines Latin America through the lenses of the humanities. Students will explore the literature, film, music and visual arts of Latin America and how it has been shaped by cultural and geographical diversity, domestic and international political, religion, social structure and economics. Team work and research skills will be developed.

HUM 108 (2) Asian Thought and Culture

A general study of Asian culture and society, past and present.

HUM 109 (5) American Thought and Culture: The Renaissance – GER-HM

A study of the Black American cultural movement of the late 1820s to 1930s known as the Harlem Renaissance through examination of the history, politics, philosophy, literature, music, visual arts, dance and theatre of the movement with the American context.

HUM& 116 (5) Humanities I – GER-HM

A survey of Western cultural ideas and expression from ancient times through the Middle Ages. Topics include art, architecture, music, literature, philosophy and religions.

HUM& 117 (5) Humanities II – GER-HM

A survey of Western cultural ideas and expression from the Early Renaissance through the 17th Century. Topics include art, architecture, music, literature, philosophy and religions.

HUM& 118 (5) Humanities III – GER-HM

A survey of Western cultural ideas and expression from the 18th Century through modern times. Topics include art, architecture, music, literature, philosophy and religions.

HUM 120 (5) Introduction to Folklore – GER-HM

This course introduces students to the discipline of folklore through an exploration of its history, its subject matter and its methods. Case studies and research will focus on contemporary folk life and the study of living people.

HUM 140 (5) Conversations in Conflict Studies

Prereq: ENGL 099 and READ 075 or placement at college level English and Reading.

Takes a critical look at the tensions and dynamics of race, ethnicity, gender, and sexual orientation in our society. Course discussion, speakers and topical literature will form the activities.

HUM 161 (5) Western Thought and Culture I: The Classical World – GER-HM

A survey of Western cultural ideas and expressions from early Aegean civilization to the 5th century C.E. Topics include history, geography, culture, philosophy, religion, art, architecture, and literature of the Greco-Roman world.

HUM 162 (5) Western Thought and Culture II: The Middle Ages – GER-HM

A survey of Western cultural ideas and expressions from the fall of the Western Roman Empire to the early Florentine Renaissance. Topics include history, geography, culture, philosophy, religion, art, architecture, and literature of the Middle Ages.

HUM 163 (5) Western Thought and Culture III: Birth of the Modern World – GER-HM

A survey of Western cultural ideas and expressions from the Italian Renaissance to the 18th century. Topics include history, geography, culture, philosophy, religion, art, architecture, literature, and music of the 15th-18th centuries.
HUM 164 (5) Western Thought and Culture IV: The Modern World • GER-HM
A survey of Western cultural ideas and expressions from the 18th century through postmodernism. Topics include history, geography, culture, philosophy, religion, science and technology, art, architecture, literature, and music from the French Revolution to the postmodern era.

HUM 204 (5) American Popular Culture • GER-HM
This course examines various theories of popular culture and applies these theories to various aspects of American culture, such as mass media, sports, fashion and cultural stereotypes.

HUM 210 (5) American Cinema and Society • GER-HM
Explores the relationship between the themes, major genres, and production of Hollywood cinema, and American social, political, and economic history from the early 1900s to the present.

HUM 212 (5) Great Directors and Auteurs • GER-HM
Course examines the role of the director as “author” (auteur) of the film and the several competing theories about what film authorship entails. This class also explores the works, stylistic expressions and filmic choices of major world directors such as Alfred Hitchcock, Francis Ford Coppola, Steven Spielberg, Ousmane Sembene, Stanley Kubrick, Ingmar Bergman, and Francois Truffaut. An additional emphasis is placed on analyzing the changing role of the director from Hollywood’s studio system heyday to today’s independent filmmaking practices.

HUM 215 (5) World Cinema • GER-HM
World Cinema examines the films and film-making practices of countries around the world. This class explores such topics as the impact of technical changes and production standards on filmmaking. An additional emphasis will be placed on analyzing cinematic choices in many world cinema movements such as German Expressionism, Italian Neo-Realism, British Social Realism, The French New Wave, and the phases of Third World Cinema.

HUM 240 (5) World Religions • GER-HM
Survey of the world’s five major religions: Hinduism, Buddhism, Islam, Judaism, and Christianity. Exploration of the basic tenets, origins and evolution of each religion; reflection on the influence they have had on history, culture and the arts.

INFO 100 (2) Online Research Skills
Introduction to Internet research using online library resources and the free web. Students will learn how search engines work, how to develop search strategies, how to use criteria to evaluate sources, and the impact of emerging web technologies on society.

INFO 101 (2) Research Essentials
Prereq: Eligibility for ENGL& 101
Introduction to the essential skills, concepts and strategies for college-level research. Students will learn how to effectively access, use and evaluate information resources, including books, articles, databases and the Internet. Information strategies will be examined through the lens of information seeking behavior. Students will also explore information issues and theories such as information flow, censorship, intellectual freedom and bias and perspective.

INTS 107 (5) Introduction to International Studies • GER-SS
An introduction to global issues emphasizing the integrated and increasingly interdependent nature of the world, including historical, political, economical, environmental and philosophical issues.

INTS 140 (5) Contemporary Issues in International Studies • GER-SS
Contemporary issues facing a visiting foreign professor’s homeland, including but not limited to: historical, geographical, demographic, political, economic, environmental and social/cultural issues.

INTS 150 (5) Contemporary Rebel, Subversion, and Terrorism Organizations • GER-SS
This course will cover major rebellions, separatist, guerrilla, and terrorist movements and organizations in the modern world. The emphasis will be not only on their origins and current status but also on efforts that are undertaken to bring about a peaceful resolution to the conflicts that have caused them.

INTS 164 (5) Border and Genocidal Conflicts in the Modern World • GER-SS
This course will examine the origins and evolution of many devastating conflicts in recent history. The teaching methodology will be based on combining the regional and chronological approaches and the intensive use of current articles in periodicals from all over the world.

INTERDISCIPLINARY STUDIES (INTS)

INTP 101 (5) Introduction to Language Interpreting
Prereq: INTPT 110, SSMH 110 and instructor permission
Introduction to interpreting as a career. Outlines the role and responsibilities of interpreters, the various interpreting environments, and the significance of cultural factors in the field.

INTP 105 (3) Ethics of Interpreting
An exploration of the ethics, protocols, and legal aspects of interpreting, including certification requirements. Intended for those pursuing a career in interpreting.

INTP 110 (5) Foundations of Interpreting Skills
Prereq: INTPT 101
Introduction to interpreting skills. Students develop intralingual skills and explore linguistic structures that support the complex process of interpreting.

INTP 201 (4) Social Service Interpreting Skills
Prereq: INTPT 110, SSMH 110 and instructor permission
Specialized bilingual skills and vocabulary for social service interpreting.

INTP 202 (4) Medical Interpreting Skills
Prereq: INTPT 110, BTECH 150 and 151 (151 may be taken concurrently) and instructor permission
Specialized bilingual skills and vocabulary for health care interpreting.

INTP 203 (5) Legal Interpreting Skills
Prereq: INTPT 110, BTECH 261 and 262 (262 may be taken concurrently) and instructor permission
Specialized bilingual skills and vocabulary for legal interpreting.

INTP 297 (1) Practicum in Language Interpreting
Prereq: Instructor permission and concurrent registration in INTPT 298
Capstone work experience in language interpreting. Options based on particular area of interest.

INTP 298 (1) Seminar in Language Interpreting
Prereq: Instructor permission
Capstone course which supports and develops the practicum experience for students completing a certificate in interpreting.

JOURNALISM (JOURN)

JOURN 115 (5) Introduction to Mass Media
See Communication Studies

JOURN 120 (5) Introduction to News Writing • GER-HM
Prereq: ENGL& 101 with grade of 2.0 or better
A study of the basic forms and styles of various newswriting techniques and mechanics. Writing exercises in basic newswriting, as well as work in news gathering, interviewing techniques, copy assimilation, copy editing, headline writing and other roles of the reporter.

JOURN 125 (5) The Documentary: A Social Force • GER-HM
Prereq: ENGL& 101 with grade of 2.0 or better
A study of the basic forms and styles of various newswriting techniques and mechanics. Writing exercises in basic newswriting, as well as work in news gathering, interviewing techniques, copy assimilation, copy editing, headline writing and other roles of the reporter.

JOURN 126 (1-5) Introduction to Feature Writing • GER-HM
Prereq: JOURN 102
A study of the basic forms and styles of various newswriting techniques and mechanics. Writing exercises in basic newswriting, as well as work in news gathering, interviewing techniques, copy assimilation, copy editing, headline writing and other roles of the reporter.

JOURN 150 (5) Publications Design
Prereq: Basic computer literacy and Microsoft Word recommended
An introduction to the basics of designing and producing documents for such publications as newsletters, magazines, and tabloid newspaper pages through the use of basic desktop publishing and digital imaging software.

JOURN 111/211abc (1-5) College Newspaper: Reporting and Editing
Prereq: Basic computer literacy
Prereq: Basic computer literacy
Practical experience in producing the college newspaper. Students may pursue specialty areas of interest such as writing, copyediting, desktop publishing, market research, advertising.

JOURN 112/212abc (1-5) Newspaper Photojournalism
Prereq: Basic computer literacy
Practical experience in shooting, developing photos for the school newspaper. Students should already have a basic working knowledge of photography.

JOURN 120 (5) Introduction to Broadcasting
A comprehensive study of the styles and techniques of radio and television broadcasting with an emphasis on writing for the media.

JOURN 125 (5) The Documentary: A Social Force • GER-HM
Throughout history, the documentary film has been a major social force that has moved us, amused us, manipulated us, and inspired us. Using viewings and group discussions, this class examine the history and genes of the non-fiction film and the social impact of modern documentaries.

JOURN 210 (5) Photographic Journalism
Prereq: 35 mm camera
A study of news photos and great photojournalists. Students will evaluate photos, including their own, develop photo essays, and learn how to present the photos in an attractive layout. Access to a camera is required.

KOREAN

See WORLD LANGUAGES.
MATH 052 (5) Applied Arithmetic
Offered through Extended Learning only
Fundamental operations with whole numbers, fractions and decimals. Solve problems including percent, ratio and proportion, measurement and geometric figures. Introduction to signed numbers, measures of center, and interpretation of basic data graphs.

MATH 059 (3) Intermediate Algebra
PreReq: Satisfactory placement test score or instructor permission
Fundamental operations with whole numbers, fractions and decimals. Solve problems including percent, ratio and proportion, measurement and geometric figures. Introduction to signed numbers, measures of center, and interpretation of basic data graphs.

MATH 098 (5) Intermediate Algebra
PreReq: Satisfactory placement test score or MATH 059 or MATH 060 with a grade of at least 2.0 or instructor permission
Function concepts and graphs; ratio- nal and radical expressions; solving quadratic, rational, radical, absolute value and exponential equations; applications.

MATH 100 (3) Mathematics for the Trades
Offered through Extended Learning
College mathematics including basic algebra, plane geometry, triangle trigonometry, linear and quadratic equations, logarithms, functions, and graphing with emphasis on solving real-world problems faced by workers in the trades.

MATH& 105 (5) Math in Society
• GER-NS, QS
PreReq: MATH& 105 with a grade of at least 2.0 or instructor permission

MATH& 151 (5) Calculus I
• GER-NS, QS
PreReq: MATH& 142 with a grade of at least 2.0 or instructor permission
Waves and sound, Maxwell’s equations, vector spaces, matrix operations, eigenvalues, eigenvectors, and characteristic polynomial. Linear algebra, including solving systems of linear equations, vector spaces, linear transformations, eigenvalues and eigenvectors. Introduction to first order differential equations.

MATH& 173 (5) Math for Elem Edu II: Geometry and Measurement
• GER-QS (formerly MATH 170)
PreReq: MATH 170 or MATH& 171 with a grade of at least 2.0 or instructor permission
This is the second of three courses for prospective elementary teachers focusing on the foundations underlying modern elementary school math. Topics include algebraic and numeric concepts. A variety of applications are included. This course emphasizes deep conceptual understanding of content, connections among topics, and communication of mathematical ideas. Appropriate technology is incorporated.

MATH& 175 (5) Math for Elem Edu III: Statistics and Probability
• GER-QS (formerly MATH 172)
PreReq: MATH 170 or MATH& 171 with a grade of at least 2.0 or instructor permission
This is the last of three courses for prospective elementary teachers focusing on the foundations underlying modern elementary school math. Topics include algebraic and numeric concepts. A variety of applications are included. This course emphasizes deep conceptual understanding of content, connections among topics, and communication of mathematical ideas. Appropriate technology is incorporated.

MATH 205 (5) Linear Algebra
• GER-NS, QS
PreReq: MATH& 151 with a grade of at least 2.0 or higher (MATH 224 recommended) or instructor permission
Applications and techniques of Linear Algebra, including solving systems of equations, vector spaces, matrix operations, linear transformations, eigenvalues, eigenvectors, and characteristic polynomials. Introduction to appropriate technology and elementary programs.
MATH 224 (5) Multivariate Calculus • GER-NS
Prereq: MATHE 153 with a grade of 2.0 or better or instructor permission
Functions of several variables. Partial derivatives, multiple integrals, and their applications. Vector analysis including vector fields, line and surface integrals, Green's theorem, Stokes' theorem, and the Divergence theorem.

MATH 238 (5) Differential Equations • GER-NS, QS
Prereq: MATH 205 and 224 with a grade of 2.0 or higher instructor permission
First and second order differential equations with applications to the sciences and engineering. An introduction to higher order equations and series solutions to differential equations.

**MILITARY SCIENCE (MSCI)**

Army ROTC courses held in conjunction with Pacific Lutheran University.

MSCI 117 (2) Basic Officership I
Prereq: Instructor permission
An introduction to the officer's environment. Includes an introduction to military science, influential legislation and ROTC, roles of the Army, and special programs associated with ROTC.

MSCI 112 (2) Military Communication Skills
Prereq: Instructor permission
Development of written and oral communication skills for the military leader. Practical application through student participation, presentations, and writing projects.

MSCI 113 (5) Introduction to Military Operations
Prereq: Instructor permission
Highlights and control of lower echelon units, tactical movement and communication.

MSCI 211 (2) Introduction to Leadership
Prereq: Instructor permission
An introduction to Army values and leadership dimensions and basic fundamentals of Army map reading for second-year military science students. Two lab included.

MSCI 212 (2) Leadership and Teamwork I
Prereq: Instructor permission
Through a series of films, books, essays and discussions, the student is introduced to troop-leading procedures and planning, and explores military value sets and ethics practiced within the profession of arms. Includes Leadership and Field Training Exercises.

MSCI 213 (2) Leadership and Teamwork II
Prereq: Instructor permission
Through a series of classroom simulating participants are evaluated on their potential as leaders and managers. Includes organizational behavior, leadership theories, management competencies, communication skills and physical fitness. Includes three (3) Leadership Labs and one (1) Field Training Exercise (Spring).

MSCI 217 (1) Army Conditioning
Prereq: Instructor permission
A fitness program for students to assist them in achieving the Army standard of physical fitness. Required prior to attendance at camps, air assault or airborne schools.

**MUSIC (MUSC)**

MUSC 100 (5) Introduction to Rock & Roll • GER-HM
Focuses on Rock and Roll as a language of music from a listener's perspective. Listening skills are exercised and become the vehicle through which rock music concepts are examined. Some social, biographical, and historical data covered. No musical previous experience necessary.

MUSC 102 (5) American Popular Music • GER-HM
Covers the roots of American popular music through a survey of popular song, blues, jazz, country and rock and roll styles, and the historical and social elements that impacted their development. Current popular music trends will be studied as extensions of or responses to past styles.

MUSC 103 (5) Introduction to Jazz • GER-HM
A general survey course designed to introduce students to jazz music from the following periods: ragtime, the blues, New Orleans Dixieland, Chicago Dixieland, stride piano, boogie-woogie, swing, bebop, cool, hard bop, funk, third stream, free jazz, fusion, neoclassicism, Latin jazz. Relevant cultural, biological, and historical data is covered that pertains to jazz music and its performance. Listening skills are exercised and become the vehicle through which specific jazz music concepts are examined. No previous music experience is necessary.

MUSC 105 (5) Music Appreciation • GER-HM
A general survey course designed to introduce students to music from the following periods: Medieval, Renaissance, Baroque, Classical, Romantic, and Twentieth Century. Relevant cultural, biographical, and historical data are covered that pertains to music and its performance. Listening skills are exercised and become the vehicle through which specific classical music concepts are examined. No previous music experience necessary or expected.

MUSC 106 (5) World Music • GER-HM
Examines select cultures from different areas around the world. Exercises in listening and explores music concepts as well as engaging with issues such as diversity, cultural difference, and the many societal implications for writing, performing and preserving music. No musical experience necessary.

MUSC 107 (2.5) Audio Production I: Beginning
An introductory, hands-on course that covers the basics of sound sequencing, sound reinforcement, microphone construction and application, signal processing equipment, and analog multi-track recording.

MUSC 108 (2.5) Audio Production II: Intermediate
Prereq: MUSC 107
An advanced, hands-on course that covers multi sequencing, sound reinforcement, microphone construction and application, signal processing equipment, and analog multi-track recording.

MUSC 109 (2.5) Audio Production III: Advanced
Prereq: MUSC 107 and 108
An advanced, hands-on course that covers multi sequencing, sound synchronization, sound reinforcement, microphone construction and application, signal processing equipment, analog multi-track recording and digital multi-track recording.

MUSC 126 (1) Beginning Class Guitar • GER-HM/Performance
A performance course designed for the beginning guitarist. No prior experience expected. Students must furnish their own guitar.

MUSC 127 (1) Intermediate Class Guitar • GER-HM/Performance
Prereq: MUSC 126 (Beginning Class Guitar or equivalent)
A performance course designed for the intermediate guitarist. Must be in Concert Band (Beginning Class Guitar) or the equivalent required. Students must furnish their own guitar.

MUSC 140/240 ABC (1-2) College Choir • GER-HM/Performance
A non-auditioned vocal performance course designed to acquaint the student with performance techniques and the many societal implications for writing, performing and preserving music. Non-music major participation encouraged.

MUSC 144/244 ABCD (2.5) Jazz Choir • GER-HM/Performance
Prereq: Instructor permission
An auditioned vocal performance course designed to acquaint the student with performance techniques and the many societal implications for writing, performing and preserving music. Non-music major participation encouraged.

MUSC 150/250 ABCD (1) College Band • GER-HM/Performance
Prereq: Contact Instructor
A large performance group open to all students interested in reading and performing instrumental band literature. Non-music major participation encouraged.

MUSC 154/254 ABCD (1) College Orchestra
Prereq: Contact Instructor
A large performance group open to all students interested in reading and performing orchestra literature. Non-music major participation encouraged.

MUSC 157/257 ABCD (1, 1.5, or 2) Jazz Band • GER-HM/Performance
Prereq: Contact Instructor
An instrument performance group established to provide the experienced instrumentalist an opportunity to rehearse and perform selected jazz literature. Non-music major participation encouraged.

MUSC 160-168/260-268 ABCD (0.5) Private Instruction: Improvisation
Prereq: Instructor permission
An individual instruction course geared towards advancing all levels of student music performance in improvisation, brass, woodwinds, percussion, voice, orchestral strings, keyboard and plectrum strings.
MUSC 170/270 ABCD (1) 
Brass Ensemble - GER-HM/Performance
Prereq: Instructor permission required
A small performance group open to all students with experience in reading and performing brass ensemble literature (i.e., Flute Trios, Woodwind Quintets). Student self-initiative is a vital component of success in this class.

MUSC 171/271 ABCD (1) 
Woodwind Ensemble - GER-HM/Performance
Prereq: Instructor permission required
A small performance group open to all students with experience in reading and performing woodwind ensemble literature (i.e., Flute Trios, Woodwind Quintets). Student self-initiative is a vital component of success in this class.

MUSC 172/272 ABCD (1) 
Percussion Ensemble - GER-HM/Performance
Prereq: Instructor permission required
A small performance group open to all students with experience in reading and performing percussion ensemble literature. Outside performances required. Student self-initiative is a vital component of success in this class.

MUSC 173/273 ABCD (1) 
String Ensemble - GER-HM/Performance
Prereq: Instructor permission required
A small performance group open to all students with experience in reading and performing string ensemble literature (i.e., String Quartet). Outside performances required. Student self-initiative is a vital component of success in this class.

MUSC 174/274 ABCD (1) 
Vocal Ensemble - GER-HM/Performance
Prereq: Instructor permission required
A small performance group open to all students with experience in reading and performing vocal ensemble literature (i.e., Madrigals). Outside performances required. Student self-initiative is a vital component of success in this class.

MUSC 180 (2) Careers in Music
An examination of the music business system that includes songwriting, publishing, copyright, business affairs, the record industry, music in broadcasting and film, and career planning and development.

MUSC 181 (1) Beginning Class Piano - GER-HM/Performance (formerly MUSC 120)
Basic introduction to playing the piano by establishing good reading habits and rhythmic orientation. Building a strong technical background and learning basic fundamentals of music theory.

MUSC 182 (1) Intermediate Class Piano - GER-HM/Performance (formerly MUSC 123)
Prereq: MUSC 181 or instructor permission
A continuation of MUSIC 120 by establishing better reading habits and rhythmic orientation. Building a stronger technical background and learning more fundamentals of music theory.

MUSC 183 (1) Advanced Class Piano - GER-HM/Performance (formerly MUSC 122)
Prereq: MUSC 182 or instructor permission
To increase music reading ability and keyboard technical skills. Prepare students for the piano proficiency test required for a music degree in a four-year institution.

MUSC& 241 (5) Music Theory IV - GER-HM
Prereq: MUSC& 143 or equivalent
The purpose of this course is to enable students to acquire music literacy, theory, and related ear-training skills. MUSC& 241 is the fourth of six courses in the traditional music theory sequence at the college level. Piano skills equal to or above the intermediate level (MUSC 182) are highly recommended.

MUSC& 242 (5) Music Theory V - GER-HM
Prereq: MUSC& 241
To strengthen music literacy skills, to facilitate an understanding of music, advanced principles regarding chords, chord progressions, melody, and related ear-training skills. Fifth course in the traditional college-level music theory sequence. Designed for, but not limited to, the student intending to transfer to a four-year college or university as a music major. Piano skills equal to or above the intermediate level (MUSC 182) are highly recommended.

MUSC& 243 (5) Music Theory VI - GER-HM
Prereq: MUSC& 242
The sixth of six in a series of courses designed to explore, both aurally and visually, advanced harmonic and related practices in classical music. Typically, this course is taken by students intending to transfer to a four-year institution as a music major or minor.

NATURAL SCIENCE (NSCI)

NSCI 150 (5) Nature - GER-NS
The emphasis of the course (which varies with the instructor) is to identify the major life forms around the PNW including native and introduced species, and their adaptations to the environment. The course will enhance one's scientific and personal enjoyment of the observation of nature for the recreational or professional naturalist. Includes lab and field studies.

NSCI 160 (5) Environmental Biology - GER-NS
An introduction to the relationships of humans, animals, plants, soil, water and air. Application to contemporary environmental problems. Field trips with lab work included.

NURSING (NURS)

NURS 112 (3) Fundamentals of Nursing Clinical Practice
Prereq: Admission to the Associate Degree Nursing Program
Total Clock Hours: 80 (20 - lab & 60 - clinical)
Application of basic nursing skills, in the classroom laboratory and clinical setting, while assuming responsibility for adult clients with common alterations in health. Includes roles and responsibilities of the nurse, nursing theory, critical thinking, the nursing process, and introduction to related technology. Concepts of the Roy Adaptation Model are used to guide developing nursing practice to individuals in the community, in a variety of settings.

NURS 121 (4) Introduction to Medical-Surgical/Psychiatric Nursing
Prereq: NSCI 114, HSCI 116, NURS 117 & 112
Total Clock Hours: 40 (theory)
Introduction to basic medical concepts in nursing practice, according to the Roy Adaptation Model Physiological Mode. Students will practice and demonstrate use of the nursing process in order to care for individuals experiencing disorders of the musculoskeletal, integumentary, sensory, locomotor, and digestive systems. Roy’s Role Function Model will be explored in order to understand introductory concepts in Psychiatric Nursing.

NURS 122 (5) Introduction to Nursing Clinical Practice
Prereq: NSCI 114, HSCI 116, NURS 117 & 112
Total Clock Hours: 140 (20 - lab, 80 - service-connected learning & 60 - clinical)
Application of basic nursing skills, in the classroom laboratory and clinical setting, while assuming responsibility for adult clients throughout the lifespan. Includes roles and responsibilities of the nurse, nursing theory, critical thinking, the nursing process, and introduction to related technology. The introduction to medication administration will also be covered. Concepts of the Roy Adaptation Model are used to guide developing nursing practice to individuals in the community, in a variety of settings.

NURS 125 (3) Family Centered Nursing Care
Prereq: NSCI 114, HSCI 116, NURS 117 & 112
Total Clock Hours: 30 (theory)
Introduction to basic medical concepts in family-centered nursing care, according to the Roy Adaptation Model Physiological and Role Function Models. The principles necessary for the care of clients in a variety of settings throughout the lifespan are explored, focusing on care of the well mother and child and pediatric clients. Course also includes death and dying at different life stages and caring for geriatric clients within the community.

NURS 130 (6) Intermediate Medical-Surgical/Psychiatric Nursing
Prereq: NSCI 114, HSCI 116, NURS 117, NURS 121, NURS 122, NURS 123
Total Clock Hours: 60 (theory)
Intermediate medical concepts in medical-surgical/psychiatric nursing practice, according to the Roy Adaptation Model. Students will practice and demonstrate use of the nursing process in order to care for individuals experiencing disorders of the hematopoietic, renal, urinary, and endocrine systems, with special attention to the peri-operative client. Roy’s Self-Concept Model will be explored.
NURS 217 (1) Practical Nurse Paraeducation Seminar (Optional) Prereq: Year 1 of nursing program. Total Clock Hours: 10 (theory)
The study of nursing law, ethics and the practical nurse role. Employment-seeking strategies and guidance on NCLEX (national passing score) preparation are included. Required for the student desiring to take the NCLEX-RN to become a licensed practical nurse.

NURS 218 (4) ADN Articulation Seminar (Bridge Students only) Prereq: Acceptance Into Bridge, or Second Year of ADN Program. Total Clock Hours: 20 (lab) Articulation course for Bridge Students. Focus on nursing concepts taught in the first year of the nursing program with a focus on performance and application in simulated skills lab. Examines essential components of the Nursing Process according to the Roy Adaptation Model.

NURS 222 (5) Professional Nursing Clinical Practice Prereq: NURS 210, 211 & 214 Total Clock Hours: 30 (lab) - service-connected learning & 120 - clinical) Application of advanced nursing skills in the classroom laboratory and a variety of clinical settings, while as-suring responsibility for adult clients with common alterations in health. Includes roles and responsibilities of the nurse (including methods of safe medication administration), nursing theory, critical thinking, the nursing process, and understanding related technology. Concepts of the Roy Adaptation Model are used to guide nursing practice in a variety of community settings.

NURS 223 (3) Advanced Psychiatric Nursing Prereq: NURS 210, NURS 217, NURS 214 Total Clock Hours: 30 (theory) Theory focuses on transition to functioning as a professional nurse for clients diagnosed with a mental illness. Explore legal, ethical and cultural issues with emphasis on communication and application of the Roy Adaptation Model in providing care to individuals in the community, in a variety of settings, during a preceptorenasophne period. At the end of the course, students will be expected to complete an NCLEX-RN prep course and achieve a passing score on a comprehensive NCLEX-RN predictive examination.

NUTR 101 (5) Nutrition • GER-NS Introduction to the role of nutrition in human health with respect to essential nutrients, factors that affect eating habits, food advertising, nutrition and disease and establishing a healthy lifestyle.

NURS 224 (3) Professional Role Transition Prereq: NURS 210, NURS 211, NURS 214 Total Clock Hours: 30 (theory) Synthesis of advanced nursing concepts in nursing practice, according to the Roy Adaptation Model Physiological and Psychosocial Modes. Nursing theory and professional care for clients diagnosed with a mental illness. Explore legal, ethical and cultural issues with emphasis on communication and application of the Roy Adaptation Model in providing care to individuals in the community, in a variety of settings, during a preceptorenasophne period. At the end of the course, students will be expected to complete an NCLEX-RN prep course and achieve a passing score on a comprehensive NCLEX-RN predictive examination.

OSH 100 (5) Introduction to Occupational Safety and Health Overview of occupational safety and health, including introduction to regulatory agencies, financial and human impact of occupational injuries/illnesses, and workers compensation. Covers basic safety terminology and how to access safety information and resources. Focuses on the role of responsibility of the Safety and Health employee.

OSH 110 (5) Safety Management Concepts and measurements of reactive versus proactive safety practices. Students will learn the major on-the-job hazards in the workplace, and how to collect and evaluate data to identify safety and health trends. Students will also learn how to respond to on-the-job incidents involving workplace-specific site-specific programs, policies, and procedures.

OSH 140 (3) Regulatory Environment Introduction to regulatory bodies and overview to Occupation Safety and Health Agency (OSHA). Washington Industrial Safety and Health Act (WSSHA), Environmental Protection Agency (EPA), Department of Transportation (DOT) Mine Safety and Health Administration (MSHA) regulations. History and political evolution of the regulatory environment; how violations are penalized, and how a regulatory agency performs a formal inspection.

OSH 155 (1-3) Special Topics in OSH Course will cover current issues and industry-specific topics in safety and health.

OSH 220 (3) Industrial Hygiene Basics of industrial hygiene programs and relationships to company safety plan. Addresses chemical absorption into the body, physical/airborne hazards; sampling techniques; how to identify and apply hazard control techniques; and using Material Safety Data Sheet (MSDS).

OSH 230 (3) Ergonomics Overview of the history and evolution of ergonomics in the workplace. Ergonomic risk factors, terminology, engineering solutions, applications of the principles of body mechanics, and communication of basic ergonomic concepts and solutions.

OSH 240 (4) Handling Hazardous Materials Overview of regulations on hazard recognition, protective equipment, biological/radiological toxicology, monitoring decontamination. Includes 40 hours of OSHA required safety training certification for workers/supervisors. This “hands-on” course covers all regulations. Site simulations are conducted.

OSH 255 (1-3) Special Topics in OSH II Course will cover current advanced issues and industry-specific topics in safety and health.

OCEA 101 (5) Introduction to Oceanography • GER-NS An introduction to physical, chemical, geological and biological processes in the ocean through classroom, lab and field experience. Lab included.

OCEA 170 (5) Marine Biology • GER-NS Prereq: BIOL 160 or OCEA 101 recommended Introduction to the plant and animal life in the sea. Includes adaptations, behavior, habitats, diseases, interrelationships, and identification of marine organisms. A laboratory course with field trips during some lab periods.

OCEA 286 (5) Coral Reefs The study of coral reefs including oceanic, biologic, and environmental processes. Lab included.

OFFICE TECHNOLOGY (OFFCE) See BUSINESS INFORMATION TECHNOLOGY (BITECH).

PARAEDUCATION (PARED) Courses offered through Extended Learning at off-campus sites. PARED 101 (3) Conflict Resolution in a K-12 School System Methods of resolving conflicts will be presented, including active listening skills.

PARED 110 (2) Issues, Roles and Responsibilities of the Paraeducator Address the roles and responsibilities of paraeducators in the instructional setting. Current issues, including supervision, guidelines, role clarification, federal and state legislation, job responsibilities, ethics, professionalism, and confidentiality will be covered with special attention given to federal mandates.

PARED 115 (1) Orientation to Paraeducation Apprenticeship This course will serve as an introduction to the purpose and responsibilities of the participants in the apprenticeship program.
PARED 116 (1) Student Records and the Law
This course provides an overview of school district policies and procedures for student records, student attendance, and record retention requirements.

PARED 117 (1) Test Administration and Scoring
Prereq: Instructional Assistant Apprenticeship Program
Course is designed to provide instructional assistants with proper testing administration skills for standardized testing.

PARED 130 (3) Classroom and Behavior Management
An introduction to the management of children’s behavior in the classroom. Explores a variety of approaches used to maintain order in the classroom.

PARED 140 (3) Legal, Health and Safety Issues
Overview of legal, health, and safety issues in public schools, including Public Law 504, HIV/AIDS privacy issues, and documentation.

PARED 210 (3) Observation, Assessment and Record Keeping Techniques in observation, test administration, and record keeping in the public school. Ethical consideration and legal responsibilities included.

PHILOSOPHY (PHIL)

PHIL 101 (5) Introduction to Philosophy - GER-HM
Humanities—perennial problems concerning the individual and his/her pursuits: the physical world; and the social, political and/or religious experiences of human beings. Alternative methods, theories and solutions explored.

PHIL 106 (5) Introduction to Logic - GER-QS, NS
Prereq: MATH 095 or 098 or equivalent with a 2.0 or higher or placement test score above MATH 095
Elementary symbolic logic. Analysis of deductive arguments and definitions of such logical concepts as implication, validity and consistency. The relationship of logical symbolism to language.

PHIL 110 (5) Introduction to Bioethics - GER-HM
An introduction to the major ethical concerns including genetics, biotechnology and modern medicine, including stem cells, cloning, designer babies, genetically modified plants and foods, gene patents, genetic tests and gene therapy.

PHIL 115 (5) Introduction to Critical Thinking - GER-HM
An introductory survey of the primary elements of reasoning. Helps students develop their thoughts in a clear, logical fashion in order to analyze and evaluate their own reasoning and that of others, and to make decisions and solve problems rationally. Students learn these skills by applying them to real-life situations and a variety of media, such as conversations, television presentations, political speeches, editorials, and other writings on various topics.

PHIL 150 (5) Introduction to Ethics - GER-HM
Studies personal and social moral concerns; examines approaches toward meaningful and valuable conduct; emphasizes current moral issues. Typical analysis of the distinction between good and evil, right and wrong; examines the appeals to custom, tradition, reason, human nature and happiness as standards for solution to moral problems.

PHIL 155 (5) Ethics in Business - GER-HM
This course examines ethical issues that arise in the business world including professional and organizational issues. Helps students identify and solve these issues using traditional and contemporary ethical theory and case study method. Prereq: MATH 095 or 098 or equivalent with a 2.0 or higher or placement test score above MATH 095

PHIL 210 (5) Philosophy of Western Religion - GER-HM
An introduction to the theoretical orientations, central concepts, basic problems and classical arguments of western philosophy of religion.

PHIL 220 (5) Introduction to Eastern Philosophy - GER-HM
An introductory survey of the main philosophies in India, China and Japan. Helps students understand the philosophies and similarities between these systems, especially as they relate to self, reality, value, knowledge and religion.

PHIL 230 (5) Contemporary Moral Problems - GER-HM
This course introduces students to the most urgent moral problems of our day. It will provide students with an introduction to ethical theories and their application to contemporary moral problems. Topics covered may include: just war, privacy rights, capital punishment, animal rights, cloning, environmental issues including sustainability, abortion and euthanasia.

PHYSICAL EDUCATION (PE)

PE 104 (1) Beginning Golf
Instruction and practice in the fundamentals of grip, stance, swing, use of the various clubs, rules, scoring, and the etiquette of the game of golf. Some class sessions held at the driving range in addition to actual course play.

PE 105 (1) Intermediate Golf
A sequence course designed to develop more advanced golf skills learned primarily through actual play on the golf course.

PE 108 (1) Beginning Tennis
Service, forehand ground strokes, backhand ground strokes, beginning net play, singles strategy.

PE 109 (1) Intermediate Tennis
A sequence course designed to develop intermediate tennis skills involving ground stroke vs. volley techniques, intermediate serves, doubles play and intra-class competition.

PE 119 (1) Cycling
An introduction to cycling, (both road & mountain bike), designed to improve cardiovascular endurance, muscular strength, muscular endurance, flexibility and body composition.

PE 121 (1) Beginning Golf
Beginning swing dance skills designed to improve cardiovascular endurance, muscular strength, muscular endurance, flexibility and body composition.

PE 127 (1) Power Step
High-energy step class designed with non-stop fun choreography and interval training makes this the perfect way to rev-up your cardio training and improve your power and endurance. This class provides a moderate to high intensity workout and will daily give you a challenge while burning calories!

PE 128 (1) Power Pump and Toning
A whole body group workout that firms muscles in need of a tune-up by working with hand weights, barbells, exercise balls, BOSU balls and floor mats all choreographed to music.

PE 129 (1) Cardio Pump
Cardio Pump combines a high energy cardio workout with creative choreography and floor work designed to sculpt your abs and shrink the glutes while burning fat.

PE 131 (1) Body Conditioning
A self-paced and independent fitness program designed and monitored during class seminars that improves cardiovascular endurance, muscular strength, muscular endurance, flexibility and body composition using both aerobic and anaerobic exercises.

PE 132 (1) Jogging
Progressive running program to improve cardio-vascular endurance and to build stamina important in performing every day skills and activities, as well as fat percentage and improve overall health.

PE 133 (1) Beginning Aerobics
An introduction to step aerobic exercise designed to improve cardiovascular endurance, muscular strength, muscular endurance, flexibility and body composition.

PE 134 (1) Intermediate Aerobics
An intermediate class in step aerobic exercise designed to improve cardiovascular endurance, muscular strength, muscular endurance, flexibility and body composition.

PE 135 (1) Advanced Aerobics
An advanced class in step aerobic exercise designed to improve cardiovascular endurance, muscular strength, muscular endurance, flexibility and body composition.

PE 137 (1) Aqua Aerobics
Exercises in the pool using the resistance of the water to improve cardiovascular endurance, muscular strength, muscular endurance, flexibility and body composition.

PE 138 (1) Intermediate Aqua Aerobics
Intermediate level exercise in the pool using the resistance of the water to improve cardiovascular endurance, muscular strength, muscular endurance, flexibility and body composition.

PE 150 (1) Swing Dance
Beginning swing dance skills designed to improve cardiovascular endurance, self-esteem, social confidence and motor skills.
PE 153 (1) Beginning Salsa
Beginning Salsa dance designed to improve cardiovascular endurance, self-esteem, social confidence and motor skills.

PE 154 (1) Intermediate Salsa
An introductory course to dance concepts, individual footwork technique, and the foundational elements of Latin-style dancing. An emphasis on improving cardiovascular endurance, self-esteem, social confidence and motor skills.

PE 156 (1) Latin Dance Styling and Choreography for the Follow
Styling and choreography skills for the Latin dance “Follow.” This course is designed to improve the dancer’s presentation, footwork and general style while performing various Latin dances as well as improving cardiovascular endurance, self-esteem, social confidence and motor skills.

PE 157 (1) Hip Hop
Hip Hop combines a high energy cardio workout with creative urban dance choreography using isolation of shoulders, ribs and hips to create both solo and group dance activity and performance.

PE 158 (1) Zumba
Zumba combines a high energy cardio workout with creative dance choreography using the Latin rhythms found in cumbia, salsa, samba and merengue music.

PE 159 (1) Yoga-Pilates
An exercise practice that takes you through a series of poses in coordination with the breath designed to improve one’s flexibility, balance, muscular strength and endurance as well as awareness of the mind and body connection.

PE 164 (1) Basic Basketball Skills
Instruction and practice in the basic performance skills of shooting, passing, dribbling, footwork and rebounding. Emphasis on proper technique and individual offensive and defensive techniques into play patterns.

PE 165 (1) Advanced Basketball Skills
Instruction and practice in the application of individual offensive and defensive skills into team basketball. Focus on man defense and attack including fast break. Course progresses from two-vs-two and three-vs-three to the five man game.

PE 166 (2) Advanced Baseball Skills
PreReq: Instructor Permission
Develop greater skills in all aspects of playing baseball including strategy, fundamentals and improved fitness.

PE 167 (1) Court Sports
A fun introduction to volleyball, pick-up ball and badminton.

PE 168 (1) Indoor Soccer
Indoor soccer skills.

PE 169 (1) Volleyball
A fun introduction to volleyball.

PE 170 (1) Introduction to Weight Training
An introduction to weight training to build muscular strength and endurance.

PE 171 (1) Soccer
An introduction to soccer skills utilizing both indoor and outdoor facilities.

PE 175 (1) Mixed Martial Arts for Fitness
An introduction to mixed martial arts for fitness focusing on the fundamentals of grappling, striking and submission skills.

PE 190-192 (1) Independent Fitness Activities
An independent physical activity course designed to meet the needs and interest of students who are unable to participate in any of the structured physical education courses offered at Pierce College.

PE 232 (1) Intermediate Juggling-Walking
Intermediate juggling/walking is a class designed to build upon and improve the basic running/walking skills and further improve cardiovascular endurance and to build stamina important in performing every day skills and activities, as well as lower fat percentage and improve overall health.

PE 259 (1) Intermediate Yoga-Pilates
Intermediate Yoga-Pilates builds on the basic concepts of Yoga-Pilates in order to build upon the benefits of both yoga and Pilates in one workout to improve strength and flexibility and to help reduce stress.

PHYS 120 (3) Data and Error Analysis in the Science Laboratory
PreReq: Math 141 with a grade of at least 2.0 or instructor permission.

PHYS 121 (5) General Physics I • GER-NS
PreReq: Math 114 or Math 142 or Physics 111 with a grade of 2.0 or better or instructor permission.

PHYS 122 (5) General Physics II • GER-NS
PreReq: Math 121 with a grade of at least 2.0. An introductory algebra based course presenting the topics of heat, thermodynamics, waves, sound and light.

PHYS 123 (5) General Physics III • GER-NS
PreReq: Math 121 with a grade of at least 2.0. Physics course dealing with electricity and magnetism.

PHYS 221 (5) Engineering Physics I • GER-NS
PreReq: HS or Physics 121 with a grade of at least 2.0 and concurrent registration in or previous completion of Math 152 or instructor permission.

PHYS 222 (5) Engineering Physics II • GER-NS
PreReq: Physics 221 and Math 152 with grades of at least 2.0 in both. Calculus-based course dealing with the topics of fluid mechanics, heat, thermodynamics, waves, sound and light.

PHYS 223 (5) Engineering Physics III • GER-NS
PreReq: Physics 222 and Math 152 with grades of at least 2.0 in both. Calculus-based course that studies electricity and magnetism.

PHYS 101 (5) Introduction to Physical Science - GER-NS
PreReq: High School algebra or Math 060 with grade of at least 2.0 or Instructor permission.

PHYS 105 (5) Physics for Non-Science Majors - GER-NS
PreReq: High School algebra or Math 060 with grade of at least 2.0 or Instructor permission.

PHYS 111 (2) Preparation for General Physics
PreReq: Math 098 with a grade of 3.0 or better or Math 141 with a grade of 2.0 or better or Instructor permission.

PHYS 259 (1) Intermediate Yoga-Pilates
Intermediate Yoga-Pilates builds on the basic concepts of Yoga-Pilates in order to build upon the benefits of both yoga and Pilates in one workout to improve strength and flexibility and to help reduce stress.

PSYC 104 (3) Human Relations and Life Skills
Assists to develop life skills and to implement personal achievement goals. Focus on self-development and goal setting.

PSYC 105 (1) Human Relations/ Human Values Seminar
Group experience designed to emphasize the affective domain of human growth. Focuses on varied aspects of people’s emotions, feelings, values, and the relationship of these to intellectual pursuits and making life more meaningful.

PSYC 119 (2) Disabilities in Society
PreReq: Instructor permission
Examines the rights and responsibilities of individuals with disabilities as guided by the Americans with Disabilities Act. Provides opportunities for leadership, advocacy, team-building and community maintenance skills.

PSYCSY 100 (5) General Psychology • GER-SS
Scientific study of animal behavior and experience. Both biological and social basics of behavior are covered with emphasis on heredity, neurology, motivation, emotion, perception, cognition, learning and intelligence.

PSYC 102 (4) Career and Life Skills
Provides students with appropriate social, workplace, and problem solving skills necessary to research and identify a vocational field, develop personal and professional goals. Includes aptitude and interest testing, application strategies, and resume/cover letter development.

PSYC 103 (4) Psychological Assessment
An introduction to the nature of the human mind and the operation of the legal system; includes discussion of representative substantive law and analysis of the interaction between legal institutions and interest groups.
PSYC 140 (3) Job Search Strategies
Tools and techniques to prepare the student to obtain employment. Includes goal setting, vocational planning, job search information, completing labor market surveys, and interview techniques.

PSYC 163 (3) Behavioral Psychology II
Offered through Extended Learning
A study of behavioral techniques. Focus is on the techniques of increasing wanted behavior and decreasing unwanted behavior.

PSYC 164 (3) Behavioral Psychology III
Offered through Extended Learning
A study of behavioral techniques. Focus is on stimulus response chains and the process of natural consequences.

PSYC& 180 (5) Human Sexuality
Human sexual behavior covering the psychological, biological and sociological aspects of human sexuality.

PSYC& 200 (5) Lifespan Psychology - GER-SS
Prep: PSYC 100
A lifespan study of human growth and development, providing a broad understanding of the human life cycle through contributions of psychology, anthropology, sociology, biology, and medicine.

PSYC 201 (5) Psychology of Personal Growth - GER-SS
Prep: PSYC 100
The study of personality, adjustment and the application of psychological principles to problems met by normal people in everyday life.

PSYC 210 (5) Social Psychology - GER-SS
Prep: PSYC 100
A survey of the effects of social influence on an individual’s thoughts and/or behaviors.

PSYC 215 (5) Group Experience
Small group theory and practice applicable to working with both in-patient and out-patient agency settings. Designed to further develop the student’s ability to lead counseling groups in the social service/mental health professions.

PSYC& 220 (5) Abnormal Psychology - GER-SS
(Former PSYC& 220)
Prep: PSYC 100
A study of the history, etiology, diagnosis and treatment of abnormal behavior.

PSYC 230 (5) Intro to Personality - GER-SS
Prep: PSYC 100
A study of contemporary personality theory, assessment and change

READING (READ)
READ 055 (3-4) Reading Development
Designed to prepare students for college level reading through vocabulary development, identification of main ideas, and drawing inferences.

READ 075 (3 or 5) Reading
Prep: READ 055 or placement recommendation
Reading Tactics focuses on refining reading comprehension methods, vocabulary development, and learning study skills necessary for success in college level courses.

READ 101 (3-5) College Reading
Prep: READ 075 or placement recommendation
Designed to improve a student’s critical reading skills, comprehension, vocabulary and speed needed for college reading.

READ 102 (2) Speed Reading
Designed to improve reading speed while maintaining comprehension through the use of skimming and scanning techniques and vocabulary building.

READ 103 (2) Accelerated Reading
Focuses on a variety of techniques to increase reading speed.

Russian
See WORLD LANGUAGES.

Sign Language
See WORLD LANGUAGES.

SOCIAL SCIENCE (SOC)
SOC 210 (3) Student Leadership Development
Prep: Instructor permission
Experiences for campus student leaders, encompassing practice and leadership style.

SOCIAL SERVICE/MENTAL HEALTH (SSMH)
SSMH 100 (3) Introduction to Human Services
An introduction to the social service field. To include ethics, job requirements, case management, referral systems, and current theories and issues in the field.

SSMH 120 (5) Introduction to Correctional Mental Health
Prep: Instructor permission
Introduction to correctional mental health including characteristics of mentally ill offenders; techniques for system/behavior management, impact of MIO’s on staff and prison setting, and basic treatment planning.

SSMH 121 (2) Basic Psychopharmacology in Mental Health
An introductory course designed to help human service workers understand the psychiatric uses of psycho- toxic medications in mental health. Includes discussion of side effects and interactions.

SSMH 125 (4) Observation and Intervention Skills
(Same as DD 125)
Offered through Extended Learning
Behavioral observation and recording techniques, report formats, interview styles, basic behavior management and referral techniques.

SSMH 145 (3) Social Service Team Building
This course explores the range of organizations and institutions that involve the social service network, and the relationships within that network. Methods to foster cooperation, collaboration, and teamwork among each of the players in the system is explored.

SSMH 155 (3) Family Disruption
Exploration of the impact of disruption in the family when a child experiences losses, with emphasis on disruptions when a child is placed in foster care, residential treatment, or other alternative living or treatment arrangements. The dynamics of attachment, separation, loss, and grief are examined.

SSMH 170 (5) Mental Health Interviewing and Assessment
Prep: SSMH 100 or instructor permission; SSMH 215 recommended
Introduction to helping skills and interpersonal communication as used in community mental health settings. Students will learn basic communications, interviewing, and assessment skills as used in community mental health settings.

SSMH 185 (3) Identity and the Family
Exploration of the formation of identity values, and self-concept in a family context. Personal family history as well as cultural and attitudinal factors are explored.

SSMH 190 (3) Behavior Management in the Family
Prep: SSMH 100
Explores theories of behavior management in the family. Emphasis is on learning to foster and create a positive climate, to prevent behavior problems and manage their impact on the family when problems occur.

SSMH 201 (5) Social Service-Mental Health Field Experience
Prep: SSMH 100, 101, 170, 215 or instructor permission
SSMH 202 (5) Social Service-Mental Health Field Experience
Prep: SSMH 201
A course designed to familiarize students with problems of abuse in the family. Examines types of abuse, definitions, frequency, views of causation, as well as approaches to intervention and prevention.

SOCIOLOGY (SOC)
SOC& 101 (5) Introduction to Sociology - GER-SS
Group life of people exploring, but not limited to, the scientific explanations of social phenomenon, diversity of cultures and social classes, social institutions, and micro and macro explanations of peoples’ social interactions.

SOC& 201 (5) Social Problems - GER-SS
A critical review of socio-culturally defined problems facing our world on a micro and macro level.

SOC 211 (5) Marriage and the Home - GER-SS
Personal relationships, interaction and social influence as they relate to preparation for marriage, family living and family problems in modern society. Sociological perspectives and theories.

SOC 212 (5) Sociology of Death - GER-SS
A study of the meaning of death; the effects of death on the family; the rituals of death, dying and bereavement; the child and death; and rebuilding death disrupted systems.

SOC 220 (5) Gender Roles in Society - GER-SS
A study of how gender roles are developed in society from the sociological perspective. Dimensions examined include the process of socialization, family, and social relationships, implications for self-concept, and social opportunities. The historical and cross-cultural aspects are reviewed.

SOC 284 (3) Supervised Field Study
Prep: 10 credits in Sociology or any 200 level course
A continuing experience designed to supplement the learning of theoretical material through participation in the activities of a service oriented organization in the community. 12 hours field work per week.
SOC 285 (5) Supervised Field Study
PreReq: SOC 284
A continuing experience designed to supplement the learning of theoretical material through participation in the activities of a service oriented organization in the community. 12 hours field work per week.

**SPANISH**
See WORLD LANGUAGES.

**SPEECH**
See COMMUNICATION STUDIES (CMST).

**STUDY SKILLS**
See COLLEGE SUCCESS (COLLG).

**TECHNOLOGY (TECH)**
Most technology classes are offered through Contracted Education and are not available at the Fort Steilacoom and Puyallup sites.

TECH 107 (3) Blueprint Reading
Provides instruction in blueprint reading. Emphasis on maintenance facilities, including, but not limited to mechanical, electrical, structural and architectural drawings of various facilities.

TECH 109 (4) Facility Maintenance
Provides instruction in handling hazardous materials. Includes required standards, types of chemical hazards, material safety data sheets, and identification of workplace hazards.

TECH 118 (3) Fundamentals of Electrical Maintenance
Introduction to electrical maintenance, including switches and devices, code requirements and application of electrical maintenance.

TECH 119 (3) Fundamentals of Heating, Ventilation and Air Conditioning Maintenance
Introduction to preventive maintenance and repair of heating, ventilation and air-conditioning systems.

TECH 121 (1-5) Handling Hazardous Materials
Provides instruction in handling hazardous materials. Includes required standards, types of chemical hazards, material safety data sheets, and identification of workplace hazards.

**TECH 122 (3) Energy Management Systems**
How to manage energy resources in including electricity, natural gas, fuel oil, and water. Learn the difference between energy management and energy conservation. An examination of heating ventilation and air conditioning systems and their associated controls. Students will learn how to do an energy audit on a building.

TECH 124 (3) Survey, Construction and Blueprint Reading
A survey of orthographic drafting, drafting, conventions, scales, street and utility plan presentations and conventions, datums, elevations, sections, and descriptions and staking conventions.

TECH 125 (2) Emergency Response Team: Search and Rescue
Overview of basic skills needed to respond to their community's immediate needs in the aftermath of a major disaster, when emergency services are not immediately available.

TECH 126 (3) Introduction to Power Equipment
Includes safety programs, proper use of power tools, preventive and corrective maintenance, and simple repairs.

TECH 135 (4) Potable Water Applied Problems
PreReq: Apprenticeship Program, Tacoma Public Utilities, Water Division
Application of mathematical principles to potable water problems.

TECH 138 (4) Water Distribution Survey course in water distribution system history, types, local, state and federal regulations, operating, and maintenance procedures.

TECH 139 (4) Water Quality
A basic survey course in water quality including characteristics, criteria and standards, treatment processes and water quality system monitoring.

TECH 140 (2) Basic Computer Applications
Learn the basic operations of personal computer systems, specific applications of Tacoma Public Utilities' data base programs and their application to Tacoma Public Utilities.

TECH 141 (5) Basic Water Hydraulics, Pumps and Pumping Systems
PreReq: Permission of City-Tacoma - Water division Apprenticeship Committee
Overview of water hydraulics and their application to water transmission systems. Course will also include information on basic pump theory and practices.

**THEATRE**
See DRAMA.

**VETERINARY TECHNOLOGY (VT)**

VT 100 (2) Introduction to Veterinary Technology
Survey of the veterinary medical profession and the role of the technician within the profession. Outlines job opportunities, ethics and handbability terms for various species including herd identification and basic nutrition.

VT 101 (4) Animal Nursing I
PreReq: First year standing in the VT program
The handling and restraint of small animals in medical nursing. Administration of medication and sample collection as related to nursing care of the hospitalized animal.

VT 104 (4) Animal Nursing II
PreReq: First year standing in the VT program
Continuation of VT 123 to study animal body structure and function beginning with cellular components and including selected major body systems.

VT 123 (3) Large Animal Nursing
PreReq: First year standing in the VT program
Large animal husbandry techniques and procedures for basic restraint and treatment of horses and food animals.

VT 125 (6) Animal Anatomy and Physiology I
PreReq: First year standing in the VT program
Study of animal body structure and function beginning with cellular components and including selected major body systems.

VT 126 (3) Animal Anatomy and Physiology II
PreReq: First year standing in the VT program
Continuation of VT 123 to study animal body structure and function by including additional major body systems.

VT 150 (5) Introduction to Clinical Microbiology
PreReq: First year standing in the Veterinary Technology program
Veterinary Technology course that introduces the student to microorganisms of clinical importance in veterinary medicine.

VT 155 (2) Nutrition and Complementary Therapies
PreReq: First year standing in the VT program
Overview of small animal nutrition with emphasis placed on therapeutic diets, age related dietary needs, and sound nutritional recommendations. Survey of common complementary therapies used in veterinary medicine with emphasis placed on different cultures and traditions, discerning fact from fiction, and the veterinary technician’s role in complementary therapy practice.

VT 160 (2) Applied Behavior Techniques
PreReq: First year standing in the VT program
Introductory course in a series of three courses on canine and feline behavior. The student will work to socialize and train program dogs and cats while learning about common behavioral problems/solutions seen in the veterinary field.
VT 161 (1) Applied Behavior Techniques I
Pre req: First year standing in VT program
Continuing practical experience in canine and feline behavior. This is a sec ond course in a three course series. The student will apply techniques learned in VT160 to topics such as common behavioral problems/solutions seen in the veterinary field. The student will work independently and in small groups to socialize and train program dogs and cats.

VT 162 (1) Applied Behavior Techniques II
Pre req: First year standing in VT program
Culminating course in practical experience in canine and feline behavior. This is the third course in a tree course series. The student will apply techniques learned in VT 160 and VT 161 on topics such as common behavior al problems/solutions seen in the veterinary field. The student will work inde pendently and in small groups to socialize and train program dogs and cats.

VT 166 (3) Hematology for Veterinary Technicians
Pre req: First year standing in VT program
Study of blood formation, including recognition of normal and abnormal blood cells from domestic and exotic animals, and accurate performance of Complete Blood Counts (CBC).

VT 215 (4) Animal Hospital and Office Procedures
Pre req: Second year standing in VT program Veterinary Technology course offering a broad view of typical vet clinic office procedures. Emphasis placed on the role of a veterinarian technician in various professional settings.

VT 220 (4) Public Health and Sanitation
Pre req: Second year standing in VT program Lectures on public health as it applies to veterinary medicine and the veterinary technician. Covers epidemiology, zoonosis, environmental public health including meat and food hygiene.

VT 223 (3) Applied Equine Techniques
Pre req: Second year standing in VT program Advanced equine techniques commonly used in large animal practice, on breeding farms and in horse racing.

VT 224 (4) Veterinary Clinical Laboratory Principles
Pre req: Third year standing in VT program Advanced laboratory principles and techniques in hematology, urinalysis, cytology, bacteriology and parasitology.

VT 230 (4) Anesthesiology and Intensive Care
Pre req: Second year standing in VT program Emphasizing proper use of anesthetic techniques, intensive care and emergency procedures.

VT 233 (14) Veterinary Clinical Practice
Pre req: Second year standing in VT program Practical field experience with weekly seminar.

VT 240 (3) Animal Diseases
Pre req: Second year standing in VT program Lecture course which covers the fundamentals of animal disease including etiology, nursing care and laboratory procedures which apply to the particular disease syndrome.

VT 250 (2) Radiology for Veterinary Technicians
Pre req: Second year standing in VT program A study of radiography with emphasis on basic machine structure, fundamental radiographic techniques, animal patient handling, and achieving technical quality. Includes both small animal and large animal techniques.

VT 251 (3) Pharmacology for Veterinary Technicians
Pre req: Second year standing in VT program An introduction to pharmacology in which various drugs are considered as they relate to physiological systems. Emphasis on pharmacodynamics, pharmacognosy, metrology, and posology rather than therapeutic aspects of pharmacology.

VT 252 (4) Special Techniques and Projects
Pre req: Second year standing in VT program Selected individual and group assignments covering all technical procedures learned in the Veterinary Technology Program.

VT 260 (3) Emergency and Critical Care
Pre req: Second year standing in VT program Overview of common small animal emergencies and the role of the veterinary technician plays in the management of these patients.

VT 265 (6) Clinical Techniques Laboratory
Pre req: Second year standing in VT program Advanced laboratory principles and techniques for veterinary technicians.

VT 266 (5) Veterinary Clinical Pathology and Parasitology
Pre req: Second year standing in VT program Clinical laboratory course covering the most common diagnostic laboratory tests conducted in veterinary hospitals. Procedures discussed include fecal examination, urinalysis, hematology, histology, microbiology, and parasitology.

ASL& 121 (5) American Sign Language I • GER-HM
Pre req: ASL& 121 with a grade of 2.0 or better; or 2 years high school equivalent or instructor permission

ASL& 122 (5) American Sign Language II • GER-HM
Pre req: ASL& 121 with a grade of 2.0 or better; or one year HS equivalent or instructor permission

ASL& 125 (5) American Sign Language III • GER-HM
Pre req: ASL& 122 with a grade of 2.0 or better; or 2 years high school equivalent or instructor permission

ASL& 126 (5) American Sign Language IV • GER-HM
Pre req: ASL& 125 with a grade of 2.0 or better; or 3 years HS equivalent or instructor permission

ASL& 221 (5) American Sign Language V
Pre req: ASL& 220 with a grade of 2.0 or better; or 4 years HS equivalent plus placement in ENGL 101 or instructor permission

ASL& 222 (5) American Sign Language VI
Pre req: ASL&221 with a grade of 2.0 or better; or 4 years HS equivalent plus placement in ENGL 101 or instructor permission

ASL& 223 (5) American Sign Language VII
Pre req: ASL&222 with a grade of 2.5 or better, plus placement in ENGL 101 or instructor permission

CHIN 121 (5) Chinese I • GER-HM
Pre req: CHIN 121 or instr. permission

CHIN 122 (5) Chinese II • GER-HM
Pre req: CHIN 121 or instr. permission

CHIN 223 (5) Chinese III • GER-HM
Pre req: CHIN 222 or instr. permission

FRENCH (FRCH)
FRCH&121 (5) French I • GER-HM
The first quarter of a first-year sequential course designed to help the student acquire the ability to speak, read, and write Chinese.

FRENCH (FRCH)
FRCH&122 (5) French II • GER-HM
Pre req: FRCH& 121 with a grade of 2.0 or better; or 2 years high school French plus placement in ENGL 101 or instructor permission

FRCH&223 (5) French IV • GER-HM
Pre req: FRCH& 123 or 3 years high school French or instructor permission

FRCH&225 (5) French V • GER-HM
Pre req: FRCH& 122 with a grade of 2.0 or better; or 2 years high school French plus placement in ENGL 101 or instructor permission

GERMAN (GERM)
GERM& 121 (5) German I • GER-HM
The first quarter of a first-year sequential course to give the student the ability to speak, read, and understand the German language and culture.
GERM& 122 (5) German II
• GER-HM
Prereq: GERM& 121 with a grade of 2.0 or better, or 1 year H.S. German plus placement in ENGL& 101, or instructor permission
Continuation of GERM& 121 stressing speaking, reading, writing, and understanding German.

GERM& 123 (5) German III
• GER-HM
Prereq: GERM& 122, 2 years high school German plus placement in ENGL& 101 or GERM& 122, or instructor permission
Continuation of GERM& 122 stressing speaking, reading, and writing.

GERM& 221 (5) German IV
• GER-HM
Prereq: GERM& 123, 3 yrs H.S. German or instructor permission
Provides vocabulary building, grammar development, and practice in oral and written communication through the study of various aspects of Germans-speaking countries. Specific cultural topics will vary at instructor’s discretion.

GERM& 222 (5) German V
• GER-HM
Prereq: GERM& 221, 4 years of H.S. German or instructor permission
Provides vocabulary building, grammar development, and practice in oral and written communication through the study of various aspects of Germans-speaking countries. Specific cultural topics will vary at instructor’s discretion.

GERM& 223 (5) German VI
• GER-HM
Prereq: GERM& 222, 5 years of H.S. German or instructor permission
Provides vocabulary building, grammar development, and practice in oral and written communication through the study of various aspects of Germans-speaking countries. Specific cultural topics will vary at instructor’s discretion.

KOREAN (KREA)
KREA& 121 (5) Korean I
• GER-HM
Prereq: KREA& 121 or instr. permission
Provides basic Korean vocabulary for students traveling to Japan.

KREA& 122 (5) Korean II
• GER-HM
Prereq: KREA& 122 or instr. permission
Continuation of KREA& 121 stressing speaking, reading, writing, vocabulary building, grammar development, and practice in oral and written communication through the study of various aspects of Koreans-speaking countries. Specific cultural topics will vary at instructor’s discretion.

KREA& 123 (5) Korean III
• GER-HM
Prereq: KREA& 123 or instr. permission
Continuation of KREA& 122 stressing speaking, reading, writing, vocabulary building, grammar development, and practice in oral and written communication through the study of various aspects of Koreans-speaking countries. Specific cultural topics will vary at instructor’s discretion.

KREA& 221 (5) Korean IV
• GER-HM
Prereq: KREA& 123 or instr. permission
Continuation of KREA& 122 stressing speaking, reading, writing, vocabulary building, grammar development, and practice in oral and written communication through the study of various aspects of Koreans-speaking countries. Specific cultural topics will vary at instructor’s discretion.

KREA& 222 (5) Korean V
• GER-HM
Prereq: KREA& 221 or instr. permission
The 3rd quarter of the second-year Korean course stressing listening, speaking, reading, and writing.

KREA& 223 (5) Korean VI
• GER-HM
Prereq: KREA& 222 or instr. permission
Continuation of KREA& 122 stressing speaking, reading, writing, and understanding Korean.

JAPANESE (JAPN)
JAPN& 121 (5) Japanese I
• GER-HM
Prereq: JAPN& 121, one year H.S. Japanese, or instructor permission
The first course of a first-year sequential course providing the student with the ability to speak, read, write, and understand Japanese.

JAPN& 122 (5) Japanese II
• GER-HM
Prereq: JAPN& 122, two years of H. S. Japanese, or instructor permission
The second course of a first-year sequential course providing the student with the ability to speak, read, write, and understand Japanese.

JAPN& 130 (3) Conversational Japanese
• GER-HM
Prereq: JAPN& 122
An exposure to the Japanese language through listening, speaking and autography recognition. Students will learn how to handle basic life skills in Japanese.

JAPN 135 (2) Japanese Vocabulary
This course is designed to build basic vocabulary for students traveling to Japan.

JAPANESE (JAPN)
JAPN& 121 (5) Japanese I
• GER-HM
Prereq: JAPN& 121, one year H.S. Japanese, or instructor permission
The first course of a first-year sequential course providing the student with the ability to speak, read, write, and understand Japanese.

JAPN& 122 (5) Japanese II
• GER-HM
Prereq: JAPN& 122, two years of H. S. Japanese, or instructor permission
The third course of a first-year sequential course providing the student with the ability to speak, read, write, and understand Japanese.

JAPN& 130 (3) Conversational Japanese
• GER-HM
Prereq: JAPN& 122
An exposure to the Japanese language through listening, speaking and autography recognition. Students will learn how to handle basic life skills in Japanese.

JAPN 135 (2) Japanese Vocabulary
This course is designed to build basic vocabulary for students traveling to Japan.

JAPANESE (JAPN)
JAPN& 121 (5) Japanese I
• GER-HM
Prereq: JAPN& 121, one year H.S. Japanese, or instructor permission
The first course of a first-year sequential course providing the student with the ability to speak, read, write, and understand Japanese.

JAPN& 122 (5) Japanese II
• GER-HM
Prereq: JAPN& 122, two years of H. S. Japanese, or instructor permission
The second course of a first-year sequential course providing the student with the ability to speak, read, write, and understand Japanese.

JAPN& 130 (3) Conversational Japanese
• GER-HM
Prereq: JAPN& 122
An exposure to the Japanese language through listening, speaking and autography recognition. Students will learn how to handle basic life skills in Japanese.

JAPN 135 (2) Japanese Vocabulary
This course is designed to build basic vocabulary for students traveling to Japan.

RUSSIAN (RUSS)
RUSS& 121 (5) Russian I
• GER-HM
Prereq: RUSS& 121, 1 year high school Russian or instructor permission
The first quarter of first-year Russian stressing conversation, comprehension, and writing.

RUSS& 122 (5) Russian II
• GER-HM
Prereq: RUSS& 121, 1 year high school Russian or instructor permission
Continuation of RUSS& 121 stressing speaking, reading, writing, and understanding Russian.

RUSS& 123 (5) Russian III
• GER-HM
Prereq: RUSS& 122, 2 years high school Russian or instructor permission
Continuation of RUSS& 122 stressing speaking, reading, writing, and understanding Russian.

RUSS& 221 (5) Russian IV
• GER-HM
Prereq: RUSS& 221, 2 years of H.S. Russian or instructor permission
The first quarter of second-year Russian emphasizing Russian literature, comprehension and writing.

RUSS& 222 (5) Russian V
• GER-HM
Prereq: RUSS& 221, 4 years of H.S. Russian or instructor permission
Continuation of second-year Russian stressing Russian literature, comprehension, and culture.

RUSS& 223 (5) Russian VI
• GER-HM
Prereq: RUSS& 222, 5 years of H.S. Russian or instructor permission
To improve skills in reading, writing, speaking, and comprehending the Russian language through Russian literature.

SPANISH (SPAN)
SPAN& 121 (5) Spanish I
• GER-HM
Prereq: SPAN& 121 with a grade of 2.0 or better, or 2 years of H.S. Spanish plus placement in ENGL& 101, or instructor permission
A continuation of first-year Spanish stressing speaking, writing, reading, and understanding Spanish.

SPAN& 122 (5) Spanish II
• GER-HM
Prereq: SPAN& 121 grade of 2.0 or better, 1 year of H.S. Spanish plus placement in ENGL& 101, or instructor permission
Second quarter of first-year Spanish stressing speaking, reading, writing, and understanding Spanish.
PIERCCE PERKS

An A to Z guide to learning resources, campus services and student life opportunities available at the colleges
Access & Disability Services

Pierce College seeks to provide a fully integrated learning experience for students with disabilities by addressing physical and attitudinal barriers and promoting a campus climate that is conducive to full participation of students with disabilities.

Services and academic adjustments are designed to ensure that students with a disability have equal access to all college activities and programs. These adjustments include, but are not limited to: accessible facilities, guidelines for use of service animals, alternate formats of educational materials and testing procedures, sign language interpreters, advisors, college services and events, or referral to a specific person or department for further assistance.

Contacts with Access and Disability Services are confidential. Policies and procedures for services to students with disabilities are available at www.pierce.ctc.edu or may be requested from the Access and Disability Services office or the Office of the Vice President for Learning and Student Success at each college.

Assistance & Information

The admissions office at Fort Steilacoom or the registration office at Puyallup is the place to go for information on admission, classes, insurances, advisors, college services and events, or referral to a specific person or department for further assistance.

Another valuable information resource is the advising center, where you can get information on programs and courses offered through the college, degree and transfer program requirements, access to catalogs from other Washington colleges, help in selecting classes and building access with proper authorization.

Pierce College does not tolerate criminal activities in its facilities or on its grounds. The college encourages staff, students and visitors to immediately report any such activities — including threats, harassment or family violence — to campus safety. Other services provided include lost and found, escort service, disabled vehicle service and building access with proper authorization.

Child Care Assistance

The Evening Child Care Program provides quality care to meet the needs of children whose parents are taking evening classes at Pierce College Fort Steilacoom. The program is designed to meet the physical, emotional, social and cognitive development of the children enrolled.

For a nominal fee, parents may enroll their children aged three years (toilet-trained) to eight years old. The program is available Monday through Thursday from 5 to 8:30 p.m. during fall, winter and spring quarters. The program is closed during breaks and all holidays observed by the college. Children must be registered for the quarter. No drop-in care is available. Enrollment packets are available for download (www.pierce.ctc.edu/dept/eced/program/evening), in the Welcome Center or in room OLY 163, Olympic Bldg.
CHILD DEVELOPMENT CENTERS
Milgard Child Development Center (FS): (253) 912-3680
Garnero Child Development Center (PY): (253) 864-3302

The Pierce College Child Development Centers provide a place where the needs of the child come first. The centers provide a high-quality early childhood program that nurtures the growth, development and education of children, students and their families while creating a model of quality early childhood education. The centers provide affordable, accessible child care in a quality early childhood environment that recognizes children, parents and staff as part of a campus-based learning community.

For more information about the centers and the application process, go to the Web site at www.pierce.ctc.edu, e-mail children@pierce.ctc.edu or call the appropriate number listed above.

Computer Centers

Computer labs at both colleges provide exceptional quality, service and cutting-edge computing resources to fulfill the academic needs of the Pierce College community.

FORT STEILACOOM COMPUTER LABS
(253) 964-6310

The computer labs enable students to work on projects and accomplish computer-related academic assignments through software applications, the Internet and e-mail. The labs are located in the Olympic, Cascade and Sunrise buildings. All computers in our labs are connected to the Internet and to high-speed laser printers.

The primary computer lab is located in the Olympic building, room OLY 301. Special-needs computers are located in the Cascade building, room CAS 526. Students who prefer the use of Macintosh computers will find three available in OLY 302.

DIGITAL DESIGN LAB – FORT STEILACOOM

The digital design lab is a state-of-the-art facility offering full digital design capabilities for hands-on experience. The lab has 27 PC and Macintosh computers with single and dual 19-inch flat panel monitors. A wide variety of digital design software and peripheral equipment is available, such as digital cameras, photo negative scanners and camcorders.

PUYALLUP COMPUTER LABS
(253) 840-8437

The Computer Resource Center at Puyallup provides the combination of a large, open lab (CTR 272) with two integrated computer classrooms (CTR 270/CTR 274) supporting all instructional programs. These facilities are open for the use of students, faculty and staff. Qualified personnel are always available to provide assistance. The computer classrooms are also used as open labs when available.

Equipment consists primarily of IBM-compatible microcomputers. Color and laser printing are standard throughout the computer labs. Complete scanning services include optical character recognition. Some computer stations provide CD and DVD burning capabilities. A wide variety of software including word processing, database, spreadsheet and presentation programs is always available. In addition, various programming languages are installed as needed for coursework. All the facilities have unlimited access to the Internet and free e-mail.

Dental Hygiene Clinic

FS: (253) 964-6694

The Pierce College Dental Hygiene Clinic, located at the Fort Steilacoom campus, provides low-cost preventive and restorative dental procedures to Pierce College students, families and the community.

Dental hygiene students perform oral health assessments, x-rays, teeth cleanings, periodontal therapy, sealants, limited restorative procedures (tooth-colored and silver fillings) and fluoride treatments under the expert instruction and guidance of the Dental Hygiene faculty comprised of licensed dental hygienists and dentists.

To determine eligibility for services at the dental hygiene clinic, a preliminary examination must occur first that verifies whether your dental needs align with the learning needs of our students. For a preliminary examination appointment, please call (253) 964-6694.

Note that procedures typically take longer than in a private dental office due to the instructional and evaluative time required to ensure that the patient’s treatment by our clinic is satisfactorily met.

Clubs & Organizations

www.pierce.ctc.edu/studentlife/studentprograms/

FS: (253) 964-6614
PY: (253) 840-8487

Many opportunities are available to students seeking involvement in co-curricular and extracurricular activities. A wide variety of clubs and organizations address the needs of students with similar social, cultural, recreational, professional, and academic interests. Officially recognized clubs are eligible for funding from the Associated Students and may use college facilities for nonteaching and social purposes. For information about joining a club or chartering a new club, contact the clubs coordinator in the student programs office at either college, or visit the Student Life website.
Employment/Career/Job Search Services

Job Connections (FS): (253) 964-6651  
Job Connections (PY): (253) 864-3385  

The goal of Job Connections is to provide opportunities for students to explore career options and to make connections with:

FUNDING/TRAINING
- Worker Retraining/WorkFirst — a collection of programs and services designed to provide training for people who are unemployed or underemployed. Financial assistance may be available if you are:
  - receiving unemployment benefits, have received unemployment benefits in the past 24 months, or have exhausted your unemployment benefits
  - a working parent with a small household income or receiving DSHS/WorkFirst cash assistance, or
  - a homemaker who now needs to financially support yourself and your family, or
  - have been separated from active military service in the last 24 months. Contact Workforce at (253) 964-6265.

EMPLOYMENT
- Job Board — job search for students seeking employment with area employers.
- MyInterface — a free job-matching service linking registered users to a database of approved internship, work study, and job opportunities in the region. Students and community job seekers may apply for jobs online, manage multiple résumés and other documents, and access a calendar of regional job fairs.

SELF-DIRECTED ASSESSMENT
- WOIS (Washington Occupation Information System) — Self-directed career and labor market information utilizing computer software and printed materials, includes information regarding job duties, work settings, wages, employment outlook, training required and school information.
- Workforce Explorer: Provides Washington labor market and job information, as well as economic, occupational, industry and regional reports. Go to: www.workforceexplorer.com.

OTHER SERVICES
- Résumé writing assistance, review and feedback.
- Informational handouts for how to complete résumés, interview tips and employment applications.
- Career library books and other printed material to provide career and labor market information.

Fine Arts Gallery

FS: (253) 964-6535  
www.pierce.ctc.edu/art

The Fine Arts Gallery on the fifth level of the Olympic building at Pierce College Fort Steilacoom presents monthly exhibits (October through May) of works by Pierce College art faculty, professional artists and area high school art students. The year concludes with the annual Pierce College student art competition and exhibit in May.

Food Service

FS: (253) 964-6546  
PY: (253) 840-8456

The cafeterias at Pierce College Fort Steilacoom and Pierce College Puyallup include a professional food service company that provides a full line of hot foods, grill and deli specialties, snack items and beverages. An espresso bar and snack and beverage vending machines are also available at various locations throughout the campuses.

Fitness Facilities/Recreation

FS: (253) 964-6626  
PY: (253) 864-3280  
www.pierce.ctc.edu/studentlife/hec/

FORT STEILACOOM FACILITIES

The Fort Steilacoom Health Education Center offers physical education classes, continuing education fitness classes, Raider Intercollegiate Athletics and intramurals. The facility houses an exercise area containing a variety of weight and cardio training machines, as well as a gymnasium for intercollegiate volleyball and basketball and for intramural sports. Adjacent to the Health Education Center is Fort Steilacoom Park, which offers an excellent area for jogging and walking.

PUYALLUP FACILITIES

Various opportunities for fitness and recreational activities exist at Pierce College Puyallup. The College Center, adjacent to an outdoor multipurpose sports court, houses a pool table, air-hockey, foosball, ping-pong and many other games to check out. Sports and game equipment may be checked out from the Student Programs office with a student ID card. Stop by room C210 in the College Center or call the number above for information.

The Health and Education Center at Puyallup focuses on student health and wellness. The facility includes state-of-the-art equipment that targets strength, functional, and cardio exercise. It also includes an exercise room, where a variety of physical education classes are offered, lockers, showers and a multipurpose classroom. Audio and visual gear offer students opportunities for music and television showings. Wireless technology is provided as well as furniture designed for comfort. Equipment for free check-out includes medicine, stability and bosu balls; exercise and yoga mats; jump ropes; agility hurdles and ladders; and much more. Towels for day use are included in the $15 consumable fee. The center is fully funded by student recreation and fitness center fees.
Health Insurance/Education

FS: (253) 964-6614  
PY: (253) 840-8416

STUDENT HEALTH & DENTAL INSURANCE
Student Programs at Fort Steilacoom and Puyallup have information on health and dental insurance for uninsured students.

HEALTH & WELLNESS INFORMATION
Health and wellness information and activities are offered through various credit and non-credit classes and through programs sponsored by Student Programs.

AIDS AWARENESS & EDUCATION
Pierce College is committed to providing a safe and healthy educational environment and to providing education and information about the transmission and prevention of chronic, communicable diseases such as Acquired Immune Deficiency Syndrome (AIDS). Consistent with existing law and in the interest of all concerned, the college takes appropriate measures to ensure a safe environment through educational services. At Pierce College Fort Steilacoom, AIDS education information is available in Student Programs. At Pierce College Puyallup, information is available in the Student Program Office in C210 of the College Center.

Human Relations Instruction

FS: (253) 964-6705  
PY: (253) 840-8431

A variety of two- and three-credit human relations/personal development/business management courses are offered every quarter throughout the school year to help students with self-awareness, interpersonal and self-development skills. Some of the topics include assertiveness training, choosing a major, job search strategies, career planning, career skills development, stress management, coping with life’s challenges, disabilities in society, goal setting and the masculine mystique.

In addition, free non-credit group workshops and seminars are offered every quarter through the Student Success series. General topics include time management, note-taking, test-taking strategies, test/math anxiety, transfer process and developing effective study habits.

Library

FS: (253) 964-6547  
PY: (253) 840-8300  
www.pierce.ctc.edu/library

We are proud that the Pierce College Library was named the Community College Library of the Year for 2005 from the National Association of College and Research Libraries! The libraries at both colleges encourage individual research and the exploration of ideas by connecting students, staff, faculty and the community with the information needed for teaching and learning, and by providing high-quality instruction to enhance information access and understanding. Resources are available in a variety of formats, including 90,000 books in print, 18,000 e-books online, 500 current periodicals, newspapers, maps, DVDs and videos, online databases, and much more.

The library’s online catalog provides access to the collection at both college libraries, and students can access materials from both libraries through the college’s courier service. If you need information that is not available at Pierce College, we can help you borrow material from other libraries through interlibrary loan.

The library provides access to online databases useful for student research, including popular and academic periodicals, online e-books, national and local newspapers, statistics and encyclopedias. Access to the library’s catalog and most databases is available 24/7 through the library’s website at www.pierce.ctc.edu/library.

Library users are encouraged to ask for help. Library faculty members can give you individual assistance and instruction from the reference desk during most hours the library is open. Library faculty are available through instant messaging (IM) any time the library is open, or you may e-mail at your convenience. Use the icons and information on the library’s homepage for access to these services. Classroom instructional sessions on library research also may be arranged. HUM 101, INFO 100 and INFO 101 are research-related courses that are offered on a regular basis.

Individual carrels, group study rooms, casual lounge furniture and study tables accommodate a variety of needs. Carrels equipped with televisions, VCR and videocassette players are available for viewing. A Kurzweil reader that voices printed material and a Visual-Tek text enlarger are also available to help students with visual impairments. Multimedia workstations in the libraries assist students in enhancing papers or projects with audio and video production. Instructional sessions can be provided on request.

Multicultural Student Services

FS: (253) 964-6592  
PY: (253) 840-8314  
www.pierce.ctc.edu/dist/supportservices/multicultural/

Pierce College promotes the recruitment, retention, and successful completion of educational programs for students of color through our Retention Offices. Staff work to facilitate and implement success strategies for students of color to include:

- Promoting access and student success.
- Providing academic advising, educational planning, career exploration and student programs that support students of color.
- Assisting with financial aid and scholarships.
- Sponsoring leadership development activities.

Music Performance Groups

District: (253) 964-6572

Pierce College makes music accessible to everyone with a wide range of music courses, instruction, and performance opportunities.

Music majors can build their knowledge and performance skills while earning an associate of arts degree with an emphasis in music at Pierce College. This degree transfers to four-year colleges and universities. Courses are available in: beginning and advanced theory; music appreciation; audio production; and class piano and guitar. Private lessons are also available.

In addition to music courses, Pierce College provides students and community members the opportunity to participate in several
performing groups, which give quarterly concerts and sometimes participate in local and regional festivals. Each group offers credit towards an associate degree. Participation however, is not limited to students or music majors; all students and members of the community are invited to perform.

- Concert band (MUSC150/250)
- Jazz band (MUSC157/257)
- Concert choir (MUSC144/244)
- Jazz choir (MUSC145/254)
- Orchestra (MUSC156/256)

Pierce College offers music facilities at both the Lakewood and Puyallup colleges, allowing students access to a wide range of technology and music spaces.

Music scholarships may be available. Scholarships are talent-based and require an audition. Auditions are held throughout the year and may vary depending on departmental needs.

Public Transportation

Pierce Transit — (253) 581-8000
www.piercetransit.org

Both colleges are conveniently served by Pierce Transit bus lines. Brochures about routes and schedules are available at the registration counters at either college. For additional information on special rate passes, carpools and vanpools, regional reduced fare permits and other route and schedule information, call Pierce Transit at the number shown above or visit their website.

SLAM (Student Literary & Arts Magazine)

FS: (253) 964-6408
PY: (253) 840-8396
www.pierce.ctc.edu/studentlife/slam

SLAM, the Student Literary and Arts Magazine, is an annual publication dedicated to showcasing the creative abilities of Pierce College district students through stories, poems, dramas, essays and works of art. Students also help determine the layout and design of the publication. The annual release for SLAM occurs in May. Copies are available free of charge in a variety of college locations.

Students wishing to submit works for consideration or participate in the publication's production should contact one of the numbers above.

Student Activities

FS: (253) 964-6614
PY: (253) 840-8487
www.pierce.ctc.edu/studentlife/studentprograms/

Student activities are coordinated by a student team at each college. These boards plan educational, cultural, social and entertainment, health and wellness and recreational events, and facilitate clubs and organizations for the students of Pierce College. The calendar of activities and events includes speakers, musicians, comedians, dances, films, outings and tournaments on both campuses.

In addition, Student Programs helps support campus clubs and organizations, theater productions, musical performances held by the college's vocal and instrumental music groups and athletics.

Students who serve on the activities boards gain experience in event planning, promotion, budget management and public relations. They also gain skills in communication, leadership, interpersonal relationships and teamwork. If you are interested in participating in student activities, contact the Student Programs office at either college or visit the Student Life website.

Student Government

FS: (253) 964-6614
PY: (253) 840-8487
www.pierce.ctc.edu/studentlife/studentprograms/

Student government serves as the representative voice of the students of Pierce College. All Pierce College students may express opinions, interests and concerns regarding their educational experience through their representatives in student government.

Student government leaders develop and implement procedures and policies dealing with student affairs and work closely with faculty, staff and administrators to represent the students' perspective.

Peer Mentoring

PY: (253) 840-8435

The Peer Mentoring program pairs student leaders with small groups of students in need of additional support and guidance. Peer mentors typically work with a group of eight to 10 students an average of 10 to 15 hours per week. Peer mentors meet regularly with the mentees to evaluate and improve their performance. Peer mentors connect with mentees regularly through a variety of sources from Facebook, instant messaging and email to in-person check-ins. Mentors also facilitate team-building and plan activities and outings for their mentees. These may include movie nights, service projects, and other college-sponsored events. The program is voluntary and students are targeted based on such factors as test scores, first year or first generation students and beyond. Contact the Peer Mentoring office for additional information.
in the college governance process. Each college has an approved student constitution that governs the activity of student government and its programs and organizations. A copy of the constitution and bylaws is available in the Student Programs office of either college.

At Fort Steilacoom, student government officers are elected from the student body each spring. Members include a president, vice-president and five senators-at-large.

Puyallup student government includes a president, vice president for government concerns, vice-president of activities, two representatives, and a secretary/treasurer. Elections for representatives are held every fall. The president, vice presidents and secretary/treasurer are selected each spring by a selection committee.

You are encouraged to take part in the leadership opportunities this organization has to offer. Contact Student Programs for more information, or visit the Student Life website.

Student Newspapers

THE PIONEER, FS: (253) 964-6604
THE PUYALLUP POST, PY: (253) 840-8496
www.pierce.ctc.edu/studentlife/musicandarts/newspaper

By joining one of the college’s newspaper staff, you can earn college journalism credits while you gain practical experience in writing and reporting, editing, photography, desktop publishing and advertising sales. Both student newspapers are designated public forums.

The Pioneer, Fort Steilacoom’s award-winning student newspaper, is published every two weeks during fall, winter and spring quarters. All staff positions are paid, including freelance.

The Puyallup Post is published at Puyallup three times a quarter during fall, winter and spring quarters. The newspaper covers issues on the growing college to keep students, staff and faculty informed. The newspaper offers numerous opportunities for students to work or volunteer on the newspaper staff.

Supplemental Instruction

FS: (253) 964-6288
PY: (253) 840-8435
www.pierce.ctc.edu/dist/basicskills/si/

Supplemental Instruction is a peer-assisted study program that targets primarily selected math and science courses. Study groups meet 2-4 times per week and attendance is free, voluntary, and open to all members of the class. The informal study sessions are facilitated by Supplemental Instruction (SI) leaders, who are proficient in the subject area and trained to empower students to earn better grades and complete their courses. The program aims to improve student study skills and improve grades from one-half to a full grade point.

Theatre/Film Productions

FS: (253) 964-6659
PY: (253) 840-8393
www.pierce.ctc.edu/dept/theatre/

Auditions for theater productions are open to anyone who wants to benefit from an educational theater setting. Each production offers learning experiences for students and other volunteers in set design and construction, promotion, wardrobe, makeup, props, stage management, lighting, sound and special effects and acting.

Both cast and crew have the opportunity to work with talented veterans, as well as stage newcomers, under the guidance of highly trained directors and designers, with full backstage support.

Cast and crew enjoy unique training opportunities afforded by the new Black Box theater at Fort Steilacoom and a new full-featured traditional theater at Puyallup. Both theaters offer state-of-the-art lighting and sound systems.

Pierce College Theatre prides itself on presenting plays that are artistically challenging for technicians and actors, as well as exciting for audiences. Opportunities are also available for students to explore digital film production technology and to make movies.

For more information on the Theater program, see the PROGRAMS OF STUDY section of this catalog.

Transitional Education Centers

Transitional Education Center (FS) — (253) 964-6657
Transitional Education Center (PY) — (253) 840-8463

The program goals are based on the Pierce College mission to provide quality education to prepare learners to live and work successfully in an ever-changing world. The goals of the centers are:

• to provide the support services necessary for retention and college success.
• to develop in each learner the skills, competencies and attitudes necessary for the attainment of personal goals.
• to make possible educational opportunities for all learners.
• to respect the uniqueness of all and use services and teaching strategies for diverse learning styles.
• to integrate the following core abilities into the curriculum to prepare learners for the 21st Century: Effective Communication, Critical Thinking/Problem Solving, Information Competency, Multiculturalism, Responsibility.

The following services and programs are offered in the centers:

ADULT BASIC EDUCATION¹ & GED PREPARATION

Adult Basic Education (ABE) is for students who want to brush up on their basic skills of reading, writing and math, or who want to pursue their GED but need some work on the basic foundations first. Students who are under the age of 18 need to have a high school release form in order to enroll. Students must take a placement test to determine their level. Call (253) 964-6714 (FS) or (253) 840-8463 (PY).

All state residents 19 years of age or older are eligible to take the GED test. Applicants under 19 may be tested providing they have completed a Request for Approval to Test for Certificate of Educational Competency signed by their high school’s representative. Questions regarding eligibility and schedule for testing may be made through the testing center at either college or on the link from the Pierce College website.

ENGLISH AS A SECOND LANGUAGE¹

The English as a Second Language (ESL) program offers six levels of coursework in reading, writing, speaking and listening. Courses are appropriate for a range of students: those who have very little English to those who want to pursue academic degrees in the United States. Students must take a placement test to determine their level. Call (253) 964-7325 (FS) or (253) 840-8463 (PY).

¹ABE and ESL programs at Pierce College cannot serve people on tourist visas (B-2) or student visas (F-1). Students on B-2 or F-1 may register for courses under Intensive English under the International Education programs.
PRE-COLLEGE COURSES
Courses are offered in English, reading, math, spelling and grammar to help students succeed in subsequent college-level course work. These courses also serve as a means to transition from preparatory work to college-level and assist in the successful attainment of academic, career and life goals.

COLLEGE-LEVEL COURSES
College-level courses are offered through the learning centers, which provide academic alternatives to the structured classroom. Reading and study skills classes offer an opportunity for better preparation in other coursework.

MATH LAB
The Math Lab at Pierce College Fort Steilacoom provides instruction in basic math and introductory and intermediate algebra in a setting which meets the needs of students’ schedules and diverse learning styles. Call (253) 964-6734.

HIGH SCHOOL COMPLETION PROGRAM
The Pierce College High School Completion Program is for anyone, age 16 and up, whose high school education was interrupted. Based in the Transitional Education Center, students earn a diploma recognized by the state of Washington while working in a lab or distance learning environment. Prospective students will meet with an advisor for an evaluation of their previous high school transcripts and to create an individualized program of study. For enrollment at Fort Steilacoom, call (253) 964-7324. For enrollment at Puyallup, call (253) 840-8461.

GED TESTING AND PREPARATION
Adults who have not completed high school may earn a Certificate of Educational Competency through the state of Washington with a satisfactory score on the General Educational Development (GED) Test. Pierce College is a testing center authorized by the GED Testing Service of the American Council on Education. For current information about test fees, contact the appropriate testing center — (253) 964-6439 (FS) or (253) 840-8455 (PY). The college also offers GED test preparation courses each quarter. Classes focus primarily on math, writing and reading skills. For information on daytime or evening classes, contact Pierce College Fort Steilacoom at (253) 964-6657 or the Puyallup Learning Center at (253) 840-8463. There is a small tuition charge for these classes. Waivers are available for those who qualify.

TRIO Student Support Services (SSS)
FS: (253) 912-3644
E-mail: trio@pierce.ctc.edu
www.pierce.ctc.edu/dist/supportservices/trio/

TRIO Student Support Services (TRIO SSS) provides additional support to a select number of students (160) attending Pierce College Fort Steilacoom who are pursuing a transferable associate degree and intending to transfer to a four-year college upon completion. Services are free and include:

- Math review sessions for students testing into MATH 54/60-98.
- College classes, such as COLLG 111: College Success.
- Scholarship and financial aid application assistance along with $10,000 of TRIO scholarship funds awarded annually.
- Academic and transfer advising, including visits to local four-year colleges.

For additional information or to see if you qualify for TRIO services, please visit us at www.pierce.ctc.edu/dist/supportservices/trio/, stop by the Cascade building Welcome Center, or call us at the number above.

Funds are provided by a grant from the U.S. Department of Education through Aug. 31, 2011. Continuing funds are dependent on grant funding.

Tutoring
FS: (253) 964-6737
PY: (253) 864-3387
www.pierce.ctc.edu/dist/tutoring/

Through its peer-tutoring program, Pierce College furnishes all enrolled students with free academic support services for most course offerings. Students have a number of tutoring options: drop-in, subject-specific study groups, exclusively matched appointments or online tutoring in conjunction with the Northwest e-Tutoring Consortium. Provided by carefully-selected, highly-skilled and dedicated individuals as a supplement to classroom instruction, academic support services such as tutoring strive to build confidence and promote independent learning by cultivating the habits and study skills essential to academic success.

Students who aspire to serve as tutor with the academic support programs must have a grade of 3.5 in the subjects he or she plans to tutor and maintain a 3.25 cumulative GPA in each subsequent quarter. Tutors are paid; work-study eligibility is not required.

Academic support services are located in the Academic Resource Center (ARC) in room C-170 at the Puyallup campus, or the Academic Support Center (ASC) in C-526 at the Fort Steilacoom campus. Students can also review the respective ARC and ASC websites under the ‘RESOURCE’ tab on the Pierce College website (www.pierce.ctc.edu) to obtain additional information regarding the academic support services available.

Writing Assistance
FS: (253) 964-6252
PY: (253) 864-3387
www.pierce.ctc.edu/dist/writers/

The Writers’ Studio at Fort Steilacoom and the Writing Center at Puyallup assist enrolled Pierce College students as well as others in our community with all varieties of writing tasks (class assignments, resumes and cover letters, application essays, etc.) and in any stage of the writing process. Available for drop-in appointments or one-to-one conferences during scheduled hours of operation, center consultants readily assist students in deciphering instructor expectations, generating ideas with pre-writing and brainstorming strategies, evaluating structure and organization, developing a clear thesis statement and implementing revisions. Writing services operate within the Academic Resource Center (ARC) on the Puyallup campus, but function separately from the Academic Support Center (ASC) on the Fort Steilacoom campus.

Personnel

Glossary

Index

Campus Guides

Directories
Glossary

AA: Associate of Arts (formerly AA). See Transfer degree.

AAS: Associate in Arts & Sciences. See AA.

Academic: Pertaining to a liberal arts program of study, as opposed to a professional or technical one. A specific course or program of course.

Academic standards: The college’s policy that requires students to maintain a certain minimum grade point average.

Adding or dropping classes (courses): Making changes in your schedule by enrolling in additional courses or withdrawing from them.

Admission: Permission to enroll in classes.

Advising: The process of determining with an advisor which courses you need to take to meet your educational goals.

Advisor: The faculty member or advising center staff person who helps you in the advising process.

Application: The process of applying for admission to the college or to a specific program of study; also, the form you fill out to apply.

Articulation agreement: An agreement between the college and certain high schools or other colleges by which specific courses taken at one institution are allowed for automatic credit at the other institution.

AS: Associate of Science. See Transfer degree.

Associate degree: A 90-credit (or more, depending on the program) degree awarded by a community college. See Transfer degree and Technology degree.

Audit: Taking a class for information only and not for credit or a grade.

Bachelor’s degree: A degree awarded by four-year colleges and universities to students who have completed a specified course of study.

Campus: The main location where a college provides its educational programs and services.

Catalog: The official document containing course descriptions, degree requirements, policies and procedures, information about student services and general information about the college.

Certificate: Awarded for the successful completion of a specific short-term program of study in a professional/technical field.

Course schedule: The web publication listing course offerings and registration information for a specific quarter, used in planning the courses you will take for that quarter.

College-level course: A course numbered 100 or above.

Common Course Numbering (CCN): A course numbering system instituted in Washington state to ensure that the same course at different colleges will be allowed for credit at that institution.

Course: A specific subject of study taken for one quarter or other specified period of time. Sometimes courses that satisfy a particular AA degree requirement. Sometimes referred to as core electives.

Course abbreviation: A shortened version of the name of a department, for instance, ENG for “English” or Vet for “Veterinary Technology.”

Course number: The number used with the course abbreviation to refer to a specific course; for instance, “EDG 200.”

Course title: The descriptive name of a specific course. For instance, the course title for EDG 200 is “Cultural Geography.”

Credit or credit hour: The unit of measurement for the amount of work and/or time required for a course. A five-credit class will usually meet five hours a week. Also known as a quarter hour.

Credit by exam: A method by which you may receive credit for a course by passing an exam on the content.

Curriculum: The group of courses you must complete to earn a specific degree or certificate.

Day of instruction: See Instructional day.

Degree: Awarded for the successful completion of a specific program of courses.

Department: A specific area of study in which the college offers classes. Also, the group of faculty members who teach that subject.

Diploma: Awarded for successful completion of a high school or Pierce’s adult high school completion program.

Distribution requirements: See General educational requirements and related instruction.

Division: A group of related departments.

Drop a course: Withdraw from a course before the quarter has ended.

DTA: Direct Transfer Agreement.

Elective: A course you choose to take which is not a core or required course for your program.

E-Schedule: The web publication listing course offerings and registration information for a specific quarter, used in planning the courses you will take for that quarter.

Distribution: Concentrated study in a specialized area within a professional/technical or academic program of study.

Evaluation for graduation: The official process of determining which of the courses you have taken to date apply to the degree or certificate you are planning to earn and which courses you still need to take for that degree or certificate.

Evaluation of transfer credits: An official determination as to what extent the courses taken at another college will be allowed for credit at Pierce. Also, the determination by a four-year college as to which of your Pierce College courses will be allowed for credit at that institution.

Fee: An extra charge, in addition to tuition, required for certain courses to cover lab supplies, equipment, computer use, etc. Also refers to the comprehensive student fee and technology fee.

Financial aid: Monetary assistance made available to students, based on financial need, from various government and private sources.

Former student: A student who has not registered for one or more quarters (including summer quarter) and returns to continue his or her studies.

Full-time student: A student registered for a minimum of 12 credits in any given quarter.

GED (General Educational Development): A program for adults who have not graduated from high school and want to earn a certificate of high school equivalency.

General education requirements (GER): A range of courses distributed across various discipline areas, required for the AA degree, in order to develop breadth of knowledge outside the major field. Sometimes referred to as distribution requirements or core requirements.

General transferable electives (GET): Courses taken to fulfill the requirements leading to study in a particular subject area.

Grading: A rating or evaluation of your achievement for a quarter or assignment.

Grade points: The number obtained by multiplying the numerical value of the grade you receive for a course by the number of credit hours earned in that course (e.g., if you earn a 3.3 grade in a 5-credit course, you earn 16.5 grade points).

Grade point average (GPA): The number obtained by dividing total grade points earned by total credit hours attempted in a quarter. Your cumulative grade point average is obtained by dividing total grade points on your record by total hours you have attempted.

Independent study: A course of study on a topic of interest to a student, designed with the help of an instructor and supervised by that instructor, and undertaken with departmental approval.

Inquiry Personal Identification Number (PIN): A five- or six-digit number given to a student by an advisor each quarter that enables the student to register for classes.

Related instruction: A range of courses distributed across various areas, required for professional/technical degrees in order to develop breadth of knowledge outside the major field.

Instructional day: The day on which instruction begins or ends for a particular quarter. Not necessarily the same as the first or last day of a particular class meets for the quarter.

Instructional quarter: The period of time running from the first instructional day through the last instructional day of a quarter.

International student: A student who is a citizen of another country and is in the U.S. on a non-immigrant visa.

Item number: The unique number assigned to a particular section of a particular course being offered during a quarter. Used when registering for that course.

Kiosk: See Student Information Kiosk.

Lead or credit hours: The total number of credit hours you enroll in for a quarter.

Major: The subject area in which you choose to specialize.

MRP: Major Related Program.

Nonresident student: A student who has not lived in the state of Washington for at least one year before the initial quarter of study. See also student.

Ombudsman: A person who investigates and attempts to resolve complaints and problems, as between employees and an employer or between students and a university.

Online Registration: See Web registration.

Orientation: A program that introduces new students to the college environment, explains various procedures, and describes the resources they can call on for help.

Part-time student: A student registered for fewer than 12 credits in any given quarter. See also Full-time student.

Personal Identification Number (PIN): See Inquiry PIN and Registration PIN.

Pre-professional program: A program designed to fulfill part of the requirements leading to study in a professional program or school.

Prerequisite: A requirement that must be met before you enroll in a particular course, usually a test score or completion of another course.

Probation: A status imposed due to low grades.

Professional/technical: Pertaining to a program of study intended to prepare you for employment in a certain field rather than for transfer to a four-year college or university. Used with a degree, program or course. Also referred to as vocational.

Program of study: A group of courses leading to a particular degree or certificate.

Quarter: The designation for a school term. At Pierce, there are four: fall, winter, spring, summer.

Quarter Hour: See credit.

Quarterly bulletin: The publication mailed to all households in the Pierce College district each quarter announcing the beginning of class registration for the upcoming quarter and providing information on how to get started at Pierce and where to find information online. It also includes the latest news about the college.

Registration: The process of selecting, enrolling in, and paying for courses.

Registration Access Personal Identification Number (PIN): A random six-digit number given to a student by an advisor each quarter that enables the student to register for classes.

Related instruction: A range of courses distributed across various areas, required for professional/technical degrees in order to develop breadth of knowledge outside the major field.

Residence requirements: The credits required to be taken at a college in order to fulfill degree requirements at that college. At Pierce, 25% of the final 45 credits must be taken in residence.

Resident student: A student who has lived in the state of Washington for at least one year immediately prior to the first day of instruction for a quarter.

Returning student: A student enrolling during consecutive quarters.

Schedule: The courses for which you are enrolled, or the days and times you are attending classes and labs. May also refer to all the course sections offered by the college during a quarter.

Section: A specific class with its own unique days, hours, location and instructor. A number of sections of a certain course may be offered during a quarter, with different days, times, locations and instructors.

SSID: Student Identification Number, a number assigned to a student by Pierce College.

Student Information Kiosk: A computerized source of information that can be accessed through computer terminals located in the registration areas or the district’s website.

Technology degree: Awarded for successful completion of a specified professional/technical program.

Transcript: Your permanent record of courses taken, credits earned, grades achieved and degrees awarded at an educational institution.

Transfer credits: Credits earned at one college that are accepted toward a degree at another college.

Transfer degree: A degree intended to parallel the first two years of a bachelor’s degree (e.g., the Associate of Arts (AA), Associate of Science (AS) and Associate in Business (ASB)).

Tuition: The amount of money you pay the college for the courses in which you enroll, set each year by the state legislature.

University transfer degree: See Transfer degree.

Vocational: See Professional/technical.

Web registration: A system allowing students to register for classes online from any computer with Internet access.

Withdrawal from the college: Officially dropping all classes for which you are enrolled for a quarter. See Drop course.
Campus Guides

PIERCE COLLEGE FORT STEILACOOM

9401 Farwest Drive SW
Lakewood WA 98498-1999

DRIVING DIRECTIONS
From I-5, north or southbound, take the Gravelly Lake Drive exit (Exit 124) and turn west. Follow the directional signs to the college:
• Get in the left lane on Gravelly Lake Drive
• Turn left on Washington Boulevard (fourth light), which becomes Old Military Road
• Turn right on 112 St. SW. (second light)
• Turn left on Farwest Drive (one half-block, first left)
• Go about 1.5 miles to college on right.

BUILDING CODES*
CAS CASCADE: Registration, advising, financial aid, security, administration and faculty offices, cafeteria, student programs, dental hygiene
INT INTERNATIONAL HOUSE
OLY OLYMPIC: Early Childhood Education, art gallery, art and music departments, Central Washington University extension site, classrooms, computer lab
HEF HEALTH EDUCATION CENTER: Educational/wellness programs and fitness and recreational space
MIL MILGARD CHILD DEVELOPMENT CENTER
SNR SUNRISE: Classrooms, digital design lab
RAI RAINIER SCIENCE BUILDING: Science classroom, labs
*See Construction Alert below for information on temporary relocations

NON-SMOKING CAMPUS
Pierce College Fort Steilacoom is a non-smoking campus with smoking in designated areas only.

CONSTRUCTION ALERT
The Fort Steilacoom campus continues to improve its facilities with a significant renovation to the Cascade Building. When completed, the renovation will provide a welcoming entrance, improvements to the Student Services area, a new theatre, and expanded library — all to better serve you! We ask for your patience while we continue this exciting project.
PIERCE COLLEGE PUYALLUP
1601 39th Avenue SE
Puyallup WA 98374-2222

DRIVING DIRECTIONS
From I-5, north or southbound, take the Puyallup exit (Exit 127) onto Highway 512 and proceed eastbound:

• Take the South Hill/Eatonville exit
• Turn right onto Meridian Street
• After the first light, merge into far left lane
• Turn left onto 37th Avenue, which becomes 39th Avenue
• Go approximately one mile to college on left

BUILDING CODES
AHH ARTS & ALLIED HEALTH BUILDING: Arts, theatre, design, health classrooms and offices
ADM GASPARD ADMINISTRATION BUILDING: Registration, advising and administrative offices
CTR COLLEGE CENTER BUILDING: Dining area with cafeteria/coffee shop, interior commons, bookstore, high-tech computer labs, Student Programs, newspaper and CNE program
HEP HEALTH EDUCATION CENTER, PUYALLUP: Educational/wellness programs and fitness and recreational space
CDP GARNERO CHILD DEVELOPMENT CENTER
LSC BROUILLET LIBRARY/SCIENCE BUILDING: Library and science classrooms

NON-SMOKING CAMPUS
Pierce College Puyallup is a non-smoking campus with smoking in designated areas only.
