Congratulations, Graduates!

Congratulations, Class of 2021!
You did it! You are a survivor
and an innovator.

Your tenacity, integrity, and accountability have gotten you through unprecedented times to reach this important milestone. This year's virtual commencement ceremony was a truly historic celebration of your accomplishments.

Attending college is an intensive collaborative effort among students, faculty, staff, and administrators – yet for more than a year, like many Americans, most of us have been forced to work and learn in isolation, communicating over the phone, email, Canvas, Skype, and Zoom, as we have been adapting to this temporary global reality.

It is our mission as a college to create quality educational opportunities for a diverse community of learners to thrive in an evolving world. With challenges come opportunities. This experience has prepared you even more for any challenges that may come your way in the future, so that you continue to grow and thrive.

We wish you all the best as you prepare for your next chapter!
