In 2015, Shontelika Adeogun was a student at Clover Park Technical College studying nursing. She’d already finished earning her GED from CPTC but was starting to feel like nursing wasn’t for her. That’s when she was introduced to Pierce College’s emergency management program.

“When I started in emergency management, I had no idea my career would end up where it is now,” Adeogun said. “I thought I’d be a planner in the background, doing exercises here and there, but my career has taken off.”

Adeogun is now the chief emergency management program officer for the City of Tacoma. She is responsible for the day-to-day management of disaster preparation and coordination, organizes dozens of departments and hundreds of people to best prepare the city and its partners for disruptive events. Her job is not only about disaster management, but also about preparing for day-to-day emergencies.

In 2018, Adeogun was the very first graduate of Pierce College’s Bachelor of Applied Science in Emergency Management program.

“When I started going back to school, I had no idea that I would want to continue my education,” Adeogun said. “I knew I couldn’t keep working menial jobs, but I was in my late twenties and considering going back to school – I thought I would be too old.”

Adeogun says now that she’s started her career, she’s constantly looking for such as certification programs, and, maybe one day, a master’s degree.

At Pierce College, Adeogun said she got essential hands-on experience and training as a student that prepared her for a successful career as an emergency manager. Just a few months into her internship with Thurston County Emergency Management, Adeogun got to experience Cascadia Rising 2016 - a joint national-level exercise held in Olympia to evaluate FEMA’s coordinated response plan to a massive Cascadia Subduction Zone earthquake and resulting tsunami.

During Cascadia Rising 2016, Adeogun – then in her first year of classes at Pierce College – got to be in the Thurston County Emergency Operation Center, surrounded by professionals from state, city and national groups.

“It opened up my eyes to my new reality that this would be what my life would be like if I did this career,” Adeogun said. “It also opened my eyes to the impact events like this could have.”

Adeogun said that the staff and faculty at Pierce College were essential to her success as a student. From the Pierce College grant writer who first introduced her to the emergency management program, to the professors who were willing and ready to support her even if she wasn’t a part of their program.

“Adeogun was a student that prepared her for a successful career as an emergency manager.”

One professor who had an impact on Adeogun was emergency management department chair Sarah Miller, who said Shontelika “epitomizes what this profession should be.”

“If I didn’t have that, I wouldn’t have grown as a student. She made me a better student.”

On advice for future students, Adeogun said to take advantage of all the hands-on opportunities at Pierce College.

“I never would have seen what I could be if I hadn’t started at Pierce College,” Adeogun said. ““You may not see it yet, but dreams do start here, and they’ve started here for a lot of students.”

The Emergency Management program at Pierce College accepts applications on a rolling basis and students can begin at any time. Whether you are interested in making your first career or transitioning from an existing job, the program at Pierce is focused on giving you real skills and experience that will help you find a job.
UniversiTY TRANSFER DEgrees
If your goal is a bachelor’s degree or beyond, it makes sense to attend Pierce College for your first two years. You’ll pay a fraction of the cost for the same education and enjoy small class sizes and hands-on learning.

PIERCE COLLEGE DIRECTOR OF ATHLETICS DUNCAN STEVENSON RECOGNIZED BY TACOMA ATHLETIC COMMISSION

By Abbie Shull

Pierce College Director of Athletics Duncan Stevenson will be awarded the 2024 Doug McKarthur Lifetime Achievement Award from the Tacoma Athletic Commission. The Award recognizes an individual who captures the true passion for athletics through participation, promotion and organization.

“I am humbled to receive this recognition. I am honored,” Stevenson said. “My heartfelt gratitude goes out to the Tacoma Athletic Commission for this esteemed acknowledgment, and to Pierce College for the chance to do this work and have this longevity in a career.”

For 37 years, Stevenson has been a consummate team player and advocate for decades of talented student athletes and dedicated coaches. He has worked tirelessly to develop the college’s athletic program, which has garnered both team and individual recognition for many in the programs six sports. Under Stevenson’s leadership, student athletes at Pierce College are more successful than ever with retention rates for second-year participants over 97 percent and cumulative grade point averages much higher than the general student body.

“Duncan Stevenson exemplifies the mission and values of the Pierce College District,” said Pierce College Chancellor Dr. Julie White. “In addition to his outstanding service in athletics, he is a committed contributor to the Pierce College District and the Pierce College Foundation, supporting many campus and community-wide events, all for the benefit of our students and families.”

Stevenson played a significant role in planning and developing the construction of the Pierce College Fort Steilacoom Health Education Center and the field complex at Fort Steilacoom Park – the new home of Raiders baseball.

“Duncan is a longstanding, valued member of the Pierce College community,” said Pierce College Puyallup President Chio Flores. “He is a stellar person and a go-to resource for emerging athletic directors. This award demonstrates Duncan’s continued and decades long commitment to academic and athletic excellence.”

PIERCE COLLEGE RAIDER BASEBALL CELEBRATES OPENING OF NEW HOME FIELD

By Abbie Shull

On Friday, April 12, the Pierce College Raider’s baseball team played their first game on their first-ever home field – the Lakewood Baseball Field at Fort Steilacoom Park.

Pierce College and the City of Lakewood held a grand opening ribbon cutting ceremony for the field on April 27. The new field features a full-field synthetic turf, new dugouts, batting cages, a press box, scoreboard, storage areas, safety elements and utilities, a new backstop, field lighting, and fencing, as well as expanded and accessible spectator seating.

“We are very excited about the opening of the new baseball field at Fort Steilacoom Park,” said Pierce College Director of Athletics Duncan Stevenson. “Working with the City of Lakewood on this partnership to finally provide Raiders Baseball a true home field has been a long journey. The facility will be a great resource for our student-athletes and the local community for many years to come.”

Following the ribbon cutting ceremony at 12 p.m., the Raiders faced the Clark College Penguins in a double header.

For more information about Raider Baseball, visit www.pierceraiders.com.
The following resources are available to assist with tuition and additional supports while earning a certificate or degree.

### Federal and state grants

May be awarded to students with financial need. Unlike loans, these do not need to be repaid. Students must complete the Free Application for Federal Student Aid (FAFSA) or Washington Application for State Financial Aid (Wasfa) each academic year to receive aid.

### Student loans

Loans are borrowed money that must be repaid. Some loans are based on financial need, while others are not.

### Work Study

Provides part-time employment to students. This program is available to students enrolled at least part time, and allows students to work both on and off campus. The funds do not need to be repaid.

### Scholarships

Are available from both the college and outside sources. Some scholarships are open to all students in any program, while other scholarships are limited to students in specific programs.

### Veterans Benefits

Are available to assist both veterans and spouses/dependents of veterans.

### Workforce Retraining

May assist with costs of tuition, books, and transportation for individuals who have received unemployment benefits in the last 48 months, veterans who have separated from the military in the last 48 months, or active duty service members who will separate within the next 12 months.

### Opportunity Grants

May assist with the costs of tuition, fees, books, and support services to low-income students in an approved program.

### WorkFirst

May assist with tuition, books, and support services for students receiving TANF, referred by DSHS, and pursuing an eligible program.

### BFET (Basic Food Employment & Training)

May assist with tuition, books, and support services for students receiving SNAP and pursuing an eligible program.

### The Washington College Grant

Provides guaranteed college funding through the state to all eligible residents of Washington state, including low- and middle-income students. The first step toward getting funding through the grant is to complete a federal or state financial aid application: Free Application for Federal Student Aid (FAFSA) or Washington Application for State Financial Aid (Wasfa).

For those who qualify, the grant guarantees that you’ll get the full Washington College Grant award that you qualify for, eliminating wait lists and letting you start college any quarter with your full grant award.

### Veterans Benefits

Are available to assist both veterans and spouses/dependents of veterans.

### Workforce Retraining

May assist with costs of tuition, books, and transportation for individuals who have received unemployment benefits in the last 48 months, veterans who have separated from the military in the last 48 months, or active duty service members who will separate within the next 12 months.

### Opportunity Grants

May assist with the costs of tuition, fees, books, and support services to low-income students in an approved program.

### WorkFirst

May assist with tuition, books, and support services for students receiving TANF, referred by DSHS, and pursuing an eligible program.

### BFET (Basic Food Employment & Training)

May assist with tuition, books, and support services for students receiving SNAP and pursuing an eligible program.

Art and Creativity

New: The Fundamentals of Creative Writing
Are you interested in writing stories, but don’t know where to start? Published author and creative writing instructor Lindsay Schipper offers an informative introduction to the world of writing. Students will learn everything they need to know to get started in their craft, including how to: structure a story, how to show a scene instead of just telling it, and how to avoid writer’s block. Note: this course is particularly useful for young writers and other first-timers. IN PERSON Thursday, Schipper 4 sessions: July 10-30
Fee: $79 7-9 p.m.

New: Crafting a Complete Story
A complete story has it all: a strong hook in the beginning, ongoing conflicts and questions to keep the reader interested, and a satisfying conclusion that is both satisfying and leaves the reader wanting more. In this four-part workshop series, participants will learn skills like identifying essential establishing information, writing scenes that continually flow between conflict and resolution, and setting up potential sequels while still crafting endings that will make you want to know what happens next. IN PERSON Thursday, Schipper 4 sessions: August 11-22
Fee: $129 7-9 p.m.

Music & Voice

New: How to Use Your Cricut®
Unleash your creativity with the Cricut® from setting up your machine, exploring the machine’s key features and getting hands-on experience with Cricut® Design Space software. Learn the basics of how to use your newly acquired skills by creating your very own Cricut® project. You will want to bring your machine (no Cricut® carriages or cartridges included), a cutting mat, laptop or tablet (no phones), and a weeding tool. Bring your own permanent vinyl if you'd like but multiple colors of vinyl will be available. IN PERSON Saturday, Cooper 1 session: July 27
Fee: $59 9:30-1:30 p.m.
VFA: $49

Body, Health, Spirit, Mind & Soul

New: Developing Your Intuition
Use astrology and tarot to help you develop and understand your own intuitive powers. This course is designed for students who have a basic understanding of the tarot. We’ll study cycles and trends in your life, how to work with daily transits using the monthly calendar, compatibility charts, celebrity charts and your own solar returns for the year. Bring your favorite tarot deck to class. IN PERSON Tuesday, Tognetti 7 sessions: July 11 to Aug. 22
Fee: $119 7:30-9 p.m.

Language

With the knowledge you gain in this course, you’ll be taking exception nature photos in no time. You’ll explore composition and lighting issues and find out how to take beautiful photos of landscapes, flowers, trees, and water. Along the way, you’ll delve into your camera’s shutter speed and aperture controls so that you’ll be able to capture the photos you really want. You will discover how to use your computer to process your photos and digitally correct the most common problems. Start anytime!

- Photographing People
  This course will make taking beautiful pictures of adults, children, and babies simple. You will discover the basics of photography as well as the best way to shoot faces, fix common close-up problems, and use digital photo editing techniques to retouch your photos and make other improvements. Learn portrait and formal group shots, where you will learn how to organize people, which angles to use, and which to avoid. You will become proficient in action photography, and you will learn some fun, creative ways to photograph children and babies. You will gain expertise in framing your photographs with imagery, setting mood, and creating themes. Start anytime!

ACCOUNTING
Accounting Fundamentals I
Accounting Fundamentals II
Crystal Reports
Performing Payroll in QuickBooks
Purchasing Fundamentals
QuickBooks

BUSINESS, OFFICE AND SALES
Administrative Assistant Applications
Administrative Assistant Fundamentals
Effective Selling
High Performance Organization
High Speed Project Management
Introduction to Business Analysis
Keyboarding
Mastery of Business Fundamentals
Professional Sales Skills
Training Talent and Performance Management
Total Quality Fundamentals
Using Social Media in Business

BUSINESS WRITING
Business and Marketing Writing
Effective Business Writing
Fundamentals of Technical Writing
How to Make Money from Your Writing
Introduction to Internet Writing
Markets Research Methods for Writers
Resume Writing Workshop
The Craft of Magazine Writing
The Keys to Effective Editing
Write Effective Web Content Writing and Editing

COMMUNICATIONS
Achiving Success with Difficult People
Individual Excellence
Interpersonal Communication
Keys to Effective Communication
Mastering Public Speaking
Persuasion Skills
Skills for Making Great Decisions

COMPUTER PROGRAMMING
CSS3 and HTML5
DB Programming
C++ Programming
Introduction to Cybersecurity
Java Programming
JavaScript
PHP and SQL
Python Programming
Visual Basic

ENTREPRENEURSHIP AND SMALL BUSINESS
Marketing Your Business on the Internet
Publish and Sell Your eBooks
Small Business Marketing on a Shoestring
Start and Operate Your Own Home-Based Business
Start Your Own Small Business
Starting a Consulting Practice

FINANCE AND INVESTING
Introduction to Stocks Options
Keys to Successful Money Management
Personal Finance
Real Estate Investing
Stock Trading
Stocks, Bonds and Investing: Oh, My! The Analysis and Valus of Stocks Where Does All My Money Go?

FOR DETAILED COURSE DESCRIPTIONS, PRICING, EVEN MORE CLASSES AND TO REGISTER GO TO: Professional.PierceCE.com

PLEASE NOTE: Pierce College recommends that you check with your school district and/or state licensing agency to verify these course offerings will meet your district and/or state requirements for salary advancement and/or state certification re-licensure. No refunds are given once you have been issued your user name and password information.

FREQUENTLY ASKED QUESTIONS

How do I find out more about these classes?
Go to Professional.PierceCE.com for detailed course descriptions, pricing, more classes and registration.

Do I have to attend a classroom in-person to take a course?
No. Our courses are entirely online. You can work on course material wherever and whenever you have Internet access.

What can I expect from an online course?
While content will vary depending on the subject, all courses feature instructional text and a final exam. Many courses also include supplemental learning material, such as assignments, quizzes, audio, video, infographics, and hands-on labs. You do not need to be logged on at a specific time each day.

What does “Instructor moderated” mean?
Instructor-Moderated courses operate on rolling monthly basis, with four available start dates. After enrolling, you will receive new lessons on a set schedule over a six-week period. Two lessons are released each week – one on Wednesday and one on Friday. The final exam is released consecutively with the 12th lesson. You will then have two weeks to complete the exam.

What does “Self-Paced” mean?
Self-Paced courses are open enrollment, meaning you can enroll and start a course any time it is convenient. After enrolling, you will receive all lessons immediately and have three months access to complete the course content. Self-Paced Tutorial courses do not have extensions.

More than a hundred classes to choose from:

Computer Science
Accounting
Business
Office and Sales
Business Writing
Communications
Computer Programming
Entrepreneurship
Small Business
Finance and Investing
Grant Writing
Non-Profit
Graphic and Web Design
Language
Management and Law
Personal Computers
Test Prep
IT Test Prep

Possibilities. Realized.
### Community & Continuing Education

**Noncredit Online Career Programs**

**ARE YOU UNEMPLOYMENT BENEFITS RUNNING OUT?**

If you are currently receiving WA unemployment benefits, you might be eligible for special funding for in-demand, noncredit professional programs.

- Find approved courses on Career Bridge at [CareerBridge.wa.gov](http://CareerBridge.wa.gov)
- Some programs qualify for WorkSource/WSOA funding. Call 253-840-8451 for assistance.
- Some programs qualify for Trade Adjustment Act (TAA) funding.
- Employer payments and company vouchers are accepted for these courses. Call 253-840-8451 for more information.
- Approved for MyCAA military spouse funding ($4,000 per person).
- Under the Fee Installment Plan, you can make up to three interest-free payments. Contact cashering at cashering@pierce.ctc.edu or 253-964-6700.

#### Administrative

- **Certified Administrative Professional**
  - 6 months, 100 hours, $1,795
  - (Exam voucher included)
- **Executive Assistant**
  - 12 months, 460 hours, $3,595
  - (Exam voucher included)
- **Professional Bookkeeping with QuickBooks Online**
  - 12 months, 200 hours, $3,845
  - (Exam voucher included)

#### Administrative Medical

- **ICD-10 Medical Coding**
  - 6 months, 200 hours, $1,795
  - (Exam voucher included)
- **Administrative Dental Assistant**
  - 6 months, 150 hours, $1,995
  - (Exam voucher included)
- **Advanced Hospital Coding**
  - 6 months, 100 hours, $1,895
  - (Exam voucher included)
- **Certified Outpatient Coder**
  - 6 months, 200 hours, $2,995
  - (Exam voucher included)

#### Business

- **Advertising and Outreach Specialist**
  - 6 months, 100 hours, $1,295
  - (Exam vouchers included)
- **Certified Internal Auditor with Microsoft Excel**
  - 18 months, 300 hours, $1,295
  - (Exam vouchers included)
- **Certified Paralegal**
  - 12 months, 225 hours, $2,695
  - (Exam voucher included)
- **The Complete Project Manager**
  - 12 months, 250 hours, $2,575
  - (Exam vouchers included)
- **Certified Ethical Hacker**
  - 6 months, 100 hours, $2,895
  - (Exam voucher included)
- **CompTIA Certification Training: ITF+ and A+**
  - 6 months, 100 hours, $2,295
  - (Exam voucher included)

#### Design and Art

- **Certified Supply Chain Professional**
  - 6 months, 120 hours, $2,295
- **Graphic Design with Photoshop**
  - 9 months, 130 hours, $2,445
  - (Software included)
- **Marketing Design Certificate**
  - 12 months, 360 hours, $3,295
- **Web Design Professional**
  - 12 months, 384 hours, $3,345

#### Information Technology

- **Certified Ethical Hacker**
  - 6 months, 100 hours, $2,895
  - (Exam voucher included)
- **CompTIA Certification Training: ITF+ and A+**
  - 6 months, 100 hours, $2,295
  - (Exam voucher included)
- **Management for IT Professionals**
  - 6 months, 390 hours, $2,295

#### Supply Chain

- **Certified Supply Chain Professional**
  - 6 months, 120 hours, $2,295
- **Freight Broker/Agent Training**
  - 6 months, 100 hours, $1,895
- **Entry Level Driver Training for Class A**
  - 3 months, 40 hours, $595

Responsive Robotics (Ages 7-12)
In this challenge-focused program, campers will develop their computational thinking skills by playing with modular, robotic cubes known as Cubetti. Imagine the fun - every day your student snaps the magnetic cubes together to create a unique robot, but what really matters is how they figure out the perfect robot recipe to solve a challenge. Campers work in small teams to figure out how to create energy-efficient lighthouses, racer bots, maze-solvers, goofy animals, and so much more! Is your learner ready to play and trial all this with Snapology? Please pack a water bottle and snack for each day of camp.
IN PERSON | PUYALLUP | Fee: $269
Monday - Friday | 9 a.m. to noon
Snapology | 5 sessions: June 26-29
FULL DAY Camp includes Responsive Robotics + Pokemania (Ages 7-12)
Full day campers should bring a water bottle, 2 snacks and a sack lunch each day of camp.
IN PERSON | PUYALLUP | Fee: $538
Monday - Friday | 9 a.m. to 4 p.m.
Snapology | 5 sessions: June 26-29
All students receive a string backpack and water bottle.

Snapology Summer Games (Ages 6-12)
In Snapology’s Summer Games program, campers will design, create, and program creations to compete in sports-themed challenges! Your child will expand their engineering skills by designing and experimenting with contraptions that complete challenging tasks related to our favorite summer-time games. Campers will also be given the opportunity to harness their creativity as they work in groups to design and build these exciting challenges. Through friendly competition with classmates, campers will discover what it means to be a good sport while learning STEM concepts along the way. Please pack a water bottle and snacks for each day of camp.
IN PERSON | PUYALLUP | Fee: $269
Monday - Friday | 9 a.m. to noon
Snapology | 5 sessions: July 17-19
FULL DAY Camp includes Snapology Summer Games + Video Game Design (Ages 6-12)
Full day campers should bring a water bottle, 2 snacks and a sack lunch each day of camp.
IN PERSON | PUYALLUP | Fee: $543
Monday - Friday | 9 a.m. to 4 p.m.
Snapology | 5 sessions: July 17-19
Animal Studio (Ages 7-14)
Create your own video game in this awesome Snapology camp. Campers will learn how to design their very own online game with Stencyl game creation software. You even get to take your game home on a flash drive so it can be shared and played at home with family & friends. Don’t miss out! Please pack a water bottle and snack for each day of camp.
IN PERSON | FORT STEILACOOM | Fee: $574
Monday - Friday | 9 a.m. to noon
Snapology | 5 sessions: July 17 – July 21
FULL DAY Camp includes Snapology Summer Games + Video Game Design + Animal Studio (Ages 6-12)
Full day campers should bring a water bottle, 2 snacks and a sack lunch each day of camp.
IN PERSON | PUYALLUP | Fee: $538
Monday - Friday | 9 a.m. to 4 p.m.
Snapology | 5 sessions: July 17-19

Mining & Building Epic (Ages 7-12)
From the virtual world of Minecraft to the physical marvel of the railway, campers will practice their creativity and construction skills using the themes they know and love. As much fun as world-building in Minecraft is with unlimited resources, the restrictions and challenges posed in Snapology’s Minecraft Epic Camp will make your child think outside the box and construction in new ways. We embrace the railroad’s ability to imagine core concepts and use it to creatively build engineering concepts using LEGO bricks. Please pack a water bottle and snack for each day of camp.
IN PERSON | FORT STEILACOOM | Fee: $498
Monday - Friday | 9 a.m. to 4 p.m.
Snapology | 5 sessions: July 22-26
FULL DAY Camp includes Mining & Building Epic + STEAM Lab (Ages 7-12)
Full day campers should bring a water bottle, 2 snacks and a sack lunch each day of camp.
IN PERSON | FORT STEILACOOM | Fee: $498
Monday - Friday | 9 a.m. to 4 p.m.
Snapology | 5 sessions: Aug. 5-9

Robotic Olympics (Ages 9-14)
Campers will build and program robots to compete in sports-themed challenges! Your child will expand their engineering skills by designing and experimenting with robotic attachments and refining their computer programming abilities by creating program codes that make their bots run tasks, play hockey, and do so much more. Students will work in groups and using the LEGO SPIKE Prime technology to complete these exciting challenges. By giving our campers challenges through games and friendly competition, they can’t help but feel excited about learning computer programming skills for a future in STEM. Please pack a water bottle and snack for each day of camp.
IN PERSON | PUYALLUP | Fee: $269
Monday - Friday | 9 a.m. to noon
Snapology | 5 sessions: Aug. 5-9

STEAM Lab (Ages 7-12)
In this machinery-focused robotics program, campers will explore the world of Pokémon and practice their Pokémon training skill using LEGO® bricks, they will create their own training gym, gym battle scenes, and even their very own generation of Pokémon. Campers will also explore some real-world science as they examine the habitats, characteristics, and needs of different Pokémon. They will do more than “catch ‘em all”, they will build and examine them in the development of their coding and programming skills. This is one program that will have your child excited to come for hours, but they will not realize how quickly they are learning core competencies and curricula being taught at each grade level. Please pack a water bottle and snack for each day of camp.
IN PERSON | FORT STEILACOOM | Fee: $249
Monday - Friday | 9 a.m. to noon
Snapology | 5 sessions: Aug. 12-16

Pokemania (Ages 5-12)
Campers will explore the world of Pokémon and practice their Pokémon training skill using LEGO® bricks, they will create their own training gym, gym battle scenes, and even their very own generation of Pokémon. Campers will also explore some real-world science as they examine the habitats, characteristics, and needs of different Pokémon. They will do more than “catch ‘em all”, they will build and examine them in the development of their coding and programming skills. This is one program that will have your child excited to come for hours, but they will not realize how quickly they are learning core competencies and curricula being taught at each grade level. Please pack a water bottle and snack for each day of camp.
IN PERSON | FORT STEILACOOM | Fee: $249
Monday - Friday | 9 a.m. to noon
Snapology | 5 sessions: Aug. 12-16

Creature Creator Robotics (Ages 7-14)
Animal lovers will create their own animal-inspired robotic models. Campers will learn about gear ratio, sensors, simple machines, and how to build insects, dolphins, giraffes, and much more! Your child is sure to have a wild time as they build, learn, and play. Please pack a water bottle and snack for each day of camp.
IN PERSON | FORT STEILACOOM | Fee: $498
Monday - Friday | 9 a.m. to 4 p.m.
Snapology | 5 sessions: Aug. 5-9

FULL DAY Camp includes Creature Creator Robotics + Pokemania (Ages 6-12)
FULL day campers should bring a water bottle, 2 snacks and a sack lunch each day of camp.
IN PERSON | FORT STEILACOOM | Fee: $498
Monday - Friday | 9 a.m. to 4 p.m.
Snapology | 5 sessions: Aug. 5-9

Mega Machines Robotics (Ages 7-14)
In this machinery-focused robotics program, your engineer will explore the basics of robotics while building some pretty spectacular vehicles with their classmates. While working with a partner to complete various challenges, campers will be taught how to effectively utilize technology and mechanical components in their work in their robots, and how programming is a key component of learning about robots. Is your child ready to master with just a little practice. We will support them in the development of their coding and building skills and inspire them with creative challenges.
IN PERSON | FORT STEILACOOM | Fee: $503
Monday - Friday | 9 a.m. to 4 p.m.
Snapology | 5 sessions: Aug. 14-Aug. 18

Creatures in Motion (Ages 6-12)
Campers will learn how to design and build their very own robotic films using LEGO® bricks and Stencyl game creation software. Campers will learn how to design and build their very own robotic films using LEGO® bricks and Stencyl game creation software. You can see their films in action at http://www.illawisterials unleashed.org. Your child is sure to have a blast doing this! Please pack a water bottle and snack for each day of camp.
IN PERSON | FORT STEILACOOM | Fee: $524
Monday - Friday | 9 a.m. to 4 p.m.

RESEARCH BASED
Snapology’s approach is based on proven research that children’s best learning experiences come from actively designing, creating, interacting and investigating.

GOALS AND OBJECTIVES
Snapology offers a variety of activities designed to reinforce core competencies and concepts being taught at each grade level.

SEARCHABLE
Pierce College offers bachelor’s degrees, associate degrees, certificates of professional achievement, a variety of workforce training programs and numerous other educational programs and activities. The college is committed to providing an environment free from discrimination and harassment. This commitment applies to all levels of the college, and it extends to students, employees, visitors, and members of the college community and continuing education.

Pierce College recognizes its responsibility to ensure that all students and employees are provided equal opportunities to gain the knowledge and skills necessary to function safely and effectively within the Pierce College community. The college’s total liability for claims arising from a contractual relationship with Pierce College, the college’s employees, or the college’s students or members of the Pierce College community is limited to the extent provided by law. This includes, but is not limited to, liability for personal injury, property damage, and loss of income or business.

Information on how to report concerns about behavior that may have a negative impact on Pierce College students, employees, or the college community is contained in the College’s Systemwide Sexual Harassment Practice and Procedure. If you feel you have been subject to discrimination, harassment, or retaliation in violation of Pierce College policy, please contact the Title IX/EEO Coordinator, Deena Forsythe, (253) 914-6116, to report the incident. Additional support is available from the Sexual Assault Coordinator, Julie Draper Davis, (253) 912-3715, or the Equal Opportunity Officer, Paula Hernandez, (253) 914-6272. Students may also contact the Campus Safety Office at (253) 914-6716, the Pierce College Student Conduct Office at (253) 914-6400, or the Office of the President at (253) 914-6544.

Pierce College offers a variety of programs to assist students in the resolution of problems that may arise during their studies, and to help students find solutions to other concerns.

The college’s responsibilities include:

- Providing a safe and welcoming environment for all students.
- Ensuring that Pierce College offers educational programs and services that are accessible to all students.
- Providing a fair and just process for the resolution of complaints.
- Taking corrective action when necessary.
- Monitoring the institution’s progress in implementing and enforcing its policies.

Pierce College recognizes the importance of providing an environment that is free from discrimination and harassment. The college is committed to maintaining an atmosphere in which students and employees are treated with respect and dignity, and where the needs of diverse individuals and groups are recognized and respected.

Members of the college community are encouraged to report any concerns they may have about discrimination or harassment. The Title IX/EEO Coordinator is available to provide assistance and guidance in resolving such concerns. The college’s Office of Equal Opportunity is also available to provide assistance in resolving concerns.

Pierce College recognizes that discrimination and harassment can occur in any form, including sexual harassment, harassment based on race, color, national origin, religion, sex, age, disability, genetic information, marital status, sexual orientation, gender identity or expression, or any other basis protected by law.
