

Application for Federal Aid for Prerequisite Coursework

If you are completing prerequisite or preparatory courses in order to apply for admission to a degree or a certificate program, you may be eligible for loans from the Direct Loan program for one, consecutive, 12-month period.

To be considered for financial aid for prerequisite courses, you must complete sections A through C of this form.

Prerequisite or preparatory coursework must be part of an eligible program offered by Pierce College or any accredited college or university.

Taking courses for the purpose of raising your GPA to be admitted into an eligible program does not meet the requirement; the specific course(s) that you take must be required for admission into the eligible program.
